11. A parent, guardian, or Charter School shall have the right to audio record the proceedings of any team meetings held pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794). The parent or guardian or Charter School shall notify the members of the team of the parent's, guardian's, or Charter School's intent to audio record a meeting at least 24 hours before the meeting. If Charter School initiates the notice of intent to audio record a meeting and the parent or guardian objects or refuses to attend the meeting because it will be audio recorded, the meeting shall not be audio recorded.

Commented [MB21]: NEW Client Note: Pursuant to AB87.

D. Review of the Student's Progress

1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.
2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.

E. Procedural Safeguards

1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:

- Examine relevant records
- Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
- Have the right to file a Uniform Complaint pursuant to Charter School policy
- Seek review in federal court if the parents/guardians disagree with the hearing decision.

2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests

shall be made to the following:

Kirsten Ramirez Henderson
10170 Huennekens Street, San Diego, CA 92121
(619)393-2270
khenderson@altusschools.net

Notifications shall also advise that reimbursement for attorney's fees is available only as authorized by law.

3. The Deputy Superintendent School Services or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with Charter School or any district within the El Dorado Charter SELPA or the San Diego County Office of Education in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.
4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, the parent/guardian may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing their request for a hearing. A request for hearing should include:
 - The specific decision or action with which the parent/guardian disagrees.
 - The changes to the 504 Plan the parent/guardian seeks.
 - Any other information the parent/guardian believes is pertinent.
5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, the Charter School may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and the Charter School. Alternative dispute resolution options include:
 - Mediation by a neutral third party.
 - Review of the 504 Plan by the Deputy Superintendent School Services or designee.
6. Within ten (10) calendar days of receiving the parent/guardian's request, the Deputy Superintendent School Services or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Deputy Superintendent School Services .
7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) calendar days may be extended for good cause or by mutual agreement of the parent/guardian and Deputy Superintendent School Services .
8. The parent/guardian and the School shall be afforded the rights to:
 - Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.

- Present written and oral evidence.
- Question and cross-examine witnesses.
- Receive written findings by the hearing officer.

9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.

10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.

11. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

A. Suspension and Expulsion, Special Procedures for Students with Disabilities

Charter School shall follow the suspension and expulsion policy and procedures as set forth in the charter. A student who is qualified for services under Section 504 of the Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Charter School will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance to due process to such students. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the 504 Team shall review all relevant

information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.

If Charter School, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

- a. Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If the child has a BIP, review the BIP and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and Charter School agree to a change of placement as part of the modification of the BIP.

If Charter School, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Appeals

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration

of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and Charter School agree otherwise.

4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Deputy Superintendent School Services or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if Charter School had knowledge that the student had a disability before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School Coordinator or the Administrator for Instructional Services, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.

- c. The child's teacher, or the special education teacher or the school coordinator, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Special Education Coordinator or to the School Coordinator or to the Administrator for Instructional Services.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

C. PARENT/STUDENT RIGHTS IN IDENTIFICATION, EVALUATION, ACCOMMODATION AND PLACEMENT

The following is a description of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. Please keep this explanation for future reference.

You have the right to:

1. Have your child take part in and receive benefits from public education programs without discrimination because of their disabling condition.
2. Have Charter School advise you of your rights under federal law.
3. Receive notice with respect to Section 504 identification, evaluation and/or placement of your child.
4. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have Charter School make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.
5. Have your child educated in facilities and receive services comparable to those provided to non-disabled students.
6. Have your child receive special education and related services if your child is found to be eligible under the Individuals with Disabilities Education Improvement Act (IDEA 2004).
7. Have an evaluation, educational recommendation, and placement decision developed by a team of persons who are knowledgeable of the student, the assessment data, and any placement

options. This includes the right to an evaluation before the initial placement of the student and before any subsequent significant change in placement.

8. Have your child be given an equal opportunity to participate in non-academic and extracurricular activities offered by Charter School .
9. Examine all relevant records relating to decisions regarding your child's Section 504 identification, evaluation, educational program, and placement.
10. Obtain copies of educational records at a reasonable cost unless the fee would effectively deny you access to the records.
11. Obtain a response from Charter School to reasonable requests for explanations and interpretations of your child's records.
12. Request an amendment of your child's educational records if there is reasonable cause to believe they are inaccurate, misleading or otherwise in violation of the privacy rights of your child. If Charter School refuses this request for amendment, the Charter School shall notify you within a reasonable time and advise you of your right to an impartial hearing.
13. Request mediation or file a grievance in accordance with Charter School's Section 504 mediation grievance and hearing procedures, outlined above.
14. Request an impartial hearing regarding the Section 504 identification, evaluation, or placement of your child. You and the student may take part in the hearing and have an attorney represent you.
15. File a formal complaint pursuant to the Charter School's Uniform Complaint Policy and Procedures. Please ask the ~~Chief of Staff and Compliance Officer~~[Deputy Superintendent](#) for a copy of the Charter School's Uniform Complaint Policy and Procedures if you need one.
16. File a formal complaint with the U.S. Department of Education.

Special Education/Students with Disabilities/Child Find

We are dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society. The School provides special education instruction and related services in accordance with the Individuals with Disabilities in Education Improvement Act ("IDEA"), Education Code requirements, and applicable policies and procedures of the El Dorado County SELPA. These services are available for special education students enrolled at the School. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. The School collaborates with parents, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

Pursuant to the IDEA and relevant state law, the Charter School is responsible for identifying, locating, and evaluating children enrolled at the Charter School with known or suspected disabilities to determine whether a need for special education and related services exists. This includes children with disabilities who are homeless or foster youth. The Charter School shall not deny nor discourage any student from enrollment solely due to a disability. If you believe your child may be eligible for special education services, please contact:

Internet/Student Use of Technology Policy and Acceptable Use Agreement (Full Board Policy)

~~Technology and access to the internet are part of the learning opportunities available at ASEC. We strongly believe in the educational value of such services and recognize their potential to support our curriculum and student learning. Time using technology, the computer and/or the internet must be used productively to support academic progress. The School will make every effort to protect students from any misuses or abuses as a result of their experience with the Internet. All users must be continuously on guard to avoid inappropriate and illegal interactions on the internet. Students will be required to sign an Acceptable Use Agreement prior to being granted access to ASEC technology.~~

Student Use of Technology Policy (Full Board Policy)

Board Policy #:3130

Amended: December 11, 2017; February 16, 2022, June 22, 2023, February 28, 2024, [June 26, 2024](#)

The Board of Directors of Altus Schools Southern CA, hereby adopts this Student Use of Technology Policy to apply to Altus Schools East ~~County Bay~~, [Altus Schools North County](#), [Altus Schools South Bay](#), ~~North Bay~~, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, hereafter collectively referred to as “Charter School.”

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. The Charter School offers students

access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. The Charter School Governing Board intends that technological resources provided by the Charter School be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

Definitions

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of an educational purpose. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

“Educational purpose” means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

“Inappropriate use” means a use that is inconsistent with an educational purpose or that is in clear violation of this Policy and the Acceptable Use Agreement.

Notice and Acceptable Use Agreement

The Charter School shall notify students and parents/guardians about authorized uses of Charter School computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School’s technological resources, the student and the student’s parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and the student’s parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

Safety

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence.

To reinforce these measures, the Deputy Superintendent School Services or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall monitor

students while they are using Charter School computers, laptops, or tablets to access the internet or online services on a Charter School campus and may have teacher aides, student aides, and volunteers assist in this monitoring. Parents/guardians are required to supervise and monitor their child's use of Charter School equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.

The Deputy Superintendent School Services or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Deputy Superintendent School Services or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.⁷ Students are expected to follow safe practices when using Charter School technology.

Charter School advises students:

- a. To never share passwords, personal data, or private photos online.
- b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- d. To consider how it would feel receiving such comments before making comments about others online.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Deputy Superintendent School Services or designee shall block access to such sites on Charter School computers with Internet access.

The Deputy Superintendent School Services or designee shall oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources.

Student use of Charter School's computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

Acceptable Use Agreement

The Charter School Governing Board believes that providing access to technology enhances the educational experience for students. However, student use of Charter School computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:
 - a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.
 - b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.
2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.
3. **Protection Measures.** While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff, employees, officers, directors or volunteers shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. The student and parent/guardian agree not to hold the Charter School, or any Charter School staff, employees, officers, directors or volunteers responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. They also agree to indemnify and hold harmless the Charter School, Charter School staff, employees, officers, directors and volunteers for any damages or costs incurred. Parents/guardians are required to supervise and monitor their child's use of Charter School equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.
4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared, and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. Students shall not use Charter School technology or equipment for personal activities or for activities that violate Charter School policy or local law. These include but are not limited to:
 - a. Playing games or online gaming.

- b. Downloading software, music, movies or other content in violation of licensing requirements, copyright or other intellectual property rights.
- c. Installing software on Charter School equipment without the permission of a teacher or other authorized Charter School staff person.
- d. Downloading, viewing or sharing inappropriate content, including pornographic, defamatory or otherwise offensive material.
- e. Conducting any activity that is in violation of Charter School policy, the student code of conduct or local, state or federal law.
- f. Engaging in any activity that is harmful to other student(s), including the use of technology to harass, intimidate, bully or otherwise disrupt the educational process.
- g. Conducting for-profit business.
- h. Using hacking tools on the network or intentionally introducing malicious code or viruses into the Charter School's network.
- i. Using any software or proxy service to obscure either the student's IP address or the sites that the student visits.
- j. Disabling, bypassing, or attempting to disable or bypass any system monitoring, filtering or other security measures.
- k. Accessing or attempting to access material or systems on the network that the student is not authorized to access.

5. No Expectation of Privacy. Student acknowledges that computer equipment, Internet access networks, email accounts, and any other technology resources are owned by Charter School and provided to students for educational purposes. The Charter School may require staff to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.

6. Disruptive Activity. Students should not intentionally interfere with the performance of the Charter School's network or intentionally damage any Charter School technology resources.

7. **Unauthorized Networks.** Students may not create unauthorized wireless networks to access the Charter School's network. This includes establishing wireless access points, wireless routers and open networks on personal devices.
8. **Consequences of Inappropriate Use.** Students who violate this Agreement will be subject to discipline, which may include loss of access to Charter School technology resources and/or other appropriate disciplinary or legal action in accordance with the Student Code of Conduct and applicable laws.
9. **Technology Systems/Equipment Care.** Students are not permitted to have food or drink near computers/other technology and must keep equipment and assigned areas free of vandalism.

After reading the Student Use of Technology Policy and the Acceptable Use Agreement, please complete the required form to indicate that you agree with the terms and conditions provided. The signature of both the student and parent/guardian are mandatory before access may be granted to the technologies available. The document, which incorporates the Use Procedure, reflects the entire agreement and understanding of all parties. Charter School encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

I understand that computer use is a privilege and not a right. I understand that students who violate this policy in any way will be subject to a referral and possible suspension or expulsion. I understand that if a student willfully damages Charter School's property, including but not limited to Charter School's technology, equipment and networks, or fails to return Charter School's property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct up to an amount not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid or the property has been returned. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades, transcripts and diploma will be released. When the minor and parent are unable to pay for the damages, the Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. A student over the age of majority shall be liable for the same. (Ed. Code § 48904).

A copy of this form is available on the Charter School's website.

Loitering Law

It is unlawful for any juvenile who is subject to a compulsory alternative education program to loiter, idle, wander or be in or upon the public streets, highways, roads, alleys, parks, playgrounds, or other public grounds, public places, public buildings, or the premises of any establishment, vacant lots or unsupervised place between the hours of 8:30 a.m. and 2:30 p.m. on any day when that juvenile otherwise would be

required to attend a regular compulsory education school (Municipal Code section 58.05). This means that students should either be in the Resource Center or at home between the hours of 8:30 a.m. and 2:30 p.m., Monday through Friday, unless an excused absence is on file.

Suspension and Expulsion Policy (Full Board Policy)

Board Policy #: 3110

Amended: May 5, 2009; February 16, 2022, December 7, 2022, June 22, 2023, February 28, 2024, [June 26, 2024](#)

This Student Suspension and Expulsion Policy has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: [Altus Schools East County, Audeo II, Audeo III, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, Altus Schools East County, and Mirus Secondary School and Altus Schools South Bay](#), (hereinafter collectively referred to as "Charter School").

In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians⁸ are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that the policy and procedures are available on request at the School Coordinator's office. Suspended or expelled students shall be

⁸ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

B. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be suspended for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

~~k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. This section shall only apply to students in any of grades 9-12, inclusive.~~

~~h)k~~ Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

~~m)l~~ Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

~~n)m~~ Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

~~o)n~~ Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

~~p)o~~ Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal

degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.

4)D) Made terroristic threats against school officials and/or school property, which includes but is not limited to electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to electronic files and databases, or the personal property of the person threatened or his or her immediate family.

4)G) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

4)I) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.

4)S) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

4)T) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

- ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
- iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
- iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the School site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- i. A message, text, sound, video, or image.
- ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

- iii. An act of cyber sexual bullying.
 - (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
 - (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

4) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

4) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion for any of the following acts when it is determined the student:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b) Brandished a knife at another person.
- c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d) Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4

3. Discretionary Expellable Offenses: Students may be recommended for expulsion for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.
- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases or the personal property of the person threatened or his or her immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the

purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
- ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
- iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
- iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the School site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- i. A message, text, sound, video, or image.
- ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects

as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the student:

- a. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b. Brandished a knife at another person.
- c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d. Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her

version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing

adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Board of Directors following a hearing before it, or by the neutral and impartial Charter School Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the Charter School Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense, and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the Charter School Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of Charter School's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies

of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five calendar days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed

session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not

more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School .

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at Charter School . Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission or admission of student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. ~~Involuntary Removal for Truancy~~ Removal Due To Noncompliance with Independent Study Requirements

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) [or more](#) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for [non compliance with independent study requirements](#) ~~truancy~~ shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services

may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational [agency's failure to implement the IEP/504 Plan.](#)

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with

state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.

- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Dress Code

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to Resource Centers and to field trips/school-sponsored events. Parents/guardians will be notified and students may be asked to change or sent home if they are found to be in violation of the dress code.

Dress code violations include the following:

- Pants sagging below the waist
- Swimsuits or sleepwear, including bedroom slippers
- Shorts/skirts/dresses that are above mid-thigh
- Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- Visible undergarments (including boxer shorts, bras, etc.)
- Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- Clothing that uses suggestive/vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags (note: headwear worn for religious purposes is permitted)

Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy (Full Board Policy)

Board Policy #: 3320

Adopted: February 16, 2022

Amended: June 22, 2023, February 28, 2024, [June 26, 2024](#)

The Governing Board of Altus Schools Southern CA hereby adopts this Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy to apply to Altus Schools East [County Bay](#), [Altus Schools North](#)

Formatted: Body Text, Centered, Indent: Left: 0.5",
Space After: 12 pt, Tab stops: 1.74", Left

County, Altus Schools South Bay, ~~North Bay~~, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, hereafter collectively referred to as ("Charter School"). The Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of the Charter School, and adopts this Policy to permit students to possess, but not use private devices while on site or at the resource center, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

All students are required to adhere to the following guidelines regarding private devices:

Private devices may be used:

- Off school site before or after school.
- Before or after any Charter School sponsored activity occurring before or after the school's instructional day.
- In the case of an emergency, or in response to a perceived threat of danger.
- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- When the possession or use of a private device is required in a student's individualized education program ("IEP").

Private devices shall be turned off and shall not be used:

- While at the resource center, including workshops, seminars, tutoring and any other school activity, which takes place during the scheduled instructional day on or off site.
- During events sponsored by the Charter School.
- On field trips or excursions sponsored by the Charter School.

Possession of private devices is a privilege, which may be forfeited by any student who fails to abide by the terms of this Policy. All Charter School employees shall remove any private device from the possession of a student found to be violating this Policy. If a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, a Charter School employee may remove the private device and confiscate the private device. Parents/guardians will be contacted to pick up any confiscated private devices at the end of the instructional time at the resource center or at the conclusion of a Charter School sponsored activity.

In addition to this Policy, all other applicable Charter School student discipline policies and rules shall apply to any student who fails to comply with the requirements of this Policy.

Students who possess any private device(s) shall assume sole responsibility for the maintenance and care of any such private device(s) in accordance with this Policy. At no time shall the Charter School be responsible for preventing theft, loss or damage to any private devices brought onto campus or at Charter School sponsored activities.

Lost or Damaged School Property

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

Parents' Responsibilities

- Ensure that students get to their scheduled appointment on time. If this is not possible, contact the teacher to arrange an alternate time.
- Hold high expectations for your student, regularly monitor his or her daily work.
- Support school rules and the independent study definition of attendance—students complete school work rather than spending time in the Resource Center.
- Establish a schedule with the student and provide a space for study time at home.
- Arrange for student to attend appropriate field trips and supplemental tutoring sessions.
- Meet with staff when requested, particularly during master agreement signing conferences.
- Participate in decisions related to the education of your student.
- Ensure that students are clothed properly for school and school events.

Parents' Role in Discipline and Behavior

Parents are expected to cooperate with Charter School staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help your child to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Non-Discrimination Statement

~~ASEC~~CHARTER SCHOOL is committed to equal opportunity for all individuals in education. ~~ASEC~~CHARTER SCHOOL shall promote programs which ensure that discriminatory practices are eliminated in all school activities.

ASECCHARTER SCHOOL does not discriminate against any student or employee on the basis of actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, pregnancy, or any other characteristic that is contained in the definition of hate crimes in the California Penal Code.

The Charter School Board of Directors shall not refuse to approve the use or prohibit the use of any textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction or any book or other resource in a school library on the basis that it includes a study of the role and contributions of Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, LGBTQ+ Americans, persons with disabilities, or members of other ethnic, cultural, religious, or socioeconomic status groups.

ASECCHARTER SCHOOL adheres to all provisions of federal law related to students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 ("ADA"), and the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA").

The Charter School does not discourage students from enrolling or seeking to enroll in the Charter School for any reason, including, but not limited to, academic performance, disability, neglect or delinquency, English proficiency, for being homeless or a foster/mobile youth, economic disadvantage, nationality, race, ethnicity, or sexual orientation. Charter School shall not encourage a student currently attending Charter School to disenroll or transfer to another school based on any of the aforementioned reasons except in cases of expulsion and suspension or involuntary removal in accordance with the Charter School's charter and relevant policies.

The Charter School does not request nor require student records prior to a student's enrollment.

Pursuant to California law and the California Attorney General's guidance to K-12 schools in responding to immigration issues ("Guidance"), Charter School provides equal access to free public education, regardless of a student's or their parent's or guardian's immigration status or religious beliefs. The complete Guidance, including Appendix G – Know Your Rights can be reviewed via the following link: <https://oag.ca.gov/sites/all/files/agweb/pdfs/bcj/school-guidance-model-k12.pdf>

The Charter School shall provide a copy of the California Department of Education Complaint Notice and Form to any parent, guardian, or student over the age of 18 at the following times: (1) when a parent, guardian, or student over of the age of 18 inquires about enrollment; (2) before conducting an enrollment lottery; and (3) before disenrollment of a student.

The Charter School is committed to providing a work and educational atmosphere that is free of unlawful harassment under Title IX of the Education Amendments of 1972 (sex); Titles IV, VI, and VII of the Civil Rights Act of 1964 (race, color, or national origin); The Age Discrimination in Employment Act of 1967; The Age Discrimination Act of 1975; the IDEA; and Section 504 and Title II of the ADA (mental or physical disability).

Commented [MB22]: **NEW Client Note:** This is language pursuant to EC 243(a), newly added by AB1078 (2024).

A complaint pursuant to this section may be filed with the applicable school district, county office of education, or charter school under the Uniform Complaint Procedures (EC 243c)

Commented [MB23]: **NEW Client Note:** The school is required to provide this Appendix G - Know Your Rights information to families pursuant to Education Code section 234.7(d)(1). While there is no specific requirement to provide this information **annually** (you can provide it upon enrollment instead), you may choose to include it here to fulfill the requirement.

~~ASEC~~CHARTER SCHOOL also prohibits sexual harassment, including cyber sexual bullying, and harassment based upon pregnancy, childbirth or related medical conditions, race, religion, religious affiliation, creed, color, immigration status, gender, gender identity, gender expression, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, or any other basis protected by federal, state, local law, ordinance or regulation.

~~ASEC~~CHARTER SCHOOL does not condone or tolerate harassment of any type, including discrimination, intimidation, or bullying, including cyber sexual bullying, by any employee, independent contractor or other person with which ~~ASEC~~CHARTER SCHOOL does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position or gender.

~~ASEC~~CHARTER SCHOOL will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted. Inquiries, complaints, or grievances regarding harassment as described in this section, above, should be directed to the ~~ASEC~~CHARTER SCHOOL Uniform Complaint Procedures ("UCP") Compliance Officer:

The lack of English language skills will not be a barrier to admission or participation in Charter School's programs or activities. Charter School prohibits retaliation against anyone who files a complaint or who participates or refuses to participate in a complaint investigation.

TITLE IX POLICY PROHIBITING DISCRIMINATION ON THE BASIS OF SEX

Policy #
Adopted: June 26, 2024

[This Title IX Policy Prohibiting Discrimination on the Basis of Sex \("Policy"\) contains the policies and grievance procedures of Altus Schools Southern CA, which operates Altus Schools East County, South Bay, North County, Audeo Charter School II, Audeo Valley, and Mirus Secondary School \(hereinafter collectively referred to as "Charter School"\) to prevent and address sex discrimination, including but not limited to sexual harassment, sex-based hostile environment harassment, discrimination based on pregnancy or related conditions, sex-based discrimination in access to athletics or educational resources, and retaliation against a person who has reported sex discrimination.](#)

Formatted: Centered

Commented [A24]: Client note - Per AB 34 and 543, this policy 1) must be posted in a prominent and readily accessible location on the School's website; 2) should be included in the School's "regular policy statement"; 3) shall be provided as part of any orientation program conducted for new and continuing pupils at the beginning of each quarter, semester, or summer session, as applicable; 4) shall be provided for each faculty member, all members of the administrative staff, and all members of the support staff at the beginning of the first quarter or semester of the school year, or at the time that there is a new employee hired; 5) shall appear in any publication of the institution that sets forth the comprehensive rules, regulations, procedures, and standards of conduct for the institution (i.e., student handbook); and 6) shall be displayed in a prominent location in the main administrative building or other area of the campus or schoolsite where other similar notices/policies are posted.

Please note that in addition to this policy, the School is legally required to have certain Title IX language on the School's website in compliance with Education Code section 221.61 including but not limited to the contact information for the Title IX coordinator, a link to the CDE's Title IX information, the definition of discrimination and harassment based on sex as described in Section 230, and the rights set forth in Section 221.8. We can provide you with some sample language if desired.

A Title IX notice of nondiscrimination must be provided on the School's website and in each handbook, catalog, announcement, bulletin, and application form that the School makes available to students; parents, guardians, or other authorized legal representatives of elementary school and secondary school students; employees; applicants for admission and employment; and all unions and professional organizations holding collective bargaining or professional agreements with the School, or which are otherwise used in connection with the recruitment of students or employees.

Further, per EC section 231.6, charter schools serving pupils in any of grades 9 through 12, inclusive, shall create a poster that meets specific requirements and notifies pupils of the applicable sexual harassment policy. The poster shall be prominently and conspicuously displayed in each bathroom and locker room at the schoolsite. The poster shall display, at a minimum, all of the following:

- (1) The rules and procedures for reporting a charge of sexual harassment.
- (2) The name, phone number, and email address of an appropriate schoolsite official to contact to report a charge of sexual harassment.
- (3) The rights of the reporting pupil, the complainant, and the respondent, and the responsibilities of the schoolsite in accordance with the applicable written

Charter School does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq.*) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.⁹ Charter School will take actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects.

This Policy applies to conduct occurring in Charter School's education programs or activities on or after August 1, 2024 including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom Charter School does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the Charter School Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by Charter School. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

Prohibited Sex-Based Harassment

Under Title IX, "sex-based harassment" means conduct on the basis of sex that satisfies one or more of the following:

- Quid pro quo harassment occurs when an employee, agent, or other person authorized by Charter School to provide an aid, benefit, or service under Charter School's education program or activity explicitly or impliedly conditions the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.
- Hostile environment harassment is unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from Charter School's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - The degree to which the conduct affected the complainant's ability to access Charter School's education program or activity;
 - The type, frequency, and duration of the conduct;

⁹ Charter School complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

- The parties' ages, roles within Charter School's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
 - The location of the conduct and the context in which the conduct occurred; and
 - Other sex-based harassment in Charter School's education program or activity.
- Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
 - Dating violence, meaning violence committed by a person:
 - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - The length of the relationship;
 - The type of relationship; and
 - The frequency of interaction between the persons involved in the relationship.
 - Domestic violence, meaning felony or misdemeanor crimes committed by a person who:
 - Is a current or former spouse or intimate partner of the victim under applicable family or domestic violence laws, or a person similarly situated to a spouse of the victim;
 - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
 - Shares a child in common with the victim; or
 - Commits acts against a youth or adult victim who is protected from those acts under applicable family or domestic violence laws.
 - Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
 - Fear for the person's safety or the safety of others; or
 - Suffer substantial emotional distress.

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through Charter School.

Examples of conduct that may fall within the Title IX definition of sex-based harassment, the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:

- Rape, sexual battery, molestation or attempts to commit these assaults.
- Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:
 - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
 - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
 - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
 - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
 - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
 - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
 - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means a student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in Charter School's education program or activity at the time of the alleged sex discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) Charter School's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in Charter School's education program or activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to Charter School that objectively can be understood as a request for Charter School to investigate and make a determination about alleged sex discrimination.

Commented [A25]: Per 34 CFR 106.2 - a complaint is no longer required to be formal, written, or signed.

Confidential Employee means an employee of Charter School whose communications are privileged or confidential under Federal or State law (e.g., a licensed therapist or psychologist, etc.) or an employee whom Charter School has designated as confidential under Title IX for the purpose of providing services to persons related to sex discrimination.

Commented [A26]: Client - These "services" are not specified in the regulations. However, the U.S. Dept. of Education's Final Rule implies that they include sharing information about school policies and procedures, providing the contact information for the Coordinator and explaining that the Coordinator can provide supportive measures, referrals to school or community-based resources, and just listening.

Party means a complainant or respondent.

Respondent means a person who is alleged to have violated Charter School's prohibition on sex discrimination.

Supportive Measures are individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to a party to (1) restore or preserve that party's access to Charter School's education program or activity, including measures that are designed to protect the safety of the parties or Charter School's educational environment; or (2) provide support during Charter School's grievance procedures or during an informal resolution process.

Title IX Coordinator

The Board of Directors of Charter School ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Tim Tuter
Deputy Superintendent School Services
10170 Huennekens St. San Diego CA 92121
ttuter@altuschools.net
858-678-2042

Commented [A27]: Internal - This section will need to be revised if the School has more than one Coordinator. It must be clear who is the designated Coordinator that will retain ultimate oversight over the School's compliance with Title IX. Might be helpful to call the other Coordinators something different - like "Assistant Title IX Coordinators" just to make it easier to distinguish. Even if there is more than one Coordinator, continue to refer to the one who has ultimate oversight as the "Coordinator" in the policy.

The Coordinator is responsible for coordinating Charter School's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination and inquiries about the application of Title IX, addressing reports and complaints of sex discrimination and taking other actions as required by this Policy, monitoring for barriers to reporting conduct that reasonably may constitute sex discrimination, and taking steps reasonably calculated to address such barriers.

The Coordinator may serve as an investigator and/or decisionmaker for complaints, except in cases where doing so would constitute a conflict of interest. The Coordinator may delegate one or more of their duties to one or more designees who have received the required Title IX training and do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. However, the Coordinator must at all times retain ultimate oversight over those responsibilities and ensure Charter School's consistent compliance with Title IX.

Reporting Sex Discrimination

All employees who are not a confidential employee must promptly notify the Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX. This requirement does not apply to an employee when the employee is the person who was subjected to the conduct that reasonably may constitute sex discrimination.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Deputy Superintendent, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Charter School will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

Charter School acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.

Nothing in this Policy precludes Charter School from requiring an employee or other person authorized by Charter School to provide aid, benefit, or service under Charter School's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.

Confidential Employees

Contact information for the confidential employees at Charter School, if any, can be found on the Charter School website or obtained from the Coordinator.

A confidential employee's status as confidential, for Title IX purposes, is only with respect to information received while the employee is functioning within the scope of their duties to which

Commented [A28]: Client Note – For a complaint of discrimination, bullying, harassment, discrimination or intimidation to fall under the UCP, it must be a written complaint. However, all reports of sex discrimination and harassment must be investigated even if they are oral or outside the UCP timelines, and appropriate action must be taken when necessary according to the results of the investigation.

Commented [A29]: Client - The School is not required to designate any confidential employee. However, licensed social workers, therapists, psychologists, etc. who are employees of the School meet the definition of a confidential employee even if the School hasn't specifically designated them as such.

Commented [A30]: Client - Note this requirement. Please ensure the School's Title IX website posting includes this information. Alternatively, the School can list the contact info for the confidential employees here in this policy. However, that would mean the policy has to be revised and re-adopted whenever those employees change positions.

privilege or confidentiality applies or with respect to information received about sex discrimination in connection with providing services to persons related to sex discrimination.

A confidential employee must explain the following to any person who informs them of conduct that reasonably may constitute sex discrimination under Title IX:

- The employee's status as confidential for purposes of Title IX, including the circumstances in which the employee is not required to notify the Coordinator about conduct that reasonably may constitute sex discrimination;
- How to contact the Coordinator and how to make a complaint of sex discrimination; and
- That the Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.

Coordinator's Response to Reports of Sex Discrimination

When notified of conduct that reasonably may constitute sex discrimination, the Coordinator or designee must:

- Treat complainants and respondents equitably;
- Promptly offer and coordinate supportive measures, as appropriate, for the complainant;
- If grievance procedures are initiated or an informal resolution process is offered; offer and coordinate supportive measures, as appropriate, for the respondent; and
- Notify the complainant or, if the complainant is unknown, the reporting individual, of the grievance procedures and informal resolution process, if available and appropriate. If a complaint is made, the Coordinator will notify the respondent of the same.

In response to a complaint, the Coordinator will initiate the grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Coordinator must determine whether to initiate a complaint by considering, at a minimum:

- Complainant's request not to proceed with a complaint and the complainant's reasonable safety concerns;
- Risk that additional acts of sex-based discrimination would occur if a complaint is not initiated;
- Severity of the alleged conduct, including whether the discrimination, if established, would require removal or discipline of a respondent to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee;
- The scope of the alleged conduct including but not limited to whether there is a pattern, ongoing conduct, or impact to multiple individuals;
- The availability of evidence and the complainant's willingness to participate in the grievance procedures; and
- Whether Charter School could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

The Coordinator may initiate a complaint if the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or prevents Charter School from ensuring equal access on the basis of sex to its education program or activity. The Coordinator or

designee must notify the complainant before initiating a complaint and appropriately address reasonable safety concerns, including by providing supportive measures.

The Coordinator will take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within Charter School's education program or activity.

Supportive Measures

Once notified of conduct that reasonably may constitute sex discrimination under Title IX, the Coordinator or designee will promptly contact the complainant to offer and coordinate supportive measures, as appropriate, for the complainant. If the grievance procedures are initiated or informal resolution is offered, the Coordinator or designee will offer and coordinate supportive measures, as appropriate, for the respondent.

Supportive measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, housing, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Supportive measures must not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Supportive measures will be designed to protect the safety of the parties or Charter School's educational environment, or to provide support during the grievance procedures or the informal resolution process.

Parties may contact the Coordinator to discuss modification of any supportive measures. Parties also have the opportunity to seek modification or termination of a supportive measure applicable to them if circumstances change materially.

If the party is not satisfied with the Coordinator's decision on the request to modify supportive measures, the party may contact the Human Resources Administrator who is an appropriate and impartial employee or who may designate such an employee, to seek modification or reversal of Charter School's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee is someone other than the Coordinator who made the challenged decision and has the authority to modify or reverse the decision.

If a party is a student with a disability, the Coordinator must consult with one or more members of the student's IEP Team and 504 Team, if any, in the implementation of supportive measures for that student.

Informal Resolution

At any time prior to determining whether sex discrimination occurred under Charter School's Title IX grievance procedures, Charter School may offer an informal resolution process to the parties. Charter School does not offer or facilitate informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Before initiation of the informal resolution process, the parties will be provided with notice that explains:

- The allegations;
- The requirements of the informal resolution process;
- The right to withdraw and initiate or resume the grievance procedures;
- That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties' use of the grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement (e.g., restrictions on contact and participation in activities or events) including notice that an informal resolution agreement is binding only on the parties; and
- What information is retained and whether and how it may be disclosed by Charter School for use in grievance procedures if the grievance procedures are initiated or resumed.

Parties will not be required or pressured to agree to participate in the informal resolution process. Charter School will obtain the parties' voluntary consent to participate in the informal resolution process. Parties may end the informal resolution process and proceed with the grievance procedures at any time.

The facilitator of the informal resolution process will not be the same person as the investigator or the decisionmaker in the grievance procedures. The facilitator cannot have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The Coordinator will take appropriate prompt and effective steps to ensure sex discrimination does not continue or recur.

Grievance Procedures

Scope and General Requirements

Charter School has adopted these grievance procedures to provide for the prompt and equitable resolution of complaints of made by students, employees, or other individuals who are participating or attempting to participate in Charter School's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX. Upon receipt of a complaint, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

Charter School requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Coordinator or investigator.

Charter School will treat complainants and respondents equitably. Charter School presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

Charter School may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.

Commented [A31]: Client - We can provide you with a sample of this notice and any of the other notices or documents referenced in this policy.

Commented [A32]: Client - All of the timeframes and many of the requirements for written notices are flexible and can be revised to better align with the School's practices. Please let us know if you would like to revise any of the timeframes or the requirements for written notices.

Charter School allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If a timeframe is extended, the Coordinator or designee will notify the parties of the new timeframe and the reason for the delay.

Charter School will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties shall not engage in retaliation, including against witnesses.

Charter School will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence.¹⁰ Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

If a party is a student with a disability, the Coordinator or designee must consult with one or more members, as appropriate, of the student's IEP Team and 504 Team, if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") throughout the grievance procedures.

Dismissal

In most cases, Charter School will determine whether a complaint is dismissed within fifteen (15) business days of receipt of the complaint.

Charter School may dismiss a complaint if:

- Charter School is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in Charter School's education program or activity and is not employed by Charter School;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Coordinator declines to initiate a complaint, and Charter School determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- Charter School determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint on this ground, Charter School will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the Coordinator or designee must promptly notify the complainant in writing of the basis for the dismissal and the complainant's right to appeal the dismissal on the following grounds within five (5) business days of the dismissal notice:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination whether sex-based harassment occurred or dismissal was made; and

¹⁰ Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

- The Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If the dismissal occurs after the respondent has been notified of the allegations, then the Coordinator or designee must also simultaneously notify the respondent in writing of the dismissal, the basis for the dismissal, and the respondent's right to appeal the dismissal on the above grounds within five (5) business days of the dismissal notice.

If the complaint is dismissed, the Coordinator or designee will offer supportive measures to the complainant, as appropriate. The Coordinator or designee will also offer supportive measures to the respondent, as appropriate, if the respondent has been notified of the allegations. The Coordinator will continue to take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur. Dismissal does not preclude action under another applicable Charter School policy.

Appeal of a Dismissal

If a dismissal is timely appealed in accordance with this Policy, the Coordinator or designee will promptly notify the parties in writing of the appeal, including notice of the allegations if such notice was not previously provided to the respondent, the contact information for the decisionmaker for the appeal, and the parties' right to submit a statement to the decisionmaker of the appeal in support of, or challenging, the outcome within five (5) business days of the appeal notice.

The decisionmaker for the appeal will be someone who has received the required Title IX training and did not take part in an investigation of the allegations or dismissal of the complaint. The appeal procedures will be implemented equally for the parties. Within fifteen (15) business days of the appeal notice to the parties, the decisionmaker will notify the parties in writing of the result of the appeal and the rationale for the result.

Notice of the Allegations

Upon initiation of the grievance procedures, the Coordinator or designee will provide notice of the allegations to the parties whose identities are known. The notice will include:

- Charter School's grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX, and the date(s) and location(s) of the alleged incident(s), to the extent that information is available to Charter School;
- A statement that retaliation is prohibited; and
- A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if Charter School provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.

Emergency Removal

Charter School may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with Charter School's policies.

Commented [A33]: Client - Again, this is strongly recommended. If the complainant and respondent will not be notified of the dismissal in writing, then the notice to the respondent does not need to be simultaneous, and instead can follow promptly after notification to the complainant.

Commented [A34]: Client - If, in the course of an investigation, the School decides to investigate additional allegations of sex discrimination by the respondent toward the complainant that are not included in the notice or that are included in a complaint that is consolidated, the School must provide notice of the additional allegations to the parties whose identities are known.

Commented [A35]: Client - Regardless of any determination on whether to remove a student or employee on an emergency basis, the School still must follow the grievance process before imposing any disciplinary sanctions or other actions that are not supportive measures (e.g., terminations or expulsions) against a respondent. Emergency removal is not a substitute for reaching a determination as to a respondent's responsibility; rather, emergency removal is for the purpose of addressing imminent threats posed to any person's health or safety, which might arise out of the sexual harassment allegations. Emergency removals allow schools to address emergency situations, whether or not a grievance process is underway, provided that the school first undertakes an individualized safety and risk analysis and provides the respondent notice and opportunity to challenge the removal decision.

Charter School may remove a respondent from Charter School's education program or activity on an emergency basis, in accordance with Charter School's policies, provided that Charter School undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of any person arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the IDEA, Section 504, or the ADA.

Investigation

Investigations of complaints will be adequate, reliable, and impartial. In most cases, a thorough investigation will take no more than twenty-five (25) business days. Charter School has the burden to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed or considered, except by Charter School to determine whether one of the exceptions listed below applies, and will not be disclosed), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless Charter School obtains that party's or witness's voluntary, written consent for use in the grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The parties will have an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible and to access such evidence. The parties may submit a written response to the investigator within five (5) business days of being provided with access to the evidence or an accurate description of it. The parties' timely submitted written responses, if any, will be considered by the investigator and decisionmaker before a determination of responsibility is made.

Charter School will take reasonable steps to prevent and address any unauthorized disclosure of information or evidence by the parties.

Determination of Responsibility

Commented [A36]: Client - If the School provides a description of the evidence, it will still need to provide the parties with an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party.

Before making a determination of responsibility, the decisionmaker may question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is in dispute and relevant to evaluating one or more allegations of sex discrimination.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days of the expiration of the timeframe for the parties to submit a written response to the evidence or an accurate description of it, the decisionmaker will notify the parties in writing of the determination whether sex discrimination occurred including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal.

Appeal of the Determination of Responsibility

Should a party find Charter School's determination unsatisfactory, the party may, within five (5) business days of notice of Charter School's determination, submit a written appeal to the Chair of the Charter School Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal must not have taken part in the investigation of the allegations.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of the appeal or notice of the appeal; and 4) within fifteen (15) business days of the appeal, issue a written decision to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from Charter School or termination of employment. If there is a determination that sex discrimination occurred, the Coordinator or designee will coordinate the provision and implementation of any remedies and/or disciplinary sanctions ordered by Charter School including notification to the complainant of any such disciplinary sanctions. The Coordinator will take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within Charter School's education program or activity.

No party, witness, or other person participating in Charter School's grievance procedures will be disciplined for making a false statement or for engaging in consensual sexual conduct based solely on Charter School's determination whether sex discrimination occurred.

Student Pregnancy and Related Conditions

Charter School will not discriminate against any student or applicant based on their current, potential, or past pregnancy or related conditions. For more information about policies and procedures applicable to employees who are pregnant or have a related condition, please refer to the Charter School employee handbook.

Commented [A37]: Client - An appeals process for the determination of responsibility is not necessarily required. The appeals process for determinations of responsibility must be at a minimum, the same the school "offers in all other comparable proceedings, if any, including proceedings relating to other discrimination complaints". We have included a sample process here that is consistent with the appeals processes in some of our other template complaint policies. Please ensure the selected appeals process for determinations of responsibility is consistent with the School's appeals process for other comparable proceedings.

Commented [A38]: Client Note: The School may change this reference to an administrator at the School who is in a position above the person making the initial decision as long as it is someone who is trained, was not involved in the investigation or responsible for the initial decision, and does not have a conflict of interest. The School could also use the Board to make the appeal decision, which may ultimately delay the process, but that creates some Brown Act issues and anyone on the Board who has a conflict or who participated in the investigation or initial decision would need to recuse themselves.

When a student, or a person who can legally act on behalf of the student, informs any employee of the student's pregnancy or related condition, unless the employee reasonably believes that the Coordinator has already been notified, the employee must promptly:

- Provide that person with the Coordinator's contact information; and
- Inform that person that the Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to Charter School's education programs and activities.

If a student, or a person who has a legal right to act on behalf of the student, notifies the Coordinator of the student's pregnancy or related condition, the Coordinator or designee must promptly:

- Inform the student, and if applicable, the person who notified the Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of Charter School's obligations under:
 - 34 C.F.R. § 106.40(b)(1) through (5), which relates to the rights of students who are pregnant or have a related condition; and
 - 34 C.F.R. § 106.44(f), which includes rules on disclosures of personal information;
- Provide Charter School's Title IX notice of nondiscrimination; and
- Consult with the student about potential reasonable modifications to policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access, and if the student accepts an offered reasonable modification, implement the modification.

A student who is pregnant or has a related condition will be provided with a lactation space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used for expressing breast milk or breastfeeding as needed.

A student who is pregnant or has a related condition may voluntarily take a leave of absence for the time deemed medically necessary by the student's licensed healthcare provider, or if the student so chooses, the time allowed under any Charter School leave policy for which the student qualifies. A pregnant or parenting student is entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant.

Upon the student's return from leave, the student will be reinstated to the academic status, and, as practicable, to the extracurricular status that the student held when the leave began. The student will not be required to provide any kind of certification demonstrating their ability to physically participate in any class, program, or extracurricular activity unless:

- The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- Such certification is required of all students participating in the class, program, or extracurricular activity; and
- The information obtained is not used as a basis for sex discrimination.

Students who are pregnant or have a related condition will not be required to provide supporting documentation unless necessary and reasonable to determine reasonable modifications or additional

actions related to lactation space, leaves of absence, or voluntary access to any available separate and comparable portion of the program.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All employees, Coordinators and designees, investigators, decisionmakers, and other persons who are responsible for implementing Charter School's grievance procedures or have the authority to modify or terminate supportive measures will receive Title IX and sexual harassment training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

Charter School will maintain the following records for at least seven (7) years:

- For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures, and the resulting outcome.
- For each notification the Coordinator receives of information about conduct that reasonably may constitute sex discrimination, records documenting the actions Charter School took to meet its obligations under 34 C.F.R. § 106.44.
- All materials used to provide required Title IX training. Charter School will make these training materials available upon request for inspection by members of the public.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY (Full Board Policy)

Policy #

Adopted: June 26, 2024

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Altus School Southern CA, which operates Altus Schools East County, South Bay, North County, Audeo Charter School II, Audeo Valley, and Mirus Secondary School (hereinafter collectively referred to as "Charter School") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a

Commented [A39]: CLIENT NOTE: Once this Policy is reviewed and approved by the Board, we recommend including the adoption date within the header, above. When this Policy is reviewed and revised thereafter, we recommend including a revision date to assist with version control. Lastly, we recommend assigning a number to this Board Policy (example: Board Policy (BP) 23, Student Policy (SP) 14, etc.).

This Policy is within our sample format, which you may choose to adopt. If not, please ensure that the formatting is changed to align with your existing board policies.

Commented [A40]: Client - This policy is required to be posted on the School's website in a prominent and readily accessible location and posted in school offices, staff lounges and any pupil government meeting rooms per Ed. Code sections 234.1 and 234.6.

Formatted: Left

person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as “misconduct prohibited by this Policy.”

To the extent possible, Charter School will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. Charter School staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom Charter School does business, and all acts of Charter School’s **Board of Directors** (“Board”) in enacting policies and procedures that govern Charter School.¹¹

Charter School complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual’s educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing a reasonable student¹² or students in fear of harm to that student’s or those students’ person or property.
2. Causing a reasonable student to experience a substantially detrimental effect on the student’s physical or mental health.

¹¹ This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled “Title IX, Harassment, Intimidation, Discrimination and Bullying Policy.”

¹² “Reasonable student” is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student’s age, or for a person of the student’s age with the student’s exceptional needs.

3. Causing a reasonable student to experience a substantial interference with the student's academic performance.
4. Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by Charter School.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

1. A message, text, sound, video, or image.
2. A post on a social network Internet Web site including, but not limited to:
 - a. Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
 - b. Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - c. Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
3. An act of "Cyber sexual bullying" including, but not limited to:
 - a. The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
 - b. "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
4. Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

Commented [A41]: CLIENT NOTE: Please note that within the CDE Bullying Policy, cyber bullying: can involve all three types of bullying and takes place using electronic technology. (Pg 2 of the CDE's Bullying Module.)

Commented [A42]: CLIENT NOTE: Education Code section 234.4 doesn't specify the exact bullying prevention procedures that must be adopted by schools. However, since the law requires schools to provide the CDE's bullying module to its staff who interact with students, the bullying prevention procedures developed by the School should be consistent with those outlined in the CDE's online bullying module, which include education and professional development components.

To develop these procedures, we used the CDE's bullying module and Stopbullying.gov–Bullying Training Prevention Center's bullying module, which is also recommended by the CDE and available at:

<https://www.stopbullying.gov/prevention/training-center/index.html>

Please let us know if these proposed procedures do not work for the School logistically or if they are inconsistent with the procedures the School plans to implement. We can work with the School to further tailor the procedures to align with the School's program.

Charter School has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

Charter School advises students:

- e. To never share passwords, personal data, or private photos online.
- f. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- g. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- h. To consider how it would feel receiving such comments before making comments about others online.

Commented [A43]: CLIENT NOTE: Please ensure the School's technology use policies align with the cyberbullying prevention procedures adopted by the School as part of this policy. If the School doesn't have a technology use policy, we can provide the School with a starting place draft for this policy upon request. These cyber-bullying prevention procedures were developed from the CDE's bullying module.

Charter School informs its employees, students, and parents/guardians of Charter School's policies regarding the use of technology in and out of the classroom. Charter School encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

Charter School employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. Charter School advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Charter School and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

Charter School's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

Commented [A44]: CLIENT NOTE: Teaching students about the difference between appropriate and inappropriate behaviors, how to advocate for themselves and others, and when to go to an adult for help are listed as recommended bullying prevention procedures in the CDE's bullying module. Please ensure the School's bullying prevention education aligns with the procedures adopted by the School in this Policy.

Charter School informs Charter School employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

Charter School annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other Charter School employees who have regular interaction with students.

