School Accountability Report Card

Reported Using Data from the 2019–2020 School Year

California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

About Our School

Mirus Secondary School is an independent study program for students in grades 7-12. Mirus implements a personalized education program to facilitate academic achievement. Mirus offers students a personalized and rigorous academic experience with highly qualified staff in a supportive and safe environment. These educational programs will demonstrate that standards-based educational reform can provide a prototype for changing the way teachers teach and students learn in the future.

Mirus is specifically aimed at engaging students whose futures are at-risk because they were not successful in school, and/or for those who seek an option to the traditional school setting. Mirus students may be challenged by focus/attention deficit, a need for extensive counseling, and fear of failure due to negative experiences in traditional school settings. Such students may be gifted with enormous potential, yet be frustrated by traditional educational methods. Mirus offers instruction customized to meet students' individual needs. Mirus' overall program goals are to:

- **Improve academic achievement**
- **Increase the number of students who stay in school**
- **Increase the number of students who earn a high school diploma**
- **Build student leadership skill and improve confidence**
- **Encourage student's sense of civic responsibility**
- **Ensure that students are knowledgeable about potential career options**

Mirus believes "kids come first". Education is standards-based, rigorous, and personalized.

Education is provided by a community of highly qualified professionals who are committed to student learning. The primary method of instruction is independent study supplemented with online courses, guest speakers, tutoring, and field trips. Mirus students study one subject/course at a time. Within these parameters, students can progress at an individual pace, receiving tutoring or enrichment as needed. Mirus students earn course credits and attendance by successfully completing the prescribed lessons that demonstrate mastery of the state standards.

Please Note: Mirus Secondary School is a DASS school and does not receive Statewide or Similar Schools ranks. As an alternative option, students enroll with Mirus to address credit deficiencies before returning to a traditional school or may choose to complete the GED or HiSET, which are not factored into the four-year cohort graduation rate.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven
Percentage of Students Meeting or Exceeding the State Standard

Mirus Secondary School is designated by the state as a Dashboard Alternative School Status (previously ASAM) school. DASS schools have at least 70% of the school's total enrollment comprised of groups that are at high risk of dropping out of school. These groups include students who are suspended, expelled, wards of the court, pregnant/parenting, recovered dropouts, and/or habitually truant.

Mathematics (grades 3-8 and 11)	13.0%	N/A	24.0%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education (CTE) Programs (School Year 2019–2020)

Career Technical Education (CTE) opportunities vary according to the students' goals. Student strengths, interests and values are discussed with the student and parents and become part of the Pathways Personalized Educational Plan (PPEP). CSSD offers more than 20 CTE courses and 5 Career Pathways in either an independent study or online environments. Eleventh and twelfth grade students research career paths and post-secondary career options to compile an electronic portfolio as part of a required senior course called "Pathways Exhibition". Counselors, teachers, career resource speakers, administrators and parents provide assistance in the educational and career decision making process. Because of the flexibility in this school's schedule, students are able to work while traditional schools are in session, which broadens the range of job opportunities and work-based learning available. The school allows students the freedom to participate in community events and encourages them to volunteer. In order to broaden their experience and prepare students for the transition from school to career, students who remain at The Charter School of San Diego until graduation are required to earn two credits in a specified CTE course, Service Learning, or in our state approved General Work Experience Education (WEE) courses. In this way, students have the chance to experience the world outside school as either volunteers or while learning a career skill on their path to becoming College and Career Ready.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020–2021)

Parents become involved in their children's education at Mirus Secondary School from the beginning. Parents are a part of the initial meeting with the teacher, when they learn school requirements. Together with the student, they develop each student's unique Pathways Personalized Educational Plan (PPEP). Parents are encouraged to call and make appointments at any time; parents are involved in their child's education on a daily/weekly basis. Parents are encouraged to give feedback through the annual LCAP parent survey, open houses, senior exit orientation meetings, master agreement signings, board meetings, and graduation.

School Safety Plan (School Year 2020-2021)

The safety plan is updated and approved annually. It includes disaster procedures, procedures for safe entry and exit of pupils, procedures for serious disciplinary problems, lockdown procedures, loitering law, going to and from school safely, zero tolerance policy, emergency resource information, emergency disaster kit, and emergency quick reference guide. A sexual harassment policy, child abuse reporting procedures, school dress codes and the school discipline policy are also included. Regular safety drills are conducted and recorded three times per year.

Types of Services Funded (Fiscal Year 2019–2020)

As a 501c3 non-profit corporation, Mirus Education, Inc. has full authority and discretion in the management of all its fiscal matters. The latitude to determine the use of funds is accompanied by an obligation to remain revenue neutral and to submit an audited financial report annually to the District. More than half of the funds the school receives go to certificated instructors who work directly with students. Funds are also used for purchasing up-to-date instructional materials and technology.

Professional Development

Mirus Secondary School offers its workforce a comprehensive professional development system. The system is based on student achievement data, California state mandates, federal regulations and mandates, and the best pedagogical practices. In short, the plan provides a school within a school for the purposes of teaching and learning to deepen teachers' content knowledge, and to increase teachers' knowledge of the standards and instructional methods based on student results in an independent study environment. It was designed to fulfill Mirus' professional development needs to produce a rigorous academic and professional experience for teachers, clerical and classified staff. In addition, all personnel are encouraged to attend seminars and workshops offered by local universities, the San Bernardino County Office of Education (SBCOE), and professional associations. Staff participates in regular professional development based on the needs of students and organizational outcomes as outlined in the Strategic Plan and the Local Control Accountability Plan. At a holistic level, Mirus' professional development also provides support for all employees to develop skills and techniques crucial to their personal lives as they work toward a healthy work/life balance. The school adheres to the requirement for the annual number of school days dedicated to staff development per Education Code 33126(b)(9).