Commented [A45]: CLIENT NOTE: The CDE recommends bullying prevention procedures be placed within the parent/student handbook, school safety plan, and the bullying prevention policy. (pg. 12)

Commented [A47]: CLIENT NOTE: Per Ed. Code section 218, schools that serve pupils in grades 7 to 12, inclusive, are encouraged to use CDE resources for the support of lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) pupils, and strategies to increase support for LGBTQ pupils and thereby improve overall school climate (which are to be updated by July 1, 2021) to provide training at least once every two years to teachers and other certificated employees.

Commented [A48]: Client - These procedures are intended to be consistent with most of our clients’ Internal Complaint/General Complaint Procedures. These specific procedures are not necessarily required. Per Ed. Code section 234.1, the complaint procedures must at a minimum include a timeline to investigate and resolve complaints and an appeal process. Please let us know if you would like to adjust these procedures.

Commented [A49]: CLIENT NOTE: If the complainant is unable to put the complaint in writing, due to conditions such as a disability or illiteracy, the School must assist the complainant in the filing of the complaint.

Commented [A50]: Client - You may adjust this as appropriate to reflect where these policies are kept (e.g., on the school’s website).

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Deputy Superintendent as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and Charter School will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Deputy Superintendent, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Charter School acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by Charter School on a case-by-case basis.

Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Deputy Superintendent, or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Deputy Superintendent, or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Deputy Superintendent, or designee will not reveal confidential information related to other students or employees.

Commented [A51]: Client - You may change these designations to better align with your program. Please let us know if you want to change these suggested designations so we can assist in revising the policy.

If the complaint is against the Deputy Superintendent, a non-employee Board member who is not the Board Chair or a parent/guardian of a student at Charter School will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from Charter School or termination of employment.

Right of Appeal

Should a complainant find Charter School's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of Charter School's decision or resolution, submit a written appeal to the Chair of the Charter School Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy (Full Board Policy)

Board Policy: 3361

Approved: February 28, 2018

Amended: February 17, 2021, June 29, 2022, June 22, 2023, February 28, 2024

The Board of Directors of Altus Schools San Diego hereby adopts this Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy to apply to Altus Schools Audeo and Altus Schools Charter School of San Diego, all hereafter collectively referred to as "Charter School."

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, the Charter School prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locks, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected

Commented [A52]: Client - These designations may be adjusted to better align with your organization. Please let us know if you want to change these designations. If you select a Board member as indicated here, the Board member should be annually appointed/designated as the "Complaint Officer" at the Board's annual training meeting.

Commented [A53]: Client - This appeal right will need to be consistent with any appeal provided for determinations of responsibility in the School's Title IX policy.

Commented [A54]: Client - This designation may be adjusted. Please let us know if you want to change this designation.

Commented [MB55]: Please note that the new Title IX federal regulations were recently released and it looks like a pretty significant overhaul of current procedures. Our office is now in the process of analyzing the revised federal regulations and updating our internal template. We anticipate our new Title IX policy template to be available by mid to late June. I can make a note to provide you with the new template once it's available. Thus, please note that the Title IX Policy currently in this handbook will need to be updated with the new template before the start of the 2024-25 school year

under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as “misconduct prohibited by this Policy.”

To the extent possible, the Charter School will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. The Charter School faculty and staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, the Charter School will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with whom Charter School does business, or any other individual, student, or volunteer. This Policy applies to all employee, student, and volunteer actions and relationships, regardless of position or gender. The Charter School will promptly and thoroughly investigate and respond to any complaint of misconduct prohibited by this Policy in a manner that is not deliberately indifferent and will take appropriate corrective action, if warranted. Charter School complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Prohibited Unlawful Harassment

- Verbal conduct such as epithets, derogatory jokes or comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school because of sex, race or any other protected basis.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Prohibited Unlawful Harassment under Title IX

Title IX (20 U.S.C. § 1681 *et seq.*; 34 C.F.R. Part 106) and California state law prohibit discrimination and harassment on the basis of sex. Under Title IX, “sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

- An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or
- “Sexual assault” as defined in 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

In accordance with Title IX and California law, discrimination and harassment on the basis of sex in education institutions, including in the education institution's admissions and employment practices, is prohibited. All persons, regardless of sex, are afforded equal rights and opportunities and freedom from unlawful discrimination and harassment in education programs or activities conducted by the Charter School.

The Charter School is committed to providing a work and educational environment free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action. Inquiries about the application of Title IX and 34 C.F.R. Part 106 may be referred to the Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) Submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

It is also unlawful to retaliate in any way against an individual who has articulated a good faith concern about sexual harassment against themselves or against another individual.

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
 - Rape, sexual battery, molestation or attempts to commit these assaults.
 - Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.
- Unwanted sexual advances, propositions or other sexual comments, such as:
 - Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
 - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
 - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:

- ~~Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.~~
- ~~Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.~~
- ~~Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).~~

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this Policy.

Prohibited Bullying

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute sexual harassment, hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

1. ~~Placing a reasonable student or students in fear of harm to that student's or those students' person or property.~~
2. ~~Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.~~
3. ~~Causing a reasonable student to experience a substantial interference with the student's academic performance.~~
4. ~~Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.~~

* "Reasonable student" is defined as a student, including, but not limited to, an exceptional needs student, who exercises care, skill and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

1. A message, text, sound, video, or image.
2. A post on a social network Internet Web site including, but not limited to:

- a. Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of “bullying,” above.
 - b. Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of “bullying,” above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - c. Creating a false profile for the purpose of having one or more of the effects listed in the definition of “bullying,” above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
3. An act of “Cyber sexual bullying” including, but not limited to:
- a. The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in definition of “bullying,” above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
 - b. “Cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
4. Notwithstanding the definitions of “bullying” and “electronic act” above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in Charter School’s education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that Charter School investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, a complainant must be participating in or attempting to participate in Charter School’s education program or activity.

Respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Bullying and Cyberbullying Prevention Procedures

Charter School has adopted the following procedures for preventing acts of bullying, including cyberbullying.

1. Cyberbullying Prevention Procedures

Charter School advises students:

- e. To never share passwords, personal data, or private photos online.

- f. ~~To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.~~
- g. ~~That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.~~
- h. ~~To consider how it would feel receiving such comments before making comments about others online.~~

~~Charter School informs Charter School employees, students, and parents/guardians of Charter School's policies regarding the use of technology in and out of the classroom. Charter School encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.~~

~~2. Education~~

~~Charter School employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. Charter School advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Charter School and encourages students to practice compassion and respect each other.~~

~~Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.~~

~~Charter School's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.~~

~~Charter School informs Charter School employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.~~

~~3. Professional Development~~

~~Charter School annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other Charter School employees who have regular interaction with students.~~

~~Charter School informs certificated employees about the common signs that a student is a target of bullying including:~~

- ~~• Physical cuts or injuries~~
- ~~• Lost or broken personal items~~

- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by Charter School, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth (“LGBTQ”) and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

Charter School encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for Charter School’s students.

Grievance Procedures

1. Scope of Grievance Procedures

Charter School will comply with its Uniform Complaint Procedures (“UCP”) policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person’s association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- a. Are written and signed;
- b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- c. Submitted to the Charter School UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, Charter School will utilize the following grievance procedures in addition to its UCP when applicable.

2. Reporting

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Title IX Coordinator ("**Coordinator**"):

Amanda Akle Chief of Staff and Compliance Officer aakle@altusschools.net
858-678-4811

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Charter School will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Deputy Superintendent School Services, Administrator of Instructional Services, School Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

The Charter School acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision maker and any person who facilitates an informal resolution process will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

3. Supportive Measures

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of

supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to Charter School's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or Charter School's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. Charter School will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of Charter School to provide the supportive measures.

4. Investigation and Response

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of the Charter School, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations

- Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
 - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
 - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
 - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence; and

- A statement that Charter School prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.

- Emergency Removal

- Charter School may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with Charter School's policies.
- Charter School may remove a respondent from Charter School's education program or activity on an emergency basis, in accordance with Charter School's policies, provided that Charter School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
- This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.

- Informal Resolution

- If a formal complaint of sexual harassment is filed, Charter School may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If Charter School offers such a process, it will do the following:
 - Provide the parties with advance written notice of:
 - The allegations;
 - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
 - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
 - Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
 - Obtain the parties' advance voluntary, written consent to the informal resolution process.
- Charter School will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

- Investigation Process

- The decision maker will not be the same person(s) as the Coordinator or the investigator. Charter School shall ensure that all decision makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
- In most cases, a thorough investigation will take no more than twenty five (25) school days. If the investigator determines that an investigation will take longer than twenty five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
- The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
- The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.

- A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
- Prior to completion of the investigative report, Charter School will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
- The investigator will complete an investigation report that fairly summarizes all relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.
- Dismissal of a Formal Complaint of Sexual Harassment
 - If the investigation reveals that the alleged harassment did not occur in Charter School's educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable Charter School policy.
 - Charter School may dismiss a formal complaint of sexual harassment if:
 - The complainant provides a written withdrawal of the complaint to the Coordinator;
 - The respondent is no longer employed or enrolled at Charter School; or
 - The specific circumstances prevent Charter School from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
 - If a formal complaint of sexual harassment or any of the claims therein are dismissed, Charter School will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
 - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
 - Determinations will be based on an objective evaluation of all relevant evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness.
 - Charter School will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
 - The allegations in the formal complaint of sexual harassment;
 - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
 - The findings of facts supporting the determination;
 - The conclusions about the application of Charter School's code of conduct to the facts;
 - The decision and rationale for each allegation;
 - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
 - The procedures and permissible bases for appeals.

5. Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up

to and including expulsion from Charter School or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by Charter School in response to a formal complaint of sexual harassment.

6. Right of Appeal

Should the reporting individual find Charter School's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of Charter School's decision or resolution, submit a written appeal to the Superintendent School Services and Founder or Chairperson of the Charter School Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and Charter School will implement appeal procedures equally for both parties.
- Within five (5) business days of Charter School's written decision or dismissal of the complaint, the complainant or respondent may submit a written appeal to the Coordinator.
- The decision maker(s) for the appeal will not be the same person(s) as the Coordinator, the investigator or the initial decision maker(s).
- The complainant and respondent may appeal from a determination regarding responsibility, and from Charter School's dismissal of a formal complaint or any allegations therein, on the following bases:
 - Procedural irregularity that affected the outcome of the matter;
 - New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
 - The Title IX Coordinator, investigator(s), or decision maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- Charter School will notify the other party in writing when an appeal is filed.
- The decision maker for the appeal will: 1) give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; 2) issue a written decision describing the result of the appeal and the rationale for the result; and 3) provide the written decision simultaneously to both parties.

7. Recordkeeping

All records related to any investigation of complaints under this Policy are maintained in a secure location.

Charter School will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant.
- Records of any appeal of a formal sexual harassment complaint and the results of that appeal.
- Records of any informal resolution of a sexual harassment complaint and the results of that informal resolution.
- All materials used to train Title IX coordinators, investigators, decision makers, and any person who facilitates an informal resolution process.

- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

Educational Equity and Immigration Status Policy (Full Board Policy)

Board Policy #: 1754

Adopted: February 16, 2022

Amended: June 22, 2023, February 28, 2024, [June 26, 2024](#)

The Board of Directors of Altus Schools Southern CA hereby adopts this Educational Equity and Immigration Status Policy to apply to Altus Schools East [County](#), [Altus Schools North County](#), [Altus Schools South Bay](#), [North Bay](#), Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, hereafter collectively referred to as ("Charter School"). The Charter School recognizes and honors the attainment of education for the betterment of the individual and the community, and is committed to fostering a positive school environment in which students, educators, and staff feel safe, welcomed, supported, and connected.

Charter School will provide a safe, secure, and peaceful learning environment for all students and staff. Charter School defines sensitive or safe locations to include its schools, official activities of its schools, including those occurring in public places and adjacent areas, and all of Charter School property, included but not limited to, facilities owned, controlled by, or leased by Charter School. Where outside contractors or service providers (particularly school resource officers) are regularly present at sensitive or safe locations or have access to student information, Charter School shall seek commitments from those parties not to facilitate immigration enforcement at any of the Charter School's sensitive or safe locations unless required by law.

Information about children's rights to a free education regardless of immigration status or religious beliefs and the Attorney General's *Know Your Rights* handout will be provided to students and parents upon enrollment to Charter School.

All notices provided to parents pursuant to AB 699 shall be language-accessible in compliance with state and federal laws. Enrollment, registration, and uniform complaint procedures information provided on the Charter School website shall be language-accessible in compliance with state and federal laws.

Responding to Hate Crimes and Bullying

Charter School has adopted and publicized a *Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy* and provides annual notice of same to families. The Policy expressly prohibits discrimination, harassment, intimidation, and bullying based on the actual or perceived characteristics set forth in Section 422.55 of the Penal Code, including immigration status, and Section 220 of AB 699, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, immigration or citizenship status, religion, religious affiliation, creed, color, citizenship, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, pregnancy, childbirth or related medical conditions, association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance, or regulation. The Policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means. In accordance with the

Formatted: Justified, Adjust space between Latin and Asian text, Adjust space between Asian text and numbers

Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy and its *Uniform Complaint Policy and Procedures*, Charter School will promptly and thoroughly investigate any complaint of unlawful harassment, discrimination, intimidation, or bullying that constitute a hate crime or are otherwise based on actual or perceived characteristics listed above, and take appropriate corrective action, if warranted.

Charter School advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Charter School and encourages students to practice compassion and respect each other. Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived religion, immigration status, or citizenship) and about the negative impact of bullying other students based on these protected characteristics.

Charter School shall train teachers, staff, and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above.

Charter School shall inform students who are victims of hate crimes of their right to report such crimes. Complete copies of the *Uniform Complaint Policy and Procedures* and the *Title IX, Harassment, Discrimination, Intimidation, and Bullying Policy* are available for review at the administration office.

Gathering and Managing Student and Family Information

School has adopted an *Educational Records and Student Information Policy* to apply to all educational records and student information maintained by Charter School and provides annual notice of same to all families. Appropriate personnel shall receive training regarding those policies and procedures.

Additionally, Charter School shall observe the following:

- Except as required by state or federal law or as required to administer a state or federally supported education program, Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of pupils or their family members.
- If Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.
- If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin, Charter School will not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.
- Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.
- Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.

Admissions and Enrollment

As a charter school, Charter School is open to all students who wish to attend, regardless of residency. Notwithstanding this and where permitted by law, Charter School shall accept alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.

Charter School will accept the following list of documents as reasonable evidence of residency:

- Property tax payment receipts
- Rental property contract, lease, or payment receipts
- Utility service contract, statements, or payment receipts
- Pay stubs
- Voter registration
- Correspondence from a government agency
- Declaration of residency executed by the parent or legal guardian of the student
- Note: documents, information, or proof relating to citizenship or immigration status of students will never be requested for the enrollment process.

However, please note: (1) that parents and guardians are not required to provide each and every document listed and that (2) in accordance with the McKinney-Vento Homeless Assistance Act, Charter School will immediately enroll a homeless child or youth even if he or she is unable to provide proof of residency or age or other documentation normally required for enrollment.

Charter School will accept the following list of documents as reasonable evidence of age:

- Certified copy of birth record
- Statement by the local registrar or county recorder certifying date of birth
- Baptism certificate
- Passport
- When none of the foregoing is obtainable, an affidavit of the parent, guardian, or custodian, or any other appropriate means of proving the child's age.

Documents, information, or proof relating to citizenship or immigration status of students will never be requested for the enrollment process. Where any law requires submission of national origin related information to satisfy the requirements of a special program, Charter School personnel will solicit that documentation or information separately from the enrollment process.

Social Security Information:

Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment. If no adult household member has a Social Security number, the student still can qualify for free or reduced-price meals, if the family meets the income eligibility requirements.

Sharing Student and Family Information

Charter School will avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by the Family Educational Rights and Privacy Act (FERPA). Charter School requires written parental or guardian consent for release of student information unless the information is relevant for a legitimate education interest or includes directory information only.

Neither exception permits disclosing information to immigration authorities for immigration-enforcement purposes; no student information shall be disclosed to immigration authorities for immigration-enforcement purposes without a court order or judicial subpoena. A copy of the complete *Education Records and Student Information Policy* is available for review in the administration office.

Charter School's request for written parental or guardian consent for release of student information must include:

Formatted: Left

- (a) The signature and date of the parent, guardian, or eligible student providing consent;
- (b) A description of the records to be disclosed;
- (c) The reason for the release of information;
- (d) The parties or class of parties receiving the information; and
- (e) If requested by the parents, guardians, or eligible student, a copy of the records to be released.

The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, Charter School shall not release the information. Charter School will permanently keep the consent notice with the record file.

Cha

Charter School personnel shall take the following steps upon receiving an information request related to a student's or family's immigration or citizenship status:

- (a) Notify a designated Charter School official about the information request.
- (b) Provide students and families with appropriate notice and a description of the immigration officer's request.
- (c) Document any verbal or written request for information by immigration authorities.
- (d) Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order. Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the local educational agency prohibits disclosure, Charter School shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

Responding to Immigration Enforcement on Campus

No visitor – which include immigration-enforcement officers – shall enter or remain on school grounds of the Charter School during school hours without having registered with the principal or designee. If there are no exigent circumstances necessitating immediate action, and if the immigration officer does not possess a judicial warrant or court order that provides a basis for the visit, the officer must provide the following information to the principal or designee:

1. Name, address, and occupation;
2. Age, if less than 21;
3. Purpose of entering school grounds;
4. Proof of identity; and
5. Any other information as required by law

Charter School requires that any visitor, including immigration enforcement officers, must not interrupt students and faculty during class time for immigration enforcement or other purposes, and must instead wait until a designated break period prior to or following a class period to carry out their judicial warrant or court order. A complete copy of the Charter School *Visitor and Volunteer Policy* is available for review in the administration office.

Charter School has posted signs at the entrance of its school grounds to notify outsiders of the hours and requirements for registration.

Procedures for Responding to On-Campus Immigration Enforcement

As early as possible, Charter School personnel will notify the Superintendent or designated administrator of any request by an immigration-enforcement officer for student access or access to school grounds for purposes related to immigration enforcement, or any requests for review of school documents (including for the services of lawful subpoenas, petitions, complaints, warrants, etc.

In addition, Charter School personnel will take the following steps in response to an officer present on the school campus specifically for immigration-enforcement purposes:

1. Advise the officer that before proceeding with his or her request, and absent exigent circumstances, school personnel must first receive notification and direction from the Deputy Superintendent School Services .
2. Ask to see, and make a copy of or note, the officer's credentials (name and badge number). Also ask for and copy or note the phone number of the officer's supervisor.
3. Ask the officer his/her reason for being on school grounds and document it.
4. Ask the officer to produce an documentation that authorizes school access.
5. Make a copy of all documents provided by the officer. Retain one copy of the documents for the school records.
6. If officer declares that exigent circumstances exist and demands immediate access to the campus, Charter School personnel should comply with the officer's orders and immediately contact the Deputy Superintendent School Services .
7. If the officer does not declare that exigent circumstances exist, respond according to the requirements of the officer's documentation. If the immigration-enforcement officer has:

- a. An ICE warrant, Charter School personnel shall inform the agent that he or she cannot consent to any request without first consulting with the Charter School's counsel or other designated agency official
 - b. A federal judicial warrant, such as a search-and-seizure warrant or an arrest warrant; prompt compliance is usually legally required. If feasible, consult with the Charter School's legal counsel or designated administrator before providing the agent access to the person or materials specified in the warrant
 - c. Subpoena for production of documents or other evidence
 - i. Immediate compliance is not required. Therefore, Charter School personnel shall inform the Charter School's legal counsel or other designated official of the subpoena, and await further instructions on how to proceed
8. While Charter School personnel should not consent to access by an immigration-enforcement officer, except as described below, he/she should not attempt to physically impede the officer, even if the officer appears to be exceeding authorization given under a warrant or document. If an officer enters the premises without consent, Charter School personnel shall document his or her actions while on campus
9. After the encounter with the officer, the Charter School shall promptly take written notes of all interactions with the officer. The notes shall include the following items:
- a. List or copy of the officer's credentials and contact information;
 - b. Identity of all school personnel who communicated with the officer;
 - c. Details of the officer's request;
 - d. Whether the officer presented a warrant or subpoena to accompany his/her request, what was requested in the warrant/subpoena, and whether the warrant/subpoena was signed by a judge;
 - e. Charter School personnel's response to the officer's request;
 - f. Any further action taken by the agent; and
 - g. Photo or copy of any documents presented by the agent
10. Charter School personnel shall provide a copy of those notes, and associated documents collected from the officer, to the Charter School's legal counsel or other designated agency official.
11. In turn, Charter School's legal counsel or other designated official shall submit a timely report to the Charter School Board of Directors regarding the officer's requests and actions and Charter School's response(s).
12. E-mail the Charter School Board of Directors and Bureau of Children's Justice in the California Department of Justice, at BCJ@doj.ca.gov, regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes

Charter School personnel shall immediately notify the student's parents or guardians if a law-enforcement officer requests or gains access to a student for immigration-enforcement purposes, unless such access was in compliance with a judicial warrant or subpoena that restricts the disclosure of the information to the parent or guardian.

Charter School personnel shall receive consent from the student's parent or guardian before a student can be interviewed or searched by any officer seeking to enforce the civil immigration laws at the school, unless the officer presents a valid, effective warrant signed by a judge, or presents a valid, effective court order.

Responding to the Detention or Deportation of a Student's Family Member

Charter School shall encourage that families and students have and know their emergency phone numbers and know where to find important documentation, including birth certificates, passports, Social Security cards, doctors' contact information, medication lists, lists of allergies, etc., which will allow them to be prepared in the event that a family member is detained or deported.

Charter School shall permit students and families to update students' emergency contact information as needed throughout the school year, and provide alternative contacts if no parent or guardian is available. Charter School shall ensure that families may include the information of an identified trusted adult guardian as a secondary emergency contact in case a student's parent or guardian is detained. Charter School shall communicate to families that information provided within the emergency cards will only be used in response to specified emergency situations, and not for any other purpose.

In the event a student's parent/guardian has been detained or deported by federal immigration authorities, Charter School shall use the student's emergency card contact information and release the student to the person(s) designated as emergency contacts. Alternatively, Charter School shall release the student into the custody of any individual who presents a Caregiver's Authorization Affidavit on behalf of the student.

Charter School shall only contact Child Protective Services if the [local educational agency] personnel are unsuccessful in arranging for the timely care of the child through the emergency contact information that the school has, a Caregiver's Authorization Affidavit, or other information or instructions conveyed by the parent or guardian.

Family Safety Plan

To the extent possible, Charter School will facilitate a family's development of a *Family Safety Plan* to be stored at a location known by the student. Such a plan may identify a trusted adult who can care for the student if no parent or guardian can do so. Students should know that the trusted adult is the person who the student should contact if his or her parents and/or guardians are detained or deported, and how to reach the trusted adult.

Additional Resources

In the event that a student's family member is detained, Charter School may refer the student and his or her family members to other resources, including, but not limited to:

- (1) ICE Detainee Locator
 - (<https://locator.ice.gov/odls/homePage.do>)
- (2) Legal Assistance
 - There are several legal aid organizations that may be able to provide legal assistance to secure the release of a student's detained parent, or to help arrange for the student to visit the parent

- A list of California organizations accredited by Board of Immigration Appeals (BIA) to represent immigrants before the Department of Homeland Security (DHS) and Executive Office of Immigration Review (EOIR)
- (3) Consulate or Embassy.
 - The consulate or embassy of the parent's or guardian's country of origin may be able to offer additional information and assistance

Charter School will also ensure that the attorneys who they refer students to are licensed and in good standing with the State bar of California, by checking online at <http://www.calbar.ca.gov/Attorneys>

Student Freedom of Speech and Expression Policy (Full Board Policy)

Board Policy #:3175

Approved: February 22, 2011

Amended: February 22, 2018; February 16, 2022, June 22, 2023, February 28, 2024, ~~June 26, 2024~~

The Board of Directors of Altus Schools Southern CA hereby adopts this Student Freedom of Speech/Expression Policy to apply to Altus Schools East ~~County Bay~~, [Altus Schools North County](#), [Altus Schools South Bay](#), ~~North Bay~~, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, hereafter collectively referred to as "Charter School."

The Charter School respects students' rights to express ideas and opinions, take stands, and support causes, whether controversial or not, through their speech, writing, printed materials, including the right of expression in official publications, and/or the wearing of buttons, badges and other insignia.

Definitions

1. "Obscenity": when the (1) average person applying current community standards finds the work as a whole appeals to the prurient interest, (2) the work is patently offensive, and (3) the work lacks serious literary, artistic, political, or scientific value. Examples include pornography or sexually explicit material.
2. "Defamation": Libel (written defamation) and Slander (oral defamation), which includes but is not limited to inaccurately attributing a statement to another, either on purpose for public officials (which includes Charter School staff) or by mistake for private officials, that mischaracterizes the statement.
3. "Discriminatory Material": material that demeans a person or group because of the person/group's disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation that has the purpose of humiliating, offending, or provoking a person/group.

4. *"Harassment (including sexual harassment), Intimidation and/or Bullying"*: severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute sexual harassment, hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following: (1) placing a reasonable student or students in fear of harm to that student's or those students' person or property, (2) causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health, (3) causing a reasonable student to experience a substantial interference with his or her academic performance, (4) causing a reasonable student to experience a substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
5. *"Fighting Words"*: words likely to cause (1) the average person to fight or (2) the creation of a clear and present danger of violence, unlawful acts in violation of lawful school regulations, or the substantial disruption of school.
6. *"Vulgarity and/or Profanity"*: the continual use of curse words by a student, even after warning.
7. *"Violating Privacy"*: publicizing or distributing confidential or private material without permission.

On-Resource Center Expression

Student free speech rights include, but are not limited to, the use of bulletin boards, the distribution of printed materials or petitions, the wearing of buttons, badges, and other insignia, and the right of expression in official publications, whether or not the publications or other means of expression are supported financially by the school or by use of school facilities. Student expression on the Charter School website and online media shall generally be afforded the same protections as print media within the Policy.

Student freedom of expression shall be limited only as allowed by state and federal law in order to maintain an orderly school environment and to protect the rights, health, and safety of all members of the school community. Unprotected Expression includes the following: obscenity; defamation; discriminatory material; harassment (including sexual harassment), intimidation and/or bullying; fighting words; vulgarity and/or profanity; or violating privacy as defined above. Also prohibited shall be material that incites a clear and present danger of the commission of unlawful acts on resource center premises or the violation of lawful school regulations or the substantial disruption of the orderly operation of the Charter School.

B. Distribution of Circulars, Un-Official Newspapers, and Other Printed Matter

Free inquiry and exchange of ideas are essential parts of a democratic education. Students shall be allowed to distribute circulars, leaflets, newspapers, and pictorial or other printed matter, and to circulate petitions, subject to the following specific limitations:

1. Leaflets, pictorial and other printed matter to be distributed shall be submitted to the Deputy Superintendent School Services or designee at least one (1) school day prior to distribution. The Deputy Superintendent School Services or designee shall review material submitted in a reasonable amount of time and shall allow the approved material to be distributed according to the time and manner established by this Policy. The Charter School Deputy Superintendent School Services or designee shall notify student(s) if distribution will be granted or denied (and if denied, why distribution is not in compliance with this Policy).
2. Distribution, free or for a fee, may take place before school, after school, and/or during lunch provided there is no substantial disruption in the school programs (as determined by the Deputy Superintendent School ~~Services~~ Services),. Distribution may not occur during instructional time and should not occur in locations that disrupt the normal flow of traffic within the school or at site entrances.
3. The manner of distribution shall be such that coercion is not used to induce students to accept the printed matter or to sign petitions.
4. The solicitation of signatures must not take place in school offices, nor be substantially disruptive to resource center activities (as determined by the School Coordinator or the school's administrator, including but not limited to tutoring and group study).

C. Official School Publications

As a small independent student learning environment, the Charter School does not currently have school publications. Should the Charter School begin utilizing a pupil-operated publication in the future, Student editors of official school publications shall be responsible for assigning and editing the news, editorial, and feature content of their publications subject to the limitations of this Policy. However, it shall be the responsibility of the journalism staff adviser(s) of student publications to supervise the production of the student staff, to maintain professional standards of English and journalism, and to maintain the provisions of this Policy.¹³ The journalism staff adviser(s) shall help the student editors judge the literary value, newsworthiness and propriety of materials submitted for publication.

There shall be no prior restraint of material prepared for official school publications except insofar as it violates this Policy. Charter School officials shall have the burden of showing justification without undue delay prior to a limitation of student expression under this Policy. If the journalism staff adviser(s) consider material submitted for publication to violate this Policy, he or she will notify the student without undue delay and give specific reasons why the submitted material may not be published. The student should be given the opportunity to modify the material or appeal the decision of the journalism staff adviser to the Deputy Superintendent School Services .

D. Buttons, Badges, and Other Insignia of Symbolic Expression

¹³ "Official school publications" refers to material produced by students in the journalism, newspaper, yearbook, or writing classes and distributed to the student body either free or for a fee.

Students shall be permitted to wear buttons, badges, armbands, and other insignia as a form of expression, subject to the prohibitions enumerated in this Policy.

E. Use of Bulletin Boards

Students will be provided with bulletin boards, upon request and subject to availability, for use in posting student materials in resource center locations convenient to student use. Posted material must be in compliance with other sections of this Policy, particularly regarding the distribution of materials and prohibited speech. Students may not post or distribute materials regarding the meetings of non-curricular student-initiated groups.

F. Organized Demonstrations

Students have the right to lawful organized resource center demonstrations, subject to the provisions of this Policy and applicable law. Demonstrations that incite students to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or demonstrations that substantially disrupt the orderly operation of the school are prohibited.

No organized demonstrations by school groups may take place off-site during school hours unless sanctioned by school authorities and supervised by a designated school authority. No individual student may demonstrate in the name of the Charter School or as an official school group at any time unless authorized by the Charter School to participate in the activity.

No student may participate in an organized demonstration that occurs during the hours of mandatory school attendance unless sanctioned by the Charter School and supervised by a designated Charter School employee. Missing school to attend an organized demonstration is not an excused absence. The Charter School will follow its Attendance Policy when determining consequences for students which may include but are not limited to detention, a low grade for a missed test, or receiving a truancy letter. The Charter School will follow its Suspension and Expulsion Policy when determining consequences for students if Charter School policy is violated.

G. Student Speeches

If a student is selected to speak at a Charter School sponsored event, including but not limited to graduation or school events, Charter School has the right to review the pre-prepared speech to ensure that unprotected speech is not included. If unprotected speech is included, the student will be given the opportunity to revise the speech or deliver a modified speech. If not revised or removed, the student will not be permitted to speak at the Charter School sponsored event.

Off- Site Expression

Off-site student expression, including but not limited to student expression on offsite internet web sites not accessed from the resource centers, is generally constitutionally protected but shall be subject to discipline when there is sufficient nexus between the speech and the school.

Relevant considerations include:

1. The degree and likelihood of harm to the Charter School (staff, students, volunteers, and/or property) caused or augured by the expression,
2. Whether it is reasonably foreseeable that the expression would reach and impact the Charter School, and
3. The relation between the content and/or context of the expression and the Charter School. There is always a sufficient nexus between the expression and the Charter School when the Charter School reasonably concludes that it faces a credible, identifiable threat of school violence.

The Charter School Deputy Superintendent School Services or designee shall document the impact the expression had or could be expected to have on the educational program. Off-site expression that results in the material disruption of classwork or involves substantial disorder or invasion of the rights of others may be subject to discipline.

Off-site expression may result in discipline if the expression involves but is not limited to:

- a. Serious or severe bullying or harassment targeting particular individuals;
- b. Threats aimed at teachers or other students;
- c. The failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities; or
- d. Breaches of school security devices.

Enforcement

1. Upon learning that students are considering actions in the areas covered by this Policy they will be informed of the possible consequences of their action under each specific circumstance. The Deputy Superintendent School Services shall ensure that due process is followed when resolving disputes regarding student freedom of expression.
2. This Policy does not prohibit or prevent the Charter School Governing Board from adopting otherwise valid rules and regulations relating to oral communications by students upon the resource center premises.
3. No Charter School employee shall be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against solely for acting to protect a student engaged in the conduct authorized under this Policy, or refusing to infringe upon conduct that is authorized under this Policy, the First Amendment to the United States Constitution, or Section 2 of Article I of the California Constitution.
4. Charter School shall not make or enforce a rule subjecting a student to disciplinary sanctions solely on the basis of conduct that is speech or other communication that, when engaged in outside ~~of a~~ [of a](#) resource center, is protected from governmental restriction by the First Amendment to the United States Constitution or Section 2 of Article I of the California Constitution.

Complaints and Appeals

The following procedures shall be used to address general disputes regarding student freedom of speech and expression:

1. The student and faculty member shall first attempt to resolve the problem internally.
2. If the student and faculty member are unable to resolve the dispute, the student and/or faculty member may bring the matter to the Charter School Deputy Superintendent School Services or designee, who shall hear both sides and strive to resolve the dispute as quickly as possible.
3. Any student or faculty member may appeal the decision of the Charter School Deputy Superintendent School Services or designee to the Board who shall render a decision within a reasonable period of time after receipt of the appeal. The appeal by the student must be made within five (5) school days from the time the unsatisfactory decision was rendered.

A student who feels their freedom of expression was unconstitutionally limited and/or limited on the basis of discrimination may file a complaint by contacting the Charter School's Deputy Superintendent School ~~Services~~ Services.

Communication

~~ASEC~~CHARTER SCHOOL seeks to convey the most current, accurate information possible to our parents and students. This includes the use of surveys and periodic Parent Square automated messages to your contact numbers. These messages will contain timely, important information. Uniform Complaint Policy and Procedures ("UCP") (Full Board Policy)

Board Policy #: 1500

Adopted/Ratified: May 5, 2009

Amended Dates: June 29, 2015; March 10, 2016; August 26, 2020; March 1, 2023, February 28, 2024; [June 26, 2024](#)

Altus Schools Southern CA, which operates Altus Schools East ~~County Bay~~, [Altus Schools North County](#), [Altus Schools South Bay](#), ~~North Bay~~, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, ("Charter School" or "Charter") policy is to comply with applicable federal and state laws and regulations. The Charter School is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for

compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing (“UCP”) for the following types of complaints:

- (1) Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group, on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics in any Charter School program or activity. Unlawful discrimination includes, but is not limited to, noncompliance with Education Code section 243(a).
- (2) Complaints alleging a violation of state or federal law or regulation governing the following programs:
 - Accommodations for Pregnant, Parenting or Lactating Students;
 - Adult Education;
 - Career Technical and Technical Education;
 - Career Technical and Technical Training;
 - Child Care and Development Programs;
 - Consolidated Categorical Aid;
 - Education or graduation of Students in Foster Care, Students who are Homeless, former Juvenile Court Students now enrolled in a public schools, Migratory Children and Children of Military Families;
 - Every Student Succeeds Act;
 - Migrant Education Programs;
 - Regional Occupational Centers and Programs, and
 - School Safety Plans.
- (3) Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
 - a. “Educational activity” means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

- b. “Pupil fee” means a fee, deposit or other charge imposed on students, or a student’s parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families’ ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:
 - i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.
 - ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.
 - iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.
 - c. A pupil fees complaint and complaints regarding local control and accountability plans (“LCAP”) only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 – 52077, including an allegation of a violation of Education Code sections 47605.5 or 47607.3, as referenced in Education Code Section 52075, regarding local control and accountability plans.
 - d. If the Charter School finds merit in a pupil fees complaint, or the California Department of Education (“CDE”) finds merit in an appeal, Charter School shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by the Charter School to ensure full reimbursement to all affected students, parents/guardians, subject to procedures established through regulations adopted by the state board.
 - e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or, Charter School, and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.
- (4) Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula (“LCFF”) or LCAP under Education Code sections 47606.5 and 47607.3, as applicable.

- (5) If the Charter School adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections ~~49190-49490~~-49590 no longer fall under the UCP. Instead, they are governed by Title 7, Code of Federal Regulations ("C.F.R sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 no longer fall under the UCP. Instead, they are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.

The Charter School acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) the confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. Charter School cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, the Charter School will attempt to do so as appropriate. Charter School may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or proceedings, as determined by ~~the Chief of Staff and Compliance Officer~~Deputy Superintendent ("COSCO") or designee on a case-by-case basis. Charter School shall ensure that complainants are protected from retaliation.

Compliance Officers

The Board of Directors designates the Deputy Superintendent of Schools Services ("Deputy Superintendent" to be the Compliance Officer ~~the following compliance officer(s)~~ to receive and investigate complaints and to ensure the Charter School's compliance with law:

Tim Tuter

Deputy Superintendent of Schools Services

10170 Huennekens Street

San Diego, CA 92121

(858) 678-2042

Amanda Akle

Chief of Staff and Compliance Officer

10170 Huennekens Street

San Diego, CA 92121

(858) 678-4811

The ~~COSCO~~Deputy Superintendent or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The

compliance officer may have access to legal counsel as determined by the [Deputy Superintendent-COSCO](#) or designee.

Should a complaint be filed against the [Deputy Superintendent-COSCO](#), the compliance officer for that case shall be the Chairperson of the Charter School Board of Directors.

Notifications

The [Deputy Superintendent-COSCO](#) or designee shall make available copies of this Policy free of charge. The annual notice of this Policy may be available on the Charter School's website. The Charter School shall annually provide written notification of the Charter School's uniform complaint procedures to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary, under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in the Charter School speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that Charter is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that Charter is operating pursuant to Title 22 licensing requirements.
3. A statement that Charter is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.

7. A statement that the complainant has a right to appeal the Charter School's decision to the CDE by filing a written appeal within thirty (30) calendar days of the Charter School's decision, except if the Charter School has used its UCP to address a complaint that is not subject to the UCP requirements.

8. A statement that a complainant who appeals Charter 's decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if Charter- finds merit in a UCP complaint, or the CDE finds merit in an appeal, ~~Charter shall~~Charter shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.

10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code §section 262.3.

11. A statement that copies of Charter's UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints, which allege that the Charter School has violated federal or state laws or regulations enumerated in the section "Scope", above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**

Any individual, including a person's duly authorized representative or an interested third party, public agency or organization may file a written complaint of alleged noncompliance of unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy. A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the COSCO Deputy Superintendent or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the Deputy SuperintendentCOSCO

or designee shall be made in writing. The period for filing may be extended by the [Deputy Superintendent-COSCO](#) or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The [Deputy Superintendent-COSCO](#) shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Board of Directors approved the LCAP or the annual update was adopted by the Charter School.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Final Written Decision**

The Charter School shall issue an investigation report (the "Decision") based on the evidence. The Charter School's decision shall be in writing and sent to the complainant within sixty (60) calendar days of the Charter School's receipt unless the timeframe is extended with the written agreement of the complainant. The Charter School's decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether the Charter School is in compliance with the relevant law.
3. Corrective actions, if the Charter School finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal the Charter School's decision within thirty (30) calendar days to the CDE, except when the Charter School has used its UCP to address complaints that are not subject to the UCP requirements
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the California Department of Education

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with the Charter School and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Charter School failed to follow its complaint procedures.
2. Relative to all allegations of the complaint, the Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Charter School's Decision are not supported by substantial evidence.
4. The legal conclusion in the Charter School's Decision is inconsistent with the law.
5. In a case in which Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the [COSCO-Deputy Superintendent](#) or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of the Charter School's complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to the Charter School for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

Student Fees Policy (Full Board Policy)

Board Policy #: 1550

Adopted/Ratified: September 11, 2014

Amended: February 16, 2022, June 22, 2023, February 28, 2024, [June 26, 2024](#)

This student fees policy has been adopted by the Board of Directors of Altus Schools Southern CA, Inc. in compliance with the provisions of Article IX, section 5 of the California Constitution, and Assembly Bill 1575 ("AB 1575") (effective January 1, 2013), which prohibit the charging of any student fees for participation in an educational activity at a public school. This Policy applies to Altus Schools East [County Bay](#), [Altus Schools North County](#), [Altus Schools South Bay](#), [North Bay](#), Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School.

I. General Statement of Policy

No student enrolled in Charter School shall be required to pay a student fee for participation in Charter School 's educational activity unless specifically authorized by law.

II. Definitions

"Educational activity" means any activity offered by the Charter School that constitutes an integral fundamental part of a student's education, including, but not limited to, curricular and extracurricular activities.

"Pupil fee" means a fee, deposit, or other charge imposed on students, or a student's parents or guardians, in violation of Section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers. Pursuant to Education Code section 49010, prohibited student fees include, but are not limited to, the following:

- (a) fees charged as a condition for registering for school or classes, or as a condition for participation in a class or any extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit;
- (b) a security deposit, or other payment, that a student is required to make to obtain a book, class apparatus, laptop, I-Pad, e-reader or other materials or equipment;
- (c) purchase that a pupil is required to make to obtain materials, supplies, equipment, or uniforms associated with an educational activity.

III. Policy Against Unlawful Pupil Fees

1. All supplies, materials, and equipment needed for students to participate in the Charter School's educational activities shall be provided to students by the school free of charge.

2. Charter School does not use a fee waiver policy to make any student fee permissible.
3. Charter School does not have a “two-tier” educational system. Students who purchase additional supplies not provided free-of-charge by Charter School, or students who make voluntary donations to the Charter School’s programs and activities, are not provided a higher educational standard than students who do not.
4. Charter School does not offer course credit or privileges related to educational activities in exchange for money or donations of goods or services from a student, and Charter School does not remove course credit or privileges related to educational activities, or otherwise discriminate against any student who does not or will not provide money or donations of goods or services to the school.
5. No fees shall be charged for inter district transfers, tuition or diplomas, mandatory caps and gowns, or admissions charges, whether for instruction or extracurricular, if part of the educational program. A cap and gown will be provided free of charge by the Charter School to graduating students and must be returned to the Charter School after the Graduation ceremony. Charter School may solicit voluntary donations of funds from students and parents of students to help cover the cost of cap and gown, but all students are provided access to a cap and gown, regardless of student or parent donation. Alternatively, students have the option to purchase their own cap and gown, which does not need to be returned to Charter School after the graduation ceremony.

IV. Lawful Fees

These prohibitions shall not be interpreted to prohibit the imposition of a fee, deposit, or other charge otherwise allowed by law. (Education Code § 49011(e).) These include the following:

1. Charter School Reasonable fees [up to an amount not to exceed \$10,000] for the replacement of lost, damaged or unreturned school supplies, such as school ID cards, library books, laptops, iPads, e-readers, or library late return fees.
2. Fees for field trips and excursions in connection with courses of instruction or school related social, educational, cultural, as long as no student is prevented from making the field trip or excursion because of lack of sufficient funds. Charter School may solicit voluntary donations of funds or services from students and parents of students to help fund the field trips that are part of the curriculum, but all students may participate regardless of student or parent donation.
3. Fees for optional attendance as a spectator at a school sponsored activity
4. Charges for food served to students, subject to free and reduced price meal program eligibility and other restrictions specified in law.

5. Charges for medical or hospital insurance for field trips that is made available by the Charter School.
6. Fees for outdoor science school camp programs or cadet corps program, so long as no student is denied the opportunity to participate because of nonpayment of the fee.
7. Reimbursement for the direct cost of materials provided to a student for property the student has fabricated from such materials for his/her own possession and use, such as wood shop, art, or CTE projects kept by the student.
8. Reimbursement for the actual cost of duplicating public records, student records, or a prospectus of the school curriculum. (Government Code § 6253; Education Code § 49091.14). There are two exceptions: First, no charge shall be made for furnishing up to two transcripts of former pupils' records or up to two verifications of various records of former pupils. (Education Code § 49065.) Second, if the cost would effectively prevent the parent of a special education pupil from exercising the right to receive copies of pupil records, the copies shall be reproduced at no cost.
9. Fees for transportation to and from school, and transportation between school and regional occupational centers, programs or classes, as long as the fee does not exceed the statewide average unsubsidized cost per student and provided there is a waiver provision based on financial need.
10. Fees for transportation of pupils to places of summer employment.
11. Tuition fees charged to pupils whose parents are actual and legal residents of an adjacent foreign country or an adjacent state.
12. Tuition fees collected from foreign students attending Charter School pursuant to an F-1 visa, equal to the full unsubsidized per capita cost of providing education during the period of attendance.
13. Fees for an optional fingerprinting program for kindergarten or other newly enrolled students, if the fee does not exceed the actual costs associated with the program.
14. Fees for community classes in civic, vocational, literacy, health, homemaking, and technical and general education, not to exceed the cost of maintaining the community classes.
15. Charges for eye safety devices for a student to keep, at a price not to exceed the school's actual costs, so long as the school provides them free for use in specified courses or activities in which students are engaged in, or are observing, an activity or the use of hazardous substances likely to cause injury to the eyes.
16. Fees for Advanced Placement and International Baccalaureate Diploma examinations for college credit, so long as (1) taking the exam is not a course requirement and (2) the

exam results have no impact on a pupil's grade or credit in a course. An LEA may fund all or part of the cost of the AP test fee for an economically disadvantaged high school pupil or the IB test fee for a low- or middle-income pupil.

17. Fees for After School Education and Safety Programs, so long as no eligible student is denied the ability to participate because of an inability to pay the fee.

Fees for childcare and development services, except that no fees shall be assessed to students enrolled in the program for severely disabled children as stated in Education Code § 8250(d) or families receiving CalWORKS cash aid. Fees for state preschool, except that no family fees shall be assessed to students placed in state preschool by an IEP or families receiving CalWORKS cash aid. (Education Code §§ 8239, 8259(d)(3), 8263(g), (h), 8265, 8447(g), 5600.) Fees for supervision of children before and after school, except that no child who desires to participate shall be denied the opportunity to participate because of inability to pay the fee. (Education Code §§ 8487 and 8488.)

V. Voluntary Contributions

Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or Charter School and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Pupils, parents, and guardians are still encouraged (though not required) to make voluntary contributions or donations of time, money, or property and to participate in fund raising activities. Pupils may be encouraged to participate in fundraising activities through prizes or other recognition for voluntary participation.

VI. Notice

Students and parents of students will be provided a copy of this policy at the start of each school year as part of Charter School 's Student and Parent Handbook.

VII. Complaint and Remedy Procedures

Students, parents or guardians who believe they are being charged an impermissible pupil fee should contact the Deputy Superintendent School Services or designee, or file a complaint pursuant to pursuant to Charter School 's Uniform Complaint Procedures Policy ("UCP") set forth in Student and Parent Handbook. As outlined in the UCP, complaints related to school fees may be made anonymously. Pupil fee complaints shall be filed not later than one year from the date the alleged violation occurred.

In the event Charter School finds merit in a pupil fees complaint, or the California Department of Education (“CDE”) finds merit in an appeal, Charter School shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by Charter School to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board. Under 5 CCR § 4600(u), “reasonable efforts” means a public school’s good faith attempts to identify and fully reimburse all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint, as follows:

- (1) Reasonable efforts to identify pupils who paid a pupil fee include but are not limited to researching existing school records, contacting pupils who were enrolled in or participating in the educational activity during the time the pupil fee was charged, and considering submissions of proof of payment of the pupil fee.
- (2) Reasonable efforts to fully reimburse all pupils, parents and guardians who paid a pupil fee include but are not limited to crediting the pupil's school financial account and sending reimbursement by first class mail to the pupil's last known primary address as contained in school or local educational agency records. If the school has knowledge that a pupil's last known address as contained in school or local educational agency records is no longer valid, the school may attempt to obtain a more recent address from any notices returned to the school or local educational agency by the United States Postal Service.

Education Records and Student Information Policy

Board Policy: 1212

Approved: October 19, 2017,

Amended: June 21, 2018, February 16, 2022, June 22, 2023, February 28, 2024; [June 26, 2024](#)

The Board of Directors of Altus Schools Southern CA, a California nonprofit public benefit corporation operating Altus Schools East ~~County Bay~~, [Altus Schools North County](#), [Altus Schools South Bay](#), [North Bay](#), Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, hereafter collectively referred to as (“Charter School”) hereby adopts this Educational Records and Student Information Policy to apply to all educational records and student information maintained by Charter School.

Definitions

- *“Education Record”*: An education record is any information recorded in any way, including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche that directly relates to a student and is maintained by

Charter School or by a party acting for Charter School . Such information includes, but is not limited to:

1. Date and place of birth; parent and/or guardian's address, mother's maiden name and where the parties may be contacted for emergency purposes;
2. Grades, test scores, courses taken, academic specializations and school activities;
3. Special education records;
4. Disciplinary records;
5. Medical and health records;
6. Attendance records and records of past schools attended; and/or
7. Personal information such as, but not limited to, a student's name, the name of a student's parent or other family member, student identification numbers, social security numbers, photographs, biometric record or any other type of information that aids in identification of a student.

An education record does not include any of the following:

1. Records that are kept in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a temporary substitute for the maker of the record;
2. Records maintained by a law enforcement unit of Charter School that were created by that law enforcement unit for the purpose of law enforcement;
3. In the case of a person who is employed by Charter School but not in attendance at Charter School, records made and maintained in the normal course of business, relate exclusively to the individual in that individual's capacity as an employee and are not available for any other purpose;
4. Records of a student who is 18 years of age or older, or is attending an institution of postsecondary education, that are: a) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in their professional capacity or assisting in a paraprofessional capacity; b) made, maintained, or used only in connection with treatment of the student; and c) disclosed only to individuals providing the treatment. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are part of the program of instruction at Charter School;
5. Records that only contain information about an individual after the individual is

no longer a student at Charter School; or

6. Grades on peer-graded papers before they are collected and recorded by a teacher.
- *“Personally Identifiable Information”*: Personally identifiable information (“PII”) is information about a student that is contained in their education records that cannot be disclosed without compliance with the requirements of Family Educational Rights and Privacy Act of 2001 (“FERPA”). PII includes, but is not limited to: a student’s name; the name of a student’s parent or other family member; the address of a student or student’s family; a personal identifier, such as the student’s Social Security number, student number or biometric record; other indirect identifiers, such as the student’s date of birth, place of birth, and mother’s maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who Charter School reasonably believes knows the identity of the student to whom the education record relates.
 - *“Directory Information”*: Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Charter School may disclose the PII that it has designated as directory information, consistent with the terms of the annual notice provided by Charter School pursuant to the FERPA (20 U.S.C. § 1232g). Charter School has designated the following information as directory information:
 1. Student’s name
 2. Student’s address
 3. Parent/guardian’s address
 4. Telephone listing
 5. Student’s electronic mail address
 6. Parent/guardian’s electronic mail address
 7. Photograph/video
 8. Date and place of birth
 9. Dates of attendance
 10. Grade level
 11. Participation in officially recognized activities and sports
 12. Weight and height of members of athletic teams
 13. Degrees, honors, and awards received
 14. The most recent educational agency or institution attended
 15. Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student’s SSN, in whole or in part, cannot be used for this purpose.)

- *“Parent”*: Parent means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- *“Eligible Student”*: Eligible student means a student who has reached eighteen (18) years of age.
- *“School Official”*: A school official is a person employed by Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Board of Directors of Charter School. A school official also may include a volunteer for Charter School or an independent contractor of Charter School or other party who performs an institutional service or function for which Charter School would otherwise use its own employees and who is under the direct control of Charter School with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist, contracted provider of digital educational platforms and/or services, a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing their tasks.
- *“Legitimate Educational Interest”*: A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Disclosure Of Directory Information

At the beginning of each school year, Charter School shall provide parents and eligible students with a notice containing the following information: 1) The type of PII it designates as directory information; 2) The parent’s or eligible student’s right to require that Charter School not release “directory information” without obtaining prior written consent from the parent or eligible student; and 3) The period of time within which a parent or eligible student must notify Charter School in writing of the categories of “directory information” that it may not disclose without the parent’s or eligible student’s prior written consent. Charter School will continue to honor a valid request to opt out of the disclosure of a former student’s directory information made while the former student was in attendance unless the student rescinds the opt out request.

Annual Notification To Parents And Eligible Students

At the beginning of each school year, in addition to the notice required for directory information, Charter School shall provide eligible students currently in attendance and parents of students currently in attendance with a notice of their rights under the FERPA. The notice shall inform the parents and eligible students that they have the right to:

1. Inspect and review the student's education records;
2. Seek amendment of the student's education records that the parent or eligible student believes to be inaccurate, misleading or otherwise in violation of the student's privacy rights;
3. Consent to disclosures of PII contained in the student's education records, except to the extent that disclosure is permitted without prior written consent pursuant to FERPA;
4. File with the U.S. Department of Education a complaint concerning alleged failures by Charter School to comply with the requirements of FERPA and its promulgated regulations; and
5. Request that Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

The notice must also include the following:

1. The procedure for exercising the right to inspect and review educational records;
2. The procedure for requesting amendment of records;
3. A statement that Charter School forwards education records to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer; and
4. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest.

Parental And Eligible Student Rights Relating To Education Records

Parents and eligible students have the right to review the student's education records. In order to do so, parents and eligible students shall submit a request to review education records in writing to the Deputy Superintendent School Services. Within five (5) business days, Charter School shall comply with the request.

1. Copies of Education Records

Charter School will provide copies of requested documents within five (5) business days of a written request for copies. Charter School may charge reasonable fees for copies it provides to parents or eligible students. However, no charge shall be made for furnishing (1) up to two transcripts of former students' records or (2) up to two verifications of various records of former students. The charge will not include a fee to search for or to retrieve the education records.

2. Request for Amendment to Education Records

Following the inspection and review of a student's education record, a parent or eligible student may file a written request with the Deputy Superintendent School Services to correct or remove any information in the student's education record that is any of the following:

- a. Inaccurate.
- b. Misleading.
- c. In violation of the privacy rights of the student.

Charter School will respond within thirty (30) days of the receipt of the request to amend. Charter School's response will be in writing and if the request for amendment is denied, Charter School will set forth the reason for the denial and inform the parent or eligible student of their right to a hearing challenging the content of the education record.

If the Deputy Superintendent School Services sustains any or all of the allegations, the Deputy Superintendent School Services must order the correction or the removal and destruction of the information. The Deputy Superintendent School Services or designee must then inform the parent or eligible student of the amendment in writing.

If the Deputy Superintendent School Services sustains the parent or eligible student's request to change the student's name and/or gender, Charter School shall add a new document to the student's record that includes all of the following information:

- a. The date of the request.
- b. The date the requested records were corrected.
- c. A list of the records requested to be corrected.
- d. The type of documentation, if any, provided to demonstrate a legal change to the student's name and/or gender. The parent or guardian of the student is not required to provide documentation of a legal change to the student's name and/or gender.
- e. The name of the employee that completed the request.
- f. The student's corrected and former names and/or genders.

Charter School shall immediately update a former student's records to include the student's updated legal name or gender if the Charter School receives government-issued documentation demonstrating that the former student's legal name or gender has been changed. Acceptable government issued identification includes but is not limited to:

- a. State-issued driver's license.

- b. Birth certificate.
- c. Passport.
- d. Social security card.
- e. Court order indicating a name change or a gender change, or both.

If requested by the former student, the Charter School shall reissue any documents conferred upon the former student with the former student's updated legal name or gender. Documents that may be reissued by Charter School include, but are not limited to, a transcript, a high school diploma, a high school equivalency certificate, or other similar documents conferred upon the former student.

If a former student requests that their name or gender be changed and the requested records are reissued, the Charter School shall add a new document to the former student's file that includes all of the following:

- a. The date of the request.
- b. The date the requested records were reissued to the former student.
- c. A list of the records that were requested by, and reissued to, the former student.
- d. The type of documentation provided by the former student in order to demonstrate the legal name or gender change.
- e. The name of the school district, charter school, or county office of education staff person that completed the request.
- f. The current and former name or gender of the former student.

3. Hearing to Challenge Education Record

If Charter School denies a parent or eligible student's request to amend an education record, the parent or eligible student may, within thirty (30) business days of the denial, request in writing that the parent or eligible student be given the opportunity for a hearing to challenge the content of the student's education record on the grounds that the information contained in the education record is: inaccurate, misleading, or in violation of the privacy rights of the student.

~~The Board Chair may convene a hearing panel to assist in making determinations regarding educational record challenges provided that the parent has given written consent to release information from the student's records to the members of the panel convened. The hearing panel shall consist of the following persons:~~

- ~~a. The Administrator of Instructional Services, School Coordinator, or designee of a public school other than the public school at which the record is on file;~~
- ~~b. A certificated Charter School employee; and~~
- ~~c. A parent appointed by the Deputy Superintendent School Services or by the Board Chair, depending upon who convenes the panel.~~

~~The hearing to challenge the education record shall be held within thirty (30) days of the date of the request for a hearing.~~ Notice of the date, time and place of the hearing will be sent by Charter School to the parent or eligible student no later than twenty (20) days before the hearing.

Parent/Guardian or Eligible Student Rights at the Hearing

- To present information and evidence concerning a clerical or recording error in the education record which needs to be corrected. The hearing is not an opportunity to review substantive decisions by ~~{SCHOOL ABBREVIATION}~~ Altus Schools concerning evaluation of academic work or outcomes of disciplinary proceedings.
- To have the hearing adjudicated by a hearing entity that does not have a direct interest in the outcome of the hearing;
- To be advised by one or more individuals, including counsel at their own expense;
- To have a full and fair opportunity to present evidence concerning requested corrections to the education record;
- To receive, within a reasonable period of time after the hearing, but not more than thirty (30) business days, a written decision based solely on the evidence provided at the hearing. The decision will include a summary of evidence and reasons for the decision; and
- To submit a statement into the student's education record commenting on the contested portion of the record which will be provided to any person who later views that portion of their education record, if the amendment is denied.

Charter School Rights and Responsibilities When a Hearing is Requested

- Charter School shall appoint a neutral hearing entity that does not have a direct interest in the hearing outcome to preside over the hearing in accordance with FERPA requirements. The hearing shall in all respects be under the control of the hearing entity and shall not be subject to formal rules of evidence or procedure. The hearing entity may be either 1) a neutral hearing officer who is appointed by the Board Chair, and a Charter School employee, or 2) the Charter School Board of Directors.
- Charter School shall deny a request for a hearing when the proposed amendment to the education record includes anything more than correcting clerical errors.
- Charter School shall schedule a hearing within a reasonable time, but not more than thirty (30) business days, after receiving the hearing request.
- Charter School shall provide evidence to the hearing entity to support the previous determination not to amend the student's education record.

Role of the Hearing Entity

- To allow the parent/guardian or an eligible student the opportunity to present evidence relevant to the issues raised. The hearing entity has the right to determine whether particular evidence presented is relevant to the record and issue(s) in question.
- To make their decision solely on the evidence presented at the hearing.

- To provide the parent/guardian or eligible student with a written decision, including a summary of the evidence and reason for the decision within a reasonable period of time after the hearing.

Outcome

If the hearing entity finds that the record is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, Charter School will amend the record accordingly. The parent/guardian or eligible student will be notified in writing of the correction. If the hearing entity finds that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, Charter School will notify the student of the right to place a statement in the record commenting on the contested portion of the record, or stating why the student disagrees with the decision not to amend, or both. Charter School will maintain this statement with the contested portion of the student's education record for as long as the record is maintained. The statement will be disclosed whenever the Charter School is required to disclose the portion of the record to which the statement relates.

~~The Administrator of Instructional Services or designee of a public school will serve as the chairman and shall not be required to use formal rules of evidence or procedure. The parent or eligible student will be given a full and fair opportunity to present evidence relevant to the issues relating to the challenge to the education record. The parent or eligible student may also, at their own expense, be assisted or represented by one or more individuals of their choice, including an attorney. The decision of the Board Chair or Deputy Superintendent School Services or designee will be based solely on the evidence presented at the hearing and is final. Within thirty (30) days after the conclusion of the hearing, Charter School's decision regarding the challenge will be made in writing and will include a summary of the evidence and the reasons for the decision.~~

~~If, as a result of the hearing, Charter School decides that the information is inaccurate, misleading, or in violation of the privacy rights of the student, it will amend the record accordingly and inform the parent or eligible student of the amendment in writing.~~

~~If, as a result of the hearing, Charter School decides that the information in the education record is not inaccurate, misleading, or in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why they disagree with the decision of Charter School, or both. If Charter School places a statement by the parent or eligible student in the education records of a student, it will maintain the statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.~~

Disclosure Of Education Records And Directory Information

Charter School must have a signed and dated written consent from the parent or eligible student before releasing any non-directory information from a student's education record except as provided below. The written permission must specify the records that may be disclosed, the purpose of the disclosure and the party or class of parties to whom the disclosure may be made. When disclosure is made pursuant to written permission, the parent or eligible student may request a copy of the disclosed records and Charter School shall provide the requestor with a copy of the records disclosed upon request. Signed and dated written consent may include a record and signature in electronic form if it identifies and authenticates a particular person as the source of the electronic consent and indicates such person's approval of the information contained in the electronic consent.

Charter School will only disclose PII on the condition that the receiving party not disclose the information to any party without the prior written consent of the parent or eligible student and that the receiving party use the information for the purposes for which the disclosure was made. This restriction does not apply to disclosures that fall within the disclosure exceptions listed below. Charter School must maintain the appropriate records related to these disclosure exceptions, as described below. Except for disclosures pursuant to a warrant, judicial order or lawfully issued subpoena, or directory information or to parents or eligible students, Charter School will inform a receiving party of the requirement that the party not disclose the information to any other party without the prior written consent of the parent or eligible student and that the receiving party use it for the purpose for which the disclosure was made. Note specifically that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

1. Charter School will disclose education records, without prior written consent of the parent or eligible student, to the following parties:
2. School officials who have a legitimate educational interest as defined by 34 Code of Federal Regulations ("C.F.R.") Part 99;
3. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. Charter School will make a reasonable attempt to notify the parent or eligible student of the request for records at their last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, Charter School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to Section (IV)(3) above;
4. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;

5. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;
6. Organizations conducting certain studies for Charter School in accordance with 20 U.S.C. § 1232g(b)(1)(F);
7. Accrediting organizations in order to carry out their accrediting functions;
8. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
9. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;
10. Persons who need to know in cases of health and safety emergencies;
11. State and local authorities, within a juvenile justice system, pursuant to specific State law;
12. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and/or a caregiver (regardless of whether the caregiver has been appointed as the student's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by Charter School for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by Charter School ; and/or
13. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include final results of the disciplinary proceedings conducted by Charter School with respect to that alleged crime or offense. Charter School may disclose the final results of the disciplinary proceeding, regardless of whether Charter School concluded a violation was committed.

Please note that data collected and reported by Charter School to the California Longitudinal Pupil Achievement Data System (CalPADS¹⁴) pursuant to state law, will be shared with the California College Guidance Initiative ("CCGI"¹⁵) and will:

¹⁴ CALPADS is a database maintained by the CDE which consists of pupil data from elementary and secondary schools relating to, among other things, demographic, program participation, enrollment, and statewide assessments data.

¹⁵ CCGI an authorized provider of an institutional service to all California local educational agencies and as part of the state's efforts to make college-going a more streamlined experience for students. The CCGI currently receives enrollment data for all public-school students enrolled in grades six through twelve from the California Department of Education (CDE).

- 1) Be used to provide pupils and families with direct access to online tools and resources.
- 2) Enable a pupil to transmit information shared with the CCGI to both of the following:
 - a. Postsecondary educational institutions for purposes of admissions and academic placement.
 - b. The Student Aid Commission for purposes of determining eligibility for, and increasing uptake of, student financial aid.

Solicitation and Disclosure of Student Information for Immigration Purposes

Charter School shall observe the following:

1. Except as required by state or federal law or as required to administer a state or federally supported education program, Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of students or their family members.
2. If Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.
3. If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin, Charter School will not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.
4. Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.
5. During the enrollment process:
 - a. Where permitted by law, Charter School shall accept alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.
 - b. Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.
 - c. Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited

purpose of establishing eligibility for federal benefit programs and will not affect student enrollment.

6. Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order. Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the Charter School prohibits disclosure, Charter School shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, Charter School shall not release the information. Charter School will permanently keep the consent notice with the record file.

Charter School personnel shall take the following steps upon receiving an information request related to a student's or family's immigration or citizenship status:

1. Notify a designated Charter School official about the information request.
2. Provide students and families with appropriate notice and a description of the immigration officer's request.
3. Document any verbal or written request for information by immigration authorities.
4. Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

Contract for Digital Storage, Management, and Retrieval of Student Records

The Charter School may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code section 49073.1 and other applicable state and federal laws.

Record Keeping Requirements

Charter School will maintain a record of each request for access to and each disclosure of PII from the education records of each student for as long as the records are maintained. For each request, the record must include the following information: the parties who have requested or received the information and the legitimate interests the parties had in requesting or obtaining the information.

For disclosures of PII to institutions that make disclosures of the information on behalf of Charter School in accordance with 34 C.F.R. § 99.33(b), the record must include the names of the additional parties to which the receiving party may disclose the information on behalf of Charter School and the legitimate interests that each of the additional parties has in requesting or obtaining the information.

These record keeping requirements do not apply to requests from or disclosure to parents or eligible students, Charter School officials with a legitimate purpose of inspecting the records, a party with

written consent from the parent or eligible student, a party seeking directory information, or a party seeking or receiving the records as directed by a court order or subpoena.

The records relating to disclosures of PII may be inspected by parents and eligible students, Charter School officials (or their assistants) responsible for the custody of the records, and parties authorized by regulations for the purpose of auditing the recordkeeping procedures of Charter School.

Student cumulative records may not be removed from the premises of Charter School, unless the individual removing the record has a legitimate educational interest, and is authorized by the Deputy Superintendent School Services, or by a majority of a quorum of the Board of Directors at a duly agenda meeting. Employees who remove student cumulative records or other student records from the Charter School premises without a legitimate educational interest and authorization may be subject to discipline. Employees are permitted to take student work-product, or other appropriate student records, off premises without authorization for legitimate academic purposes (e.g. grading work-product, assigning credit, reviewing materials for classroom discussion, etc.).

Complaints

Parents and eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by Charter School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-8520

Record Retention

Charter School complies with the definition and retention of student records as established in Title 5 of the California Code of Regulations ("CCR") sections 431 through 438, per the following:

- *"Mandatory Permanent Student Records"*: must be maintained indefinitely or an exact copy thereof for every student who was enrolled in the charter school. These records are defined as:
 1. Legal name of student
 2. Date of birth
 3. Method of verification of birth date
 4. Sex of student
 5. Place of birth
 6. Name and address of parent of minor student
 7. Address of minor student if different than above
 8. An annual verification of the name and address of the parent and the residence of the student
 9. Entering and leaving date of each school year and for any learning periods or courses taken during each year, half year, summer or quarter
 10. If marks or credit are given, the mark or number of credits toward graduation allows for work taken.
 11. Verification of or exemption from required immunizations

12. Date of high school graduation or equivalent

The mandatory permanent student record or a copy thereof shall be forwarded by the Charter School upon request of a public or private school in which the student has enrolled or intends to enroll. If the Charter School forwards the original mandatory permanent student record, a copy must be maintained by the Charter School. If the Charter School forwards a copy, the original must be maintained by the Charter School.

- *“Mandatory Interim Student Records”*: Must be maintained until judged to be disposable defined as “when the student leaves the charter school or when their usefulness ceases.” These records may be destroyed during the third (3rd) school year following the determination that the records are disposable (i.e. 2019-2020 records may be destroyed after July 1, 2023). These records are defined as:
 1. A log or record identifying those persons (except authorized school personnel) or organizations requesting or receiving information from the record. The log or record shall be accessible only to the legal parent or guardian or the eligible student, or a dependent adult student, or an adult student, or the custodian of records.
 2. Health information, including Child Health Developmental Disabilities Prevention Program verification or waiver
 3. Participation in special education programs including required tests, case studies, authorizations, and actions necessary to establish eligibility for admission or discharge
 4. Language training records
 5. Progress slips and/or notices
 6. Parental restrictions regarding access to directory information or related stipulations.
 7. Parental or adult student rejoinders to challenged records and to disciplinary action
 8. Parental authorizations or prohibitions of student participation in specific programs
 9. Results of standardized tests administered within the preceding three years

The mandatory interim student record or a copy thereof shall be forwarded by the Charter School upon request of a public school in California in which the student has enrolled or intends to enroll. If the transfer is to an out of state or to a private school, the mandatory interim student record may be forwarded. If the Charter School forwards the original mandatory interim student record, a copy must be maintained by the Charter School until it is destroyed in accordance with this Policy. If the Charter School forwards a copy, the original must be maintained by the Charter School until destroyed in accordance with this Policy.

- *“Permitted Student Records”*: may be maintained and may be destroyed when their usefulness ceases or after six (6) months following the student’s completion or withdrawal from school. These records are defined as:
 1. Objective counselor and/or teacher ratings
 2. Standardized test results older than three years
 3. Routine discipline data
 4. Verified reports of relevant behavioral patterns
 5. All disciplinary notices
 6. Attendance records not covered in the 5 CCR § 400

Permitted student records may be forwarded upon a request by a public or private school in which a student is enrolling. If the Charter School forwards the original permitted student record, a copy must be maintained by the Charter School until it is destroyed in accordance with this Policy. If the Charter School forwards a copy, the original must be maintained by the Charter School until destroyed in accordance with this Policy.

Professional Boundaries: Staff/Student Interaction Policy

Board Policy #: 1400

Adopted/Ratified: May 5, 2009

Amended Date: March 18, 2022, February 28, 2024, [June 26, 2024](#)

The Board of Directors of Altus Schools Southern CA, Inc. hereby adopts this Staff/Student Interaction Policy to apply to Altus Schools East [County Bay](#), [Altus Schools North County](#), [Altus Schools South Bay](#), [North Bay](#), Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, hereafter collectively referred to as “Charter School.”

The Charter School recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

I. PURPOSE AND SCOPE

It is the purpose of this policy to provide additional specificity to the standards of conduct embodied in the Charter School code of ethics-related rules and regulations so that staff members clearly understand the prohibitions and behavior boundaries which must govern their conduct towards students. (For purposes of this Policy, staff includes all school employees—certificated or classified; coaches or advisors; full-time or part-time, and independent contractors and volunteers).

The rules of conduct set forth in this Policy are not intended to serve as an exhaustive

delineation of requirements, limitations, or prohibitions on staff conduct and activities established by this school. Rather, the components of this Policy serve to

- (1) Alert staff about some of the more sensitive and often problematic matters involved in faculty/staff student relationships.
- (2) Specify boundaries related to potentially sexual situations and conduct—the crossing of which is contrary to accepted norms of behavior and in conflict with the duties and responsibilities of staff.
- (3) Provide staff members with clear guidance in conducting themselves in a manner that reflects high standards of professionalism. (It is important for Charter School to maintain a school-wide culture in which students and staff understand their responsibilities to report sexual misconduct without fearing that school leaders will betray them if they do. In order to prevent sexual abuse and exploitation, students and staff must know that the administration will investigate reports about possible misconduct.)
- (4) Clarify that improper action will have significant consequences.
- (5) Provide an environment that empowers students to identify actions that appear to have crossed boundaries.
- (6) Define the process that Charter School will use for addressing potential improper conduct.
- (7) Preserve student and staff privacy rights during any pending investigation.

II. BACKGROUND AND GENERAL POLICY PROVISIONS

Actions by staff members that are inconsistent or in conflict with the values established by Charter School can harm students, staff members, and the school's operation; therefore, such actions are unacceptable. It is the policy of this school that all school staff conduct themselves at all times in a manner that reflects the ethical standards consistent with the rules contained in this Policy and otherwise proclaimed by this school.

The provisions herein are intended to guide all Charter School staff members toward conduct that reflects the high standards of behavior and professionalism required of school staff while defining interaction boundaries between students and staff members. Misconduct by a staff member disrupt the education of other students, sidetrack the instructional focus of the school, and harm the school's legitimacy—all of which threaten the school's future ability to recruit skilled professionals and maintain a credible operation in the eyes of the community. It is critical that staff members study this Policy thoroughly and behave in ways to avoid even the appearance of misconduct.

While all boundaries and/or situations cannot be addressed in a single policy, the issues delineated herein are among those that can be most problematic for staff members and among those that can have the greatest potential for a negative impact on this school and its community. Staff members should seek guidance in their daily conduct from established policies, procedures, and directives as well as through the guidance and recommendations of school leadership. Although this Policy gives specific, clear

direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders.

III. BOUNDARIES

A. Boundaries Defined

For the purposes of this Policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of trust.

B. Acceptable and Unacceptable Behavior

Some activities may seem innocent from a staff member's perspective, but some of these can be perceived as flirtation or sexual insinuation from a student or parent point of view. The purpose of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students but to prevent relationships that could lead to, or may be perceived as, inappropriate. Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this Policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for any required disciplinary purposes. Thus, it is critical that all staff study this Policy thoroughly and apply its spirit and intent in their daily activities. Although sincere, professional interaction with students fosters the charter mission of implementing "personalized, education programs to facilitate student achievement," student/staff interaction has boundaries regarding the activities, locations, and intentions.

Unacceptable Staff/Student Behaviors (Violations of this Policy)

This list, and any subsequent lists, are not meant to be all-inclusive, but, rather illustrative of the types of behavior addressed by this Policy.

1. Giving gifts to an individual student that are of a personal and intimate nature.
2. Kissing of ANY kind.
3. Any type of unnecessary physical contact with a student in a private situation.
4. Intentionally being alone with a student away from the school.
5. Making, or participating in, sexually inappropriate comments.
6. Sexual jokes, or jokes/comments with sexual double-entendre.
7. Seeking emotional involvement (which can include intimate attachment) with a student beyond the normative care and concern required of an educator.
8. Listening to or telling stories that are sexually oriented.
9. Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding.

10. Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission

1. Giving students a ride to/from school or school activities without parent permission (only in “emergency” situations).
2. Being alone in a room with a student.
3. Allowing students in your home.

Cautionary Staff/Student Behaviors

1. Remarks about the physical attributes or physiological development of anyone.
2. Excessive attention toward a particular student.
3. Sending e-mails, text messages, social media responses, or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

1. Getting parents’ written consent for any after-school activity on or off campus (exclusive of tutorials).
2. Obtaining formal approval (site and parental) to take students off school property for activities such as field trips or competitions.
3. E-mails, text-messages, phone conversations, and other communications to and with students must be professional and pertain to school activities or classes. (Communication should be initiated via school-based technology and equipment.)
4. Keeping reasonable space between you and your students.
5. Stopping and correcting students if they cross your own personal boundaries.
6. Keeping parents informed when a significant issue develops about a student.
7. Keeping all discussions with students professional.
8. Asking for advice from senior staff or administrators if you find yourself in a difficult situation related to boundaries.
9. Involving your supervisor if conflict arises with a student.
10. Informing your supervisor and/or Support Team (coordinators and directors) about situations that have the potential to become more severe.
11. Making detailed notes about an incident that could evolve into a more serious situation later.
12. Recognizing the responsibility to stop unacceptable behavior of students and/or co-workers.

13. Asking another staff member to be present if you will be alone with any student who may have severe social or emotional challenges (and you are not the assigned case educator).
14. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student.
15. Giving students praise and recognition without touching them in questionable areas; giving appropriate pats on the back, high-five's, and handshakes are appropriate.
16. Keeping your professional conduct a high priority during all moments of student contact.
17. Asking yourself if any of your actions which go contrary to these provisions are worth sacrificing your job and career.

IV. CORPORAL PUNISHMENT

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of Charter School personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

B. Examples of PROHIBITED actions (corporal punishment)

1. Hitting, shoving, pushing, or physically restraining a student as a means of control;

2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

V. Reporting

When any staff member, parent, or student becomes aware of a staff member having crossed the boundaries specified in this Policy, they should report the occurrence or suspected occurrence to a supervisor and/or Support Team member promptly. All reports shall be confidential. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Staff must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse. Please note that employees of the Charter School are mandated reporters under California state law, and are thus legally bound to report suspected abuse or neglect of a student.

VI. Investigating

A supervisor and/or Support Team member will promptly investigate and document the investigation of any allegation of inappropriate conduct per this Policy, using such support staff or outside assistance as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s), including any potential witnesses, to the extent practical and appropriate under the law. The investigating supervisor shall promptly notify the Supervising Administrator that an investigation is in progress; the Supervising Administrator, in turn, shall notify the Deputy Superintendent School Services of the existence and status of any investigations. Upon completion of any such investigations, the Supervising Administrator shall direct the investigating administrator to report to the Deputy Superintendent School Services any conclusions reached. The investigating administrator may consult with Charter School legal counsel, as appropriate, prior to, during, and after conducting any investigation.

VII. Consequences

Staff members who have violated this Policy will be subject to appropriate disciplinary action, and, where appropriate, will be reported to authorities for potential legal action.

VIII. Training

This document shall be discussed with and acknowledged by all Charter School employees as part of their initial employment and again, on an annual basis, as part of on-going training for all Charter School employees. A copy of this acknowledgement will be placed into each Charter School employee's personnel folder. In addition,

appropriate portions of this Policy and related information will be incorporated into ongoing Charter School communications thrust to underscore the continuing importance that Charter School places on student/staff interaction.

Resource Center and School Volunteer, Visitation, and Removal Policy (Full Policy)

[Policy: 6020](#)

Approved: March 10, 2016

Amended: February 22, 2018, **June 21, 2018**; [June 26, 2024](#)

The Board of Directors of ~~Student Success Programs, Inc.~~ [Altus Schools Southern CA](#) hereby adopts the Resource and School Volunteer, Visitation, and Removal Policy to apply to ~~Altus School East County Bay, Altus Schools North County, Altus Schools South Bay, North County, Audeo II Charter School, Audeo Valley Charter School, and Mirus Secondary School, Audeo Charter School, Charter School of San Diego and Laurel Preparatory Academy,~~ all hereafter collectively referred to as "Charter School."

While Charter School encourages parents/guardians and interested members of the community to visit the charter school and view the educational program, Charter School also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the resource center can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

Nevertheless, to ensure the safety of students and staff as well as to minimize interruption of the instructional program, Charter School has established the following procedures, to facilitate volunteering and visitations during regular school days:

Definitions

- A "visitor" is defined as any person seeking to enter the school building who is not an employee or a current student at the Charter School. All visitors who are not parents or guardians of a student must have a specific and educationally relevant purpose for their visit.
- A "volunteer" is defined as any person who voluntarily offers and provides a service to the Charter School with Charter School approval without receiving compensation.

Volunteering

Parents or guardians who are interested in volunteering in the resource center must adhere to the following guidelines:

1. Volunteers who will volunteer outside of the direct supervision of a credentialed employee shall be (1) fingerprinted and (2) receive background clearance prior to volunteering without the direct supervision of a credentialed employee.
2. A volunteer shall also have on file with Charter School a certificate showing that, upon initial volunteer assignment, the person submitted to a tuberculosis risk assessment and, if tuberculosis risk factors were identified, was examined and found to be free of infectious tuberculosis. If no risk factors are identified, an examination is not required. At the discretion of the Charter School Board of Directors, this paragraph shall not apply to a volunteer whose functions do not require frequent or prolonged contact with pupils.
3. ~~2.~~ Volunteering must be arranged with the teacher and ~~Executive Director-Deputy Superintendent~~ or designee, at least forty-eight (48) hours in advance.
4. ~~3.~~ A volunteer may not volunteer in the resource center for more than three (3) hours per month.
5. ~~4.~~ Prior to volunteering in the resource center, the volunteer should communicate with the teacher to discuss the expectations for volunteering needs. Resource Center volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Resource Center volunteers must follow the instructions provided by the teacher, certificated teacher resource or resource center associate. Resource Center rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.
6. ~~5.~~ Information gained by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality. Volunteers must sign an agreement that they have read and understand and agree to follow the Family Educational Rights and Privacy Act ("FERPA") Policy.
7. ~~6.~~ Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the resource center or at the administrative office as indicated below.
8. ~~7.~~ This Policy does not authorize the Charter School to permit a parent/guardian to volunteer or visit the resource center if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

~~7.9.~~ Volunteerism by parents is encouraged but not mandatory. Any volunteer hours are tracked for purposes of maintaining data on the parent participation at the School.

Visitation

1. Visits during school hours should first be arranged with the teacher and ~~Executive Director~~Deputy Superintendent or designee, at least forty-eight (48) hours in advance. If a conference is desired, an appointment should be set with the teacher during ~~normal operating hours~~non instructional time, at least forty-eight (48) hours in advance. Parents seeking to visit a resource center during school hours must first obtain the approval of the teacher and the ~~Executive Director~~Deputy Superintendent or designee.

2. All visitors shall register in the Visitors Log Book and complete a Visitor's Permit in the main office immediately upon entering any resource center or school administrative office and building during regular school hours. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity. For purposes of school safety and security, the ~~Executive Director~~Deputy Superintendent or designee may design a visible means of identification for visitors while on school premises.

3. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys) the officer/official will also be asked to produce any documentation that authorizes school access. Charter School shall make reasonable efforts to notify parents or guardians prior to permitting a student to be interviewed or searched, consistent with the law and/or any court order, warrant or instructions from the officer/official. A copy of the documentation provided by the officer and notes from the encounter may be maintained by Charter School, consistent with the law. The Charter School Governing Board and Bureau of Children's Justice in the California Department of Justice, at BCI@doj.ca.gov, will be timely informed regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes, as recommended by the Attorney General.

4. All visitors are asked to comply with current mandated and recommended health and safety protocols. Visitors (including volunteers) who demonstrate signs of a contagious disease (e.g., fever, coughing) may be denied registration. When recommended or requested by the Department of Public Health, visitors will be required to wear personal protective equipment, such as masks, and practice social distancing. Charter School reserves the right to implement additional measures for the protection of its school community, such as requiring forehead temperature checks before entry to the same extent being utilized for students and employees.

~~45.~~ Except for unusual circumstances, approved by the ~~Executive Director~~Deputy Superintendent the Charter School visits should not exceed approximately sixty (60) minutes in length and may not occur more than twice per semester.

~~56.~~ While Charter School site, offices, or resource center, visitors are to enter and leave as quietly as possible, not converse with any student, teacher, or other staff unless permitted, and not interfere with any school activity. No electronic listening or recording device may be used in

a resource center without the teacher's and ~~Deputy Superintendent~~~~Executive Director~~'s written permission.

~~67.~~ Before leaving the resource center or administrative offices, the visitor shall return the Visitor's Permit and sign out of the Visitors Log Book in the main entrance.

Limitations of Volunteering or Visitation

1. ~~7.~~—The ~~Deputy Superintendent~~~~Executive Director~~, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.
2. ~~The Deputy Superintendent~~~~Executive Director~~ may direct a visitor without lawful business on campus to leave campus when the visitor's presence or acts interfere with the peaceful conduct of the activities of the school, or disrupt the school or its students, or school activities. Any visitor who is directed to leave by the ~~Executive Director~~~~Deputy Superintendent~~ or designee will not be permitted to return to the Charter School campus for at least seven (7) calendar days.
3. The ~~Deputy Superintendent~~~~Executive Director~~ or designee may withdraw consent to be on the Charter School facility for up to fourteen (14) calendar days even if the visitor has a right to be on site whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt the Charter School's orderly operation. ~~If consent is withdrawn by someone other than the Executive Director, the Executive Director may reinstate consent for the visitor if the Executive Director believes that the person's presence will not constitute a disruption or substantial and material threat to the Charter School orderly operation. Consent can be withdrawn for up to fourteen (14) days. Consent shall be reinstated whenever the ~~Executive Director~~~~Deputy Superintendent~~ has reason to believe that the presence of the person will not constitute a substantial and material threat to the orderly operation of the school campus.~~
4. The ~~Deputy Superintendent~~~~Executive Director~~ or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or withdrawn, promptly leave resource center or any Charter School sites. When a visitor is directed to leave, the ~~Executive Director~~~~Deputy Superintendent~~ or designee shall inform the visitor that if he/she reenters the school without following the posted requirements he/she will be guilty of a misdemeanor.
5. Any visitor that is denied registration or has his/her registration revoked may request a conference with the ~~Executive Director~~~~Deputy Superintendent~~. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of conference is to be sent, and shall be delivered to the ~~Executive Director~~~~Deputy Superintendent~~ with fourteen (14) days of

the denial or revocation of consent. The ~~Executive Director~~Deputy Superintendent shall promptly mail a written notice of the date, time, and place of the conference to the person who requested the conference. A conference with the ~~Executive Director~~Deputy Superintendent shall be held within seven (7) days after the ~~Executive Director~~Deputy Superintendent receives the request. If no resolution can be agreed upon, the ~~Executive Director~~Deputy Superintendent shall forward notice of the complaint to the Charter School Board of Directors. The Charter School Board of Directors shall address the Complaint at the next regular board meeting and make a final determination.

6. At each entrance to the resource center or administrative offices, signs shall be posted specifying the hours during which registration is required, stating where the office of the ~~Executive Director~~Deputy Superintendent or designee is located, and what route to take to that office, and setting forth the penalties for violation of this policy.
7. The ~~Executive Director~~Deputy Superintendent or designee shall seek the assistance of the police in managing or reporting any visitor in violation of this Policy.

Penalties

1. Pursuant to the California Penal Code, if a visitor does not leave after being asked or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to \$500.00 (five hundred dollars) or imprisonment in the County jail for a period of up to six (6) months or both.
2. Under California Education Code section 44811, ~~disruption by a parent, guardian, any visitor whose conduct materially disrupts classwork or other person at a school~~extracurricular activities or ~~school sponsored activity~~involves substantial disorder is guilty of a misdemeanor and is punishable, upon the first conviction, by a fine ~~of~~ no less than \$500.00 (five hundred dollars) and no more than \$1,000.00 (one thousand dollars) or by imprisonment in a County jail for no more than one (1) year, or both, the fine and imprisonment.
3. Disruptive conduct may lead to Charter School's pursuit of a restraining order against a visitor, which would prohibit him/her from coming onto resource centers or administrative offices or attending school activities for any purpose for a period of up to three (3) years.

Emergency Plan Roles and Responsibilities..... 124

SECTION ONE
Executive Summary

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any facility operated by Audeo Charter School II.

A "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and their Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this RC. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.

It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

LOCATION HAZARD ASSESSMENT SUMMARY

Assessment of School Crime

In assessing the crime rate for the last two school years at Audeo Charter School II the crime data indicates that there have been no incidents of the last two years. Audeo II staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

ENROLLMENT	22-23yr	219	23-24yr	237	

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed \$100 per incident, theft \$50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Audeo Charter School II adheres to the following Law Enforcement Notification Matrix in assessing and responding to dangerous and unlawful activity.

CALL 911	CALL for Law Enforcement (911 if immediate danger - Dispatch if non-emergency)	Notification to Law Enforcement (911 if immediate danger - Dispatch if non-emergency)
<ul style="list-style-type: none"> • Bomb threat/Suspicious package • Firearm on complex • Explosive on complex • Fire • Immediate risk of harm to student(s) and/or staff • Intruder on complex • Medical emergency • Possible abduction 	<ul style="list-style-type: none"> • Assault with a dangerous weapon and/or resulting in great physical injury (EC 48902) <ul style="list-style-type: none"> ○ Loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; disfigurement • Report of sexual assault or battery (Grades 4-12) (EC 48902) <ul style="list-style-type: none"> ○ Touching an intimate part of another person, against the person's will, for the specific purpose of sexual gratification, sexual arousal, or sexual abuse • Homicidal threat (Grades 6-12) (EC 49390) <ul style="list-style-type: none"> ○ Any action that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity 	<ul style="list-style-type: none"> • Physical attack, assault or threat toward employee (EC 44014) • Possession of controlled substance (EC 48902) • Possession of other dangerous weapon (EC48902) <ul style="list-style-type: none"> ○ dirk, dagger, ice pick, knife having a blade longer than 2 1/2 inches, folding knife with a blade that locks into place, razor with an unguarded blade, taser, or stun gun, any instrument that expels a metallic projectile, such as a BB or a pellet.

Disaster Response Plan

Emergency Operations Team

The Emergency Operations Team is comprised of several leaders from Audeo Charter School II. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	<i>Responsible for external communications. She will call on community resources to assist the school RCs and coordinate mutual aid requests.</i>
Chief Business Officer	<i>Assists the Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.</i>
Director of Operations and Technology	<i>Responsible for internal communications with our RCs, staff, and the team in collaboration with the Administrator of Instructional Services.</i>
Administrator of Instructional Services	<i>Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as, central contact for student data. Responsible for coordinating support to students brought to central location.</i>

Operational Overview

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication
- Reunion Procedures
- Public Information
- Sweep and Rescue
- Security

- First Aid and CPR

Emergency Operation Center

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. Audeo Charter School II defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

In the event of a crisis, Audeo Charter School II will respond as follows:

Level 1 Natural Disaster Community Wide/Neighborhood Crisis

(Example: earthquake, flood, fire, plane crash, riot, police action, high levels of fatalities and injuries, nuclear or biological disaster.)

Response: EOT in coordination with Civil Defense and/or resources.

Level 2 Singular or Multiple Locations

Immediate, life threatening or critical urgency

(Example: weapons, group confrontation, bomb threat, hostage, fire, explosion.)

Response: EOT in coordination with local law enforcement and/or government agencies

Level 3 _____ RC Specific

(Example: discipline, health-physical/mental/CPS, utility failure, fight, angry parent.)

Response: Administrator of Instructional Services according to responsibility.

Responsibilities for Situation Levels 1 and 2

1. Assess situation (to evacuate or secure RC)
2. Call 911
3. Contact EOT: Communicate essential information

Example: Describe the situation – clearly and calmly.

Who is involved?

Who's present/at the RC –staff/students/community?

Have the police been called? Have they arrived?

Who else has been notified?

What have you done so far?

Is anyone hurt? Describe injury.
4. Gather essential information – keep emergency supplies in one area
 - Student emergency binder
 - Student roster
 - Emergency procedure binder
 - Today's sign in sheet
 - Backpack, First Aid Kit, Blood borne Pathogen Kit
 - Keys
5. Reassess situation and roll call

Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)

6. Give students appraisal of situation
Tell them what to do and what is expected.
7. Re-contact EOT
8. Release students as appropriate to authorized individuals.
9. Contain remaining students in designated safe area.
10. Wait until crisis has passed
11. Notify corporate office
12. Remaining students will be brought to safe area designated by EOT
13. Staff will then be released by EOT

Resource Center Preparedness Activities

Training programs for staff:

- Disaster preparedness and scene management classes
- Mock disaster drill
- Evacuation/earthquake drills
- Blood borne Pathogens
- CPR and First Aid
- HIV Awareness

Educational activities:

- Basic earthquake education
- Parent meetings, home preparedness and orientation to RC plan

Equipment and supplies:

|

- Trauma/first aid kits
- Bodily fluid cleanup kit
- Backpacks for sweep and rescue team

Aftermath plan:

- Return school/community to normal
- Provide safe place to process event
- Plan for resumption of normal activities

*Drills are scheduled at least three times per year

Communications

<u>Emergency RC Call to Central</u>	
	RC contact Central or Able
	Remember 6 Key points –
◆ RC	Identify your location
◆ Number	Approximate number of participants
◆ Code	Red (Life-threatening) 911
	Orange (Serious)
	Yellow (Potential – advisement)
◆ Description	Briefly describe incident
◆ Location	In class, outside front/back door, alley
◆ Listen	Answer central’s questions succinctly

Audeo Charter School II Communications Plan is designed to supplement urgent or emergency e-mail communications to faculty and staff.

Procedure

- Superintendent will declare need for emergency action.
- Superintendent, manager and any designated support staff prepare ParentSquare telephone message and E-mail message.

- Superintendent notifies Audeo Charter School II Board of Directors.
- Designated managers activate telephone tree, using prepared message; each designated manager will be responsible for their group and informing the backup caller.
- When schools are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent’s office by e-mail (mbixby@altusschools.net) the names of the employee’s they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your RC.
- Make copies of the tree information and give to appropriate staff.
- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to managers and employee’s regardless of the day of the week or the time of day or evening. It is important that employees who are to make calls and their backups have copies of the tree information and the telephone numbers both at school and home.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the South side of Westminster Blvd., across the resource center. They are shouting and threatening one of our students who are here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the Certificated Teacher Resource (CTR) and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your Certificated Teacher Resource (CTR) with the other students. Be sure none of them leave or open the door. Stay with your students and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- ◆ Remember, speak calmly and slowly.
- ◆ Tend to the business at hand and keep Central informed. STAY CALM.
- ◆ If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **“Situation secured”**. **This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency, the Superintendent or designee may activate the school-wide ParentSquare system. ParentSquare allows Audeo Charter School II administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSquare allows Audeo Charter School II to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- **We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.**
- **Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.**

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of an Audeo Charter School II emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caution.

Code Red: Optional Action

The teacher contacts 911 immediately.

Tell the teacher you will contact 911.

Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.

Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc.

After you place call for help, coordinate with other central managers to see who is closest to RC and can arrive in the shortest amount of time.

Contact the Audeo Charter School II Administrative Office to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a manager.

4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to the Central Office before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.

EMERGENCY RESPONSES

EMERGENCY RESPONSE: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- x If imminent risk, call 911.
- x Send for immediate help (First Aid, CPR, medical) and medication kit (for known allergies).

- x Notify the Administrator of Instructional Services.
- x Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- x If an insect sting, remove stinger immediately.
- x Assess situation and help student/staff member to be comfortable.
- x Move student or adult only for safety reasons.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- x If imminent risk, call 911 (always call 911 if using "Epi" pen).
- x Notify nurse/parent or guardian.
- x Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- x Observe for respiratory difficulty.
- x Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- x Keep an "Epi" pen in the school office and notify staff as to location.
- x Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

- x Notify Administrator of Instructional Services.
- x Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- x Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- x Follow standard student assembly, accounting and reporting procedures.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- x Initiate **SHELTER IN PLACE**.
- x Shut off HVAC units.
- x Move to central location where windows and doors can be sealed with duct tape.
- x Call 911. Provide location and nature of the emergency and school actions taken.
- x Notify Director of Operations and Technology of the situation.

- x Turn on a battery-powered commercial radio and listen for instructions.
- x Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- x Arrange for psychological counseling for students and staff.

Inside the Resource Center

STAFF ACTIONS:

- x Notify Administrator of Instructional Services or Safety Ambassador.

- x Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- x Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- x Follow standard student assembly, accounting and reporting procedures.
- x Prepare a list of those who are in the affected area to provide to emergency response personnel.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- x Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- x Move up-wind from the potential danger.
- x Call 911. Provide exact location and nature of emergency.
- x Designate security team to isolate and restrict access to potentially contaminated areas.
- x Wait for instructions from emergency responders-- Health or Fire Department.
- x Notify Director of Operations and Technology of the situation.
- x Arrange for immediate psychological counseling for students and staff.
- x Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- x Wash affected areas with soap and water.
- x Immediately remove and contain contaminated clothing
- x Do not use bleach on potentially exposed skins.
- x Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

Telephone Bomb Threats

- Remain calm/courteous.
- Read phone's visual display.
- Listen, don't interrupt.
- Keep caller talking. Pretend hearing difficulty.
- Notice details: background noises, voice description.
- Ask: When? Where? What? How?
- Don't touch any suspicious objects.

Call 911

PERSON RECEIVING THREAT BY TELEPHONE:

- x Listen. Do not interrupt caller.
- x Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- x Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- x Notify Safety Ambassador immediately after completing the call.
- x Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- x Note the manner in which the threat was delivered, where it was found and who found it.
- x Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- x Caution students against picking up or touching any strange objects or packages.
- x Notify Administrator of Instructional Services or Safety Ambassador.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- x Call 911.
- x If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the

- bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- x Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
 - x Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
 - x Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
 - x If it is necessary to evacuate the entire school, use the fire alarm.
 - x Notify the Director of Operations and Technology of the situation.
 - x Direct a search team to look for suspicious packages, boxes or foreign objects.
 - x Do not return to the resource center until it has been inspected and determined safe by proper authorities.
 - x Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- x Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- x Check the resource center and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- x If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- x Evacuate students as quickly as possible, using primary or alternate routes.
- x Upon arrival at the designated safe emergency meeting area, take attendance. Notify the Administrator of Instructional Services/Safety Ambassador of any missing students.
- x Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

• Refer to your local bomb threat emergency response plan for evacuation criteria

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

EMERGENCY RESPONSE: FLOOD

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the District Office.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to Administrator of Instructional Services/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify Administrator of Instructional Services.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to Administrator of Instructional Services/Safety Ambassador.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION**. Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to office.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
 - Number of hostage takers and description
 - Type of weapons being used
 - Number and names of hostages
 - Any demands or instructions the hostage taker has given
 - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- X Alert the Administrator of Instructional Services/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE: INTRUDER

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- California Penal Code Title 15, Chapter 1.1 § 627.2

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
 - "What can we do to make this better?"*
 - "I understand the problem, and I am concerned."*
 - "We need to work together on this problem."*
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.

- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

- X Notify the Administrator of Instructional Services/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.
- X Isolate intruder from students. Lock the resource center and office doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify District Office of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:
 - 1) Is the individual moving towards violent action?
 - 2) Is there evidence to suggest movement from thought to action?
 - High violence potential qualifies for arrest or hospitalization.
 - Safety is endangered when there is: (a) sufficient evidence of repetitive/intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.
- X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.
- X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.

- X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.
- X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.
- X Facilitate a meeting with student(s) and family to review expectations.
- X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

- X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.
- X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.
- X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.
- X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).

- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the Administrator of Instructional Services. The next steps may include:
 - Provide parents/guardian with the names and phone numbers of mental health resources
 - Recommend that the parents make an immediate contact with a therapist.
 - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- X Provide follow-up collaborative support for the student and parents (as indicated) within the school
- X Develop a safety plan prior to the student's return to school.
- X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- X Notify Administrator of Instructional Services/Safety Ambassador.
- X Notify school nurse, school psychologist, counselor or social worker.
- X Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status.

Notify emergency response personnel of any missing students.

- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X Initiate **DROP, COVER AND HOLD ON**.
 - X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.
 - X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.
 - X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
 - X Render first aid as necessary.
 - X Do not return to the resource center until the emergency response personnel determine it is safe to do so.
-
- X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE: PANDEMIC INFLUENZA

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Respiratory Hygiene Etiquette

- Cover your cough and sneeze with a tissue
- Wash hands with soap and water or a waterless hand hygiene product
- Place used tissues into a sealed bag

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice "respiratory hygiene etiquette".
- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE: Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"Active shooter situations" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knives, swords, etc.). These*

situations are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.
 - a. **Act immediately** if you or your students:
 - hear a sound that might be gunfire.
 - see something that looks like a weapon being carried or used on or near the campus.
 - sense any other indication of active shooter / armed assailant threat.
 - b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
 - c. **Be decisive.** Communicate your plan to your students and act quickly.
 - d. **Call 911 and the School Office** as soon as it is safe to do so.

2. **Options: Run, Hide or Fight**
 - a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
 - Do not evacuate unless you...
 - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
 - **and** can visualize a route that will get your students and yourself safely off campus.
 - Don't carry anything with you.
 - Police may mistake an item in your hands as a weapon.
 - Leave everything behind.
 - If you encounter people along the way...
 - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
 - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care.*
 - Place terrain and buildings between you and the assailant to cover your escape.
 - Keep going until you are certain you are out of danger.
 - Call 911 as soon as it is safe to do so.
 - Keep your students with you. Call (insert phone #) to report your location and obtain instructions.

 - b. **Hide:** If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.

- Lock the doors
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
- Silence all electronic devices;
- Remain silent;
- Position occupants spread out and out of line of site from room entrance.
- Prepare to take action if the assailant attempts to get in the room;
- Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
- Call 911 as soon as it is safe to do so.
- Remain in place until evacuated by identifiable law enforcement officers.

c. **FIGHT: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
 - Construct a strong barricade.
 - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
 - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
 - a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
- Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.

3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

- a. Provide as much information as possible (slow down – be calm):
 - State the emergency: "I hear gunfire." "I saw..."
 - Give information on people who are wounded.
 - Location of the assailant (if known):
 - Description of the assailant (if known):
 - Your precise location: "room __"
 - The number of children with you:
- b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

- a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.
- *Run* – If you encounter injured persons while you are trying to get out of danger...
 - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.
 - *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
 - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.
 - *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
 - If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
 - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.
- b. Law Enforcement: If you encounter law enforcement officers...
- Immediately raise your hands in the air and display your open palms.
 - Don't run up to officers or attempt to hug or talk to them.
 - Don't talk unless they ask you a question.
 - Do exactly what they tell you to do.
- c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
- Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
 - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.
- d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)
- e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- Follow the All Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
 - Include as much actionable information on the announcement as possible.

- *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
 - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
 - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the corporate office after you call 911.
- If possible, assist emergency personnel.
 - Assist police in entering the school;
 - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
 - Activate the district’s Emergency Operations Center
 - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**
 - The Operations Section should prepare an emergency evacuation area for reunification.
 - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
 - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
 - School staff and students will remain in lockdown until evacuated on a room by room basis.
 - Vans should be placed on standby for evacuation.
 - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**
 - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
 - This team will also provide ongoing support throughout the recovery phase of the emergency response.
 - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
 - Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

EMERGENCY RESPONSE FIRE (Outside Fire/Wildfire)

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the office door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the School Administrator/Safety Ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.

In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers/offices to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter Schools have procedures in place for each of these possibilities.

BEFORE

- Goals:
1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
 2. Develop the capacity of staff to lead students through appropriate response options
 3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s): Goal 1 Objectives

- a) Coordinate with local fire department to ensure an effective response to a Wildfire
- b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
- c) Develop a clear chain of command with staff

Goal 2 Objectives

- a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure

Goal 3 Objectives

- a) Store combustible materials in fireproof containers
- b) Follow Fire Code and district rules regarding fire prevention
- c) Provide fire prevention training to staff
- d) Hold Fire Drills
- e) Maintain an adequate supply of fire extinguishers
- f) Ensure proper maintenance of fire prevention equipment

Courses of
Action:

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:Goal 1 Actions

- a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure
- b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
- c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

- a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

- a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
- b) Ensure combustible materials are stored in fireproof containers
- c) Hold fire extinguisher training for staff
- d) Ensure adequate supply of fire extinguishers are appropriately maintained
- e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONSGoal 2 Actions

- a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
- b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

- a) Participate and lead students in fire drills
- b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
- c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals: 1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s): Goal 1 Objectives

- a) Conduct appropriate wildfire response actions in a timely manner
- b) Conduct accountability procedures in a timely manner
- c) Activate school location Incident Command Team, as necessary

Courses of Action:

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

- a) Work with the district office, local fire department and other responders to determine best course of action
- b) Use the "Wildfire Evacuation Decision Tree" following this section.
- c) Communicate plan of action to staff and students:
 - voluntary evacuation
 - early dismissal
 - mandatory evacuation

- shelter-in-place
- resource center closure

d) Consider the following while implementing response action

- Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
- Food and water
- Transportation
- Security and Safety
- Communications

e) Contact families to notify of planned course of action

f) Activate school Incident Command Team, as necessary

- Reunification Team

g) Ensure all staff and students are accounted for

h) Ensure that access roads are kept open for emergency vehicles

i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity

j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

- a) Remind staff to close doors when exiting resource centers/offices
- b) Notify appropriate utility company of suspected breaks in utility lines or pipes.
- c) Notify fire department of any hazards or vulnerabilities that could hinder their response or cause further damage (chemicals, wires, equipment, etc.)
- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival
- d) Notify District Office of situation

STAFF ACTIONS:

Goal 1 Actions

- a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center/office closure
- b) If evacuating or sheltering-in-place, take emergency backpack and student kits
- c) Maintain control of the students a safe distance from the fire and firefighting equipment
- d) Take attendance. Report missing students to the School Administrator/designee and emergency response personnel
- e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
- f) Serve in any designated position on the Incident Command Team

Shut resource center or office door after all individuals have exited

Provide information to School Administrator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s): Goal 1 Objectives

- a) Provide information to staff, parents, and students

- b) Provide information to district office

Goal 2 Objectives

- a) Conduct After-Action Report process

Courses of
Action:

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

- a) Provide critical information to the district office in order to develop effective key messages
- b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
- c) Work with appropriate district department to draft talking points for phone calls and media requests

Goal 2 Actions

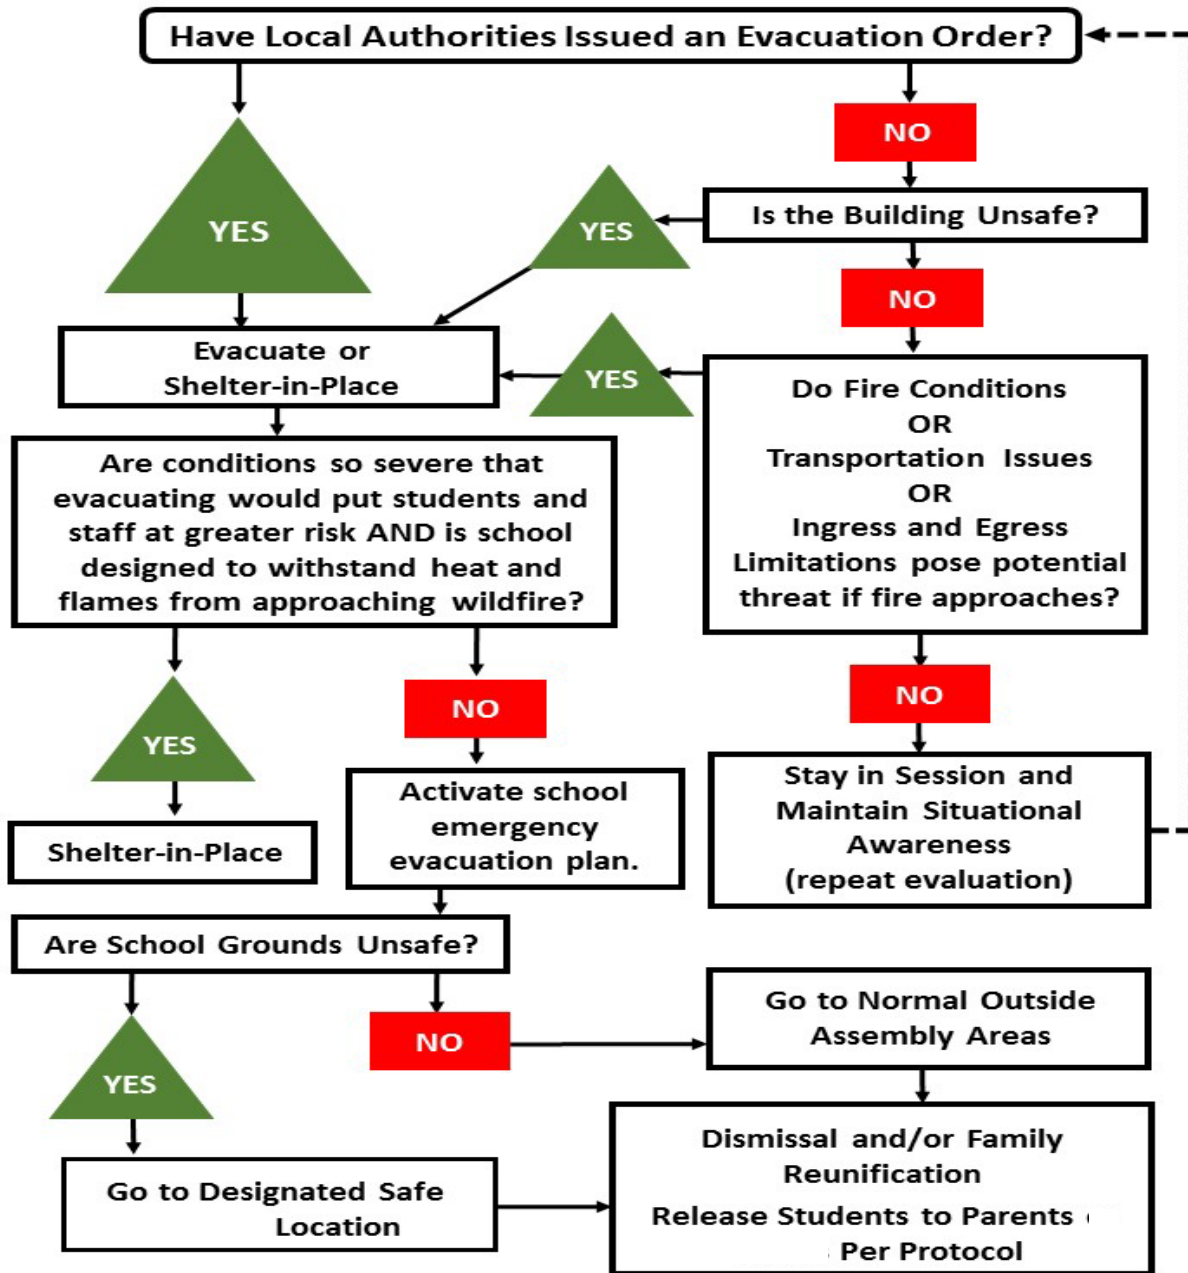

- a) Conduct an after-action report process and implement necessary actions for improving future responses
- b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
- c) Identify steps to improve future responses
- d) Implement steps to improvement

STAFF ACTIONS

Goal 2 Actions

- a) Participate in the after-action report process
- a) Participate in any determined corrective actions discovered in the after-actions process

WILDFIRE DECISION TREE

EMERGENCY RESPONSE: OPIOID ANTAGONIST-Naloxone Hydrochloride

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Audeo Charter School II has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Audeo Charter School II's primary goal in the fight against opioids and fentanyl use is prevention. Audeo Charter School II will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
 - How opioids and fentanyl affect the body's systems.
 - Refusal strategies
 - The signs and symptoms of use/abuse
 - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document [SAMHSA Opioid Overdose Prevention Toolkit](#).

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of **OVERDOSE**, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher

death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

Audeo Charter School II **uses intranasal spray.**

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.

Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)

Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
 - Debrief with students and staff present and assess further needs for support.
 - Complete an Accident Report Form.
- Follow up with assigned school nurse for additional support.

SUSPENSION AND EXPULSION POLICY

3110 Suspension / Expulsion Policy

*Amended: May 5, 2009, February 16, 2022, **December 7, 2022, June 22, 2023, February 28, 2024***

This Student Suspension and Expulsion Policy has been established by the Board of Directors of ~~Audeo Charter School Corporation, Inc.~~ Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Audeo II, Audeo III, Audeo Valley Charter School, ~~Grossmont Secondary School~~ Altus Schools East County, Mirus Secondary School and ~~Sweetwater Secondary School~~ Altus Schools South Bay, (hereinafter collectively referred to as "Charter School").

In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians¹ are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall

¹ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary

state that the policy and procedures are available on request at the School Coordinator's office. Suspended or expelled students shall be excluded from all school

and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

B. Enumerated Offenses

transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

1. Discretionary Suspension Offenses. Students may be suspended for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.
- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but it not limited to electronic files and databases.
- g) Stole or attempted to steal school property or private property, which includes but it not limited to electronic files and databases.
- h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
- i) Committed an obscene act or engaged in habitual profanity or vulgarity.
- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. This section shall only apply to students in any of grades 9-12, inclusive.
- l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.
- m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- n) Harassed, threatened, or intimidated a student who is a complaining witness or

witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

- o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- p) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- q) Made terroristic threats against school officials and/or school property, which includes but it not limited to electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but it not limited to electronic files and databases, or the personal property of the person threatened or his or her immediate family.
- r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
- s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
- t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
- u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
- 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more

acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
- ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
- iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
- iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the School site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- i. A message, text, sound, video, or image.
- ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

- (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
- v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).
- w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion for any of the following acts when it is determined the student:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b) Brandished a knife at another person.
- c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d) Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4

3. Discretionary Expellable Offenses: Students may be recommended for expulsion for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.

- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases
- g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases
- h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
- i) Committed an obscene act or engaged in habitual profanity or vulgarity.
- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases
- l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- o) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases For purposes of this section, "terroristic threat" shall include any statement,

whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for

his or her immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases or the personal property of the person threatened or his or her immediate family.

- q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
 - r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
 - s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
 - t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
- 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
 - ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
 - iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
 - iv. Causing a reasonable student to experience substantial

interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

- 2) "Electronic Act" means the creation or transmission originated on or off the School site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
- i. A message, text, sound, video, or image. ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
 - iii. An act of cyber sexual bullying.
 - (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
 - (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
- u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

- v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the student:

- a. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b. Brandished a knife at another person.
- c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d. Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School

Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Audeo Board of Directors following a hearing before it, or by the neutral and impartial Audeo Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the Audeo Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the Audeo Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of Charter School 's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;

5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five calendar days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School. The person

presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School .

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at Charter School . Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the Audeo Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School

Coordinator or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission or admission of student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Involuntary Removal for Truancy

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein.

Students who are involuntarily removed for truancy shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

- e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Notification to Staff of Dangerous Students

- a. The administration will inform the Administrator of Instructional Services of information received from the court and the Probation Department. The Audeo Charter School II Administrator of Instructional Services shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.
- b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.
- c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.
- d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Audeo Charter School II is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Audeo Charter School II shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English language proficiency will not be a barrier to admission and participation in school programs.

Any student who engages in discrimination of another student or anyone from Audeo Charter School II may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the Administrator of Instructional Services at (858) 678-2056 for resolution. If not resolved, contact: The Board President, 10170 Huennekens Street, San Diego, CA 92121; (858) 678-2050.

School-Wide Dress Code

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to school. Students who are not wearing appropriate clothing, parents/guardians will be notified, and students will be asked to change or sent home. Unacceptable dress includes, in part, the following:

- ❑ Pants sagging below the waist
- ❑ Beachwear or sleepwear, including bedroom slippers
- ❑ Shorts/skirts that are above mid-thigh
- ❑ Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- ❑ Visible undergarments (including boxer shorts, bras, etc.)
- ❑ Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- ❑ Clothing that uses vulgar/profane language and/or images
- ❑ Head coverings such as, hats, bandanas, beanies, or do-rags

Loitering Law Compliance

SY ~~2023~~2024-20242025

Daytime Loitering of Students in Public Places on School Days

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc. It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures may include:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Exceptions may include:

- A minor who is accompanied by his or her parent, legal guardian, or other adult person having care or custody of the minor.

- Students who have permission to leave school campus for school related activity and have in their possession a valid school-issued written notice by a school official, but only for a reasonable period of time necessary for the activity.
- A minor who is going to or coming from his or her gainful place of employment or medical or dental appointment with verification of said employment or appointment.
- A minor who is upon an emergency errand directed by his/her parents, guardian or other adult person having the care and custody of the minor.
- A minor who is going directly to or from a school sponsored event or activity such as a sporting event, field trip, or other such school activity.

Definitions

- "Adult" means any person twenty-one (21) years of age and older.
- "Emergency" includes but is not limited to fire, natural disaster, automobile accident, or requirement for immediate medical care for another person.
- "Establishment" means any privately-owned place of business operated for a profit to which the public is invited, including but not limited to any place of amusement or entertainment.
- "Juvenile" means any person under eighteen (18) years of age.
- "Parent" means a person who is the natural or adoptive parent of a person. "Parent" includes a court-appointed guardian or other person eighteen (18) years or age or older authorized by the parent, by a court order, or by a court appointed guardian to have the care and custody of the person.
- "Public place" means any place to which the public or a substantial group of the public has access and includes, but is not limited to, streets, highways, and the common areas of schools, hospitals, office buildings, transport facilities, shopping centers, stores, and malls.
- "Scheduled school days" are Monday through Friday excluding school holidays. "School hours" are generally 8:30 a.m. to 2:30 p.m. (in some communities 1:30 p.m.) NOT the student's appointment times at the Resource Center.

I have read and understand this notice. My student and I will obey the laws.

Going to and From School Safely

Everyday millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Audeo Charter School II students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Audeo Charter School II students and parents to help prepare all Audeo Charter School II students for a safer journey.

1. Every Audeo Charter School II student will have a set schedule for arrival and departure from the resource center. When a student fails to arrive for his appointment, and has not notified the school or the absence, his or her teacher will call home to ensure the student is safe.
2. Every student, parent and guest are required to sign-in and out each time he/she arrives and departs the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.
3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.
4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.
5. Parents will be encouraged to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.

8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.

9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.

10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.

11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.

12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

All Audeo Charter School II staff and students shall review RC evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted at the RC. If there is a need for evacuation from the RC, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted RC evacuation plan
- Designated staff take along emergency release binder, class sign-in sheets, emergency materials specified in disaster preparedness plan
- Using class sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, the Administrator of Instructional Services or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Audeo Charter School II is and will remain a safe place for students and adults.

Audeo Charter School II staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at Audeo Charter School II.

SEVERE CLAUSE BYPASSES

A majority of students at Audeo Charter School II will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Attendance

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Child Abuse Reporting Procedures

All Audeo Charter School II certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Audeo Charter School II employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the Administrator of Instructional Services or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911.

Instructions for filing a Suspected Child Abuse Report

1. Call the **Child Abuse Hotline first (1-800-344-6000)** to make a **verbal report** to the agency immediately or as soon as is practicably possible by telephone. Please be sure to get the name of the hotline worker. Within 36 hours after providing verbal report, follow up with a **written or faxed report**.
2. The correct form for either the written or fax report is **DOJ SS8572**. This form may be downloaded from the California Attorney General's Web site at www.ag.ca.gov/childabuse/pdf/ss_8572.pdf or obtain a copy from the School Nurse or Administrator of Instructional Services.
3. Please complete every space on the SS8572 form. If you do not know certain requested information, write unknown.

4. Please type or print legibly in black ink to avoid a time-consuming callback.

5. "Narrative" -Please give detailed information. If you have additional information beyond what you have given by phone, please indicate this on the written report. If necessary, please continue your narrative on an additional sheet of paper, identifying the minor and indicating it is page 2 of the referral.

DISTRIBUTION OF FAX SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

Note: the fax machines are only available from 8:00 a.m. until 5:00 p.m., Monday through Friday.

- 1. Fax form to Child Abuse Hotline (858) 467-0412**
- 2. Send the original to Administrator of Instructional Services to place in a confidential locked file.**

OR

DISTRIBUTION OF WRITTEN SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

- 1. Original to Child Abuse Hotline, 6950 Levant St., San Diego, CA 92111**
- 2. Send a copy to the Administrator of Instructional Services to place in a confidential locked file.**

NOTE: Suspected Child Abuse Reports are never placed in the student's cumulative record or documented in the student's health record.

I. REPORTING RESPONSIBILITIES

- No child care custodian or health practitioner reporting a suspected instance of child abuse in good faith shall be civilly or criminally liable for any report required or authorized by this article (California

Penal Code Article 2.5). Any other person reporting an instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made and the person knew or should have known that the report was false.

- Any child care custodian, health practitioner, or employee of the child protective agency (CPS) who has knowledge of or has observed a child in his or her professional capacity or within the scope of his other employment whom he or she reasonably suspects has been the victim of child abuse shall report such suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report or fax report thereof within 36 hours of receiving the information concerning the incident.
- Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or its emotional well-being is endangered in any other way, may report such suspected instances of child abuse to a child protective agency. Infliction of willful and unjustifiable mental suffering must be reported.

II. DEFINITIONS

- "Child care custodian" means a teacher, administrative officer, supervisor of child welfare and attendance, or certificated pupil personnel employee of any public or private school; an administrator of a public or private day camp; a licensee, and administrator, or an employee of a community care facility licensed to care for children; head start teacher, a licensing worker or licensing evaluator, public assistance worker; an employee of a child care institution including, but not limited to foster parents, group home personnel and personnel or residential care facilities; a social worker or a probation officer or any person who is an administrator or presenter or, or a counselor in, a child abuse presentation program in any public or private school.
- "Health practitioner" means a physician and surgeon, psychiatrist, psychologist, dentist, resident, intern, podiatrist, chiropractor, licensed nurse, dental hygienist, marriage, family, and child counselor, or any other person who is currently licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, any emergency medical technician I or II, paramedic, a person certified pursuant to Division 2.5 (commencing with Section 1797) of the Health and Safety Code, a psychological assistant registered pursuant to Section 2913 of the Business and Professions Code, a

marriage, family and child counselor trainee, as defined in subdivision (c) of Section 49803 of the Business and Professions Code and unlicensed marriage, family and child counselor intern registered under Section 4980.44 of the Business and Professions Code, a state or county public health employee who treats a minor for venereal disease or any other condition, a coroner, or a religious practitioner who diagnoses, examines, or treats children.

- “Child protective agency” (CPA) means a police or sheriff’s department, a county probation department, or a county welfare department.

Emergency Notification Information

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The primary or alternate Incident Commander should notify the Police. Once notified, the Police will begin dispatching public safety services to assist the Incident Commander, pursuant to their procedures.

The very next action to occur is the need to alert or warn school staff. Methods for notifying staff include: Telephone – Landline and/or cellular, Radio, Runners – staff and/or students, or Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this RC.

The police will conduct an initial assessment based on available information. The police will advise the Incident Commander of the recommended actions to be taken.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information

Emergency Disaster Kit

This resource center maintains one kit. The kit(s) are located: Janitorial Closet

The Emergency Disaster Kit stores necessary resources for an RC incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the RC to a Public Safety Incident Command Post. School personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- ☑ Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Bull Horn – recommend a minimum of one
- ☑ Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie- talkies)
- ☑ Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately.
- ☑ Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- ☑ Rosters - recommend a minimum of one set per room sorted by alphabet
- ☑ Steno Pads (5x7) – recommend one per Incident Command Team member (17)
- ☑ Pencils & Pens - recommend one each per Incident Command Team member (34)
- ☑ Copies of Forms
- ☑ Chalk - recommend twenty-five sticks, red in color
- ☑ 3x5 Cards – recommend one hundred
- ☑ Department or Placards
- ☑ First Aid & Medical Team Supplies
- ☑ Search and Rescue Team Supplies
- ☑ Vests for Key Personnel – recommend a total of 17 for Incident Command Team members

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the RC. The responsibility to delegate the transport the Emergency Disaster Kit to an activated RC Command Post belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Crisis Response Boxes

This resource center maintains 1 Crisis Response Box.

The Crisis Response Boxes are located: Janitorial Closet and each Safety Team Member

The Crisis Response Boxes are file folder-type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established). The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include RC evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, resource center numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of resource center layout. Map must show **all** buildings, RC numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the RC, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the RC's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent yearbook.
- ☑ Telephone numbers listed in numerical order for each RC/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The responsibility to inspect and replace information belongs to the RC.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Emergency Quick Reference Guide

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. Each resource center and office has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually.

Emergency Operations Overview

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "...all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain at the school to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to a Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teacher will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety team is responsible for annual plan review. The Emergency Plan will be maintained on a secured intranet with "read only" access to the Incident Command Team and revision access to the School Safety Team.

Training & Exercises

Training is a key component to ensure successful emergency operations. The adage "people will do what they have been trained to do" is consistently proven in actual emergencies. Exercises allow "people" to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual training for all staff on the basic emergency procedures of this plan. All new staff assigned to the RC will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the School Safety Team.

The Incident Commander will coordinate annual exercises for all staff as outlined in the Emergency Procedures section.

Incident Command Team Overview

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one "position". (Example: in a small incident the School Principal oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to "cluster" certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- **Incident Commander** – responsible for overseeing emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties
 - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
 - **Public Information Officer** – acts as official spokesperson for the RC in an emergency situation, until the Communications Officer is available
 - **Liaison Officer** – serves as the point-of-contact for agencies outside of the school.
- **Operations Chief** – manages direct response to the RC emergency
 - **Resource Center Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
 - **Search & Rescue Leader and Team** – checks RC for damage, rescues victims, and reports RC conditions
 - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
 - **Student/Parent Reunification**
 - **Assembly Area** – ensures the care and safety of all students at the RC (except those in the Medical Treatment Area)

- **Request Gate** – processes requests by parents or authorized adults for release of students
 - **Release Gate** – releases student to parent or authorized adult
-
- **Planning & Intelligence Chief** – in charge of collection, evaluation and documentation of information about the incident
 - **Documentation** – collects, evaluates, and documents event
 - **Situation Analysis** – assesses the overall incident
 - **Logistics Chief** – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
 - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
 - **Finance & Administration Chief** – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

It's important that the Incident Command Team refer to both the School Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

EMERGENCY PROCEDURES

RESOURCE CENTER EVACUATION PROCEDURE

Notification

The Incident Commander is responsible to notify the Incident Command Team when an evacuation is necessary.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by announcement, telephone or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each resource center has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation location. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

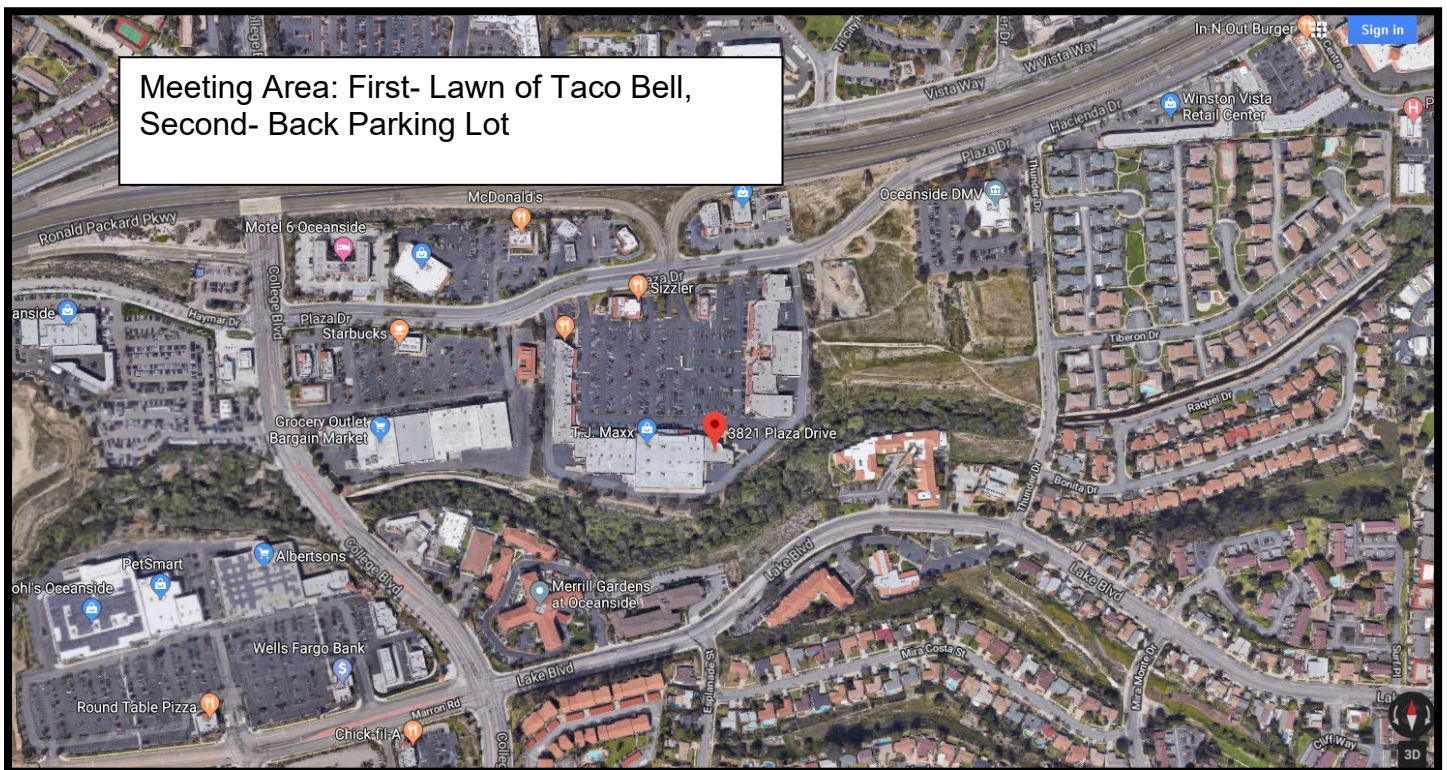

Evacuation Locations

In the event that the situation requires a further distance be placed between individuals and the facility, the Incident Commander will direct individuals to proceed to the designated meeting area.

North Carlsbad: 3821 Plaza Dr., Suites 401-402, Oceanside, CA 92056

Cross Street: College Blvd.

Meeting Area: First- Lawn of Taco Bell, Second- Back Parking Lot

Persons with Disabilities

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. The Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Return to Resource Center

The Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the resource center.

Emergency Lockdown Procedures

***If an emergency situation near an Audeo Charter School II RC endangers student or staff safety,
Lockdown the Resource Center.***

FIRST: Follow the below lockdown procedures and notify a Safety Committee Member immediately.

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **“this is a lockdown”** alerting staff and students in a calm manner.
2. All students and staff remain in their RC or offices.
3. All RC doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate “STAY” function on ADT/Protection One Security Alarm Panel.
6. Safety Ambassador or designee will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in RC/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Audeo Charter School II Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee.

ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.

11. *No one is permitted to leave and no one, including a parent, is allowed in the RC.*
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.
15. Resource Center staff should defer media statements to the Communications Department.

Only a member of the Audeo Charter School II Safety Committee may lift a lock down.

Persons who may activate a RC lockdown:

- Any member of a school staff or community safety support (Police, Fire, Mall Management, etc.) may declare a lockdown.

Conditions in which to activate a school-wide or RC specific lockdown may include, but not limited to:

- Authorities inform the school or RC of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a RC.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Should a lockdown occur, parents should be aware of the following:

- Remain calm as school and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. School staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the RC or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular locations may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the RC.

Following Lockdown:

- The Safety Ambassador for the RC will fill out and submit to Angela Neri within 24 hours:
 - Lockdown Incident Report Form
 - Emergency Sign-In Report
 - Emergency Student Sign Out Report
- The Safety Committee will convene within 72 hours to debrief
- The Safety Ambassador Coordinator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Following a lockdown or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

In the event the Administrator of Instructional Services determines students are to be released from school, or that notification of parents/guardians is warranted, he/she will first notify the Director of Operations and Technology. A collaborative effort will begin to notify parents/guardians of the reunification effort using information provided on student's emergency contact cards, as well as information available within the school's student database.

Reunification

Reunification will generally occur from the location pre-identified as the meeting evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the reunification location. Incident Command Team members will use school attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Earthquake Procedure

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise Administrator of Instructional Services of the situation. Contact the Director of Operations and Technology at (619) 778-3491.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Notify your Administrator of Instructional Services. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department (“9-1-1”) or notify Director of Operations and Technology by calling 619-778-3491. The Director of Operations and Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations and Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

First Aid Kit

- Twenty Gauze pads, non-sterile (3 x 3 or 4 x 4)
- Four Roller Gauze, 4" wide, to secure gauze pads over wounds
- Two Adhesive tape, 1" wide, to secure gauze pads or bandages over wound
- Fifty Band-Aids, Regular size, 1" x 3", to cover minor wounds
- Twenty Band-Aids, small, to cover minor wounds (finger)
- Ten Band-Aids, large, to cover large wounds
- Five Pairs Latex-free gloves, Medium
- Two Cold compress
- Twenty Cotton Tip Applicators
- Two Triangular Bandage
- Four Thermometers-disposable
- One CPR Mask
- Written instructions for first aid kit use

Field Trip First Aid Kit

- Ten Sterile gauze pads, 2"x2"
- Two Gauze roller, 4"
- Four Gauze roller, 2"
- Fifteen Band-Aids, Regular size, 1"x3"
- Five Band-Aids, large
- Two Triangular bandage
- One Adhesive tape, 1"
- One Hand sanitizer, 2oz bottle
- One First Aid Antiseptic, 2oz bottle
- One CPR Mask
- Written instructions for first aid kit use

Blood Bourne Pathogen Kit (BBPKit)

- Wastebasket for supplies storage
- Marked spray bottle to create disinfectant solution
- Dishwashing Soap
- Sponge
- Gloves
- Zip lock baggies
- Roll of paper towels
- Brush and dust pan
- Wastebasket size plastic liners
- Kitty litter
- Disposable plastic aprons
- Written instructions for the use of the BBP kit and materials
- 1 pair Goggles
- 2 pairs Shoe Covers

Backpack Survival Kit

- Emergency Preparedness Binder (contains
- Safety Plan and other documents) Transistor AM/FM radio
- Wired Phone
- Safety glow sticks - 2
- Candles - 2
- Emergency Blanket
- Waterproof Matches
- Whistle (located on the end of the "Life Gear" glow stick)
- Flashlights
- Duct Tape
- Pad of Paper Marker

Notes:

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

- A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the “Run, Hide, Fight” model.
- B. Armed assailant drills have both benefits and concerns associated with their implementation.
 - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
 - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
 - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

- A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.
- B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.
- C. Schools should keep simulation techniques appropriate to the participants’ developmental maturity.
 - Inform participants of the use and purpose of props and simulation aids prior to the drill.
 - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.
- D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

- A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.
- B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.
- C. School-employed mental health professionals should be involved in every stage of preparation.
 - Prior to the drill, staff should be trained to recognize common trauma reactions.
 - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
 - After completion, staff and students should have access to mental health support, if needed.
- D. Participation should never be mandatory, and parental consent should be required for all students.
- E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost-benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.

5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

INTRODUCTION

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the “Run, Hide, Fight” model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of

such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options-based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The

premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the school campus (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of

Education, 2006a). ***Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.***

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be

used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly “escape” into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Impact of Adult Behavior on Children’s Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

If schools opt to conduct an options-based or more advanced armed assailant training, it is

critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school-employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.

- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
 - Identifies a lead person to coordinate school safety efforts, including drills;
 - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
 - Takes a lead in identifying the most appropriate preparedness activities for the school;
 - Provides ongoing professional development and training as needed; and
 - Ensures that the school’s policies are in compliance with state laws and school board policies.
2. Conduct an assessment of the school community to:
 - Identify the types of crisis events most likely to occur,
 - Determine the current school culture and climate,
 - Map existing resources and capacities of school personnel or school safety teams, and
 - Identify any related policies that should be considered in the planning of drills.
3. Implement a cost–benefit analysis that:
 - Considers financial costs in relation to the likelihood of a particular crisis;
 - Identifies what resources, activities, or preparedness training must be replaced or postponed, to engage in active shooter or other armed assailant drills;
 - Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
 - Considers the current knowledge and identified needs of the staff; and
 - Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.
4. Tailor drills to the context of the school environment, taking into consideration:

- The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
 - Age, cognitive, and developmental levels of awareness of students;
 - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
 - The capacity, comfort level, and trust among staff;
 - Administrative support;
 - Optimal timing, including time of year, day of the week, and time of the day;
 - Relationships with external partners, law enforcement, and other first responders; and
 - The layout of the school building and campus.
5. Create a plan of progression that:
- Considers whether any previous activities have been conducted in the school;
 - Starts with simple, low-cost, discussion-based exercises;
 - Considers all available types of drills;
 - Identifies specific objectives and goals for the drills; and
 - Identifies a timeline and metrics to help determine whether more complex exercises are needed.
6. Prepare for logistics of the drill to ensure that:
- Previous traumatic experiences of those involved are considered;
 - School staff learn to recognize stressful reactions to drills;
 - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
 - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
 - Adequate follow up is available for students or staff with questions; and
 - Appropriate methods to evaluate outcomes are implemented.
7. Develop a communications plan that:
- Informs members of the school community of planned drills and what will be entailed;
 - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
 - Provides opt-out options for staff and students; and
 - Encourages feedback and evaluation by participants after the fact.
8. Establish a long-term follow up plan to support sustainability that considers:
- What additional training is required;
 - How the drill integrates with other school safety and crisis prevention efforts;
 - How current and previous training and knowledge can be maintained and built upon; and
 - When follow-up should be conducted and how often.

CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

Position Activation Information

Equipment

Every position on the Incident Command Team will require the following equipment:

1. Identification vest
2. Two-way campus radio
3. Paper and pens/pencils
4. Job description clipboard

Position-Specific Equipment

Certain positions require special equipment or forms. Such specific needs are identified on the individual position checklists.

Position Activation

1. Once notified of your assignment, put on your vest.
2. Check in with the Incident Commander at the Incident Command Post for a situation briefing.
3. Check in with your Chief for details and updates associated with your position.
4. Obtain necessary equipment and supplies.
5. Open and maintain a Position Log. Maintain all required records and documentation to support the history of the emergency or disaster. Document:
 - a. Messages received
 - b. Actions taken
 - c. Decision justifications and documentation
 - d. Requests filled
 - e. Document missing staff

Position Deactivation

1. At the direction of the Incident Commander, deactivate your position and close out all logs. Provide logs, timekeeping records, and other relevant documents to the Documentation Unit.
2. Return equipment and reusable supplies to Logistics.

Section: Command

Position: Incident Commander

Responsibility: The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others.

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- Crisis Response Boxes
- Emergency Disaster Kit
- Master keys
- Position-Specific forms
- AM/FM radio (battery)
- Command Post Tray (pens, etc.)
- Emergency Plan
- Tables & chairs (if Command Post is outdoors)
- Job Description Clipboards
- Bull horn
- Staff rosters (2 sets)
- Copies of Forms

Start-Up:

- Assess type and scope of emergency.
- Determine threat to human life and structures.
- Implement Emergency Plan and Emergency Procedures.
- Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- Activate functions (assign positions) as needed.
- Fill in Incident Command Team Assignment Form as positions are staffed.
- Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- Continue to monitor and assess total school situation:
- View location map periodically for Search & Rescue progress and damage assessment information.
- Check with chiefs for periodic updates.
- Reassign personnel as needed.
- Develop and communicate revised incident action plans as needed.

- Authorize release of information.
- Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- Release staff as appropriate. By law, during a disaster, the staff will become "Disaster Service Workers."
- Remain on and in charge of your RC until the incident has been resolved.

After:

- Authorize deactivation of sections or units when they are no longer required.
- Deactivate the entire emergency response.
- Ensure that any open actions not yet completed will be taken care of after deactivation.
- Ensure the return of all equipment and reusable supplies to Logistics.
- Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.
- Proclaim termination of the emergency and proceed with recovery operations if necessary.

Section: Command
Position: Safety Officer

Reports To: **Incident Commander**

Staffing

Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Special Equipment:

- Hard hat (if available)

During Event:

- Monitor drills, exercises, and emergency response activities for safety.
- Identify and mitigate safety hazards and situations.
- Stop or modify all unsafe operations.
- Ensure that responders use appropriate safety equipment.
- Think ahead and anticipate situations and problems before they occur.
- Anticipate situation changes, such as severe aftershocks, in all planning.
- Keep the Incident Commander advised of your status and activity and on any problem areas that now need or will require solutions.

Section: Command**Position: Public Information Officer****Reports To:** **Incident Commander****Staffing****Characteristics:** **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.****Responsibility:** Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the school ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the school in an emergency situation.

Special Equipment:

- Battery operated AM/FM radio
- Marking pens
- Scotch tape/masking tape
- Forms:
 - Public Information Release Worksheet
 - School Accountability Report Card
- Scissors
- School map(s) and area map(s):
 - 8-1/2 x 11 handouts
 - Laminated display
- Tape recorder and tapes

Start-Up Activities:

- Determine a possible "news center" location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- Identify yourself as the "Public Information Officer" (vest, visor, sign, etc.)
- Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- Advise arriving media that the school is preparing a press release and approximate time of its issue.
- Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- Keep up-to-date on the situation.
- Statements must be approved by the Incident Commander and should reflect:
 - Reassurance — EGBOK — "Everything's Going to Be OK."
 - Incident or disaster cause and time of origin.
 - Size and scope of the incident.
 - Current situation — condition of school, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
 - Resources in use.
 - Best routes to school if known and appropriate.
 - Any information school wishes to be released to the public.
 - **Read** statements if possible.
- When answering questions, be complete and truthful, always considering confidentiality & emotional impact. Avoid speculation, bluffing, lying, talking "off the record," arguing, etc. Avoid use of the phrase "no comment."
- Remind school/staff volunteers to refer all questions from media or waiting parents to the PIO.**
- Update information periodically with Incident Commander.
- Ensure announcements and other information is translated into other languages as needed.
- Monitor news broadcasts about incident. Correct any misinformation heard.

Section: Command
Position: Liaison Officer

Reports to: Incident Commander

Staffing

Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Liaison Officer serves as the point-of-contact for Agency Representatives from assisting organizations and agencies outside the school and assists in coordinating the efforts of these outside agencies by ensuring the proper flow of information.

During Event:

- Brief Agency Representatives on current situation, priorities and incident action plan.
- Ensure coordination of efforts by keeping Incident Commander informed of agencies' action plans.
- Provide periodic update briefings to Agency Representatives, as necessary.

Section: Operations**Position: Operations Chief****Reports to:** Incident Commander**Staffing****Characteristics:** The Operations Chief should be a staff member familiar with the school and be trained in response skills.**Responsibility:** The Operations Chief manages the direct response to the disaster, which can include Facility Check & Security Unit, Search & Rescue Unit, and First Aid & Medical Unit.**Special Equipment:**

- Search & Rescue equipment
- Maps: See Crisis Response Box

During Event:

- Assume the duties of all operations positions until staff is available and assigned.
- As staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- If additional supplies or staff is needed for the Operations Section, notify Logistics. When additional staff arrives, brief them on the situation, and assign them as needed.
- Coordinate Search & Rescue operations. Appoint Search & Rescue Team Leader to direct their operations, if necessary.
- As information is received from operations staff, pass it on to Situation Analysis and/or the Incident Commander.
- Inform the Incident Commander regarding tasks and priorities.
- Make sure that Operations staff is following standard procedures, utilizing appropriate safety gear, and documenting their activities.
- Schedule breaks and reassign Operations staff within the section as needed.

Section: Operations

Position: Facility Check & Security

Reports to: Operations Chief

Staffing

Characteristics: Building Safety Supervisor or others familiar with the school's facilities.

Responsibility: Controls utilities, restricts access to unsafe areas and communicates damage to the Incident Commander. Also assists with traffic control for public safety vehicles, parent pick-up and the media.

Special Equipment:

- Hard hat
- Work gloves
- Whistle
- Master keys
- Bucket or duffel bag with goggles
- Flashlight
- Dust masks
- Yellow caution tape
- Shutoff tools — for gas & water (crescent wrench)

Start Up Activities:

- Check condition and take along appropriate tools.

During Event:

- As you do the following, observe the campus and report any damage to the Command Post.*
- Lock or open gates and major external doors appropriate for the situation.
- Locate/control/extinguish small fires as necessary.
- Check gas meter and, **if gas is leaking**, shut down gas supply.
- Shut down electricity only if building has clear structural damage or advised to do so by Command Post.
- Post yellow caution tape around damaged or hazardous areas.
- Verify that campus is "locked down" and report same to Incident Command Post.
- Advise Incident Command Post of all actions taken for information and proper logging.
- Be sure that the entire campus has been checked for safety hazards and damage.

- No damage should be repaired prior to full documentation, such as photographs and video evidence, unless the repairs are essential to immediate life-safety.
- Direct traffic of vehicles of parents, public safety, and media as appropriate.

Section: Operations

Position: Search & Rescue Team Leader

Reports to: Operations Chief

Staffing

Characteristics: Trained in Search & Rescue

Responsibility: Check for damage, rescues victims, establishes and directs Search & Rescue Teams as needed, reports situation to the Operations Chief.

Special Equipment:

- Search & Rescue Team Member Backpack

Start-Up Activities:

- You must be wearing sturdy shoes and long sleeves.**
- Put batteries in flashlight.
- First to arrive assumes role of Team Leader and obtains a briefing from the Operations Chief, noting known fires, injuries, or other situations requiring response.
- Teams should be assigned based on available manpower.**

During Event:

- Buddy system: Minimum of 2 persons per team.**
 - Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first.
 - **Follow all operational and safety procedures.**
- Report gas leaks, fires, or structural damage to Command Post immediately upon discovery. Shut off gas or extinguish fires, if possible.
- Before entering a building, inspect complete exterior of building. Report structural damage to team leader. Use yellow caution tape to barricade hazardous areas. **Do not enter severely damaged buildings.**
- If building is safe to enter, search assigned area (following map) using orderly pattern. Check all rooms. Use chalk or grease pencil to mark slash on door when entering room. Check under desks and tables. Search visually and vocally. Listen.
- When injured victim is located, team transmits location, number, and condition of injured to Command Post. Do not use names of students or staff. Follow directions from Command Post.

Section: Operations

Position: Search & Rescue Team

Reports to: Search & Rescue Team Leader

Staffing

Characteristics: Trained in Search & Rescue

Responsibility: Check the RC for damage, rescues victims, reports situation to the Search & Rescue Team Leader.

Special Equipment:

- Search & Rescue Team Member Backpack

Start-Up Activities:

- You must be wearing sturdy shoes and long sleeves.**
- Put batteries in flashlight.
- First to arrive assumes role of Team Leader and obtains a briefing from the Operations Chief, noting known fires, injuries, or other situations requiring response.
- Teams should be assigned based on available manpower.**

During Event:

- Buddy system: Minimum of 2 persons per team.**
 - Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first.
 - **Follow all operational and safety procedures.**
- Report gas leaks, fires, or structural damage to Command Post immediately upon discovery. Shut off gas or extinguish fires, if possible.
- Before entering a building, inspect complete exterior of building. Report structural damage to team leader. Use yellow caution tape to barricade hazardous areas. **Do not enter severely damaged buildings.**
- If building is safe to enter, search assigned area (following map) using orderly pattern. Check all rooms. Use chalk or grease pencil to mark slash on door when entering room. Check under desks and tables. Search visually and vocally. Listen.
- When injured victim is located, team transmits location, number, and condition of injured to Command Post. Do not use names of students or staff. Follow directions from Command Post.

Section: Operations

First Aid & Medical Team Leader

Reports to: Operations Chief

Staffing

Characteristics: Trained as a leader in providing emergency medical and psychological aid (i.e. School Nurse).

Responsibility: Leader to team providing emergency medical response, first aid, and psychological, or CISM counseling.

Special Equipment:

- Marking pens
- First Aid Supplies: Stretchers, Blankets, Vests (if available), Quick reference medical guides
- Tables & chairs
- Ground cover/tarps
- Forms: Notice of First Aid Care Given Form
- Medical Treatment Victim Log
- Morgue supplies:
 - Tags
 - Vicks Vapor Rub
 - Pens/Pencils
 - Plastic tarps
 - Plastic trash bags
 - Stapler
 - Duct tape
 - 2" cloth tape

Start-Up Activities:

- Establish scope of disaster with the Incident Commander and determine probability of outside emergency medical support and transport needs.
- Request assistance from the Crisis Response Team for psychological staff and student needs
- Make personnel assignments. If possible, assign a minimum of two people to Triage, two to Immediate, two to Delayed, and two to Psychological.
- Set up First Aid & Medical Treatment Area in a safe place, away from students and parents, with access to emergency vehicles. Obtain equipment/supplies from the container.
- Assess available inventory of supplies & equipment.
- Review safety procedures and assignments with personnel.

- Establish point of entry (“triage”) into treatment area.
- Establish “immediate” and “delayed” treatment areas.
- Set up a separate Psychological First Aid area with staff trained in CISM from the Crisis Response Team.
- Establish the need for a temporary morgue. If a morgue is needed, establish an appropriate location in consideration of the following:
- If directed, set up morgue area. Verify:
 - Tile, concrete, or other cool floor surface
 - Accessible to Coroner’s vehicle
 - Remote from assembly area
 - Security: keep unauthorized persons out of morgue.
 - Maintain respectful attitude.

During Event:

- Oversee care, treatment, and assessment of patients
- Ensure caregiver and rescuer safety
 - Latex gloves for protection from body fluids; replace with new gloves for each new patient.
- Make sure that accurate records are kept.
- Provide personnel response for injuries in remote locations or request Logistics for staffing assistance.
- If needed, request additional personnel from Logistics.
- Brief newly assigned personnel.
- Report deaths immediately to Operations Chief.
 - **After pronouncement or determination of death:**
 - **Do not** move the body until directed by Command Post.
 - **Do not** remove any personal effects from the body. Personal effects must remain with the body **at all times**.
 - As soon as possible, **notify Operations Chief**, who will notify the Command Post, who will attempt to notify law enforcement authorities of the location and, if known, the identity of the body. The law enforcement authorities will notify the Coroner.
 - Keep accurate records and make available to law enforcement and/or the Coroner when requested.
 - Write the following information on two tags:
 - Date and time found.
 - Exact location where found.
 - Name of decedent, if known.
 - If identified—how, when, by whom.
 - Name of person filling out tag.
 - Attach one tag to body.
 - If the Coroner’s Office will not be able to pick up the body soon, place body in plastic bag(s) and tape securely to prevent

unwrapping. Securely attach the second tag to the outside of the bag. Move body to morgue.

- Place any additional personal belongings found in a separate container and label as above. Do not attach to the body—store separately near the body.
- Keep Operations Chief informed of overall status.
- Set up morgue, if necessary, in cool, isolated, secure area; follow guidelines.
- Stay alert for communicable diseases and isolate appropriately.

After:

- Conduct a Critical Incident Stress Debriefing for staff.

- Forms: Notice of First Aid Care Given Form, First Aid & Medical Treatment Victim Log
- Start-Up Activities:**
- Obtain & wear personal safety equipment including latex gloves.
- Use approved safety equipment and techniques.
- Check with First Aid & Medical Team Leader for assignment.

During Event:

- Administer appropriate first aid.
- Keep accurate records of care given.**
- Continue to assess victims at regular intervals.
- Report deaths immediately to First Aid & Medical Team Leader.
- If & when transport is available, do final assessment and document on triage tag. Keep and file records for reference—**do not send with victim.**
- Student's Emergency Card must accompany student removed from campus to receive advanced medical attention. Send emergency out-of-area phone number if available.

Triage Entry Area:

- Staffed with minimum of 2 trained team members, if possible.
- One member confirms triage tag category (red, yellow, green) and directs to proper treatment area. Should take 30 seconds to assess — no treatment takes place here. Assess, if not tagged.
- Second team member logs victims' names on form and sends forms to Incident Command Post as completed.

Treatment Areas (“Immediate” & “Delayed”)

- Staff with minimum of 2 team members per area, if possible.
- One member completes secondary head-to-toe assessment.
- Second member records information on triage tag and treatment records.
- Follow categories: Immediate, Delayed, Dead

After:

- Clean up First Aid & Medical Treatment Area. Dispose of hazardous waste safely.
- Assist in the Critical Incident Stress Debriefing for the staff

Section: Operations**Position: Assembly Area****Reports to:** Operations Chief**Staffing****Characteristic:** Trained in managing large groups of students**Responsibility:** Ensure the care and safety of all students (except those who are in the First Aid & Medical Treatment Area).**Special Equipment:**

- Ground cover and tarps
- First aid kit, water, food, sanitation supplies
- Student activities: books, games, coloring books, etc.
- Forms:
 - Student Accounting Form
 - Notice of First Aid Care Given Form

Start-Up Activities:

- Request additional personnel, if needed.
- If school is evacuating:
 - Verify that the assembly area and routes to it are safe.
 - Count or observe the students as they exit, to make sure that all students evacuate.
 - Initiate the set-up of portable toilet facilities and hand-washing stations.

During Event:

- Monitor the safety and well-being of the students and staff in the Assembly Area.
- Administer minor first aid as needed.
- Support the Release Gate Unit process by releasing students with appropriate paperwork.
- When necessary, provide water and food to students and staff.
- Make arrangements for portable toilets if necessary, ensuring that students and staff wash their hands thoroughly to prevent disease.
- Make arrangements to provide shelter for students and staff.
- Arrange activities and keep students reassured.
- Update records of the number of students and staff in the assembly area (or in the buildings).
- Direct all requests for information to the Public Information Officer.

Section: Operations

Position: Request Gate

Reports to: Operations Chief

Staffing

Characteristics: School staff or volunteers

Responsibility: Assure proper processing of reunification requests at the Request Gate. Also, process requests from volunteers.

Special Equipment:

- Stapler
- Box(es) of Emergency Cards
- Signs: Parent Request Gate
- Empty file boxes to use as out boxes
- Forms:
 - Student Release Form
 - Volunteer Assignment List

Start-Up Activities:

- Secure area against unauthorized access. Mark gate with sign.
- Set up Request Gate at the main student access gate. Use alphabetical grouping signs to organize parent requests.
- Have Student Release Forms available for parents or guardians outside of fence at Request Gate. Assign volunteers to assist.
- Ensure an adequate distance between the Request Gate and the Release Gate.

During Event:

- Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.
- Refer all requests for information to the Public Information Officer. Do not spread rumors!**
- If volunteers arrive to help, send those with Disaster Volunteer badges with photo ID to the Supply, Facilities, and Staffing Unit. If they are not registered (do not have badges), register them at the Request Gate.

Reunification Procedures:

- Requesting parent or guardian fills out Student Release Form, gives it to staff member, and shows identification.

- Staff verifies identification, pulls Emergency Card from file, and verifies that the requester is listed on the card.
- Staff instructs the requester to proceed to the Release Gate.
- If there are two copies of the Emergency Cards (one at each gate), staff files the Emergency Card in the out box. If there is only one copy, runner takes the card with the Student Release Form, and staff files a blank card with the student's name on it in the out box.
- Runner takes form(s) to the designated resource center.

Note: If a parent or guardian refuses to wait in line, don't argue. Note time with appropriate comments on Emergency Card and place in out box.

If student is with class:

- Runner shows Student Release Form to the teacher
- Teacher marks box, "**Sent with Runner.**"
- If appropriate, teacher sends parent copy of Notice of First Aid Care Given Form with the runner.
- Runner walks student(s) to Release Gate.
- Runner hands paperwork to staff at Release Gate.

If student is not with the class:

- Teacher makes appropriate notation on Student Release Form:
- "**Absent**" if student was never in school that day.
- "**First Aid**" if student is in First Aid & Medical Treatment Area.
- "**Missing**" if student was in school but now cannot be located.
- Runner takes Student Release Form to the Command Post.
- Command Post verifies student location if known and directs runner accordingly.
- If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to the Command Post for verification.**

Safety Ambassadors*

~~2023~~2024-~~2024~~2025

The designated Ambassadors are responsible for planning and implementation at the Resource Center (RC). Resource Center Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓ Number of students in RC – adhere to student scheduled hours
- ✓ Schedule CTR works hours – ensure there are two staff members when opening and closing the RC
Share information at RC meetings - Discuss safety at monthly resource center meetings
- ✓ Meet with new resource center staff within 30 days
- ✓ Reach out to the Juvenile Community Officer, Community Resources and Community Sub Police Stations
- ✓ Keep technology locked and secured

Instructional Support:

- ✓ Consistent RC rules among all staff – hats, phones, language use
- ✓ Ensure middle school students work together
- ✓ Instructional tables labeled by subject area
- ✓ Know your student needs – triggers
- ✓ Measuring threat levels
- ✓ CTR supporting the learning environment

Compliance:

- ✓ Safety Drills are mandated to be performed three (3) times per year
- ✓ Ensure safety supplies are located in designated area and replenished each time a drill is performed
- ✓ Confirm that the Emergency Radio works properly (Channel 1)
- ✓ Update Resource Center Emergency Exit Plan annually
- ✓ Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections

SECTION FOUR
Emergency Plan Roles and Responsibilities.....121

SECTION ONE
Executive Summary

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any facility operated by Audeo Charter School III.

An "Incident Commander" (with alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and their Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this RC. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.

It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to

be prepared. The proactive actions of individuals during an emergency may very well save another's life.

Assessment of School Crime

In assessing the crime rate for the last two school years at Audeo Charter School III the crime data indicates that there have been no incidents of the last two years. Audeo III staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed \$100 per incident, theft \$50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate

Disaster Response Plan

Emergency Operations Team

The Emergency Operations Team is comprised of several leaders from Audeo Charter School III. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	<i>Responsible for external communications. She will call on community resources to assist the school RCs and coordinate mutual aid requests.</i>
Chief Business Officer	<i>Assists the Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.</i>
Director of Operations and Technology	<i>Responsible for internal communications with our RCs, staff, and the team in collaboration with the School Coordinator.</i>
School Coordinator	<i>Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as, central contact for student data. Responsible for coordinating support to students brought to central location.</i>

Operational Overview

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication

Formatted: Left

- Reunion Procedures
- Public Information
- Sweep and Rescue
- Security
- First Aid and CPR

Emergency Operation Center

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. Audeo Charter School III defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

In the event of a crisis, Audeo Charter School III will respond as follows:

Level 1 Natural Disaster Community Wide/Neighborhood Crisis

(Example: earthquake, flood, fire, plane crash, riot, police action, high levels of fatalities and injuries, nuclear or biological disaster.)

Response: EOT in coordination with Civil Defense and/or resources.

Level 2 Singular or Multiple Locations

Immediate, life threatening or critical urgency

(Example: weapons, group confrontation, bomb threat, hostage, fire, explosion.)

Response: EOT in coordination with local law enforcement and/or government agencies

Level 3 RC Specific

(Example: discipline, health-physical/mental/CPS, utility failure, fight, angry parent.)

Response: School Coordinator according to responsibility.

Formatted: Left

Responsibilities for Situation Levels 1 and 2

1. Assess situation (to evacuate or secure RC)
2. Call 911
3. Contact EOT: Communicate essential information

Example: Describe the situation – clearly and calmly.
 Who is involved?
 Who's present/at the RC –staff/students/community?
 Have the police been called? Have they arrived?
 Who else has been notified?
 What have you done so far?
 Is anyone hurt? Describe injury.
4. Gather essential information – keep emergency supplies in one area
 - Student emergency binder
 - Student roster
 - Emergency procedure binder
 - Today's sign in sheet
 - Backpack, First Aid Kit, Blood borne Pathogen Kit
 - Keys
5. Reassess situation and roll call
 Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)
6. Give students appraisal of situation
 Tell them what to do and what is expected.
7. Re-contact EOT
8. Release students as appropriate to authorized individuals.
9. Contain remaining students in designated safe area.
10. Wait until crisis has passed
11. Notify corporate office

Formatted: Left

12. Remaining students will be brought to safe area designated by EOT

13. Staff will then be released by EOT

Resource Center Preparedness Activities

Training programs for staff:

- Disaster preparedness and scene management classes
- Mock disaster drill
- Evacuation/earthquake drills
- Blood borne Pathogens
- CPR and First Aid
- HIV Awareness

Educational activities:

- Basic earthquake education
- Parent meetings, home preparedness and orientation to RC plan

Equipment and supplies:

- Trauma/first aid kits
- Bodily fluid cleanup kit
- Backpacks for sweep and rescue team

Aftermath plan:

- Return school/community to normal
- Provide safe place to process event
- Plan for resumption of normal activities

*Drills are scheduled at least three times per year

e-mail communications to faculty and staff.

Procedure

- Superintendent will declare need for emergency action.
- Superintendent, manager and any designated support staff prepare ParentSquare telephone message and E-mail message.
- Superintendent notifies Audeo Charter School III Board of Directors.
- Designated managers activate telephone tree, using prepared message; each designated manager will be responsible for their group and informing the backup caller.
- When schools are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent’s office by e-mail (mbixby@altusschools.net) the names of the employee’s they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your RC.
- Make copies of the tree information and give to appropriate staff.
- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to managers and employee’s regardless of the day of the week or the time of day or evening. It is important that employees who are to make calls and their backups have copies of the tree information and the telephone numbers both at school and home.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the South side of Via Rancho Parkway, across the resource center. They are shouting and threatening one of our students who are here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the resource center associate and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your CTR with the other students. Be sure none of them leave or open the door. Stay with your students and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- ◆ Remember, speak calmly and slowly.

Formatted: Left

- ◆ Tend to the business at hand and keep Central informed. STAY CALM.
- ◆ If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **“Situation secured”**. **This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency, the Superintendent or designee may activate the school-wide ParentSquare system. ParentSquare allows Audeo Charter School III administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSquare allows Audeo Charter School III to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- **We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.**
- **Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.**

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of an Audeo Charter School III emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caution.

Code Red: Optional Action

The teacher contacts 911 immediately.

Tell the teacher you will contact 911.

Formatted: Left

Tell RC staff to deal with emergency until help arrives. Give them some specific tasks. Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc. After you place call for help, coordinate with other central managers to see who is closest to RC and can arrive in the shortest amount of time. Contact the Audeo Charter School III Administrative Office to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a manager.

4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to the Central Office before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.

Emergency Responses

EMERGENCY RESPONSE: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- X If imminent risk, call 911.
- X Send for immediate help (First Aid, CPR, medical) and medication kit (for known allergies).
- X Notify the School Coordinator.
- X Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- X If an insect sting, remove stinger immediately.

Formatted: Left

- X Assess situation and help student/staff member to be comfortable.
- X Move student or adult only for safety reasons.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If imminent risk, call 911 (always call 911 if using "Epi" pen).
- X Notify nurse/parent or guardian.
- X Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- X Observe for respiratory difficulty.
- X Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- X Keep an "Epi" pen in the school office and notify staff as to location.
- X Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence

Formatted: Left

of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

- X Notify School Coordinator.
- X Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- X Follow standard student assembly, accounting and reporting procedures.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **SHELTER IN PLACE**.
- X Shut off HVAC units.
- X Move to central location where windows and doors can be sealed with duct tape.
- X Call 911. Provide location and nature of the emergency and school actions taken.
- X Notify Director of Operations and Technology of the situation.
- X Turn on a battery-powered commercial radio and listen for instructions.
- X Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- X Arrange for psychological counseling for students and staff.

Inside the Resource Center

STAFF ACTIONS:

- X Notify School Coordinator or Safety Ambassador.
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- X Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- X Follow standard student assembly, accounting and reporting procedures.
- X Prepare a list of those who are in the affected area to provide to emergency response personnel.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Formatted: Left

- X Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA** **EVACUATION** to move students away from immediate vicinity of danger.
- X Move up-wind from the potential danger.
- X Call 911. Provide exact location and nature of emergency.
- X Designate security team to isolate and restrict access to potentially contaminated areas.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Notify Director of Operations and Technology of the situation.
- X Arrange for immediate psychological counseling for students and staff.
- X Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- X Wash affected areas with soap and water.
- X Immediately remove and contain contaminated clothing
- X Do not use bleach on potentially exposed skins.
- X Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

Formatted: Left

<p>Telephone Bomb Threats</p> <ul style="list-style-type: none"> ▪ Remain calm/courteous. ▪ Read phone's visual display. ▪ Listen, don't interrupt. ▪ Keep caller talking. Pretend hearing difficulty. ▪ Notice details: background noises, voice description. ▪ Ask: When? Where? What? How? ▪ Don't touch any suspicious objects. <p style="text-align: center;">Call 911</p>	
--	--

PERSON RECEIVING THREAT BY TELEPHONE:

- X Listen. Do not interrupt caller.
- X Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- X Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- X Notify Safety Ambassador immediately after completing the call.
- X Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- X Note the manner in which the threat was delivered, where it was found and who found it.
- X Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- X Caution students against picking up or touching any strange objects or packages.
- X Notify School Coordinator or Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911.
- X If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- X Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.

Formatted: Left

- X Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- X Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- X If it is necessary to evacuate the entire school, use the fire alarm.
- X Notify the Director of Operations and Technology of the situation.
- X Direct a search team to look for suspicious packages, boxes or foreign objects.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- X Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- X Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- X Check the resource center and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- X If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- X Evacuate students as quickly as possible, using primary or alternate routes.
- X Upon arrival at the designated safe emergency meeting area, take attendance. Notify the School Coordinator/Safety Ambassador of any missing students.
- X Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

- 1 Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
- 2 Listen carefully. Be polite and show interest.
- 3 Try to keep the caller talking to learn more information.
- 4 If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
- 5 If your phone has a display, copy the number and/or letters on the window display.
- 6 Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
- 7 Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

• Refer to your local bomb threat emergency response plan for evacuation criteria

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

- 911
- Follow your local guidelines

EMERGENCY RESPONSE: FLOOD

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the District Office.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to School Coordinator/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

Formatted: Left

EMERGENCY RESPONSE: GAS ODOR / LEAK

All school personnel and custodians, shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify School Coordinator.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to School Coordinator/Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

Formatted: Left

Formatted: Left

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION**. Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to office.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

Formatted: Left

EMERGENCY RESPONSE: **HOSTAGE SITUATION**

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
 - Number of hostage takers and description
 - Type of weapons being used
 - Number and names of hostages
 - Any demands or instructions the hostage taker has given
 - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- X Alert the School Coordinator/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE: INTRUDER

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- California Penal Code Title 15, Chapter 1.1 § 627.2

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
 - "What can we do to make this better?"*
 - "I understand the problem, and I am concerned."*
 - "We need to work together on this problem."*
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

- X Notify the School Coordinator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.

Formatted: Left

- X Isolate intruder from students. Lock the resource center and office doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify District Office of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:
 - 1) Is the individual moving towards violent action?
 - 2) Is there evidence to suggest movement from thought to action?
 - High violence potential qualifies for arrest or hospitalization.
 - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.
- X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.
- X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.
- X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.
- X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.
- X Facilitate a meeting with student(s) and family to review expectations.
- X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

Formatted: Left

STAFF ACTIONS:

- X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.
- X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.
- X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.
- X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the School Coordinator. The next steps may include:
 - Provide parents/guardian with the names and phone numbers of mental health resources
 - Recommend that the parents make an immediate contact with a therapist.
 - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- X Provide follow-up collaborative support for the student and parents (as indicated) within the school
- X Develop a safety plan prior to the student's return to school.

Formatted: Left

- X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- X Notify School Coordinator/Safety Ambassador.
- X Notify school nurse, school psychologist, counselor or social worker.
- X Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status. Notify emergency response personnel of any missing students.
- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.

Formatted: Left

- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X Initiate **DROP, COVER AND HOLD ON**.
- X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.
- X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.
- X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
- X Render first aid as necessary.
- X Do not return to the resource center until the emergency response personnel determine it is safe to do so.
- X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

Formatted: Left

EMERGENCY RESPONSE: PANDEMIC INFLUENZA

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.

Formatted: Left

- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Respiratory Hygiene Etiquette

- Cover your cough and sneeze with a tissue
- Wash hands with soap and water or a waterless hand hygiene product
- Place used tissues into a sealed bag

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice "respiratory hygiene etiquette".
- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"Active shooter situations" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knives, swords, etc.). These situations are unpredictable and evolve quickly.* Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.
 - a. **Act immediately** if you or your students:
 - hear a sound that might be gunfire.
 - see something that looks like a weapon being carried or used on or near the campus.

Formatted: Left

- sense any other indication of active shooter / armed assailant threat.
- b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
- c. **Be decisive.** Communicate your plan to your students and act quickly.
- d. **Call 911 and the School Office** as soon as it is safe to do so.

2. Options: *Run, Hide or Fight*

- a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
- Do not evacuate unless you...
 - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
 - **and** can visualize a route that will get your students and yourself safely off campus.
 - Don't carry anything with you.
 - Police may mistake an item in your hands as a weapon.
 - Leave everything behind.
 - If you encounter people along the way...
 - **Adults:** Warn them and take them with if you can but don't stop if they refuse to come.
 - **Students:** Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care.*
 - Place terrain and buildings between you and the assailant to cover your escape.
 - Keep going until you are certain you are out of danger.
 - Call 911 as soon as it is safe to do so.
 - Keep your students with you. Call (insert phone #) to report your location and obtain instructions.
- b. **Hide:** If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.
- Lock the doors
 - Close and lock windows and close blinds or cover windows;
 - Turn off lights;
 - Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
 - Silence all electronic devices;
 - Remain silent;
 - Position occupants spread out and out of line of site from room entrance.
 - Prepare to take action if the assailant attempts to get in the room;
 - Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
 - Call 911 as soon as it is safe to do so.
 - Remain in place until evacuated by identifiable law enforcement officers.

Formatted: Left

- c. **FIGHT: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
 - Construct a strong barricade.
 - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
 - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
 - a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
- Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.

3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

- a. Provide as much information as possible (slow down – be calm):
- State the emergency: “I hear gunfire.” “I saw...”
 - Give information on people who are wounded.
 - Location of the assailant (if known):
 - Description of the assailant (if known):
 - Your precise location: “room __”
 - The number of children with you:
- b. Keep the line open, even if you can’t talk, unless instructed by the dispatcher to end the call.

4. Special Topics

- a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.
- *Run* – If you encounter injured persons while you are trying to get out of danger...
 - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.
 - *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.

Formatted: Left

- As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.
- *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
 - If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
 - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.
- b. Law Enforcement: If you encounter law enforcement officers...
 - Immediately raise your hands in the air and display your open palms.
 - Don't run up to officers or attempt to hug or talk to them.
 - Don't talk unless they ask you a question.
 - Do exactly what they tell you to do.
- c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
 - Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
 - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.
- d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)
- e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

SCHOOL COORDINATORS/SAFETY AMBASSADOR ACTIONS:

- Follow the All Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
 - Include as much actionable information on the announcement as possible.
 - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
 - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
 - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*

Formatted: Left

- Notify the corporate office after you call 911.
- If possible, assist emergency personnel.
 - Assist police in entering the school;
 - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
 - Activate the district’s Emergency Operations Center
 - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.
- **Emergency Area Reunification**
 - The Operations Section should prepare an emergency evacuation area for reunification.
 - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
 - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
 - School staff and students will remain in lockdown until evacuated on a room by room basis.
 - Vans should be placed on standby for evacuation.
 - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.
- **Crisis Intervention**
 - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
 - This team will also provide ongoing support throughout the recovery phase of the emergency response.
 - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
 - Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

EMERGENCY RESPONSE: FIRE (Outside Fire/Wildfire)

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Formatted: Left

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the office door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the School Coordinator/Safety Ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property. In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our

Formatted: Left

staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers/offices to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter Schools have procedures in place for each of these possibilities.

BEFORE

- Goals:
1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
 2. Develop the capacity of staff to lead students through appropriate response options
 3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s): Goal 1 Objectives

- a) Coordinate with local fire department to ensure an effective response to a Wildfire
- b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
- c) Develop a clear chain of command with staff

Goal 2 Objectives

- a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure

Goal 3 Objectives

- a) Store combustible materials in fireproof containers
- b) Follow Fire Code and district rules regarding fire prevention
- c) Provide fire prevention training to staff
- d) Hold Fire Drills
- e) Maintain an adequate supply of fire extinguishers
- f) Ensure proper maintenance of fire prevention equipment

Courses of Action: **SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:**

Goal 1 Actions

- a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early

Formatted: Left

- dismissal, mandatory evacuation, shelter-in-place and resource center closure
- b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
 - c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

- a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

- a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
- b) Ensure combustible materials are stored in fireproof containers
- c) Hold fire extinguisher training for staff
- d) Ensure adequate supply of fire extinguishers are appropriately maintained
- e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

- a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
- b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

- a) Participate and lead students in fire drills
- b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
- c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals: 1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s): Goal 1 Objectives

- a) Conduct appropriate wildfire response actions in a timely manner
- b) Conduct accountability procedures in a timely manner
- c) Activate school location Incident Command Team, as necessary

Courses of Action: **SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:**

Goal 1 Actions

- a) Work with the district office, local fire department and other responders to determine best course of action
- b) Use the "Wildfire Evacuation Decision Tree" following this section.
- c) Communicate plan of action to staff and students:
 - voluntary evacuation
 - early dismissal
 - mandatory evacuation
 - shelter-in-place
 - resource center closure
 - d) Consider the following while implementing response action
 - Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
 - Food and water
 - Transportation
 - Security and Safety
 - Communications
 - e) Contact families to notify of planned course of action
 - f) Activate school Incident Command Team, as necessary
 - Reunification Team
 - g) Ensure all staff and students are accounted for
 - h) Ensure that access roads are kept open for emergency vehicles
 - i) Based on the situation, delegate staff to turn off and unplug any electrical devices left

Formatted: Left

- behind and/or have facilities turn off electricity
- j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

- a) Remind staff to close doors when exiting resource centers/offices
- b) Notify appropriate utility company of suspected breaks in utility lines or pipes.
- c) Notify fire department of any hazards or vulnerabilities that could hinder their response or cause further damage (chemicals, wires, equipment, etc.)
- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival
- d) Notify District Office of situation

STAFF ACTIONS:

Goal 1 Actions

- a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center/office closure
- b) If evacuating or sheltering-in-place, take emergency backpack and student kits
- c) Maintain control of the students a safe distance from the fire and firefighting equipment
- d) Take attendance. Report missing students to the School Coordinator/designee and emergency response personnel
- e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
- f) Serve in any designated position on the Incident Command Team

Shut resource center or office door after all individuals have exited
Provide information to School Coordinator/Safety Ambassador regarding

any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s): Goal 1 Objectives

- a) Provide information to staff, parents, and students
- b) Provide information to district office

Goal 2 Objectives

- a) Conduct After-Action Report process

Courses of Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

- a) Provide critical information to the district office in order to develop effective key messages
- b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
- c) Work with appropriate district department to draft talking points for phone calls and media requests

Goal 2 Actions

- a) Conduct an after-action report process and implement necessary actions for improving future responses
- b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
- c) Identify steps to improve future responses
- d) Implement steps to improvement

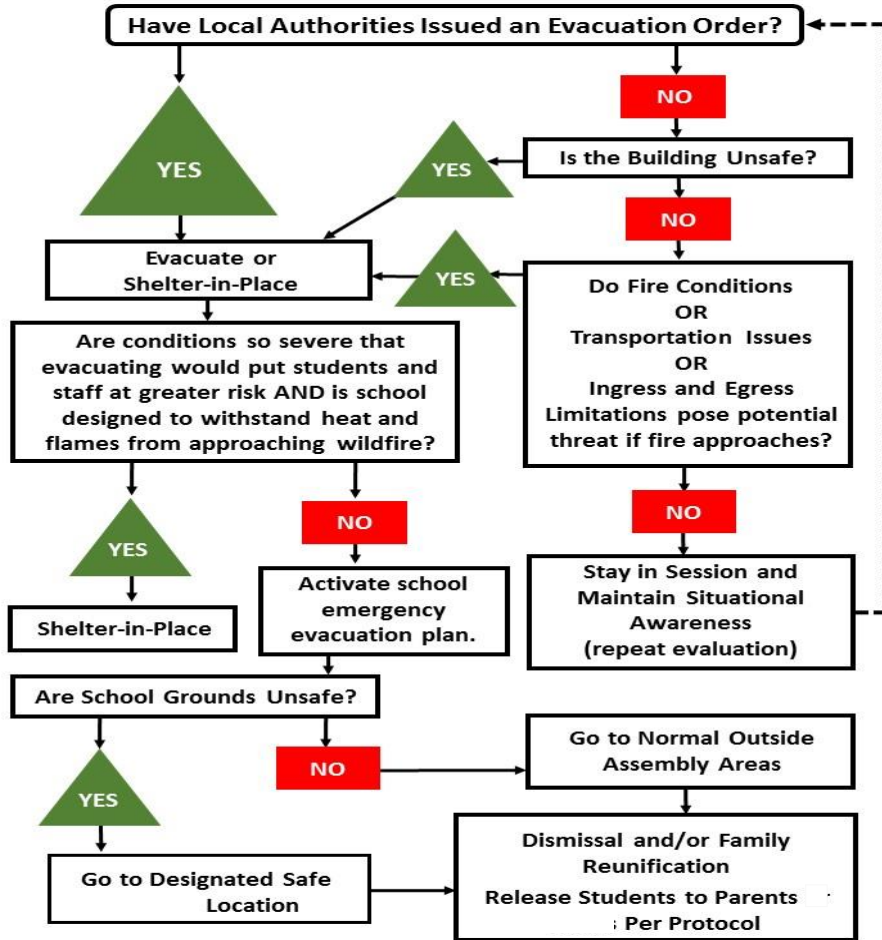

STAFF ACTIONS

Goal 2 Actions

- a) Participate in the after-action report process
- a) Participate in any determined corrective actions discovered in the after-actions process

EMERGENCY RESPONSE: OPIOID ANTAGONIST-Naloxone Hydrochloride

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Audeo Charter School III has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Audeo Charter School III's primary goal in the fight against opioids and fentanyl use is prevention.

Audeo Charter School III will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
 - How opioids and fentanyl affect the body's systems.
 - Refusal strategies
 - The signs and symptoms of use/abuse
 - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document [SAMHSA Opioid Overdose Prevention Toolkit](#).

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of **OVERDOSE**, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

Formatted: Left

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older

Formatted: Left

people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

Audeo Charter School III **uses intranasal spray.**

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal

Formatted: Left

spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.

Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Formatted: Left

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)

Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

Formatted: Left

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.

Follow up with assigned school nurse for additional support.

SUSPENSION AND EXPULSION POLICY

3110 Suspension / Expulsion Policy

*Amended: May 5, 2009, February 16, 2022, **December 7, 2022, June 22, 2023, February 28, 2024***

This Student Suspension and Expulsion Policy has been established by the Board of Directors of ~~Audeo Charter School Corporation, Inc.~~ Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Audeo II, Audeo III, Audeo Valley Charter School, ~~Grossmont Secondary School~~ Altus Schools East County, Mirus Secondary School and ~~Sweetwater Secondary School~~ Altus Schools South Bay, (hereinafter collectively referred to as "Charter School").

In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Formatted: Left

The Charter School administration shall ensure that students and their parents/guardians¹ are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that the policy and procedures are available on request at the School Coordinator's office. Suspended or expelled students shall be excluded from all school

and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

¹ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

- d. Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section

Formatted: Left

47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Audeo Board of Directors following a hearing before it, or by the neutral and impartial Audeo Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the Audeo Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the Audeo Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of Charter School 's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five calendar days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School . The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any

Formatted: Left

way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

Formatted: Left

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School .

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at Charter School . Such records shall be made available to the authorizer upon request.

Formatted: Left

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the Audeo Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission or admission of student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Formatted: Left

Q. Involuntary Removal for Truancy

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for truancy shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

Formatted: Left

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

Formatted: Left

Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parents;

Formatted: Left

however the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Notification to Staff of Dangerous Students

- a. The administration will inform the School Coordinator of information received from the court and the Probation Department. The Audeo Charter School III School Coordinator shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.
- b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.
- c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.
- d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Audeo Charter School III is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Audeo Charter School III shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English language proficiency will not be a barrier to admission and participation in school programs.

Any student who engages in discrimination of another student or anyone from Audeo Charter School III may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the School Coordinator at (858) 678-2056 for resolution. If not resolved, contact: The Board President, 10170 Huennekens Street, San Diego, CA 92121; (858) 678-2050.

Loitering Law Compliance

SY ~~2023~~2024-2024~~2025~~

Daytime Loitering of Students in Public Places on School Days

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc. It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures may include:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Exceptions may include:

- A minor who is accompanied by his or her parent, legal guardian, or other adult person having care or custody of the minor.

Formatted: Left

- Students who have permission to leave school campus for school related activity and have in their possession a valid school-issued written notice by a school official, but only for a reasonable period of time necessary for the activity.
- A minor who is going to or coming from his or her gainful place of employment or medical or dental appointment with verification of said employment or appointment.
- A minor who is upon an emergency errand directed by his/her parents, guardian or other adult person having the care and custody of the minor.
- A minor who is going directly to or from a school sponsored event or activity such as a sporting event, field trip, or other such school activity.

Definitions

- "Adult" means any person twenty-one (21) years of age and older.
- "Emergency" includes but is not limited to fire, natural disaster, automobile accident, or requirement for immediate medical care for another person.
- "Establishment" means any privately- owned place of business operated for a profit to which the public is invited, including but not limited to any place of amusement or entertainment.
- "Juvenile" means any person under eighteen (18) years of age.
- "Parent" means a person who is the natural or adoptive parent of a person. "Parent" includes a court- appointed guardian or other person eighteen (18) years or age or older authorized by the parent, by a court order, or by a court appointed guardian to have the care and custody of the person.
- "Public place" means any place to which the public or a substantial group of the public has access and includes, but is not limited to, streets, highways, and the common areas of schools, hospitals, office buildings, transport facilities, shopping centers, stores, and malls.
- "Scheduled school days" are Monday through Friday excluding school holidays. "School hours" are generally 8:30 a.m. to 2:30 p.m. (in some communities 1:30 p.m.) NOT the student's appointment times at the Resource Center.

Going to and From School Safely

Everyday, millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Audeo Charter School III students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Audeo Charter School III students and parents to help prepare all Audeo Charter School III students for a safer journey.

1. Every Audeo Charter School III student will have a set schedule for arrival and departure from the resource center. When a student fails to arrive for his appointment, and has not notified the school or the absence, his or her teacher will call home to ensure the student is safe.
2. Every student, parent, and guest are required to sign-in and out each time he/she arrives and departs the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.
3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.
4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.
5. Parents will be encouraged to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

Formatted: Left

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.
7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.
8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.
9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.
10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.
11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.
12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

All Audeo Charter School III staff and students shall review RC evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted at the RC. If there is a need for evacuation from the RC, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted RC evacuation plan
- Designated staff take along emergency release binder, class sign-in sheets, emergency materials specified in disaster preparedness plan
- Using class sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, the School Coordinator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Audeo Charter School III is and will remain a safe place for students and adults.

Audeo Charter School III staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Formatted: Left

Discipline Procedures

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at Audeo Charter School III.

SEVERE CLAUSE BYPASSES

A majority of students at Audeo Charter School III will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Attendance

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Child Abuse Reporting Procedures

All Audeo Charter School III certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Audeo Charter School III employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the School Coordinator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911.

Instructions for filing a Suspected Child Abuse Report

1. Call the **Child Abuse Hotline first (1-800-344-6000)** to make a **verbal report** to the agency immediately or as soon as is practicably possible by telephone. Please be sure to get the name of the hotline worker. Within 36 hours after providing verbal report, follow up with a **written or faxed report**.
2. The correct form for either the written or fax report is **DOJ SS8572**. This form may be downloaded from the California Attorney General's Web site at www.ag.ca.gov/childabuse/pdf/ss_8572.pdf or obtain a copy from the School Nurse or School Coordinator.
3. Please complete every space on the SS8572 form. If you do not know certain requested information, write unknown.

Formatted: Left

4. Please type or print legibly in black ink to avoid a time-consuming callback.

5. "Narrative" -Please give detailed information. If you have additional information beyond what you have given by phone, please indicate this on the written report. If necessary, please continue your narrative on an additional sheet of paper, identifying the minor and indicating it is page 2 of the referral.

DISTRIBUTION OF FAX SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

Note: the fax machines are only available from 8:00 a.m. until 5:00 p.m., Monday through Friday.

1. Fax form to Child Abuse Hotline (858) 467-0412
2. Send the original to School Coordinator to place in a confidential locked file.

OR

DISTRIBUTION OF WRITTEN SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

1. Original to Child Abuse Hotline, 6950 Levant St., San Diego, CA 92111
2. Send a copy to the School Coordinator to place in a confidential locked file.

NOTE: *Suspected Child Abuse Reports are never placed in the student's cumulative record or documented in the student's health record.*

I. REPORTING RESPONSIBILITIES

- No child care custodian or health practitioner reporting a suspected instance of child abuse in good faith shall be civilly or criminally liable for any report required or authorized by this article (California Penal Code Article 2.5). Any other person reporting an instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made, and the person knew or should have known that the report was false.

- Any child care custodian, health practitioner, or employee of the child protective agency (CPS) who has knowledge of or has observed a child in his or her professional capacity or within the scope of his other employment whom he or she reasonably suspects has been the victim of child abuse shall report such suspected instance of child abuse to a child protective agency

Emergency Notification Information

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The primary or alternate Incident Commander should notify the Police. Once notified, the Police will begin dispatching public safety services to assist the Incident Commander, pursuant to their procedures.

The very next action to occur is the need to alert or warn school staff. Methods for notifying staff include: Telephone – Landline and/or cellular, Radio, Runners – staff and/or students, or Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this RC.

The police will conduct an initial assessment based on available information. The police will advise the Incident Commander of the recommended actions to be taken.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information

Emergency Disaster Kit

This resource center maintains one kit. The kit(s) are located: Janitorial Closet

The Emergency Disaster Kit stores necessary resources for an RC incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the RC to a Public Safety Incident Command Post. School personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
 - Bull Horn – recommend a minimum of one
 - Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie- talkies)
 - Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately.
 - Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
 - Duct Tape – recommend a minimum of two rolls used for marking blank vests.
 - Rosters - recommend a minimum of one set per room sorted by alphabet
 - Steno Pads (5x7) – recommend one per Incident Command Team member (17)
 - Pencils & Pens - recommend one each per Incident Command Team member (34)
 - Copies of Forms
 - Chalk - recommend twenty-five sticks, red in color
 - 3x5 Cards – recommend one hundred
 - Department or Placards
 - First Aid & Medical Team Supplies
 - Search and Rescue Team Supplies
 - Vests for Key Personnel – recommend a total of 17 for Incident Command Team members
- All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the RC. The responsibility to delegate the transport the Emergency Disaster Kit to an activated RC Command Post belongs to the following individuals:

Primary: Incident Commander

Alternate: Operations Chief

Formatted: Left

Crisis Response Boxes

This resource center maintains 1 Crisis Response Box.

The Crisis Response Boxes are located: Janitorial Closet and each Safety Team Member

The Crisis Response Boxes are file folder-type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established). The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include RC evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, resource center numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of resource center layout. Map must show **all** buildings, RC numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the RC, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the RC's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent year book.
- ☑ Telephone numbers listed in numerical order for each RC/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The responsibility to inspect and replace information belongs to the RC.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Emergency Quick Reference Guide

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. Each resource center and office has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually.

Emergency Operations Overview

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "...all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain at the school to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to a Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teacher will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety team is responsible for annual plan review. The Emergency Plan will be maintained on a secured intranet with "read only" access to the Incident Command Team and revision access to the School Safety Team.

Formatted: Left

Training & Exercises

Training is a key component to ensure successful emergency operations. The adage “people will do what they have been trained to do” is consistently proven in actual emergencies. Exercises allow “people” to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual training for all staff on the basic emergency procedures of this plan. All new staff assigned to the RC will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the School Safety Team.

The Incident Commander will coordinate annual exercises for all staff as outlined in the Emergency Procedures section.

Formatted: Left

Incident Command Team Overview

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one "position". (Example: in a small incident the School Principal oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to "cluster" certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- **Incident Commander** – responsible for overseeing emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties
 - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
 - **Public Information Officer** – acts as official spokesperson for the RC in an emergency situation, until the Communications Officer is available
 - **Liaison Officer** – serves as the point-of-contact for agencies outside of the school.
- **Operations Chief** – manages direct response to the RC emergency
 - **Resource Center Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
 - **Search & Rescue Leader and Team** – checks RC for damage, rescues victims, and reports RC conditions

Formatted: Left

- **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
- **Student/Parent Reunification**
 - **Assembly Area** – ensures the care and safety of all students at the RC (except those in the Medical Treatment Area)
 - **Request Gate** – processes requests by parents or authorized adults for release of students
 - **Release Gate** – releases student to parent or authorized adult
- **Planning & Intelligence Chief** – in charge of collection, evaluation and documentation of information about the incident
 - **Documentation** – collects, evaluates, and documents event
 - **Situation Analysis** – assesses the overall incident
- **Logistics Chief** – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
 - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- **Finance & Administration Chief** – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

It's important that the Incident Command Team refer to both the School Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE EMERGENCY PROCEDURES

RESOURCE CENTER EVACUATION PROCEDURE

Notification

The Incident Commander is responsible to notify the Incident Command Team when an evacuation is necessary.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by announcement, telephone or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each resource center has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation location. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: Incident Commander

Alternate: Operations Chief

Formatted: Left

Evacuation Locations

In the event that the situation requires a further distance be placed between individuals and the facility, the Incident Commander will direct individuals to proceed to the designated meeting area.

Escondido: 200 (272) E Via Rancho Parkway, Space 143 Escondido, CA 92025
Cross Street: Bear Valley Parkway South and Beethoven Dr. (beside JC Penney)
Meeting Area: Parking Lot Outside Rear Door then to JC Penney Parking Lot

Persons with Disabilities

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. The Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this RC:

Primary: Incident Commander

Alternate: Operations Chief

Return to Resource Center

The Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the resource center.

Emergency Lockdown Procedures

If an emergency situation near an Audeo Charter School III RC endangers student or staff safety,

Lockdown the Resource Center.

FIRST: Follow the below lockdown procedures and notify a Safety Committee Member immediately.

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **“this is a lockdown”** alerting staff and students in a calm manner.
2. All students and staff remain in their RC or offices.
3. All RC doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate “STAY” function on ADT/Protection One Security Alarm Panel.
6. Safety Ambassador or designee will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in RC/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Audeo Charter School III Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee.

ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.

11. *No one is permitted to leave and no one, including a parent, is allowed in the RC.*
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.
15. Resource Center staff should defer media statements to the Communications Department.

Only a member of the Audeo Charter School III Safety Committee may lift a lock down.

Persons who may activate a RC lockdown:

- Any member of a school staff or community safety support (Police, Fire, Mall Management, etc.) may declare a lockdown.

Conditions in which to activate a school-wide or RC specific lockdown may include, but not limited to:

Formatted: Left

- Authorities inform the school or RC of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a RC.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Should a lockdown occur, parents should be aware of the following:

- Remain calm as school and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. School staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the RC or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular locations may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the RC.

Following Lockdown:

- The Safety Ambassador for the RC will fill out and submit to Angela Neri within 24 hours:
 - Lockdown Incident Report Form
 - Emergency Sign-In Report
 - Emergency Student Sign Out Report
- The Safety Committee will convene within 72 hours to debrief
- The Safety Ambassador Coordinator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Following a lockdown or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

In the event the School Coordinator determines students are to be released from school, or that notification of parents/guardians is warranted, he/she will first notify the Director of Operations and Technology. A collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school's student database.

Reunification

Reunification will generally occur from the location pre-identified as the meeting evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use school attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Formatted: Left

Earthquake Procedure

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise School Coordinator of the situation. Contact the Director of Operations and Technology at (619) 778-3491.

Formatted: Left

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Formatted: Left

Fire Procedure

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Notify your School Coordinator. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department (“9-1-1”) or notify Director of Operations and Technology by calling 619-778-3491. The Director of Operations and Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations and Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

Safety Supplies

The following checklist will help you identify the items that you will review each time you perform a drill. If your kit needs replenishment, please identify the item(s) below.

First Aid Kit

- Twenty Gauze pads, non-sterile (3 x 3 or 4 x 4)
- Four Roller Gauze, 4" wide, to secure gauze pads over wounds
- Two Adhesive tape, 1" wide, to secure gauze pads or bandages over wound
- Fifty Band-Aids, Regular size, 1" x 3", to cover minor wounds
- Twenty Band-Aids, small, to cover minor wounds (finger)
- Ten Band-Aids, large, to cover large wounds
- Five Pairs Latex-free gloves, Medium
- Two Cold compress
- Twenty Cotton Tip Applicators
- Two Triangular Bandage
- Four Thermometers-disposable
- One CPR Mask
- Written instructions for first aid kit use

Field Trip First Aid Kit

- Ten Sterile gauze pads, 2"x2"
- Two Gauze roller, 4"
- Four Gauze roller, 2"
- Fifteen Band-Aids, Regular size, 1"x3"
- Five Band-Aids, large
- Two Triangular bandage
- One Adhesive tape, 1"
- One Hand sanitizer, 2oz bottle
- One First Aid Antiseptic, 2oz bottle
- One CPR Mask
- Written instructions for first aid kit use

Blood Bourne Pathogen Kit (BBPKit)

- Wastebasket for supplies storage
- Marked spray bottle to create disinfectant solution
- Dishwashing Soap
- Sponge
- Gloves
- Zip lock baggies
- Roll of paper towels
- Brush and dust pan
- Wastebasket size plastic liners
- Kitty litter
- Disposable plastic aprons
- Written instructions for the use of the BBP kit and materials
- 1 pair Goggles
- 2 pairs Shoe Covers

Backpack Survival Kit

- Emergency Preparedness Binder (contains
- Safety Plan and other documents) Transistor AM/FM radio
- Wired Phone
- Safety glow sticks - 2
- Candles - 2
- Emergency Blanket
- Waterproof Matches
- Whistle (located on the end of the "Life Gear" glow stick)
- Flashlights
- Duct Tape
- Pad of Paper Marker

Science Cart First Aid Kit

- One Absorbent Compress
- Ten Antibiotic Cream
- Ten Antiseptic Towelettes
- Ten Burn Cream
- Five Fabric fingertip bandages
- Four Fabric Knuckle Bandages
- One First Aid Tape
- One Forceps 4"
- Four Gauze pads 3x3
- One Gauze roll, 2" x 6 yd
- One Instant Ice Pack 5x7"
- 2 large Nitrile Gloves
- Sixteen Plastic Bandages 1x3"
- One Scissors 4"
- One Sting Wipes 1 x2"
- One Triangular Bandage 40x40x56"
- First Aid Facts Guide

COVID Caddy

- One Disinfectant wipes
- Two Disinfectant spray
- Paper towels
- One box of Masks
- One box of Gloves
- One Thermometer with Batteries
- Hand sanitizer

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

- A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the “Run, Hide, Fight” model.
- B. Armed assailant drills have both benefits and concerns associated with their implementation.
 - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
 - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
 - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

- A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.
- B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.
- C. Schools should keep simulation techniques appropriate to the participants’ developmental maturity.
 - Inform participants of the use and purpose of props and simulation aids prior to the drill.
 - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.
- D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

- A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.
- B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.
- C. School-employed mental health professionals should be involved in every stage of preparation.
 - Prior to the drill, staff should be trained to recognize common trauma reactions.
 - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
 - After completion, staff and students should have access to mental health support, if needed.
- D. Participation should never be mandatory, and parental consent should be required for all students.
- E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.
5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals;

Formatted: Left

and establishes a timeline.

6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

INTRODUCTION

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities

Formatted: Left

should be based upon a risk assessment of the crisis events a given school is most likely to confront.

Formatted: Left

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the “Run, Hide, Fight” model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological

Formatted: Left

makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options-based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the school campus (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Formatted: Left

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of

Formatted: Left

Education, 2006a). **Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.**

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

Formatted: Left

C. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Impact of Adult Behavior on Children’s Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in

Formatted: Left

the day to allow for debriefing participants afterward and assessing any adverse reaction.

Formatted: Left

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school-employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
 - Identifies a lead person to coordinate school safety efforts, including drills;
 - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
 - Takes a lead in identifying the most appropriate preparedness activities for the school;
 - Provides ongoing professional development and training as needed; and
 - Ensures that the school’s policies are in compliance with state laws and school board policies.
2. Conduct an assessment of the school community to:
 - Identify the types of crisis events most likely to occur,
 - Determine the current school culture and climate,
 - Map existing resources and capacities of school personnel or school safety teams, and
 - Identify any related policies that should be considered in the planning of drills.
3. Implement a cost–benefit analysis that:
 - Considers financial costs in relation to the likelihood of a particular crisis;

Formatted: Left

- Identifies what resources, activities, or preparedness training must be replaced or postponed to engage in active shooter or other armed assailant drills;
 - Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
 - Considers the current knowledge and identified needs of the staff; and
 - Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.
4. Tailor drills to the context of the school environment, taking into consideration:
- The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
 - Age, cognitive, and developmental levels of awareness of students;
 - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
 - The capacity, comfort level, and trust among staff;
 - Administrative support;
 - Optimal timing, including time of year, day of the week, and time of the day;
 - Relationships with external partners, law enforcement, and other first responders; and
 - The layout of the school building and campus.
5. Create a plan of progression that:
- Considers whether any previous activities have been conducted in the school;
 - Starts with simple, low-cost, discussion-based exercises;
 - Considers all available types of drills;
 - Identifies specific objectives and goals for the drills; and
 - Identifies a timeline and metrics to help determine whether more complex exercises are needed.
6. Prepare for logistics of the drill to ensure that:
- Previous traumatic experiences of those involved are considered;
 - School staff learn to recognize stressful reactions to drills;
 - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
 - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
 - Adequate follow up is available for students or staff with questions; and
 - Appropriate methods to evaluate outcomes are implemented.
7. Develop a communications plan that:
- Informs members of the school community of planned drills and what will be entailed;
 - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
 - Provides opt-out options for staff and students; and
 - Encourages feedback and evaluation by participants after the fact.
8. Establish a long-term follow up plan to support sustainability that considers:
- What additional training is required;
 - How the drill integrates with other school safety and crisis prevention efforts;
 - How current and previous training and knowledge can be maintained and built upon; and
 - When follow-up should be conducted and how often.

Formatted: Left

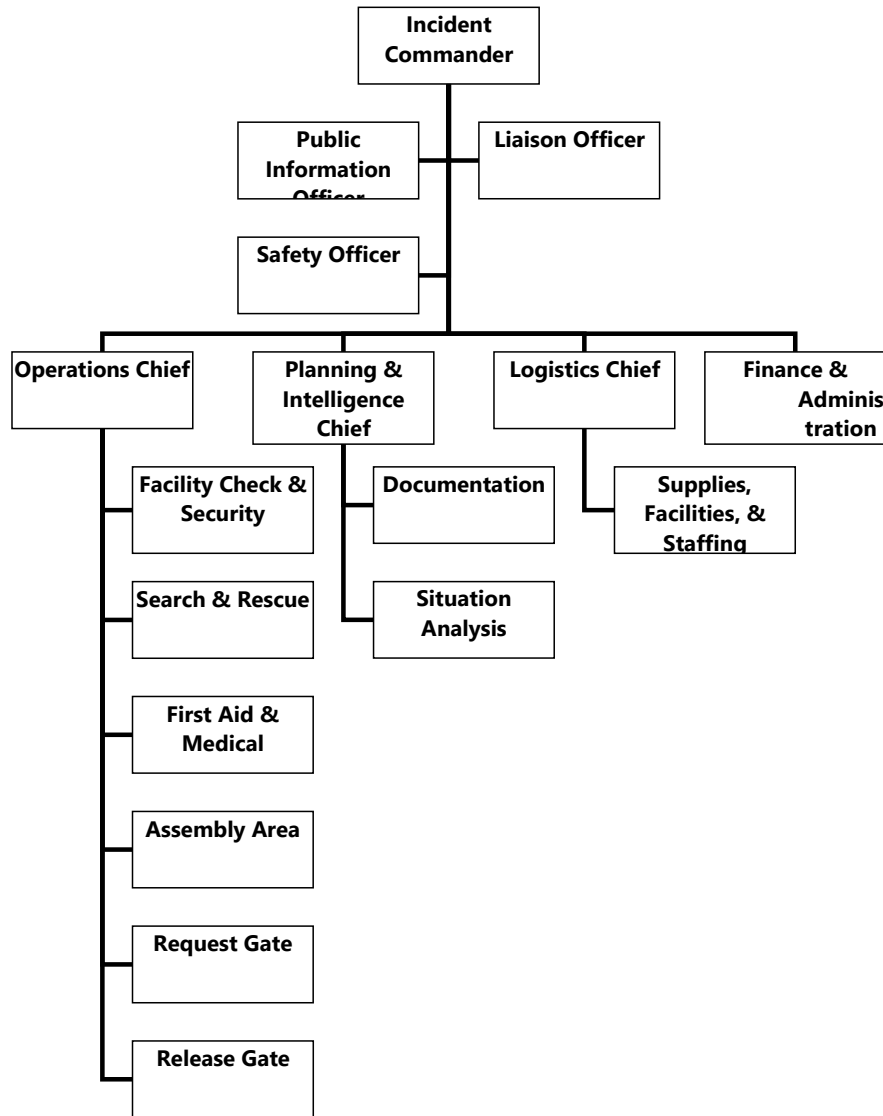

CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

Position Activation Information

Equipment

Every position on the Incident Command Team will require the following equipment:

1. Identification vest
2. Two-way campus radio
3. Paper and pens/pencils
4. Job description clipboard

Position-Specific Equipment

Certain positions require special equipment or forms. Such specific needs are identified on the individual position checklists.

Position Activation

1. Once notified of your assignment, put on your vest.
2. Check in with the Incident Commander at the Incident Command Post for a situation briefing.
3. Check in with your Chief for details and updates associated with your position.
4. Obtain necessary equipment and supplies.
5. Open and maintain a Position Log. Maintain all required records and documentation to support the history of the emergency or disaster. Document:
 - a. Messages received
 - b. Actions taken
 - c. Decision justifications and documentation
 - d. Requests filled
 - e. Document missing staff

Position Deactivation

1. At the direction of the Incident Commander, deactivate your position and close out all logs. Provide logs, timekeeping records, and other relevant documents to the Documentation Unit.
2. Return equipment and reusable supplies to Logistics.

Section: Command

Position: Incident Commander

Responsibility: The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others.

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- Crisis Response Boxes
- Emergency Disaster Kit
- Master keys
- Position-Specific forms
- AM/FM radio (battery)
- Command Post Tray (pens, etc.)
- Emergency Plan
- Tables & chairs (if Command Post is outdoors)
- Job Description Clipboards
- Bull horn
- Staff rosters (2 sets)
- Copies of Forms

Start-Up:

- Assess type and scope of emergency.
- Determine threat to human life and structures.
- Implement Emergency Plan and Emergency Procedures.
- Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- Activate functions (assign positions) as needed.
- Fill in Incident Command Team Assignment Form as positions are staffed.
- Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- Continue to monitor and assess total school situation:
- View location map periodically for Search & Rescue progress and damage assessment information.
- Check with chiefs for periodic updates.
- Reassign personnel as needed.
- Develop and communicate revised incident action plans as needed.

- Authorize release of information.
- Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- Release staff as appropriate. By law, during a disaster, the staff will become "Disaster Service Workers."
- Remain on and in charge of your RC until the incident has been resolved.

After:

- Authorize deactivation of sections or units when they are no longer required.
- Deactivate the entire emergency response.
- Ensure that any open actions not yet completed will be taken care of after deactivation.
- Ensure the return of all equipment and reusable supplies to Logistics.
- Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.
- Proclaim termination of the emergency and proceed with recovery operations if necessary.

Section: Command**Position: Safety Officer**

Reports To: Incident Commander

Staffing

Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Special Equipment:

- Hard hat (if available)

During Event:

- Monitor drills, exercises, and emergency response activities for safety.
- Identify and mitigate safety hazards and situations.
- Stop or modify all unsafe operations.
- Ensure that responders use appropriate safety equipment.
- Think ahead and anticipate situations and problems before they occur.
- Anticipate situation changes, such as severe aftershocks, in all planning.
- Keep the Incident Commander advised of your status and activity and on any problem areas that now need or will require solutions.

Section: Command**Position: Public Information Officer****Reports To:** Incident Commander**Staffing****Characteristics:** **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.****Responsibility:** Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the school ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the school in an emergency situation.

Special Equipment:

- Battery operated AM/FM radio
- Marking pens
- Scotch tape/masking tape
- Forms:
 - Public Information Release Worksheet
 - School Accountability Report Card
- Scissors
- School map(s) and area map(s):
 - 8-1/2 x 11 handouts
 - Laminated display
- Tape recorder and tapes

Start-Up Activities:

- Determine a possible “news center” location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- Identify yourself as the “Public Information Officer” (vest, visor, sign, etc.)
- Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- Advise arriving media that the school is preparing a press release and approximate time of its issue.
- Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- Keep up-to-date on the situation.
- Statements must be approved by the Incident Commander and should reflect:
 - Reassurance — EGBOK — “Everything’s Going to Be OK.”
 - Incident or disaster cause and time of origin.
 - Size and scope of the incident.
 - Current situation — condition of school, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
 - Resources in use.
 - Best routes to school if known and appropriate.
 - Any information school wishes to be released to the public.
 - **Read** statements if possible.
- When answering questions, be complete and truthful, always considering confidentiality & emotional impact. Avoid speculation, bluffing, lying, talking “off the record,” arguing, etc. Avoid use of the phrase “no comment.”
- Remind school/staff volunteers to refer all questions from media or waiting parents to the PIO.**
- Update information periodically with Incident Commander.
- Ensure announcements and other information is translated into other languages as needed.
- Monitor news broadcasts about incident. Correct any misinformation heard.

Section: Command**Position: Liaison Officer**

Reports to: Incident Commander

Staffing

Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Liaison Officer serves as the point-of-contact for Agency Representatives from assisting organizations and agencies outside the school and assists in coordinating the efforts of these outside agencies by ensuring the proper flow of information.

During Event:

- Brief Agency Representatives on current situation, priorities and incident action plan.
- Ensure coordination of efforts by keeping Incident Commander informed of agencies' action plans.
- Provide periodic update briefings to Agency Representatives, as necessary.

Section: Operations**Position: Operations Chief****Reports to:** **Incident Commander****Staffing****Characteristics:** The Operations Chief should be a staff member familiar with the school and be trained in response skills.**Responsibility:** The Operations Chief manages the direct response to the disaster, which can include Facility Check & Security Unit, Search & Rescue Unit, and First Aid & Medical Unit.**Special Equipment:**

- Search & Rescue equipment
- Maps: See Crisis Response Box

During Event:

- Assume the duties of all operations positions until staff is available and assigned.
- As staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- If additional supplies or staff is needed for the Operations Section, notify Logistics. When additional staff arrives, brief them on the situation, and assign them as needed.
- Coordinate Search & Rescue operations. Appoint Search & Rescue Team Leader to direct their operations, if necessary.
- As information is received from operations staff, pass it on to Situation Analysis and/or the Incident Commander.
- Inform the Incident Commander regarding tasks and priorities.
- Make sure that Operations staff is following standard procedures, utilizing appropriate safety gear, and documenting their activities.
- Schedule breaks and reassign Operations staff within the section as needed.

Section: Operations**Position: Facility Check & Security****Reports to:** Operations Chief**Staffing****Characteristics:** Building Safety Supervisor or others familiar with the school's facilities.**Responsibility:** Controls utilities, restricts access to unsafe areas and communicates damage to the Incident Commander. Also assists with traffic control for public safety vehicles, parent pick-up and the media.**Special Equipment:**

- Hard hat
- Work gloves
- Whistle
- Master keys
- Bucket or duffel bag with goggles
- Flashlight

Start Up Activities:

- Check condition and take along appropriate tools.

During Event:

- As you do the following, observe the campus and report any damage to the Command Post.*
- Lock or open gates and major external doors appropriate for the situation.
- Locate/control/extinguish small fires as necessary.
- Check gas meter and, **if gas is leaking**, shut down gas supply.
- Shut down electricity only if building has clear structural damage or advised to do so by Command Post.
- Post yellow caution tape around damaged or hazardous areas.
- Verify that campus is "locked down" and report same to Incident Command Post.
- Advise Incident Command Post of all actions taken for information and proper logging.
- Be sure that the entire campus has been checked for safety hazards and damage.

- No damage should be repaired prior to full documentation, such as photographs and video evidence, unless the repairs are essential to immediate life-safety.
- Direct traffic of vehicles of parents, public safety, and media as appropriate.

Section: Operations**Position: Search & Rescue Team Leader****Reports to:** Operations Chief**Staffing****Characteristics:** Trained in Search & Rescue**Responsibility:** Check for damage, rescues victims, establishes and directs Search & Rescue Teams as needed, reports situation to the Operations Chief.**Special Equipment:**

- Search & Rescue Team Member Backpack

Start-Up Activities:

- You must be wearing sturdy shoes and long sleeves.**
- Put batteries in flashlight.
- First to arrive assumes role of Team Leader and obtains a briefing from the Operations Chief, noting known fires, injuries, or other situations requiring response.
- Teams should be assigned based on available manpower.**

During Event:

- Buddy system: Minimum of 2 persons per team.**
 - Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first.
 - **Follow all operational and safety procedures.**
- Report gas leaks, fires, or structural damage to Command Post immediately upon discovery. Shut off gas or extinguish fires, if possible.
- Before entering a building, inspect complete exterior of building. Report structural damage to team leader. Use yellow caution tape to barricade hazardous areas. **Do not enter severely damaged buildings.**
- If building is safe to enter, search assigned area (following map) using orderly pattern. Check all rooms. Use chalk or grease pencil to mark slash on door when entering room. Check under desks and tables. Search visually and vocally. Listen.
- When injured victim is located, team transmits location, number, and condition of injured to Command Post. Do not use names of students or staff. Follow directions from Command Post.

Section: Operations**Position: Search & Rescue Team****Reports to:** Search & Rescue Team Leader**Staffing****Characteristics:** Trained in Search & Rescue**Responsibility:** Check the RC for damage, rescues victims, reports situation to the Search & Rescue Team Leader.**Special Equipment:**

Section: Operations

First Aid & Medical Team Leader

Reports to: **Operations Chief**

Staffing

Characteristics: Trained as a leader in providing emergency medical and psychological aid (i.e. School Nurse).

Responsibility: Leader to team providing emergency medical response, first aid, and psychological, or CISM counseling.

Special Equipment:

- Marking pens
- First Aid Supplies: Stretchers, Blankets, Vests (if available), Quick reference medical guides
- Tables & chairs
- Ground cover/tarps
- Forms: Notice of First Aid Care Given Form
- Medical Treatment Victim Log
- Morgue supplies:
 - Tags
 - Vicks Vapor Rub
 - Pens/Pencils
 - Plastic tarps
 - Plastic trash bags
 - Stapler
 - Duct tape
 - 2" cloth tape

Start-Up Activities:

- Establish scope of disaster with the Incident Commander and determine probability of outside emergency medical support and transport needs.
- Request assistance from the Crisis Response Team for psychological staff and student needs
- Make personnel assignments. If possible, assign a minimum of two people to Triage, two to Immediate, two to Delayed, and two to Psychological.
- Set up First Aid & Medical Treatment Area in a safe place, away from students and parents, with access to emergency vehicles. Obtain equipment/supplies from the container.

- Assess available inventory of supplies & equipment.
- Review safety procedures and assignments with personnel.
- Establish point of entry (“triage”) into treatment area.
- Establish “immediate” and “delayed” treatment areas.
- Set up a separate Psychological First Aid area with staff trained in CISM from the Crisis Response Team.
- Establish the need for a temporary morgue. If a morgue is needed, establish an appropriate location in consideration of the following:
- If directed, set up morgue area. Verify:
 - Tile, concrete, or other cool floor surface
 - Accessible to Coroner’s vehicle
 - Remote from assembly area
 - Security: keep unauthorized persons out of morgue.
 - Maintain respectful attitude.

During Event:

- Oversee care, treatment, and assessment of patients
- Ensure caregiver and rescuer safety
 - Latex gloves for protection from body fluids; replace with new gloves for each new patient.
- Make sure that accurate records are kept.
- Provide personnel response for injuries in remote locations or request Logistics for staffing assistance.
- If needed, request additional personnel from Logistics.
- Brief newly assigned personnel.
- Report deaths immediately to Operations Chief.
 - **After pronouncement or determination of death:**
 - **Do not** move the body until directed by Command Post.
 - **Do not** remove any personal effects from the body. Personal effects must remain with the body **at all times**.
 - As soon as possible, **notify Operations Chief**, who will notify the Command Post, who will attempt to notify law enforcement authorities of the location and, if known, the identity of the body. The law enforcement authorities will notify the Coroner.
 - Keep accurate records and make available to law enforcement and/or the Coroner when requested.
 - Write the following information on two tags:
 - Date and time found.
 - Exact location where found.
 - Name of decedent, if known.
 - If identified—how, when, by whom.
 - Name of person filling out tag.
 - Attach one tag to body.

- If the Coroner's Office will not be able to pick up the body soon, place body in plastic bag(s) and tape securely to prevent unwrapping. Securely attach the second tag to the outside of the bag. Move body to morgue.
- Place any additional personal belongings found in a separate container and label as above. Do not attach to the body—store separately near the body.
- Keep Operations Chief informed of overall status.
- Set up morgue, if necessary, in cool, isolated, secure area; follow guidelines.
- Stay alert for communicable diseases and isolate appropriately.

After:

- Conduct a Critical Incident Stress Debriefing for staff.

Section: Operations**Position: First Aid & Medical Team****Reports to:** First Aid & Medical Team Leader**Staffing****Characteristics:** Trained in first aid and CISM**Responsibility:** Works with a buddy to administer first-aid and arrange for transport of victims as necessary.**Special Equipment:**

- First-aid supplies
- Marking pens
- Stretchers, blankets, vests (if available)
- Quick reference medical guides
- Tables, chairs, ground cover/tarps, medication from health office
- Forms: Notice of First Aid Care Given Form, First Aid & Medical Treatment Victim Log
- Start-Up Activities:**
- Obtain & wear personal safety equipment including latex gloves.
- Use approved safety equipment and techniques.
- Check with First Aid & Medical Team Leader for assignment.

During Event:

- Administer appropriate first aid.
- Keep accurate records of care given.**
- Continue to assess victims at regular intervals.
- Report deaths immediately to First Aid & Medical Team Leader.
- If & when transport is available, do final assessment and document on triage tag. Keep and file records for reference—**do not send with victim.**
- Student's Emergency Card must accompany student removed from campus to receive advanced medical attention. Send emergency out-of-area phone number if available.

Triage Entry Area:

- Staffed with minimum of 2 trained team members, if possible.
- One member confirms triage tag category (red, yellow, green) and directs to proper treatment area. Should take 30 seconds to assess — no treatment takes place here. Assess, if not tagged.
- Second team member logs victims' names on form and sends forms to Incident Command Post as completed.

Treatment Areas (“Immediate” & “Delayed”)

- Staff with minimum of 2 team members per area, if possible.
- One member completes secondary head-to-toe assessment.
- Second member records information on triage tag and treatment records.
- Follow categories: Immediate, Delayed, Dead

After:

- Clean up First Aid & Medical Treatment Area. Dispose of hazardous waste safely.
- Assist in the Critical Incident Stress Debriefing for the staff

Section: Operations**Position: Assembly Area****Reports to:** Operations Chief**Staffing****Characteristic:** Trained in managing large groups of students**Responsibility:** Ensure the care and safety of all students (except those who are in the First Aid & Medical Treatment Area).**Special Equipment:**

- Ground cover and tarps
- First aid kit, water, food, sanitation supplies
- Student activities: books, games, coloring books, etc.
- Forms:
 - o Student Accounting Form
 - o Notice of First Aid Care Given Form

Start-Up Activities:

- Request additional personnel, if needed.
- If school is evacuating:
 - Verify that the assembly area and routes to it are safe.
 - Count or observe the students as they exit, to make sure that all students evacuate.
 - Initiate the set-up of portable toilet facilities and hand-washing stations.

During Event:

- Monitor the safety and well-being of the students and staff in the Assembly Area.
- Administer minor first aid as needed.
- Support the Release Gate Unit process by releasing students with appropriate paperwork.
- When necessary, provide water and food to students and staff.
- Make arrangements for portable toilets if necessary, ensuring that students and staff wash their hands thoroughly to prevent disease.
- Make arrangements to provide shelter for students and staff.
- Arrange activities and keep students reassured.
- Update records of the number of students and staff in the assembly area (or in the buildings).
- Direct all requests for information to the Public Information Officer.

Section: Operations**Position: Request Gate****Reports to:** **Operations Chief****Staffing****Characteristics:** School staff or volunteers**Responsibility:** Assure proper processing of reunification requests at the Request Gate. Also, process requests from volunteers.**Special Equipment:**

- Stapler
- Box(es) of Emergency Cards
- Signs: Parent Request Gate
- Empty file boxes to use as out boxes
- Forms:
 - Student Release Form
 - Volunteer Assignment List

Start-Up Activities:

- Secure area against unauthorized access. Mark gate with sign.
- Set up Request Gate at the main student access gate. Use alphabetical grouping signs to organize parent requests.
- Have Student Release Forms available for parents or guardians outside of fence at Request Gate. Assign volunteers to assist.
- Ensure an adequate distance between the Request Gate and the Release Gate.

During Event:

- Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.
- Refer all requests for information to the Public Information Officer. Do not spread rumors!**
- If volunteers arrive to help, send those with Disaster Volunteer badges with photo ID to the Supply, Facilities, and Staffing Unit. If they are not registered (do not have badges), register them at the Request Gate.

Reunification Procedures:

- Requesting parent or guardian fills out Student Release Form, gives it to staff member, and shows identification.

- Staff verifies identification, pulls Emergency Card from file, and verifies that the requester is listed on the card.
- Staff instructs the requester to proceed to the Release Gate.
- If there are two copies of the Emergency Cards (one at each gate), staff files the Emergency Card in the out box. If there is only one copy, runner takes the card with the Student Release Form, and staff files a blank card with the student's name on it in the out box.
- Runner takes form(s) to the designated resource center.

Note: If a parent or guardian refuses to wait in line, don't argue. Note time with appropriate comments on Emergency Card and place in out box.

If student is with class:

- Runner shows Student Release Form to the teacher
- Teacher marks box, "**Sent with Runner.**"
- If appropriate, teacher sends parent copy of Notice of First Aid Care Given Form with the runner.
- Runner walks student(s) to Release Gate.
- Runner hands paperwork to staff at Release Gate.

If student is not with the class:

- Teacher makes appropriate notation on Student Release Form:
- "**Absent**" if student was never in school that day.
- "**First Aid**" if student is in First Aid & Medical Treatment Area.
- "**Missing**" if student was in school but now cannot be located.
- Runner takes Student Release Form to the Command Post.
- Command Post verifies student location if known and directs runner accordingly.
- If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to the Command Post for verification.**

Section: Operations**Position: Release Gate****Reports to:** Operations Chief**Staffing****Characteristics:** School staff or volunteers**Responsibility:** Assure proper reunification of student with parent or guardian at the Release Gate.**Special Equipment:**

- Stapler
- Signs: Parent Release Gate
- Empty file boxes to use for processed Student Release Forms

Start-Up Activities:

- Secure area against unauthorized access. Mark gate with sign.
- Set up Release Gate away from the Request Gate.
- Assign volunteers to assist, as needed.

During Event:

- Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.
- Refer all requests for information to the Public Information Officer. Do not spread rumors!**

If student is with class:

- Runner shows Student Release Form to the teacher
- Teacher marks box, "**Sent with Runner.**"
- If appropriate, teacher sends parent copy of Notice of First Aid Care Given Form with the runner.
- Runner walks student(s) to Release Gate.
- Runner hands paperwork to staff at Release Gate.
- Release staff match student to requester, verify proof of identification, ask requester to fill out and sign the lower portion of Student Release Form, and release student. Parents are given the Notice of First Aid Care Given Form, if applicable.

If student is not with the class:

- Teacher makes appropriate notation on Student Release Form:
- "**Absent**" if student was never in school that day.
- "**First Aid**" if student is in First Aid & Medical Treatment Area.

- "Missing"** if student was in school but now cannot be located.
- Runner takes Student Release Form to Incident Command Post.
- Incident Command Post verifies student location if known and directs runner accordingly.
- If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to Incident Command Post for verification.
- Parent should be notified of missing student status and escorted to crisis counselor.
- If student is in first aid, parent should be escorted to First Aid & Medical Treatment Area.
- If student was marked absent, parent will be notified by staff member.

Safety Ambassador*

~~2023~~2024-20242025

The designated Ambassador is responsible for planning and implementation at the Resource Center (RC). Resource Center Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓ Number of students in RC – adhere to student scheduled hours
- ✓ Schedule CTR works hours – ensure there are two staff members when opening and closing the RC
Share information at RC meetings - Discuss safety at monthly resource center meetings
- ✓ Meet with new resource center staff within 30 days
- ✓ Reach out to the Juvenile Community Officer, Community Resources and Community Sub Police Stations
- ✓ Keep technology locked and secured

Instructional Support:

- ✓ Consistent RC rules among all staff – hats, phones, language use
- ✓ Ensure middle school students work together
- ✓ Instructional tables labeled by subject area
- ✓ Know your student needs – triggers
- ✓ Measuring threat levels
- ✓ CTR supporting the learning environment

Compliance:

- ✓ Safety Drills are mandated to be performed three (3) times per year
- ✓ Ensure safety supplies are located in designated area and replenished each time a drill is performed
- ✓ Confirm that the Emergency Radio works properly (Channel 1)
- ✓ Update Resource Center Emergency Exit Plan annually
- ✓ Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections

SECTION ONE

Executive Summary

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any location.

An "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and the Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine if the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this site. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.

It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to

be prepared. The proactive actions of individuals during an emergency may very well save another's life.

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed \$100 per incident, theft \$50, and Burglary has no dollar limit. Any rate change

to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Audeo Valley Charter School adheres to the following Law Enforcement Notification Matrix in assessing and responding to dangerous and unlawful activity.

CALL 911	CALL for Law Enforcement (911 if immediate danger - Dispatch if non-emergency)	Notification to Law Enforcement (911 if immediate danger - Dispatch if non-emergency)
<ul style="list-style-type: none"> • Bomb threat/Suspicious package • Firearm on complex • Explosive on complex • Fire • Immediate risk of harm to student(s) and/or staff • Intruder on complex • Medical emergency • Possible abduction 	<ul style="list-style-type: none"> • Assault with a dangerous weapon and/or resulting in great physical injury (EC 48902) <ul style="list-style-type: none"> ○ Loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; disfigurement • Report of sexual assault or battery (Grades 4-12) (EC 48902) <ul style="list-style-type: none"> ○ Touching an intimate part of another person, against the person's will, for the specific purpose of sexual gratification, sexual arousal, or sexual abuse • Homicidal threat (Grades 6-12) (EC 49390) <ul style="list-style-type: none"> ○ Any action that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity 	<ul style="list-style-type: none"> • Physical attack, assault or threat toward employee (EC 44014) • Possession of controlled substance (EC 48902) • Possession of other dangerous weapon (EC48902) <ul style="list-style-type: none"> ○ dirk, dagger, ice pick, knife having a blade longer than 2 1/2 inches, folding knife with a blade that locks into place, razor with an unguarded blade, taser, or stun gun, any instrument that expels a metallic projectile, such as a BB or a pellet.

Emergency Notification Information

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The Safety Coordinator will serve as the primary notification point for emergencies at this site. The primary or alternate Incident Commander will notify the Safety Ambassadors. Once notified, they will begin contacting public safety officers to assist the Incident Commander, pursuant to their policies and procedures.

The very next action to occur is the need to alert or warn site staff. Methods for notifying staff include: Telephone – Landline and/or cellular, site radio, Runners – staff and/or students, Siren System – Siren and/or bell depending upon site, Public Announcement System (PA), Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this site. Additional information is found in the School Emergency Procedure.

The Safety Coordinator will conduct an initial assessment based on available information and will advise the Incident Commander and Office of the Superintendent of the recommended actions to be taken. However, if the emergency requires immediate action, the Safety Coordinator will initiate the appropriate warnings and notifications to public safety responders without delay.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct site resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information

Emergency Disaster Kit

This site maintains one kit. The kit(s) are located: Janitorial Closet

The Emergency Disaster Kit stores necessary resources for a site incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the site to a Public Safety Incident Command Post. Site personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- ☑ Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Bull Horn – recommend a minimum of one
- ☑ Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie-talkies)
- ☑ Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately)
- ☑ Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- ☑ Rosters - recommend a minimum of one set per room sorted by alphabet
- ☑ Steno Pads (5x7) – recommend one per Incident Command Team member (17)
- ☑ Pencils & Pens - recommend one each per Incident Command Team member (34)
- ☑ Copies of Forms
- ☑ Chalk - recommend twenty-five sticks, red in color
- ☑ 3x5 Cards – recommend one hundred
- ☑ Department or Site Placards
- ☑ First Aid & Medical Team Supplies
- ☑ Search and Rescue Team Supplies
- ☑ Vests for Key Personnel – recommend a total of 17 for Incident Command Team members (Search & Rescue Team and First Aid & Medical Team requirements listed separately in Section Four)

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the site. The responsibility to delegate the transport the Emergency Disaster Kit to an activated Command Post belongs to the following individuals:

Primary: Incident Commander

Site-Specific Information: Last Updated on 5/2024

Alternate: Operations Chief

Crisis Response Boxes

This site maintains **1** Crisis Response Box.

The Crisis Response Boxes are located: Janitorial Closet and each Support Team Member

The Crisis Response Boxes are file folder- type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established. The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include site evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, site numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of site layout. Map must show **all** buildings, site numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the site, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the site's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent year book.
- ☑ Telephone numbers listed in numerical order for each site/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The Incident Commander will work with Safety Coordinator on conducting an inspection during October of each year. The responsibility to inspect and replace information belongs to the site.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: Incident Commander

Alternate: Operations Chief

Emergency Quick Reference Guide

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. The information in this guide is drawn directly from the School's Emergency Procedures. Each site and office has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually. Replacement copies are available through the Operations Department.

Emergency Operations Overview

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "...all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain in the site to carry out assigned responsibilities. Site staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to an Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teachers will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety Coordinator is responsible for annual plan review. Appropriate changes or modifications shall be forwarded by the Incident Commander to the Safety Coordinator for approval prior to any distribution. The Emergency Plan will be maintained on a secured intranet with "read only"

access to the Incident Command Team and revision access to the Incident Commander and the Safety Coordinator.

Training & Exercises

Training is a key component to ensure successful emergency operations. The adage “people will do what they have been trained to do” is consistently proven in actual emergencies. Exercises allow “people” to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual trainings for all staff on the basic emergency procedures of this plan. All new staff assigned to the site will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the Incident Commander and School Safety Coordinator.

The Incident Commander will coordinate annual exercises for all staff as outlined in the School Emergency Procedures.

Incident Command Team Overview

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one “position”. (Example: in a small incident the School Principal oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to “cluster” certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- **Incident Commander** – responsible for overseeing the site emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties
 - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible

- **Public Information Officer** – acts as official spokesperson for the site in an emergency situation, until the School’s Communications Officer is available
- **Liaison Officer** – serves as the point-of-contact for agencies outside of the School’s organization.
- **Operations Chief** – manages direct response to the site emergency
 - **Facility Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
 - **Search & Rescue Leader and Team** – checks site for damage, rescues victims, and reports site conditions
 - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
 - **Student/Parent Reunification**
 - **Assembly Area** – ensures the care and safety of all students in site (except those in the Medical Treatment Area)
 - **Request Gate** – processes requests by parents or authorized adults for release of students
 - **Release Gate** – releases student to parent or authorized adult
- **Planning & Intelligence Chief** – in charge of collection, evaluation and documentation of information about the incident
 - **Documentation** – collects, evaluates, and documents event
 - **Situation Analysis** – assesses the overall incident
- **Logistics Chief** – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
 - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- **Finance & Administration Chief** – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the

above positions depending upon the circumstances and demands of the incident and care of the students and staff.

The Emergency Operations Center (EOC) located at the Corporate Offices may be activated to support site emergency operations. In the event that the EOC is activated, the Incident Commander will establish communications and coordinate closely with the EOC.

It's important that the Incident Command Team refer to both the Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

Emergency Procedures

Evacuation Procedure

Notification

The Incident Commander is responsible to notify the Incident Command Team when an evacuation is necessary. The Safety Ambassador, in coordination with the Incident Commander is responsible for activating the evacuation notification procedures for site-level personnel. Additional information pertaining to site evacuations can be found in Emergency Procedures.

The signal for evacuation is:

short interrupted blast.

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns found in the Emergency Disaster Kit.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by telephone, radio or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each site and department has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation area. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: Incident Commander

Alternate: Operations Chief

Evacuation Locations

In the event that the situation requires a further distance be placed between individuals and the facility, the Incident Commander will direct individuals to proceed to the designated emergency meeting area.

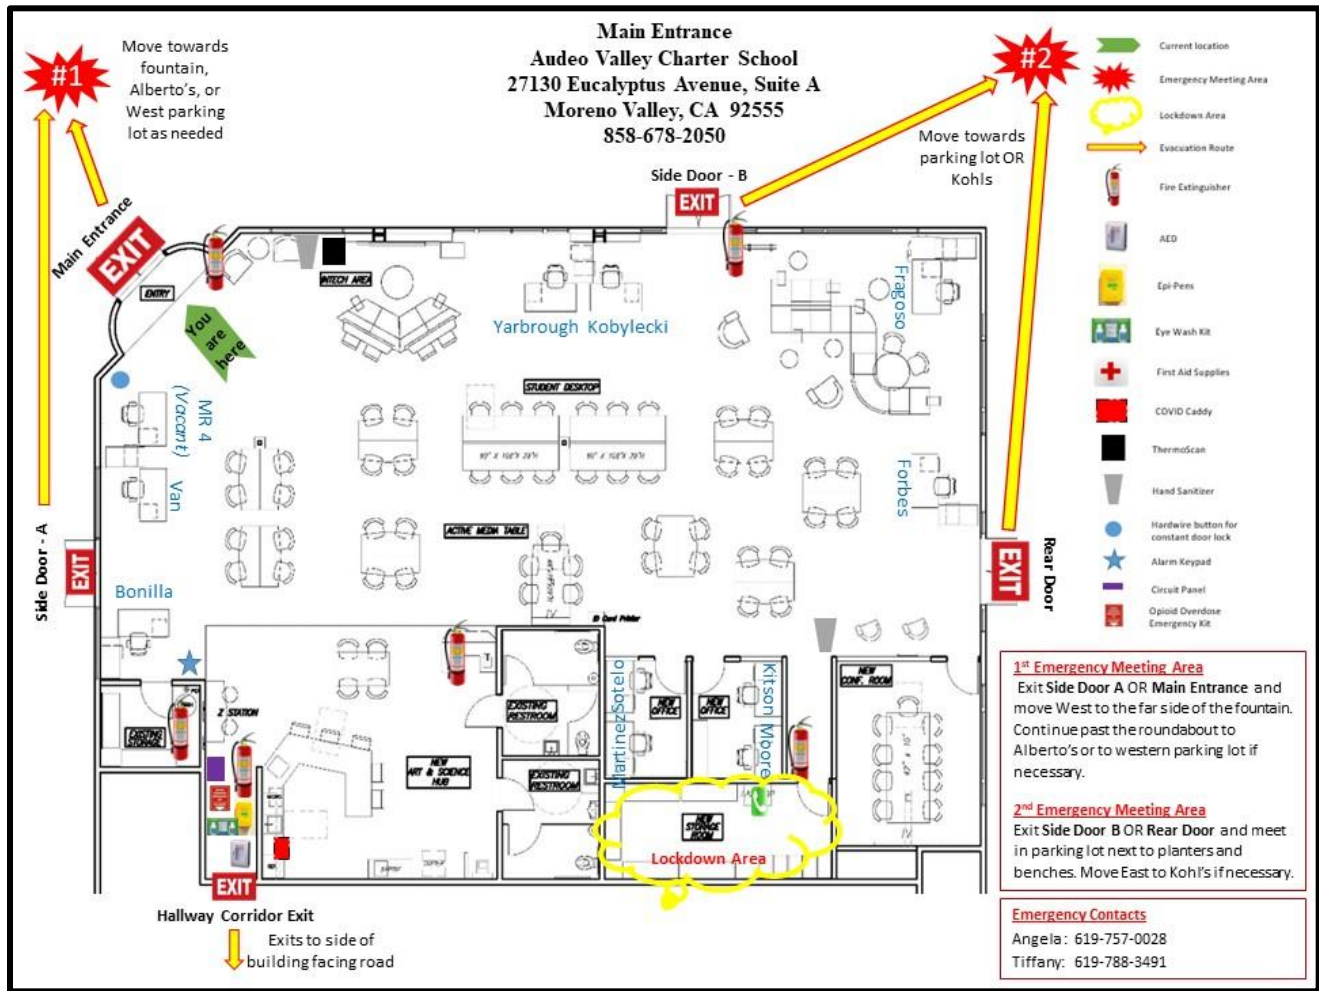

Moreno Valley: 27130 Eucalyptus Ave., Ste. A, Moreno Valley, CA 92555

Cross Street: Fir Avenue

Emergency Meeting Area: First- Exit rear door to parking lot next to planter; Second- Exit door and head to Kohl's Department Store

Moreno Valley Plan

Persons with Disabilities

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. Each Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time. Proper signage for this area is "Area of Rescue Assistance." Evacuation maps will articulate this information.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this site:

Primary: Incident Commander

Alternate: Operations Chief

Return to Facility

The Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the facility. In the event that staff or students must be released early, the Incident Commander must request approval from the Office of the Superintendent. The Safety Coordinator should be advised of this information.

**The notification for a safe return to facilities located at this is:
Communication via Emergency Radio and/or Cell Phone**

Shelter-In-Place Procedure

Shelter-In-Place generally occurs when evacuating the site is more dangerous than taking shelter inside a building. This generally occurs during natural disasters, severe weather conditions, or health hazards. The following procedure applies to this site. Additional information pertaining to Shelter-in-Place is available in Emergency Procedures.

Notification

The Incident Commander is responsible to notify the Incident Command Team when a Shelter-In-Place is necessary. The Safety Coordinator, in coordination with the Incident Commander is responsible for activating the Shelter-In-Place notification procedures for site-level personnel.

The signal for Shelter-In-Place is: 3 short beeps, 3 long beeps followed by Verbal Instructions

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns found in the Emergency Disaster Kit.

Activation & Deactivation

Quickly direct students and staff inside to the nearest room; do a verbal and visual sweep as you get everyone inside. Shut all doors and windows leading into the room, including interior doors. Doors may be opened for late arrivals if the exterior environment is safe. Take student attendance and report missing or extra students to the office by radio, telephone or e-mail. For environmental emergencies, immediately shut off the air conditioning/heating system, try to seal air vents and gaps under doors and around windows. Monitor your local radio, T.V. or e-mail for updates. Remain in Shelter-in-Place until the "All Clear" signal is sounded.

Return to Facility

The Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the facility. In the event that staff or students must be released early, the Incident Commander must request approval from the Office of the Superintendent. The Safety Coordinator should be advised of this information.

**The notification for a safe return to facilities located at this site is:
Communication via Emergency Radio and/or Cell phone**

Emergency Lockdown Procedures

***If an emergency situation near a site endangers student or staff safety,
Lockdown the Site/Building.***

FIRST: Follow the below lockdown procedures and notify an Executive Safety Committee Member immediately.

Executive Safety Committee	Office Number
School Coordinator	951-924-4964
School Nurse	951-924-4964
Operations and HR Administrator	951-924-4964

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **“this is a lockdown”** alerting staff and students in a calm manner.
2. All students and staff remain in their site or offices.
3. All site doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate “STAY” function on ADT/Protection One Security Alarm Panel.
6. Safety Lead or designee in site will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in site/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Executive Safety Committee will communicate and work directly with the Site Safety Ambassador and/or designee. **ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.**
11. No one is permitted to leave and no one, including a parent, is allowed in the site.
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.

15. Site staff should not make statements to the media.

Only a member of the Executive Safety Committee may lift a lock down.

Persons who may activate a site lockdown:

- Any member of the site staff or community safety support (Police, Fire, Mall Management etc.) may declare a lockdown.

Conditions in which to activate a school-wide or site- specific lockdown may include, but not limited to:

- Authorities inform the school or site of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a site.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Should a lockdown occur, parents should be aware of the following:

- Remain calm as site and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. Site staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the site or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular sites may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell

phone use be kept to a minimum so that emergency services have priority to assist the students and staff on the site.

Following Lockdown:

- The Safety Ambassador for the site will fill out and submit to School Coordinator within 24 hours:
 - Lockdown Incident Report Form
 - Emergency Sign-In Report
 - Emergency Student Sign Out Report
- The Safety Committee will convene within 72 hours to debrief
- The Safety Ambassador Coordinator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Following a lockdown, shelter-in-place, or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following site procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

In the event the School Coordinator determines students are to be released from the site, a collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school student database.

Reunification

Reunification will generally occur from the location pre-identified as the evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use site attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification at this site belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Earthquake Procedure

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this site.

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your site evacuation procedures after confirming the path and destination are safe.

Monitor your site emergency radio for possible updates and instructions from the School's Emergency Operations Center. Use radio Channel 1.

Do not return to the inside of any building until emergency personnel check the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premises to prevent entrance by others.

Advise your School Coordinator of the situation.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this site.

Notification

Notify your School Coordinator. If possible, quickly assess the site and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department (“9-1-1”). If phone service is unavailable, use your emergency radio (Channel 1).

Render first aid as needed. Be sure to notify the School Coordinator of injuries.

Activate specific components of your site emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the site assembly area until the situation is under control.

Have some staff standing by at the site entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the site or arrange for an early dismissal.

Safety Supplies

The following checklist will help you identify the items that you will review each time you perform a drill. If your kit needs replenishment, please identify the item(s) below.

First Aid Kit

- Twenty Gauze pads, non-sterile (3 x 3 or 4 x 4)
- Four Roller Gauze, 4" wide, to secure gauze pads over wounds
- Two Adhesive tape, 1" wide, to secure gauze pads or bandages over wound
- Fifty Band-Aids, Regular size, 1" x 3", to cover minor wounds
- Twenty Band-Aids, small, to cover minor wounds (finger)
- Ten Band-Aids, large, to cover large wounds
- Five Pairs Latex-free gloves, Medium
- Two Cold compress
- Twenty Cotton Tip Applicators
- Two Triangular Bandage
- Four Thermometers-disposable
- One CPR Mask
- Written instructions for first aid kit use

- Duct Tape
- Pad of Paper Marker

Blood Bourne Pathogen Kit (BBP**Kit)**

- Wastebasket for supplies storage
- Marked spray bottle to create disinfectant solution
- Dishwashing Soap
- Sponge
- Gloves
- Zip lock baggies
- Roll of paper towels
- Brush and dust pan
- Wastebasket size plastic liners
- Kitty litter
- Disposable plastic aprons
- Written instructions for the use of the BBP kit and materials
- 1 pair Goggles
- 2 pairs Shoe Covers

Backpack Survival Kit

- Emergency Preparedness Binder (contains
- Safety Plan and other documents) Transistor AM/FM radio
- Wired Phone
- Safety glow sticks - 2
- Candles - 2
- Emergency Blanket
- Waterproof Matches
- Whistle (located on the end of the "Life Gear" glow stick)
- Flashlights

Field Trip First Aid Kit

- Ten Sterile gauze pads, 2"x2"
- Two Gauze roller, 4"
- Four Gauze roller, 2"
- Fifteen Band-Aids, Regular size, 1"x3"
- Five Band-Aids, large
- Two Triangular bandage
- One Adhesive tape, 1"
- One Hand sanitizer, 2oz bottle
- One First Aid Antiseptic, 2oz bottle
- One CPR Mask
- Written instructions for first aid kit use

Science Cart First Aid Kit

- One Absorbent Compress
- Ten Antibiotic Cream
- Ten Antiseptic Towelettes
- Ten Burn Cream
- Five Fabric fingertip bandages
- Four Fabric Knuckle Bandages
- One First Aid Tape
- One Forceps 4"
- Four Gauze pads 3x3

- One Gauze roll, 2" x 6 yd
- One Instant Ice Pack 5x7"
- 2 large Nitrile Gloves
- Sixteen Plastic Bandages 1x3"
- One Scissors 4"
- One Sting Wipes 1 x2"
- One Triangular Bandage 40x40x56"
- First Aid Facts Guide

COVID Caddy

- One Disinfectant wipes
- Two Disinfectant spray
- Paper towels
- One box of Masks
- One box of Gloves
- One Thermometer with Batteries
- Hand sanitizer

Notes:

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

Overview

- A. Response to armed assailants has focused on implementing a site lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the “Run, Hide, Fight” model.
 - B. Armed assailant drills have both benefits and concerns associated with their implementation.
- Armed assailants in site’s account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
 - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.

- Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

Drill Approaches And Planning

- A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.
 - B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.
 - C. Schools should keep simulation techniques appropriate to the participants' developmental maturity.
- Inform participants of the use and purpose of props and simulation aids prior to the drill.
 - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.
 - D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

Developmental And Mental Health Considerations

- A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.
 - B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.
 - C. School-employed mental health professionals should be involved in every stage of preparation.
- Prior to the drill, staff should be trained to recognize common trauma reactions.
 - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
 - After completion, staff and students should have access to mental health support, if needed.
 - D. Participation should never be mandatory, and parental consent should be required for all students.
 - E. If staff chooses to opt-out of intense drills, they should receive

comparable, less intense instruction.

Steps For Conducting Safe, Effective, And Appropriate Drills

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.
5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

Introduction

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

Part I: Overview

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term

active shooter refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a site). These approaches include adapting the “Run, Hide, Fight” model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on site grounds is possible—and devastating if it happens—it is

not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

Part II: Drill Approaches and Planning

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options-based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade site doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the site (e.g., ease of access to outside doors and proximity of places to hide other than a site).

B. Hierarchy of Education and Training Activities

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of

Education, 2006a). **Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.**

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training,

and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

Part III: Developmental and Mental Health Considerations

A. Impact of Adult Behavior on Children’s Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school- employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

Part IV: Steps To Conducting Safe, Effective, And Appropriate Drills

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
 - Identifies a lead person to coordinate school safety efforts, including drills;
 - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;

- Takes a lead in identifying the most appropriate preparedness activities for the school;
- Provides ongoing professional development and training as needed; and
- Ensures that the school's policies are in compliance with state laws and school board policies.

2. Conduct an assessment of the school community to:

- Identify the types of crisis events most likely to occur,
- Determine the current school culture and climate,
- Map existing resources and capacities of school personnel or school safety teams, and
- Identify any related policies that should be considered in the planning of drills.

3. Implement a cost–benefit analysis that:

- Considers financial costs in relation to the likelihood of a particular crisis;
- Identifies what resources, activities, or preparedness training must be replaced or postponed to engage in active shooter or other armed assailant drills;
- Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
- Considers the current knowledge and identified needs of the staff; and
- Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.

4. Tailor drills to the context of the school environment, taking into consideration:

- The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
- Age, cognitive, and developmental levels of awareness of students;
- Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
- The capacity, comfort level, and trust among staff;
- Administrative support;
- Optimal timing, including time of year, day of the week, and time of the day;
- Relationships with external partners, law enforcement, and other first responders; and

- The layout of the site.
 5. Create a plan of progression that:
 - Considers whether any previous activities have been conducted in the school;
 - Starts with simple, low-cost, discussion-based exercises;
 - Considers all available types of drills;
 - Identifies specific objectives and goals for the drills; and
 - Identifies a timeline and metrics to help determine whether more complex exercises are needed.
 6. Prepare for logistics of the drill to ensure that:
 - Previous traumatic experiences of those involved are considered;
 - School staff learn to recognize stressful reactions to drills;
 - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
 - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
 - Adequate follow up is available for students or staff with questions; and
 - Appropriate methods to evaluate outcomes are implemented.
 7. Develop a communications plan that:
 - Informs members of the school community of planned drills and what will be entailed;
 - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
 - Provides opt-out options for staff and students; and
 - Encourages feedback and evaluation by participants after the fact.
 8. Establish a long-term follow up plan to support sustainability that considers:
 - What additional training is required;
 - How the drill integrates with other school safety and crisis prevention efforts;
 - How current and previous training and knowledge can be maintained and built upon; and

- When follow-up should be conducted and how often.

Conclusion

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

SUSPENSION AND EXPULSION POLICY

3110 Suspension / Expulsion Policy

*Amended: May 5, 2009, February 16, 2022, **December 7, 2022, June 22, 2023, February 28, 2024***

This Student Suspension and Expulsion Policy has been established by the Board of Directors of ~~Audeo Charter School Corporation, Inc.~~ Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Audeo II, Audeo III, Audeo Valley Charter School, ~~Grossmont Secondary School~~ Altus Schools East County, Mirus Secondary School and ~~Sweetwater Secondary School~~ Altus Schools South Bay, (hereinafter collectively referred to as "Charter School").

In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a

student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians¹ are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that the policy and procedures are available on request at the School Coordinator's office. Suspended or expelled students shall be excluded from all school

and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to

¹ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

B. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be suspended for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.

- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. This section shall only apply to students in any of grades 9-12, inclusive.
- l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.
- m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- p) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- q) Made terroristic threats against school officials and/or school property, which includes but it not limited to electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but it not limited to electronic files and databases, or the personal property of the person threatened or his or her immediate family.

- r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
 - s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
 - t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
 - u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
- 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
 - ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
 - iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
 - iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
- 2) "Electronic Act" means the creation or transmission originated on or off the School site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- i. A message, text, sound, video, or image. ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

- (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
- (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion for any of the following acts when it is determined the student:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b) Brandished a knife at another person.
- c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d) Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4

3. Discretionary Expellable Offenses: Students may be recommended for expulsion for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.
- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases

- g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases
- h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
- i) Committed an obscene act or engaged in habitual profanity or vulgarity.
- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases
- l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- o) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the

person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases or the personal property of the person threatened or his or her immediate family.

- q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
 - r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
 - s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
 - t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
- 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property. ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health. iii. Causing a reasonable student to experience substantial interference with his or her academic performance. iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

- 2) "Electronic Act" means the creation or transmission originated on or off the School site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
- i. A message, text, sound, video, or image. ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
 - iii. An act of cyber sexual bullying.
 - (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
 - (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
- u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

- v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the student:

- a. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b. Brandished a knife at another person.
- c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d. Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or

the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Audeo Board of Directors following a hearing before it, or by the neutral and impartial Audeo Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the Audeo Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the Audeo Board for a final decision whether to

expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of Charter School 's disciplinary rules which relate to the alleged violation; 4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor; 6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five calendar days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School . The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a

determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the

student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School .

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at Charter School . Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the Audeo Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation

plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission or admission of student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Involuntary Removal for Truancy

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for truancy shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with

state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

EMERGENCY RESPONSES

EMERGENCY RESPONSE: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- x If imminent risk, call 911.
- x Send for immediate help (First Aid, CPR, medical) and medication kit (for known allergies).
- x Notify the School Coordinator.
- x Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).

- x If an insect sting, remove stinger immediately.
- x Assess situation and help student/staff member to be comfortable.
- x Move student or adult only for safety reasons.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x If imminent risk, call 911 (always call 911 if using "Epi" pen).
- x Notify nurse/parent or guardian.
- x Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- x Observe for respiratory difficulty.
- x Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- x Keep an "Epi" pen in the school office and notify staff as to location.
- x Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the

presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Site

STAFF ACTIONS:

- x Notify School Coordinator.
- x Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- x Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- x Follow standard student assembly, accounting and reporting procedures.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Initiate **SHELTER IN PLACE**.
- x Shut off HVAC units.
- x Move to central location where windows and doors can be sealed with duct tape.
- x Call 911. Provide location and nature of the emergency and school actions taken.
- x Notify Director of Operations and Technology of the situation.
- x Turn on a battery-powered commercial radio and listen for instructions.
- x Remain inside the site until the Department of Health or Fire Department determines it is safe to leave.
- x Arrange for psychological counseling for students and staff.

Inside the Site

STAFF ACTIONS:

- x Notify School Coordinator or Safety Ambassador.
- x Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- x Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- x Follow standard student assembly, accounting and reporting procedures.
- x Prepare a list of those who are in the affected area to provide to emergency response personnel.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Initiate **EVACUATION** of the site or **EMERGENCY MEETING AREA**
- x **EVACUATION** to move students away from immediate vicinity of danger.
- x Move up-wind from the potential danger.
- x Call 911. Provide exact location and nature of emergency.
- x Designate security team to isolate and restrict access to potentially contaminated areas.
- x Wait for instructions from emergency responders-- Health or Fire Department.
- x Notify Director of Operations and Technology of the situation.
- x Arrange for immediate psychological counseling for students and staff.
- x Wait to return to the site until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- x Wash affected areas with soap and water.
- x Immediately remove and contain contaminated clothing
- x Do not use bleach on potentially exposed skins.
- x Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

<p style="text-align: center;">Telephone Bomb Threats</p> <ul style="list-style-type: none"> ▪ Remain calm/courteous. ▪ Read phone's visual display. ▪ Listen, don't interrupt. ▪ Keep caller talking. Pretend hearing difficulty. ▪ Notice details: background noises, voice description. ▪ Ask: When? Where? What? How? ▪ Don't touch any suspicious objects. <p style="text-align: center;">Call 911</p>	
--	--

PERSON RECEIVING THREAT BY TELEPHONE:

- x Listen. Do not interrupt caller.
- x Keep the caller on the line with statements such as *"I am sorry, I did not understand you. What did you say?"*
- x Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- x Notify Safety Ambassador immediately after completing the call.
- x Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- x Note the manner in which the threat was delivered, where it was found and who found it.
- x Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- x Caution students against picking up or touching any strange objects or packages.
- x Notify School Coordinator or Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Call 911.
- x If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- x Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- x Determine whether to evacuate the threatened site and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- x Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- x If it is necessary to evacuate the entire school, use the fire alarm.
- x Notify the Director of Operations and Technology of the situation.
- x Direct a search team to look for suspicious packages, boxes or foreign objects.
- x Do not return to the site until it has been inspected and determined safe by proper authorities.
- x Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- x Use a systematic, rapid and thorough approach to search the site and surrounding areas.
- x Check the site and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- x If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- x Evacuate students as quickly as possible, using primary or alternate routes.
- x Upon arrival at the designated safe emergency meeting area, take attendance. Notify the School Coordinator/Safety Ambassador of any missing students.
- x Do not return to the site until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and all instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poor handwriting
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

• Refer to your local bomb threat emergency response plan for evacuation criteria

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

EMERGENCY RESPONSE: FLOOD

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the site. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Issue **STAND BY** instruction. Determine if evacuation is required.
- x Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- x Delegate a search team to assure that all students have been evacuated.
- x Post a notice on the site door stating where the school has relocated and inform the District Office.
- x Monitor local AM radio weather station for flood information.
- x Notify the Director of Operations and Technology of school status and action taken.
- x Do not allow staff and students to return to the site until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- x If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the site.
- x Remain with students throughout the evacuation process.
- x Upon arrival at the emergency meeting area, take attendance. Report any missing students to School Coordinator/Safety Ambassador and emergency response personnel.
- x Do not return to the site until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the site, it may not be necessary to evacuate.

STAFF ACTIONS:

- x Notify School Coordinator.
- x Move students from immediate vicinity of danger.
- x Do not turn on any electrical devices such as lights, computers, fans, etc.
- x If odor is severe, leave the area immediately.
- x If the site is evacuated, take student attendance and report any missing students to School Coordinator/Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x If gas leak is internal, evacuate the site immediately.
- x Call 911.
- x Notify utility company.
- x Determine whether to move to alternate location.
- x If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- x Do not return to the site until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

The nature of the material and the proximity of the incident to the site will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Call 911, if necessary.
- x If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- x Initiate **EVACUATION**. Any toxic cloud that can affect students in their sites would very likely affect them outside the sites as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- x Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- x If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- x Notify Director of Operations and Technology.
- x Wait for instructions from emergency responders-- Health or Fire Department.
- x Do not allow the return of students to the sites or buildings until public safety officials declare the area safe.
- x Upon return to school, ensure that all sites are adequately aired.

TEACHER ACTIONS:

- x Follow standard student assembly, accounting and reporting procedures.
- x Report names of missing students to office.
- x Do not take unsafe actions such as returning to the site before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

- x Call 911. Provide all known essential details of the situation:
 - Number of hostage takers and description
 - Type of weapons being used
 - Number and names of hostages
 - Any demands or instructions the hostage taker has given
 - Description of the area
- x Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- x Protect site occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- x Secure exterior doors from outside access.
- x When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- x Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- x Identify media staging area, if appropriate. Implement a hotline for parents.
- x Account for students as they are evacuated.
- x Provide recovery counseling for students and staff.

STAFF ACTIONS:

- x If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- x Alert the School Coordinator/Safety Ambassador.
- x Account for all students.

EMERGENCY RESPONSE: INTRUDER

All public schools are required to post signs at points of entry to their sites. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- California Penal Code Title 15, Chapter 1.1 § 627.2

To prevent intruders on sites, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Initiate **LOCKDOWN**.
- x Request intruder to leave the site. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
 - "What can we do to make this better?"*
 - "I understand the problem, and I am concerned."*
 - "We need to work together on this problem."*
- x As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- x Keep subject in view until police or law enforcement arrives.
- x Take measures to keep subject away from students and the site.
- x Designate an administrator or staff member to coordinate with public safety at their command post; provide a site map/exit plan and keys to public safety personnel.
- x When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- x Be available to deal with the media and bystanders and keep the site clear of visitors.

STAFF ACTIONS:

- x Notify the School Coordinator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- x Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.

- x Isolate intruder from students. Lock the site and office doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- x Notify utility company. Provide the following information:
- x Determine length of time service will be interrupted.
- x Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- x If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- x Use messengers with oral or written word as an alternate means of faculty notification.
- x Notify District Office of loss of service.
- x Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Threats occur when a belligerent or armed person on the sites bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:
 - 1) Is the individual moving towards violent action?
 - 2) Is there evidence to suggest movement from thought to action?
 - High violence potential qualifies for arrest or hospitalization.
 - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.
- x Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.
- x Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.
- x Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.
- x If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.
- x Facilitate a meeting with student(s) and family to review expectations.
- x Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

- x If any students are outside, move them inside the site or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.
- x Inside the site, institute **LOCKDOWN**. Close all curtains and blinds.
- x Disconnect the school television system in sites so the individual cannot view news coverage and see locations of police/students/etc.
- x Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Keep the individual under continuous adult supervision.
- x Keep the individual in the site until parent/guardian has been notified.
- x Arrange appropriate support services for necessary care of individual.
- x If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- x School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the School Coordinator. The next steps may include:
 - Provide parents/guardian with the names and phone numbers of mental health resources
 - Recommend that the parents make an immediate contact with a therapist.
 - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- x Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- x Provide follow-up collaborative support for the student and parents (as indicated) within the school
- x Develop a safety plan prior to the student's return to school.
- x Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- x Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- x Notify School Coordinator/Safety Ambassador.

- x Notify school nurse, school psychologist, counselor or social worker.
- x Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the site. **EVACUATION** may be warranted in some sites but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status. Notify emergency response personnel of any missing students.
- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check sites and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for site instruction. Do not return to the site until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- x Initiate **DROP, COVER AND HOLD ON**.
- x If explosion occurred inside the site, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the site and away from fire-fighting equipment.
- x Check to be sure all students have left the site. Remain with students throughout evacuation process.
- x Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
- x Render first aid as necessary.
- x Do not return to the site until the emergency response personnel determine it is safe to do so.
- x If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE: PANDEMIC INFLUENZA

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.

- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Respiratory Hygiene E tiquette

- Cover your cough and sneeze with a tissue
- Wash hands with soap and water or a waterless hand hygiene product
- Place used tissues into a sealed bag

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice "respiratory hygiene etiquette".
- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE: Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"Active shooter situations" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knives, swords, etc.).* These situations are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.
 - a. **Act immediately** if you or your students:
 - hear a sound that might be gunfire.
 - see something that looks like a weapon being carried or used on or near the campus.
 - sense any other indication of active shooter / armed assailant threat.

- b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
- c. **Be decisive.** Communicate your plan to your students and act quickly.
- d. **Call 911 and the School Office** as soon as it is safe to do so.

2. Options: *Run, Hide or Fight*

- a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
 - Do not evacuate unless you...
 - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
 - **and** can visualize a route that will get your students and yourself safely off campus.
 - Don't carry anything with you.
 - Police may mistake an item in your hands as a weapon.
 - Leave everything behind.
 - If you encounter people along the way...
 - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
 - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care.*
 - Place terrain and buildings between you and the assailant to cover your escape.
 - Keep going until you are certain you are out of danger.
 - Call 911 as soon as it is safe to do so.
 - Keep your students with you. Call (insert phone #) to report your location and obtain instructions.
- b. **Hide:** If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.
 - Lock the doors
 - Close and lock windows and close blinds or cover windows;
 - Turn off lights;
 - Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
 - Silence all electronic devices;
 - Remain silent;
 - Position occupants spread out and out of line of site from room entrance.
 - Prepare to take action if the assailant attempts to get in the room;
 - Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
 - Call 911 as soon as it is safe to do so.
 - Remain in place until evacuated by identifiable law enforcement officers.

- c. **FIGHT: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**
- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
 - Construct a strong barricade.
 - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
 - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
 - a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
 - Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.
3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.
- a. Provide as much information as possible (slow down – be calm):
 - State the emergency: “I hear gunfire.” “I saw...”
 - Give information on people who are wounded.
 - Location of the assailant (if known):
 - Description of the assailant (if known):
 - Your precise location: “room __”
 - The number of children with you:
 - b. Keep the line open, even if you can’t talk, unless instructed by the dispatcher to end the call.
4. Special Topics
- a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.
 - *Run* – If you encounter injured persons while you are trying to get out of danger...
 - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.

- *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
 - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.
 - *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
 - If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
 - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.
- b. Law Enforcement: If you encounter law enforcement officers...
- Immediately raise your hands in the air and display your open palms.
 - Don't run up to officers or attempt to hug or talk to them.
 - Don't talk unless they ask you a question.
 - Do exactly what they tell you to do.
- c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
- Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
 - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.
- d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)
- e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

SCHOOL COORDINATORS/SAFETY AMBASSADOR ACTIONS:

- Follow the All Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
 - Include as much actionable information on the announcement as possible.
 - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
 - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will

disrupt and distract the assailant. It will also provide people in the site with information they can use to better evaluate their options.

- *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the corporate office after you call 911.
- If possible, assist emergency personnel.
 - Assist police in entering the school;
 - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
 - Activate the district's Emergency Operations Center
 - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.
- **Emergency Area Reunification**
 - The Operations Section should prepare an emergency evacuation area for reunification.
 - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
 - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
 - School staff and students will remain in lockdown until evacuated on a room by room basis.
 - Vans should be placed on standby for evacuation.
 - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.
- **Crisis Intervention**
 - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
 - This team will also provide ongoing support throughout the recovery phase of the emergency response.
 - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
 - Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

ADDITIONAL STEPS FOR THE SCHOOL:

EMERGENCY RESPONSE: FIRE (Outside Fire/Wildfire)

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the office door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the School Coordinator/Safety Ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.

In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some sites/offices to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near our site, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a site closure. The Charter Schools have procedures in place for each of these possibilities.

BEFORE

- Goals:
1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
 2. Develop the capacity of staff to lead students through appropriate response options
 3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s): Goal 1 Objectives

- a) Coordinate with local fire department to ensure an effective response to a Wildfire
- b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
- c) Develop a clear chain of command with staff

Goal 2 Objectives

- a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and site closure

Goal 3 Objectives

- a) Store combustible materials in fireproof containers
- b) Follow Fire Code and district rules regarding fire prevention
- c) Provide fire prevention training to staff
- d) Hold Fire Drills
- e) Maintain an adequate supply of fire extinguishers
- f) Ensure proper maintenance of fire prevention equipment

Courses of
Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

- a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and site closure
- b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
- c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

- a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

- a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
- b) Ensure combustible materials are stored in fireproof containers
- c) Hold fire extinguisher training for staff
- d) Ensure adequate supply of fire extinguishers are appropriately maintained
- e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

- a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
- b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

- a) Participate and lead students in fire drills
- b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
- c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals: 1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s): Goal 1 Objectives

- a) Conduct appropriate wildfire response actions in a timely manner
- b) Conduct accountability procedures in a timely manner
- c) Activate school location Incident Command Team, as necessary

Courses of Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

- a) Work with the district office, local fire department and other responders to determine best course of action
- b) Use the "Wildfire Evacuation Decision Tree" following this section.
- c) Communicate plan of action to staff and students:
 - voluntary evacuation
 - early dismissal
 - mandatory evacuation

- shelter-in-place
- site closure
 - d) Consider the following while implementing response action
 - Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
 - Food and water
 - Transportation
 - Security and Safety
 - Communications
 - e) Contact families to notify of planned course of action
 - f) Activate school Incident Command Team, as necessary
 - Reunification Team
 - g) Ensure all staff and students are accounted for
 - h) Ensure that access roads are kept open for emergency vehicles
 - i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity
 - j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

- a) Remind staff to close doors when exiting sites/offices
- b) Notify appropriate utility company of suspected breaks in utility lines or pipes.
- c) Notify fire department of any hazards or vulnerabilities that could hinder their response or

- cause further damage (chemicals, wires, equipment, etc.)
- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival
- d) Notify District Office of situation

STAFF ACTIONS:

Goal 1 Actions

- a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and site/office closure
- b) If evacuating or sheltering-in-place, take emergency backpack and student kits
- c) Maintain control of the students a safe distance from the fire and firefighting equipment
- d) Take attendance. Report missing students to the School Coordinator/designee and emergency response personnel
- e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
- f) Serve in any designated position on the Incident Command Team

Shut site or office door after all individuals have exited

Provide information to School Coordinator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s): Goal 1 Objectives

- a) Provide information to staff, parents, and students
- b) Provide information to district office

Goal 2 Objectives

- a) Conduct After-Action Report process

Courses of
Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONSGoal 1 Actions

- a) Provide critical information to the district office in order to develop effective key messages
- b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
- c) Work with appropriate district department to draft talking points for phone calls and media requests

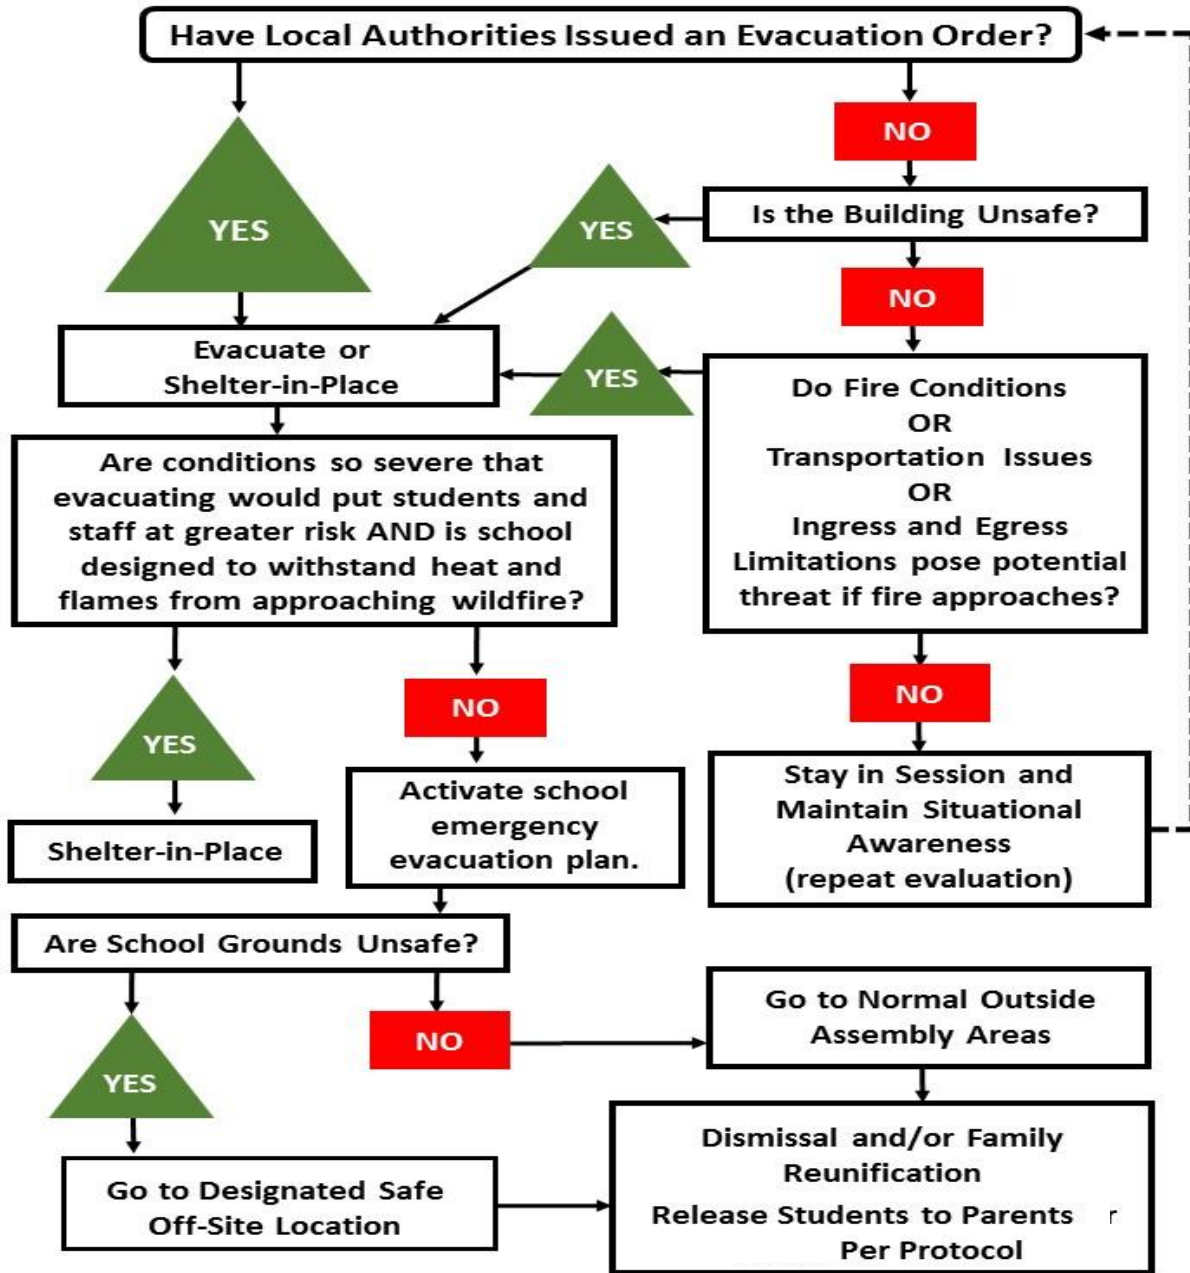

Goal 2 Actions

- a) Conduct an after-action report process and implement necessary actions for improving future responses
- b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
- c) Identify steps to improve future responses
- d) Implement steps to improvement

STAFF ACTIONSGoal 2 Actions

- a) Participate in the after-action report process
- a) Participate in any determined corrective actions discovered in the after-actions process

WILDFIRE DECISION TREE

EMERGENCY RESPONSE: OPIOID ANTAGONIST-Naloxone Hydrochloride

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Audeo Valley Charter School has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Audeo Valley Charter School's primary goal in the fight against opioids and fentanyl use is prevention.

Audeo Valley Charter School will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
 - How opioids and fentanyl affect the body's systems.
 - Refusal strategies
 - The signs and symptoms of use/abuse
 - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document [SAMHSA Opioid Overdose Prevention Toolkit](#).

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of **OVERDOSE**, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid

overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

Audeo Valley Charter School **uses intranasal spray.**

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-

injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl- involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.

Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)

Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

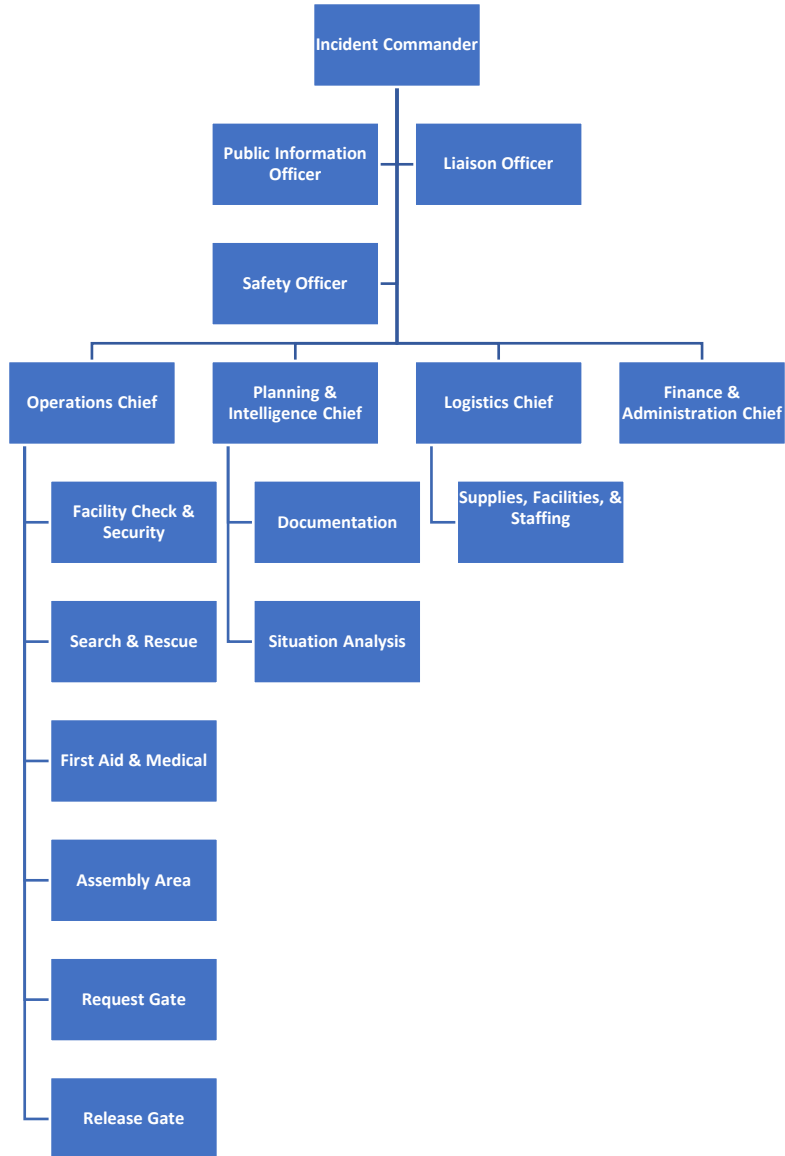

STEP 6: ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.
Follow up with assigned school nurse for additional support.

Position Activation Information

Equipment

Every position on the Incident Command Team will require the following equipment:

1. Identification vest
2. Two-way site radio
3. Paper and pens/pencils
4. Job description clipboard

Position-Specific Equipment

Certain positions require special equipment or forms. Such specific needs are identified on the individual position checklists.

Position Activation

1. Once notified of your assignment, put on your vest.
2. Check in with the Incident Commander at the Incident Command Post for a situation briefing.
3. Check in with your Chief for details and updates associated with your position.
4. Obtain necessary equipment and supplies.
5. Open and maintain a Position Log. Maintain all required records and documentation to support the history of the emergency or disaster.

Document:

- a. Messages received
- b. Actions taken
- c. Decision justifications and documentation
- d. Requests filled
- e. Document missing staff

Position Deactivation

1. At the direction of the Incident Commander, deactivate your position and close out all logs. Provide logs, timekeeping records, and other relevant documents to the Documentation Unit.

2. Return equipment and reusable supplies to Logistics.

Section: Command**Position: Incident Commander****Primary: School Coordinator****Alternate: Operations and Human Resources Administrator****Reports to: Superintendent (or designee)****Staffing****Characteristics:** Principal or Administrator**Responsibility:** The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others in the site.

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- Crisis Response Boxes
- Emergency Disaster Kit
- Site map
- Master keys
- Position-Specific forms
- AM/FM radio (battery)
- Command Post Tray (pens, etc.)
- Emergency Plan
- Tables & chairs (if Command Post is outdoors)
- Job Description Clipboards
- Bull horn
- Staff rosters (2 sets)
- Emergency radio
- Copies of Forms

Start-Up:

- Assess type and scope of emergency.
- Determine threat to human life and structures.
- Implement Emergency Plan and School Emergency Procedures.**

- Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- Activate functions (assign positions) as needed.
- Fill in Incident Command Team Assignment Form as positions are staffed.
- Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- Continue to monitor and assess total site situation:
- View site map periodically for Search & Rescue progress and damage assessment information.
- Check with chiefs for periodic updates.
- Reassign personnel as needed.
- Report through Communications to corporate office on status of staff, site as needed. (Site Status Report)
- Develop and communicate revised incident action plans as needed.
- Authorize release of information.
- Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- Release staff as appropriate per school guidelines. By law, during a disaster, the staff will become "Disaster Service Workers."
- Remain on and in charge of your site until redirected or released by the Office of the Superintendent.

After:

- Authorize deactivation of sections or units when they are no longer required.
- At the direction of the Office of the Superintendent, deactivate the entire emergency response. If the Fire Department or other outside agency calls an "All Clear," contact the corporate office before taking any further action.
- Ensure that any open actions not yet completed will be taken care of after deactivation.
- Ensure the return of all equipment and reusable supplies to Logistics.
- Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.

- Proclaim termination of the emergency and proceed with recovery operations if necessary.

Section: Command
Position: Safety Officer

Primary: School Nurse

Alternate: Curriculum and Professional Development Coordinator

Reports To: Incident Commander

Staffing

Characteristics: It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.

Responsibility: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Special Equipment:

- Hard hat (if available)

During Event:

- Monitor drills, exercises, and emergency response activities for safety.
- Identify and mitigate safety hazards and situations.
- Stop or modify all unsafe operations.
- Ensure that responders use appropriate safety equipment.
- Think ahead and anticipate situations and problems before they occur.
- Anticipate situation changes, such as severe aftershocks, in all planning.
- Keep the Incident Commander advised of your status and activity and on any problem areas that now need or will require solutions.

Section: Command**Position: Public Information Officer****Primary: Data and Assessment Coordinator****Alternate: School Nurse****Reports To: Incident Commander****Staffing**

Characteristics: It is common for the Incident Commander or the School's Communications Office to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.

Responsibility: Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the site ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the site in an emergency situation. If the School's Communications Officer is available, he/she will be the official spokesperson. A site-based Public Information Officer should only be used if the media is in the site and the School's Communications Officer is not available or forthcoming.

Special Equipment:

- Battery operated AM/FM radio
- Marking pens
- Scotch tape/masking tape
- Forms:
 - Public Information Release Worksheet
 - School Accountability Report Card
- Scissors
- Site map(s) and area map(s):
 - 8-1/2 x 11 handouts
 - Laminated display
- Tape recorder and tapes

Start-Up Activities:

- Determine a possible “news center” location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- Identify yourself as the “Public Information Officer” (vest, visor, sign, etc.)
- Consult with School’s Communications Officer to coordinate information release.
- Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- Advise arriving media that the site is preparing a press release and approximate time of its issue.
- Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- Keep up-to-date on the situation.
- Statements must be approved by the Incident Commander and should reflect:
 - Reassurance — EGBOK — “Everything’s Going to Be OK.”
 - Incident or disaster cause and time of origin.
 - Size and scope of the incident.
 - Current situation — condition of site, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
 - Resources in use.
 - Best routes to site if known and appropriate.
 - Any information school wishes to be released to the public.
 - **Read** statements if possible.
- When answering questions, be complete and truthful, always considering confidentiality & emotional impact. Avoid speculation, bluffing, lying, talking “off the record,” arguing, etc. Avoid use of the phrase “no comment.”
- Remind site staff volunteers to refer *all* questions from media or waiting parents to the PIO.**
- Update information periodically with Incident Commander.
- Ensure announcements and other information is translated into other languages as needed.

- Monitor news broadcasts about incident. Correct any misinformation heard.

Section: Command
Position: Liaison Officer

Primary: Curriculum and Professional Development Coordinator

Alternate: School Coordinator

Reports to: Incident Commander

Staffing

Characteristics: It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.

Responsibility: The Liaison Officer serves as the point-of-contact for Agency Representatives from assisting organizations and agencies outside the School and assists in coordinating the efforts of these outside agencies by ensuring the proper flow of information.

During Event:

- Brief Agency Representatives on current situation, priorities and incident action plan.
- Ensure coordination of efforts by keeping Incident Commander informed of agencies' action plans.
- Provide periodic update briefings to Agency Representatives, as necessary.

Section: Operations**Position: Operations Chief****Primary: Operations and Human Resources Administrator****Alternate: Finance Administrator****Reports to: Incident Commander****Staffing****Characteristics:** The Operations Chief should be a staff member familiar with the site and be trained in response skills.**Responsibility:** The Operations Chief manages the direct response to the disaster, which can include site Facility Check & Security Unit, Search & Rescue Unit, and First Aid & Medical Unit.**Special Equipment:**

- Search & Rescue equipment
- Maps: See Crisis Response Box

During Event:

- Assume the duties of all operations positions until staff is available and assigned.
- As staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- If additional supplies or staff is needed for the Operations Section, notify Logistics. When additional staff arrives, brief them on the situation, and assign them as needed.
- Coordinate Search & Rescue operations. Appoint Search & Rescue Team Leader to direct their operations, if necessary.
- As information is received from operations staff, pass it on to Situation Analysis and/or the Incident Commander.
- Inform the Incident Commander regarding tasks and priorities.
- Make sure that Operations staff is following standard procedures, utilizing appropriate safety gear, and documenting their activities.
- Schedule breaks and reassign Operations staff within the section as needed.

Section: Operations
Position: Facility Check & Security

Primary: Teacher 1

Alternate: Site Safety Lead

Reports to: Operations Chief

Staffing

Characteristics: Building Safety Supervisor or others familiar with the site's facilities.

Responsibility: Controls utilities, restricts access to unsafe areas and communicates damage to the Incident Commander. Also assists with traffic control for public safety vehicles, parent pick-up and the media.

Special Equipment:

- Hard hat
- Work gloves
- Whistle
- Master keys
- Bucket or duffel bag with goggles
- Flashlight
- Dust masks
- Yellow caution tape
- Shutoff tools — for gas & water (crescent wrench)

Start Up Activities:

- Check condition and take along appropriate tools.

During Event:

- As you do the following, observe the site and report any damage by radio to the Command Post*
- Lock or open gates and major external doors appropriate for the situation.
- Locate/control/extinguish small fires as necessary.
- Check gas meter and, **if gas is leaking**, shut down gas supply.
- Shut down electricity only if building has clear structural damage or advised to do so by Command Post.

- Post yellow caution tape around damaged or hazardous areas.
- Verify that site is "locked down" and report same to Incident Command Post.
- Advise Incident Command Post of all actions taken for information and proper logging.
- Be sure that the entire site has been checked for safety hazards and damage.
- No damage should be repaired prior to full documentation, such as photographs and video evidence, unless the repairs are essential to immediate life-safety.
- Direct traffic of vehicles of parents, public safety, and media on and outside the site as appropriate.

Section: Operations**Position: Search & Rescue Team Leader****Primary: Site Safety Leads****Alternate: Safety Ambassador****Reports to: Operations Chief****Staffing****Characteristics:** Trained in Search & Rescue**Responsibility:** Check the site for damage, rescues victims, establishes and directs Search & Rescue Teams as needed, reports site situation to the Operations Chief.**Special Equipment:**

- Search & Rescue Team Member Backpack

Start-Up Activities:

- You must be wearing sturdy shoes and long sleeves.**
- Put batteries in flashlight.
- First to arrive assumes role of Team Leader and obtains a briefing from the Operations Chief, noting known fires, injuries, or other situations requiring response.
- Teams should be assigned based on available manpower, minimum 2 persons per team. The recommendation is for the following standards for establishing Search & Rescue Teams: Elementary School and Administrative Facilities with <500 = 2 Teams; Middle Schools and Administrative Facilities with 500-1000 = 4 Teams; and Senior High School and Administrative Facilities with >1000 = 6 Teams**

During Event:

- Buddy system: Minimum of 2 persons per team.**
 - Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first.
 - **Follow all operational and safety procedures.**
- Report gas leaks, fires, or structural damage to Command Post immediately upon discovery. Shut off gas or extinguish fires, if possible.

- Before entering a building, inspect complete exterior of building. Report structural damage to team leader. Use yellow caution tape to barricade hazardous areas. **Do not enter severely damaged buildings.**
- If building is safe to enter, search assigned area (following map) using orderly pattern. Check all rooms. Use chalk or grease pencil to mark slash on door when entering room. Check under desks and tables. Search visually and vocally. Listen. When leaving each room, close slash to form "X" on door. Report by radio to Command Post that room has been cleared (ex: "Room A-123 is clear")*
- When injured victim is located, team transmits location, number, and condition of injured to Command Post. Do not use names of students or staff. Follow directions from Command Post.
- Record exact location of damage and triage tally (I=immediate, D=delayed, DEAD=dead) Report information.
- Keep radio communication brief and simple. No codes.

Section: Operations

First Aid & Medical Team Leader

Primary: School Nurse

Alternate: Site Safety Lead

Reports to: Operations Chief

Staffing

Characteristics: Trained as a leader in providing emergency medical and psychological aid (i.e. School Nurse).

Responsibility: Leader to team providing emergency medical response, first aid, and psychological, or CISM counseling.

Special Equipment:

- Marking pens
- First Aid Supplies: Stretchers, Blankets, Vests (if available), Quick reference medical guides
- Tables & chairs
- Ground cover/tarps
- Forms: Notice of First Aid Care Given Form
- Medical Treatment Victim Log
- Morgue supplies:
 - Tags
 - Vicks Vapor Rub
 - Pens/Pencils
 - Plastic tarps
 - Plastic trash bags
 - Stapler
 - Duct tape
 - 2" cloth tape

Start-Up Activities:

- Establish scope of disaster with the Incident Commander and determine probability of outside emergency medical support and transport needs.

- Request assistance from the School Crisis Response Team for psychological staff and student needs
- Make personnel assignments. If possible, assign a minimum of two people to Triage, two to Immediate, two to Delayed, and two to Psychological.
- Set up First Aid & Medical Treatment Area in a safe place, away from students and parents, with access to emergency vehicles. Obtain equipment/supplies from the container.
- Assess available inventory of supplies & equipment.
- Review safety procedures and assignments with personnel.
- Establish point of entry ("triage") into treatment area.
- Establish "immediate" and "delayed" treatment areas.
- Set up a separate Psychological First Aid area with staff trained in CISM from the School Crisis Response Team.
- Establish the need for a temporary morgue. If a morgue is needed, establish an appropriate location in consideration of the following:
- If directed, set up morgue area. Verify:
 - Tile, concrete, or other cool floor surface
 - Accessible to Coroner's vehicle
 - Remote from assembly area
 - Security: keep unauthorized persons out of morgue.
 - Maintain respectful attitude.

During Event:

- Oversee care, treatment, and assessment of patients
- Ensure caregiver and rescuer safety
 - Latex gloves for protection from body fluids; replace with new gloves for each new patient.
- Make sure that accurate records are kept.
- Provide personnel response for injuries in remote locations or request Logistics for staffing assistance.
- If needed, request additional personnel from Logistics.
- Brief newly assigned personnel.
- Report deaths immediately to Operations Chief.
 - **After pronouncement or determination of death:**
 - **Do not** move the body until directed by Command Post.
 - **Do not** remove any personal effects from the body. Personal effects must remain with the body **at all times.**
 - As soon as possible, **notify Operations Chief**, who will notify the Command Post, who will attempt to notify law enforcement

authorities of the location and, if known, the identity of the body. The law enforcement authorities will notify the Coroner.

- Keep accurate records and make available to law enforcement and/or the Coroner when requested.
- Write the following information on two tags:
 - Date and time found.
 - Exact location where found.
 - Name of decedent, if known.
 - If identified—how, when, by whom.
 - Name of person filling out tag.
 - Attach one tag to body.
 - If the Coroner’s Office will not be able to pick up the body soon, place body in plastic bag(s) and tape securely to prevent unwrapping. Securely attach the second tag to the outside of the bag. Move body to morgue.
- Place any additional personal belongings found in a separate container and label as above. Do not attach to the body—store separately near the body.
- Keep Operations Chief informed of overall status.
- Set up morgue, if necessary, in cool, isolated, secure area; follow guidelines.
- Stay alert for communicable diseases and isolate appropriately.

After:

- Conduct a Critical Incident Stress Debriefing for staff.

Section: Operations**Position: First Aid & Medical Team****Primary: School Nurse****Alternate: Safety Ambassadors****Reports to:** First Aid & Medical Team Leader**Staffing****Characteristics:** Trained in first aid and CISM**Responsibility:** Works with a buddy to administer first-aid and arrange for transport of victims as necessary.**Special Equipment:**

- First-aid supplies
- Marking pens
- Stretchers, blankets, vests (if available)
- Quick reference medical guides
- Tables, chairs, ground cover/tarps, medication from health office
- Forms: Notice of First Aid Care Given Form, First Aid & Medical Treatment Victim Log

Start-Up Activities:

- Obtain & wear personal safety equipment including latex gloves.
- Use approved safety equipment and techniques.
- Check with First Aid & Medical Team Leader for assignment.

During Event:

- Administer appropriate first aid.
- Keep accurate records of care given.**
- Continue to assess victims at regular intervals.
- Report deaths immediately to First Aid & Medical Team Leader.
- If & when transport is available, do final assessment and document on triage tag. Keep and file records for reference—**do not send with victim.**
- Student's Emergency Card must accompany student removed from site to receive advanced medical attention. Send emergency out-of-area phone number if available.

Triage Entry Area:

- Staffed with minimum of 2 trained team members, if possible.
- One member confirms triage tag category (red, yellow, green) and directs to proper treatment area. Should take 30 seconds to assess — no treatment takes place here. Assess, if not tagged.
- Second team member logs victims' names on form and sends forms to Incident Command Post as completed.

Treatment Areas (“Immediate” & “Delayed”)

- Staff with minimum of 2 team members per area, if possible.
- One member completes secondary head-to-toe assessment.
- Second member records information on triage tag and site treatment records.
- Follow categories: Immediate, Delayed, Dead
- When using 2-way radio, do not use names of injured or dead.

After:

- Clean up First Aid & Medical Treatment Area. Dispose of hazardous waste safely.
- Assist in the Critical Incident Stress Debriefing for the staff

Section: Operations**Position: Assembly Area****Primary: School Coordinators****Alternate: Data and Assessment Coordinator****Reports to: Operations Chief****Staffing****Characteristic:** Trained in managing large groups of students**Responsibility:** Ensure the care and safety of all students in site (except those who are in the First Aid & Medical Treatment Area).**Special Equipment:**

- Ground cover and tarps
- First aid kit, water, food, sanitation supplies
- Student activities: books, games, coloring books, etc.
- Forms:
 - Student Accounting Form
 - Notice of First Aid Care Given Form

Start-Up Activities:

- Request additional personnel, if needed.
- If site is evacuating:
 - Verify that the assembly area and routes to it are safe.
 - Count or observe the site as they exit, to make sure that all evacuates.
 - Initiate the set-up of portable toilet facilities and hand-washing stations.

During Event:

- Monitor the safety and well-being of the students and staff in the Assembly Area.
- Administer minor first aid as needed.
- Support the Release Gate Unit process by releasing students with appropriate paperwork.
- When necessary, provide water and food to students and staff.
- Make arrangements for portable toilets if necessary, ensuring that students and staff wash their hands thoroughly to prevent disease.

- Make arrangements to provide shelter for students and staff.
- Arrange activities and keep students reassured.
- Update records of the number of students and staff in the assembly area (or in the buildings).
- Direct all requests for information to the Public Information Officer.

Section: Operations**Position: Request Gate****Primary: Safety Ambassadors****Alternate: School Nurse****Reports to: Operations Chief****Staffing****Characteristics:** Site staff or volunteers**Responsibility:** Assure proper processing of reunification requests at the Request Gate. Also, process requests from volunteers.**Special Equipment:**

- Stapler
- Box(es) of Emergency Cards
- Signs: Parent Request Gate
- Empty file boxes to use as out boxes
- Forms:
 - Student Release Form
 - Volunteer Assignment List

Start-Up Activities:

- Secure area against unauthorized access. Mark gate with sign.
- Set up Request Gate at the main student access gate. Use alphabetical grouping signs to organize parent requests.
- Have Student Release Forms available for parents or guardians outside of fence at Request Gate. Assign volunteers to assist.
- Ensure an adequate distance between the Request Gate and the Release Gate.

During Event:

- Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.
- Refer all requests for information to the Public Information Officer. Do not spread rumors!**

- If volunteers arrive to help, send those with Disaster Volunteer badges with photo ID to the Supply, Facilities, and Staffing Unit. If they are not registered (do not have badges), register them at the Request Gate.

Reunification Procedures:

- Requesting parent or guardian fills out Student Release Form, gives it to staff member, and shows identification.
- Staff verifies identification, pulls Emergency Card from file, and verifies that the requester is listed on the card.
- Staff instructs the requester to proceed to the Release Gate.
- If there are two copies of the Emergency Cards (one at each gate), staff files the Emergency Card in the out box. If there is only one copy, runner takes the card with the Student Release Form, and staff files a blank card with the student's name on it in the out box.
- Runner takes form(s) to the designated site.

Note: If a parent or guardian refuses to wait in line, don't argue. Note time with appropriate comments on Emergency Card and place in out box.

If student is in:

- Runner shows Student Release Form to the teacher
- Teacher marks box, "**Sent with Runner.**"
- If appropriate, teacher sends parent copy of Notice of First Aid Care Given Form with the runner.
- Runner walks student(s) to Release Gate.
- Runner hands paperwork to staff at Release Gate.

If student is not in:

- Teacher makes appropriate notation on Student Release Form:
- "**Absent**" if student was never in the site that day.
- "**First Aid**" if student is in First Aid & Medical Treatment Area.
- "**Missing**" if student was in the site but now cannot be located.
- Runner takes Student Release Form to the Command Post.
- Command Post verifies student location if known and directs runner accordingly.
- If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to the Command Post for verification.**

Child Abuse Reporting Procedures

All Audeo Valley certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Audeo Valley employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the School Coordinator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the school site, staff, and/or student(s) are threatened or in danger, call 911.

Instructions for filing a Suspected Child Abuse Report

1. Call the **Child Abuse Hotline first (1-800-442-4918)** to make a **verbal report** to the agency immediately or as soon as is practicably possible by telephone. Please be sure to get the name of the hotline worker.
2. The correct form for either the written or fax report is **DOJ SS8572**. This form may be downloaded from the California Attorney General's Web site at www.ag.ca.gov/childabuse/pdf/ss_8572.pdf or obtain a copy from the School Nurse or School Coordinator.
3. Please complete every space on the SS8572 form. If you do not know certain requested information, write unknown.
4. Please type or print legibly in black ink to avoid a time consuming callback.

5. "Narrative" - Please give detailed information. If you have additional information beyond what you have given by phone, please indicate this on the written report. If necessary, please continue your narrative on an additional sheet of paper, identifying the minor and indicating it on the referral.
6. Submit completed form as directed by Child Abuse Hotline personnel.

I. REPORTING RESPONSIBILITIES

- No child care custodian or health practitioner reporting a suspected instance of child abuse in good faith shall be civilly or criminally liable for any report required or authorized by this article (California Penal Code Article 2.5). Any other person reporting an instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made and the person knew or should have known that the report was false.
- Any child care custodian, health practitioner, or employee of the child protective agency (CPS) who has knowledge of or has observed a child in his or her professional capacity or within the scope of his other employment whom he or she reasonably suspects has been the victim of child abuse shall report such suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report or fax report there of within 36 hours of receiving the information concerning the incident.
- Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or its emotional well-being is endangered in any other way, may report such suspected instances of child abuse to a child protective agency. Infliction of willful and unjustifiable mental suffering must be reported.

II. DEFINITIONS

- "Child care custodian" means a teacher, administrative officer, supervisor of child welfare and attendance, or certificated pupil personnel employee of any public or private school; an administrator of a public or private day camp; a licensee, and administrator, or an employee of a community care facility licensed to care for children; head start teacher, a licensing worker or licensing evaluator, public assistance worker; an employee of a child care institution including, but not limited to foster parents, group home personnel and personnel or residential care facilities; a social worker or a probation officer or any person who is an administrator or presenter or, or a counselor in, a child abuse presentation program in any public or private school.

- “Health practitioner” means a physician and surgeon, psychiatrist, psychologist, dentist, resident, intern, podiatrist, chiropractor, licensed nurse, dental hygienist, marriage, family, and child counselor, or any other person who is currently licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, any emergency medical technician I or II, paramedic, a person certified pursuant to Division 2.5 (commencing with Section 1797) of the Health and Safety Code, a psychological assistant registered pursuant to Section 2913 of the Business and Professions Code, a marriage, family and child counselor trainee, as defined in subdivision (c) of Section 49803 of the Business and Professions Code and unlicensed marriage, family and child counselor intern registered under Section 4980.44 of the Business and Professions Code, a state or county public health employee who treats a minor for venereal disease or any other condition, a coroner, or a religious practitioner who diagnoses, examines, or treats children.
- “Child protective agency” (CPA) means a police or sheriff’s department, a county probation department, or a county welfare department.

Notification to Staff of Dangerous Students

- a. The School Coordinator will inform the appropriate school personnel of information received from the court and the Probation Department. Audeo Valley School Coordinator shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.
- b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.
- c. Any information received from the court shall be kept in a separate confidential file at the school of attendance, and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.
- d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Audeo Valley Charter School is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Audeo Valley Charter School shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English will not be a barrier to admission and participation in any activity.

Any student who engages in discrimination of another student or anyone from Audeo Valley may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the School Coordinator for resolution. If not resolved, contact: The Chairperson of the Board of Directors.

Schoolwide Dress Code

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to school. Students who are not wearing appropriate clothing, parents/guardians will be notified and students will be asked to change or sent home. Unacceptable dress includes, in part, the following:

- ❑ Pants sagging below the waist
- ❑ Beachwear or sleepwear, including bedroom slippers
- ❑ Shorts/skirts that are above mid-thigh
- ❑ Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- ❑ Visible undergarments (including boxer shorts, bras, etc.)
- ❑ Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- ❑ Clothing that uses vulgar/profane language and/or images
- ❑ Head coverings such as, hats, bandanas, beanies, or do-rags

Going To and From School Safely

Everyday, millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Audeo Valley students to understand safety guidelines and tips to follow to ensure their safety to and from the site. The following safety tips are reviewed annually with students and parents to help prepare all students for a safer journey.

1. Every student will have set schedule for arrival and departure from the site. When a student fails to arrive for their appointment, and has not notified the school or the absence, his or her teacher will call home to ensure the student is safe.
2. Every students, parent, and guest is required to sign-in and out each time they arrive and depart the site. Students, parents, and guests will have designated staff members to sign-in and out with.
3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the site.
4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the site. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.
5. Parents will be encourage to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the site, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.
6. If a student takes public transportation (i.e. city bus) to and from the site, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.
7. In the event anyone bothers a student while going to or from the site, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students

will be trained that grownups needing help should not ask children for help; they should ask other adults.

8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.
9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.
10. Students will be taught that if anyone tries to take them somewhere they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.
11. Students will be taught to never leave the site with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the site.
12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

All staff and students shall review site evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted on site. If there is a need for evacuation from the site, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted site evacuation plan
- Designated staff take along emergency release binder, sign-in sheets, emergency materials specified in disaster preparedness plan
- Using sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, School Coordinator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Audeo Valley Charter School will remain a safe place for students and adults.

Audeo Valley staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at Audeo Valley Charter School.

SEVERE CLAUSE BYPASSES

A majority of students at Audeo Valley Charter School will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Attendance

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.

- As a role model for your child, show respect for learning and the necessity for completing an education.

SECTION ONE

Executive Summary

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any facility operated by Altus Schools East County.

An "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and their Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this RC. The Incident Commander, coordinating with Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.

It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

Assessment of School Crime

In assessing the crime rate for the last two school years at Altus Schools East County the crime data indicates that there have been no incidents of the last two years. ASEC staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

ENROLLMENT	22-23yr	257	23-24yr	260	

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total

numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed \$100 per incident, theft \$50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Altus Schools East County adheres to the following Law Enforcement Notification Matrix in assessing and responding to dangerous and unlawful activity.

CALL 911	CALL for Law Enforcement (911 if immediate danger - Dispatch if non-emergency)	Notification to Law Enforcement (911 if immediate danger - Dispatch if non-emergency)

LOCATION HAZARD ASSESSMENT SUMMARY

Disaster Response Plan

Emergency Operations Team

The Emergency Operations Team is comprised of several leaders from Altus Schools East County. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	<i>Responsible for external communications. She will call on community resources to assist the school RCs and coordinate mutual aid requests.</i>
Chief Business Officer	<i>Assists the Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.</i>
Director of Operations & Technology	<i>Responsible for internal communications with our RCs, staff, and the team in collaboration with the School Coordinator.</i>
School Coordinator	<i>Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as, central contact for student data. Responsible for coordinating support to students brought to central location.</i>

Operational Overview

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication
- Reunion Procedures
- Public Information
- Sweep and Rescue
- Security
- First Aid and CPR

Emergency Operation Center

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. Altus Schools East County defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

In the event of a crisis, Altus Schools East County will respond as follows:

Level 1 Natural Disaster Community Wide/Neighborhood Crisis

(Example: earthquake, flood, fire, plane crash, riot, police action, high levels of fatalities and injuries, nuclear or biological disaster.)

Response: EOT in coordination with Civil Defense and/or resources.

Level 2 Singular or Multiple Locations

Immediate, life threatening or critical urgency

(Example: weapons, group confrontation, bomb threat, hostage, fire, explosion.)

Response: EOT in coordination with local law enforcement and/or government agencies

Level 3 RC Specific

(Example: discipline, health-physical/mental/CPS, utility failure, fight, angry parent.)

Response: School Coordinator according to responsibility.

Responsibilities for Situation Levels 1 and 2

1. Assess situation (to evacuate or secure RC)

2. Call 911
3. Contact EOT: Communicate essential information
Example: Describe the situation – clearly and calmly.
Who is involved?
Who's present/at the RC –staff/students/community?
Have the police been called? Have they arrived?
Who else has been notified?
What have you done so far?
Is anyone hurt? Describe injury.
4. Gather essential information – keep emergency supplies in one area
 - Student emergency binder
 - Student roster
 - Emergency procedure binder
 - Today's sign in sheet
 - Backpack, First Aid Kit, Blood borne Pathogen Kit
 - Keys
5. Reassess situation and roll call
Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)
6. Give students appraisal of situation
Tell them what to do and what is expected.
7. Re-contact EOT
8. Release students as appropriate to authorized individuals.
9. Contain remaining students in designated safe area.
10. Wait until crisis has passed
11. Notify corporate office
12. Remaining students will be brought to safe area designated by EOT
13. Staff will then be released by EOT

Resource Center Preparedness Activities

Training programs for staff:

- Disaster preparedness and scene management classes
- Mock disaster drill
- Evacuation/earthquake drills
- Blood borne Pathogens
- CPR and First Aid
- HIV Awareness

Educational activities:

- Basic earthquake education
- Parent meetings, home preparedness and orientation to RC plan

Equipment and supplies:

- Trauma/first aid kits
- Bodily fluid cleanup kit
- Backpacks for sweep and rescue team

Aftermath plan:

- Return school/community to normal
- Provide safe place to process event
- Plan for resumption of normal activities

*Drills are scheduled at least three times per year

Communications

Altus Schools East County Communications Plan is designed to supplement urgent or emergency e-mail communications to faculty and staff.

<u>Emergency RC Call to Central</u>	
	RC contact Central or Able
	Remember 6 Key points –
◆ RC	Identify your location
◆ Number	Approximate number of participants
◆ Code	Red (Life-threatening) 911 Orange (Serious) Yellow (Potential – advisement)
◆ Description	Briefly describe incident
◆ Location	In class, outside front/back door, alley
◆ Listen	Answer central’s questions succinctly

Procedure

- Superintendent will declare need for emergency action.

- Superintendent, School Coordinator and any designated support staff prepare ParentSquare telephone message and E-mail message.
- Superintendent notifies Altus Schools East County Board of Directors.
- Designated managers activate telephone tree, using prepared message; each designated manager will be responsible for their group and informing the backup caller.
- When schools are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent’s office by e-mail (mbixby@altusschools.net) the names of the employee’s they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your RC.
- Make copies of the tree information and give to appropriate staff.
- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to managers and employee’s regardless of the day of the week or the time of day or evening. It is important that employees who are to make calls and their backups have copies of the tree information and the telephone numbers both at school and home.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the south side of Fletcher Parkway, across the resource center. They are shouting and threatening one of our students who are here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the resource center associate and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your RCA with the other students. Be sure none of them leave or open the door. Stay with your students and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- ◆ Remember, speak calmly and slowly.
- ◆ Tend to the business at hand and keep Central informed. STAY CALM.
- ◆ If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **“Situation secured”**. **This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency the Superintendent or designee may activate the school-wide ParentSquare system. ParentSquare allows Altus Schools East County administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff.

ParentSquare allows Altus Schools East County to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- **We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.**
- **Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.**

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of a Altus Schools East County emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caution.

Code Red: Optional Action

The teacher contacts 911 immediately.

Tell the teacher you will contact 911.

Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.

Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc. After you place call for help, coordinate with other central managers to see who is closest to RC and can arrive in the shortest amount of time. Contact the Altus Schools East County Administrative Office to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a manager.

4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to the Central Office before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.

Emergency Responses

EMERGENCY RESPONSE: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- X If imminent risk, call 911.
- X Send for immediate help (First Aid, CPR, medical) and medication kit (for known allergies).
- X Notify the School Coordinator.
- X Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- X If an insect sting, remove stinger immediately.
- X Assess situation and help student/staff member to be comfortable.

- X Move student or adult only for safety reasons.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If imminent risk, call 911 (always call 911 if using "Epi" pen).
- X Notify nurse/parent or guardian.
- X Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- X Observe for respiratory difficulty.
- X Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- X Keep an "Epi" pen in the school office and notify staff as to location.
- X Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

- X Notify School Coordinator.
- X Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- X Follow standard student assembly, accounting and reporting procedures.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **SHELTER IN PLACE**.
- X Shut off HVAC units.
- X Move to central location where windows and doors can be sealed with duct tape.
- X Call 911. Provide location and nature of the emergency and school actions taken.
- X Notify Director of Operations and Technology of the situation.
- X Turn on a battery-powered commercial radio and listen for instructions.
- X Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.

- X Arrange for psychological counseling for students and staff.

Inside the Resource Center

STAFF ACTIONS:

- X Notify School Coordinator or Safety Ambassador.
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- X Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- X Follow standard student assembly, accounting and reporting procedures.
- X Prepare a list of those who are in the affected area to provide to emergency response personnel.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- X Move up-wind from the potential danger.
- X Call 911. Provide exact location and nature of emergency.
- X Designate security team to isolate and restrict access to potentially contaminated areas.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Notify Director of Operations and Technology of the situation.
- X Arrange for immediate psychological counseling for students and staff.
- X Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- X Wash affected areas with soap and water.
- X Immediately remove and contain contaminated clothing
- X Do not use bleach on potentially exposed skins.
- X Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

<p style="text-align: center;">Telephone Bomb Threats</p> <ul style="list-style-type: none"> ▪ Remain calm/courteous. ▪ Read phone's visual display. ▪ Listen, don't interrupt. ▪ Keep caller talking. Pretend hearing difficulty. ▪ Notice details: background noises, voice description. ▪ Ask: When? Where? What? How? ▪ Don't touch any suspicious objects. <p style="text-align: center;">Call 911</p>	
--	--

PERSON RECEIVING THREAT BY TELEPHONE:

- X Listen. Do not interrupt caller.
- X Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- X Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- X Notify Safety Ambassador immediately after completing the call.
- X Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- X Note the manner in which the threat was delivered, where it was found and who found it.

- X Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- X Caution students against picking up or touching any strange objects or packages.
- X Notify School Coordinator or Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911.
- X If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- X Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- X Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- X Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- X If it is necessary to evacuate the entire school, use the fire alarm.
- X Notify the Director of Operations and Technology of the situation.
- X Direct a search team to look for suspicious packages, boxes or foreign objects.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- X Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- X Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- X Check the resource center and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- X If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- X Evacuate students as quickly as possible, using primary or alternate routes.

- X Upon arrival at the designated safe emergency meeting area, take attendance. Notify the School Coordinator/Safety Ambassador of any missing students.
- X Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

• Refer to your local bomb threat emergency response plan for evacuation criteria

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

- 911
- Follow your local guidelines

Other information: _____

EMERGENCY RESPONSE: FLOOD

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the District Office.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to School Coordinator/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

All school personnel and custodians, shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify School Coordinator.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to School Coordinator/Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION**. Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to office.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
 - Number of hostage takers and description
 - Type of weapons being used
 - Number and names of hostages
 - Any demands or instructions the hostage taker has given
 - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- X Alert the School Coordinator/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE: INTRUDER

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- California Penal Code Title 15, Chapter 1.1 § 627.2

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
"What can we do to make this better?"
"I understand the problem, and I am concerned."
"We need to work together on this problem."
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

- X Notify the School Coordinator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.

- X Isolate intruder from students. Lock the resource center and office doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify District Office of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:
 - 1) Is the individual moving towards violent action?
 - 2) Is there evidence to suggest movement from thought to action?
 - High violence potential qualifies for arrest or hospitalization.
 - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.
- X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.
- X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.
- X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.
- X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.
- X Facilitate a meeting with student(s) and family to review expectations.
- X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

- X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.
- X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.
- X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.
- X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the School Coordinator. The next steps may include:
 - Provide parents/guardian with the names and phone numbers of mental health resources
 - Recommend that the parents make an immediate contact with a therapist.
 - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- X Provide follow-up collaborative support for the student and parents (as indicated) within the school
- X Develop a safety plan prior to the student's return to school.
- X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- X Notify School Coordinator/Safety Ambassador.
- X Notify school nurse, school psychologist, counselor or social worker.
- X Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status. Notify emergency response personnel of any missing students.
- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X Initiate **DROP, COVER AND HOLD ON**.
- X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.

- X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.
- X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
- X Render first aid as necessary.
- X Do not return to the resource center until the emergency response personnel determine it is safe to do so.
- X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE: PANDEMIC INFLUENZA

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Respiratory Hygiene Etiquette

- Cover your cough and sneeze with a tissue
- Wash hands with soap and water or a waterless hand hygiene product
- Place used tissues into a sealed bag

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice "respiratory hygiene etiquette".

- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE: ACTIVE SHOOTER/ARMED ASSAILANT

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"Active shooter situations" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knives, swords, etc.). These situations are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an active shooter / armed assailant situation before law enforcement personnel arrive on the scene.*

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.
 - a. **Act immediately** if you or your students:
 - hear a sound that might be gunfire.
 - see something that looks like a weapon being carried or used on or near the campus.
 - sense any other indication of active shooter / armed assailant threat.
 - b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
 - c. **Be decisive.** Communicate your plan to your students and act quickly.
 - d. **Call 911 and the School Office** as soon as it is safe to do so.

2. **Options: Run, Hide or Fight**
 - a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
 - Do not evacuate unless you...
 - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
 - **and** can visualize a route that will get your students and yourself safely off campus.
 - Don't carry anything with you.
 - Police may mistake an item in your hands as a weapon.

- Leave everything behind.
 - If you encounter people along the way...
 - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
 - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care.*
 - Place terrain and buildings between you and the assailant to cover your escape.
 - Keep going until you are certain you are out of danger.
 - Call 911 as soon as it is safe to do so.
 - Keep your students with you. Call (insert phone #) to report your location and obtain instructions.
- b. Hide:** If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.
- Lock the doors
 - Close and lock windows and close blinds or cover windows;
 - Turn off lights;
 - Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
 - Silence all electronic devices;
 - Remain silent;
 - Position occupants spread out and out of line of site from room entrance.
 - Prepare to take action if the assailant attempts to get in the room;
 - Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
 - Call 911 as soon as it is safe to do so.
 - Remain in place until evacuated by identifiable law enforcement officers.
- c. FIGHT: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**
- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
 - Construct a strong barricade.
 - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
 - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.

- a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
 - Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.
 3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.
 - a. Provide as much information as possible (slow down – be calm):
 - State the emergency: "I hear gunfire." "I saw..."
 - Give information on people who are wounded.
 - Location of the assailant (if known):
 - Description of the assailant (if known):
 - Your precise location: "room __"
 - The number of children with you:
 - b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.
4. Special Topics
 - a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.
 - *Run* – If you encounter injured persons while you are trying to get out of danger...
 - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.
 - *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
 - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.
 - *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
 - If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
 - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.
 - b. Law Enforcement: If you encounter law enforcement officers...

- Immediately raise your hands in the air and display your open palms.
 - Don't run up to officers or attempt to hug or talk to them.
 - Don't talk unless they ask you a question.
 - Do exactly what they tell you to do.
- c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
- Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
 - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.
- d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)
- e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

SCHOOL COORDINATORS/SAFETY AMBASSADOR ACTIONS:

- Follow the All Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
 - Include as much actionable information on the announcement as possible.
 - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
 - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
 - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the corporate office after you call 911.
- If possible, assist emergency personnel.
 - Assist police in entering the school;
 - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
 - Activate the district's Emergency Operations Center
 - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**

- The Operations Section should prepare an emergency evacuation area for reunification.
 - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
 - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
 - School staff and students will remain in lockdown until evacuated on a room by room basis.
 - Vans should be placed on standby for evacuation.
 - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**

- A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
- This team will also provide ongoing support throughout the recovery phase of the emergency response.
- Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
- Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

ADDITIONAL STEPS FOR THE SCHOOL:

- _____
- _____
- _____
- _____
- _____

EMERGENCY RESPONSE: FIRE (Outside Fire/Wildfire)

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the office door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the SCHOOL COORDINATOR/SAFETY AMBASSADOR and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.

In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of your staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to your school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around your structures, and surrounding topography. It may be best for some schools to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near campus, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a campus closure. Schools should have procedures in place for each of these possibilities.

BEFORE

- Goals:
1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
 2. Develop the capacity of staff to lead students through appropriate response options

3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s): Goal 1 Objectives

- a) Coordinate with local fire department to ensure an effective response to a Wildfire
- b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure
- c) Develop a clear chain of command with staff

Goal 2 Objectives

- a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure

Goal 3 Objectives

- a) Store combustible materials in fireproof containers
- b) Follow Fire Code and district rules regarding fire prevention
- c) Provide fire prevention training to staff
- d) Hold Fire Drills
- a) Maintain an adequate supply of fire extinguishers
- b) Ensure proper maintenance of fire prevention equipment

Courses of
Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

- a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure
- b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure
- c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

- a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure

Goal 3 Actions

- a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan

- b) Ensure combustible materials are stored in fireproof containers
- c) Provide fire prevention materials to before/after school program staff
- d) Hold fire extinguisher training for staff
- e) Ensure adequate supply of fire extinguishers are appropriately maintained on campus
- f) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

- a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
- b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

- a) Participate and lead students in fire drills
- b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto campus
- c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals: 1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s): Goal 1 Objectives

- a) Conduct appropriate wildfire response actions in a timely manner
- b) Conduct accountability procedures in a timely manner
- c) Activate school location Incident Command Team, as necessary

Courses of
Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

- a) Work with the district office, local fire department and other responders to determine best course of action
- b) Use the "Wildfire Evacuation Decision Tree" following this section.
- c) Use the "Get Smart about Wildfire Smoke – Clear Guidelines for Schools and Wildfire Smoke" in Hazard Annexes
- d) Communicate plan of action to staff and students:
 - voluntary evacuation
 - early dismissal
 - mandatory evacuation
 - shelter-in-place
 - campus closure

- e) Consider the following while implementing response action
 - Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
 - Food and water
 - Transportation
 - Security and Safety
 - Communications
- f) Contact families to notify of planned course of action
- g) Activate school Incident Command Team, as necessary
- Reunification Team
 - h) Ensure all staff and students are accounted for
 - i) Ensure that access roads are kept open for emergency vehicles
 - j) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity
 - k) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

- a) Remind staff to close doors when exiting classrooms/offices
- b) Notify appropriate utility company of suspected breaks in utility lines or pipes.
- c) Notify fire department of any hazards or vulnerabilities that could hinder their response or cause further damage (chemicals, wires, equipment, etc.)
- Provide SDS sheets of any chemicals on campus/in the area of the fire to the fire department upon arrival
- d) Notify District Office of situation

STAFF ACTIONS:Goal 1 Actions

- a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure
 - b) If evacuating or sheltering-in-place, take emergency backpack and student kits
 - c) Maintain control of the students a safe distance from the fire and firefighting equipment
 - d) Take attendance. Report missing students to the School Coordinator/designee and emergency response personnel
 - e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
 - f) Serve in any designated position on the Incident Command Team
- a) Shut classroom or office door after all individuals have exited
 - b) Provide information to School Coordinator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine campuses' bomb threat response strengths, areas from improvement and steps to improvement

Objective(s): Goal 1 Objectives

- a) Provide information to staff, parents, and students
- b) Provide information to district office
- c) Provide information to media

Goal 2 Objectives

- a) Conduct After-Action Report process

Courses of
Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

- a) Provide critical information to the district office in order to develop effective key messages
- b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
- c) Work with appropriate district department to draft talking points for phone calls and media requests

Goal 2 Actions

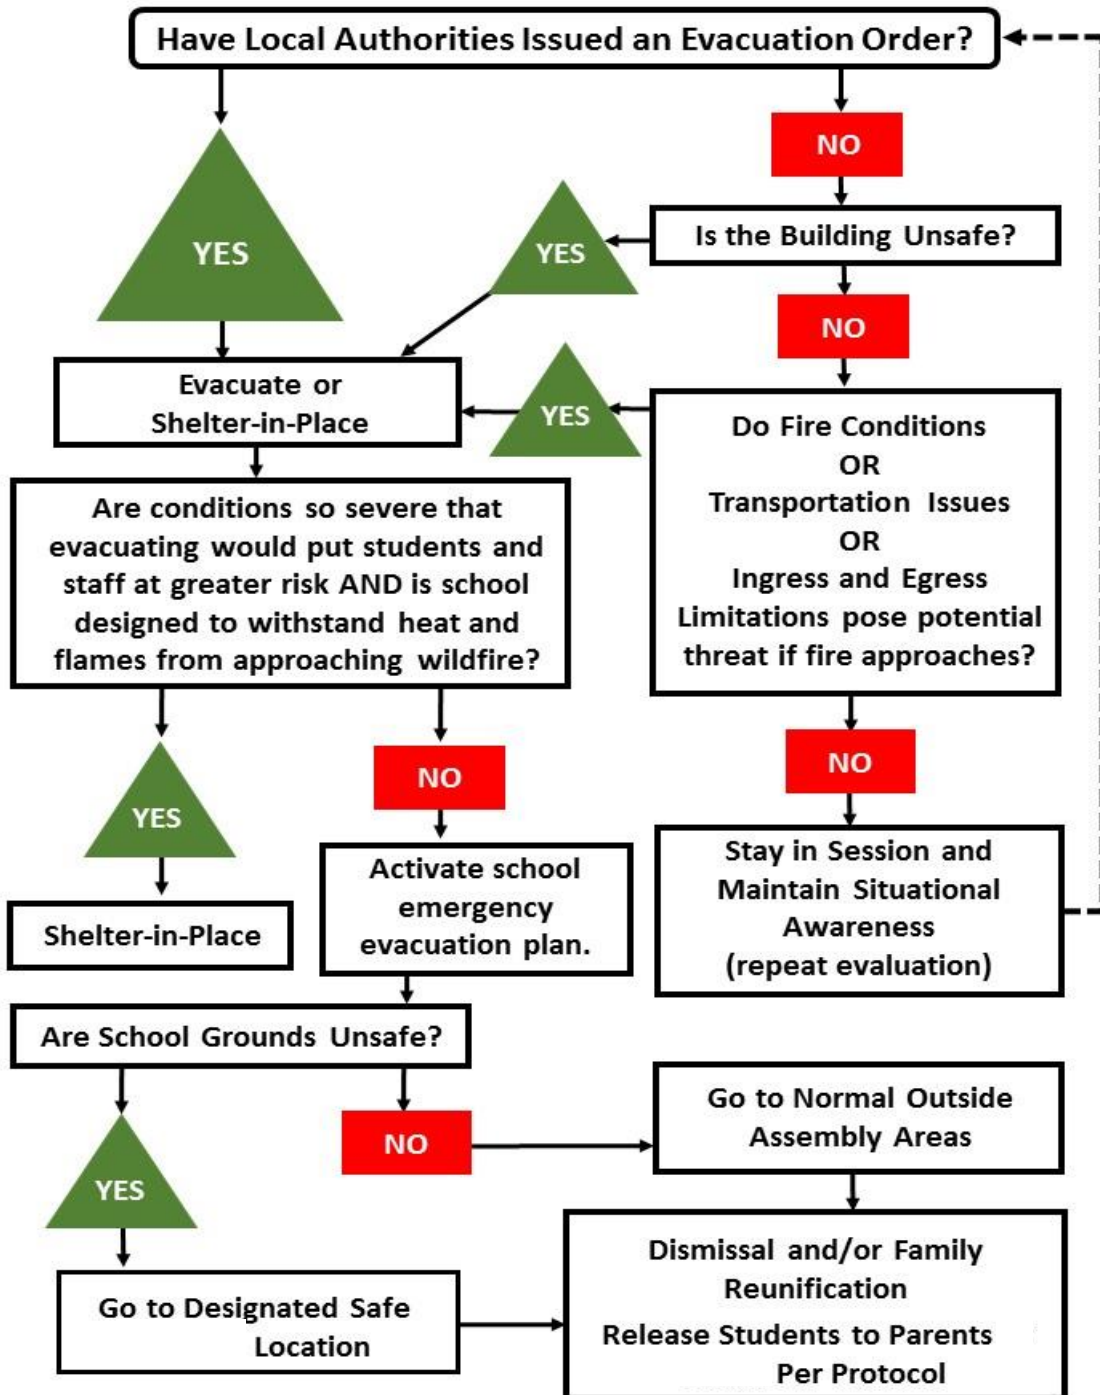

- a) Conduct an after-action report process and implement necessary actions for improving future responses
- b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
- c) Identify steps to improve future responses
- d) Implement steps to improvement

STAFF ACTIONS

Goal 2 Actions

- a) Participate in the after-action report process
- a) Participate in any determined corrective actions discovered in the after-actions process

WILDFIRE DECISION TREE

EMERGENCY RESPONSE: OPIOID ANTAGONIST-Naloxone Hydrochloride

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Altus Schools East County has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Altus Schools East County's primary goal in the fight against opioids and fentanyl use is prevention.

Altus Schools East County will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
 - How opioids and fentanyl affect the body's systems.
 - Refusal strategies
 - The signs and symptoms of use/abuse
 - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

The following was developed and taken from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document [SAMHSA Opioid Overdose Prevention Toolkit](#).

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol).

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of **OVERDOSE**, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older

people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

Altus Schools East County **uses intranasal spray.**

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the

user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and

naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.

Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)

Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: Additional Support

- **Have the individual transported to the nearest medical facility, even if symptoms seem to get better.**
 - **Debrief with students and staff present and assess further needs for support.**
 - **Complete an Accident Report Form.**
- Follow up with assigned school nurse for additional support.**

SUSPENSION AND EXPULSION POLICY

3110 Suspension / Expulsion Policy

*Amended: May 5, 2009, February 16, 2022, **December 7, 2022, June 22, 2023, February 28, 2024***

This Student Suspension and Expulsion Policy has been established by the Board of Directors of ~~Audeo Charter School Corporation, Inc.~~Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Audeo II, Audeo III, Audeo Valley Charter School, ~~Grossmont Secondary School~~Altus Schools East County, Mirus Secondary School and ~~Sweetwater Secondary School~~Altus Schools South Bay, (hereinafter collectively referred to as "Charter School").

In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians¹ are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that the policy and procedures are available on request at the School Coordinator's office. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

¹ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school sponsored activity.

B. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be suspended for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.
- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but it not limited to electronic files and databases.
- g) Stole or attempted to steal school property or private property, which includes but it not limited to electronic files and databases.
- h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
- i) Committed an obscene act or engaged in habitual profanity or vulgarity.
- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

- k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. This section shall only apply to students in any of grades 9-12, inclusive.
- l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.
- m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- p) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- q) Made terroristic threats against school officials and/or school property, which includes but it not limited to electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but it not limited to electronic files and databases, or the personal property of the person threatened or his or her immediate family.
- r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the

individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

- s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
- t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
- u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
- ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
- iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
- iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the School location, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- i. A message, text, sound, video, or image.
- ii. A post on a social network Internet Web site including, but not limited to:

- (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
- (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
- (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

- (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
- (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had

obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion for any of the following acts when it is determined the student:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b) Brandished a knife at another person.
- c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d) Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4

3. Discretionary Expellable Offenses: Students may be recommended for expulsion for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.
- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases

- g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases
- h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
- i) Committed an obscene act or engaged in habitual profanity or vulgarity.
- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases
- l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- o) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person

threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases or the personal property of the person threatened or his or her immediate family.

- q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
- r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
- s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
- t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
- 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
 - ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
 - iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
 - iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the School location, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- i. A message, text, sound, video, or image. ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

- (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
- (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as

an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the student:

- a. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b. Brandished a knife at another person.
- c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d. Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Audeo Board of Directors following a hearing before it, or by the neutral and impartial Audeo Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the Audeo Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense, and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the Audeo Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of Charter School 's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five calendar days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion

order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School .

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at Charter School . Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the Audeo Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission or admission of student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Involuntary Removal for Truancy

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for truancy shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. **Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;**
- b. **Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or**
- c. **Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.**

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Notification to Staff of Dangerous Students

- a. The administration will inform the School Coordinator of information received from the court and the Probation Department. The Altus Schools East County School Coordinator shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.
- b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.
- c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.
- d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Altus Schools East County is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Altus Schools East County shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English language proficiency will not be a barrier to admission and participation in school programs.

Any student who engages in discrimination of another student or anyone from Altus Schools East County may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the School Coordinator at (858) 678-3908 for resolution. If not resolved, contact: The Board President, 10170 Huennekens Street, San Diego, CA 92121; (858) 678-2020.

School-Wide Dress Code

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to school. Students who are not wearing appropriate clothing, parents/guardians will be notified and students will be asked to change or sent home. Unacceptable dress includes, in part, the following:

- ☐Pants sagging below the waist
- ☐Beachwear or sleepwear, including bedroom slippers
- ☐Shorts/skirts that are above mid-thigh
- ☐Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- ☐Visible undergarments (including boxer shorts, bras, etc.)
- ☐Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- ☐Clothing that uses vulgar/profane language and/or images
- ☐Head coverings such as, hats, bandanas, beanies, or do-rags

Loitering Law
LOITERING LAW COMPLIANCE:
SY ~~2023~~2024-20242025

*Daytime Loitering of Students in Public Places on
School Days*

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc. It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures may include:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile’s parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Exceptions may include:

- A minor who is accompanied by his or her parent, legal guardian, or other adult person having care or custody of the minor.

- Students who have permission to leave school campus for school related activity and have in their possession a valid school-issued written notice by a school official, but only for a reasonable period of time necessary for the activity.
- A minor who is going to or coming from his or her gainful place of employment or medical or dental appointment with verification of said employment or appointment.
- A minor who is upon an emergency errand directed by his/her parents, guardian or other adult person having the care and custody of the minor.
- A minor who is going directly to or from a school sponsored event or activity such as a sporting event, field trip, or other such school activity.

Going to and From School Safely

Everyday, millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Altus Schools East County students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Altus Schools East County students and parents to help prepare all Altus Schools East County students for a safer journey.

1. Every Altus Schools East County student will have a set schedule for arrival and departure from the resource center. When a student fails to arrive for his appointment, and has not notified the school or the absence, his or her teacher will call home to ensure the student is safe.
2. Every student, parent, and guest are required to sign-in and out each time he/she arrives and departs the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.
3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.
4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.
5. Parents will be encouraged to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.
7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.
8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.
9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.
10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.
11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.
12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

All Altus Schools East County staff and students shall review RC evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted at the RC. If there is a need for evacuation from the RC, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted RC evacuation plan
- Designated staff take along emergency release binder, class sign-in sheets, emergency materials specified in disaster preparedness plan
- Using class sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, the School Coordinator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Altus Schools East County is and will remain a safe place for students and adults.

Altus Schools East County staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at Altus Schools East County.

SEVERE CLAUSE BYPASSES

A majority of students at Altus Schools East County will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Attendance

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Child Abuse Reporting Procedures

All Altus Schools East County certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Altus Schools East County employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the School Coordinator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911.

Instructions for filing a Suspected Child Abuse Report

1. Call the **Child Abuse Hotline first (1-800-344-6000)** to make a **verbal report** to the agency immediately or as soon as is practicably possible by telephone. Please be sure to get the name of

the hotline worker. Within 36 hours after providing verbal report, follow up with a **written or faxed report**.

2. The correct form for either the written or fax report is **DOJ SS8572**. This form may be downloaded from the California Attorney General's Web site at www.ag.ca.gov/childabuse/pdf/ss_8572.pdf or obtain a copy from the School Nurse or School Coordinator.

3. Please complete every space on the SS8572 form. If you do not know certain requested information, write unknown.

4. Please type or print legibly in black ink to avoid a time-consuming callback.

5. "Narrative" -Please give detailed information. If you have additional information beyond what you have given by phone, please indicate this on the written report. If necessary, please continue your narrative on an additional sheet of paper, identifying the minor and indicating it is page 2 of the referral.

DISTRIBUTION OF FAX SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

Note: the fax machines are only available from 8:00 a.m. until 5:00 p.m., Monday through Friday.

1. Fax form to Child Abuse Hotline (858) 467-0412
2. Send the original to School Coordinator to place in a confidential locked file.

OR

DISTRIBUTION OF WRITTEN SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

1. Original to Child Abuse Hotline, 6950 Levant St., San Diego, CA 92111
2. Send a copy to the School Coordinator to place in a confidential locked file.

NOTE: ***Suspected Child Abuse Reports are never placed in the student's cumulative record or documented in the student's health record.***

I. REPORTING RESPONSIBILITIES

- No child care custodian or health practitioner reporting a suspected instance of child abuse in good faith shall be civilly or criminally liable for any report required or authorized by this article (California Penal Code Article 2.5). Any other person reporting an instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made and the person knew or should have known that the report was false.
- Any child care custodian, health practitioner, or employee of the child protective agency (CPS) who has knowledge of or has observed a child in his or her professional capacity or within the scope of his other employment whom he or she reasonably suspects has been the victim of child abuse shall report such suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report or fax report thereof within 36 hours of receiving the information concerning the incident.
- Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or its emotional well-being is endangered in any other way, may report such suspected instances of child abuse to a child protective agency. Infliction of willful and unjustifiable mental suffering must be reported.

II. DEFINITIONS

Emergency Notification Information

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The primary or alternate Incident Commander should notify the Police. Once notified, the Police will begin dispatching public safety services to assist the Incident Commander, pursuant to their procedures.

The very next action to occur is the need to alert or warn school staff. Methods for notifying staff include: Telephone – Landline and/or cellular, Radio, Runners – staff and/or students, or Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this RC.

The police will conduct an initial assessment based on available information. The police will advise the Incident Commander of the recommended actions to be taken.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information

Emergency Disaster Kit

This resource center maintains one kit. The kit(s) are located: Janitorial Closet

The Emergency Disaster Kit stores necessary resources for an RC incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the RC to a Public Safety Incident Command Post. School personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- ☑ Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Bull Horn – recommend a minimum of one
- ☑ Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie- talkies)
- ☑ Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately.
- ☑ Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- ☑ Rosters - recommend a minimum of one set per room sorted by alphabet
- ☑ Steno Pads (5x7) – recommend one per Incident Command Team member (17)
- ☑ Pencils & Pens - recommend one each per Incident Command Team member (34)
- ☑ Copies of Forms
- ☑ Chalk - recommend twenty-five sticks, red in color
- ☑ 3x5 Cards – recommend one hundred
- ☑ Department or Placards
- ☑ First Aid & Medical Team Supplies
- ☑ Search and Rescue Team Supplies
- ☑ Vests for Key Personnel – recommend a total of 17 for Incident Command Team members

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the RC. The responsibility to delegate the transport the Emergency Disaster Kit to an activated RC Command Post belongs to the following individuals:

Primary: Incident Commander

Alternate: Operations Chief

Crisis Response Boxes

This resource center maintains 1 Crisis Response Box.

The Crisis Response Boxes are located: Janitorial Closet and each Safety Team Member

The Crisis Response Boxes are file folder-type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established). The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include RC evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, resource center numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of resource center layout. Map must show **all** buildings, RC numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the RC, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the RC's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent year book.
- ☑ Telephone numbers listed in numerical order for each RC/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The responsibility to inspect and replace information belongs to the RC.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Emergency Quick Reference Guide

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. Each resource center and office has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually.

Emergency Operations Overview

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "...all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain at the school to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to a Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teacher will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety team is responsible for annual plan review. The Emergency Plan will be maintained on a secured intranet with "read only" access to the Incident Command Team and revision access to the School Safety Team.

Training & Exercises

Training is a key component to ensure successful emergency operations. The adage “people will do what they have been trained to do” is consistently proven in actual emergencies. Exercises allow “people” to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual training for all staff on the basic emergency procedures of this plan. All new staff assigned to the RC will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the School Safety Team.

The Incident Commander will coordinate annual exercises for all staff as outlined in the Emergency Procedures section.

Incident Command Team Overview

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one "position". (Example: in a small incident the School School Coordinator oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to "cluster" certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- **Incident Commander** – responsible for overseeing emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties
 - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
 - **Public Information Officer** – acts as official spokesperson for the RC in an emergency situation, until the Communications Officer is available
 - **Liaison Officer** – serves as the point-of-contact for agencies outside of the school.
- **Operations Chief** – manages direct response to the RC emergency
 - **Resource Center Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
 - **Search & Rescue Leader and Team** – checks RC for damage, rescues victims, and reports RC conditions
 - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
 - **Student/Parent Reunification**
 - **Assembly Area** – ensures the care and safety of all students at the RC (except those in the Medical Treatment Area)

- **Request Gate** – processes requests by parents or authorized adults for release of students
- **Release Gate** – releases student to parent or authorized adult
- **Planning & Intelligence Chief** – in charge of collection, evaluation and documentation of information about the incident
 - **Documentation** – collects, evaluates, and documents event
 - **Situation Analysis** – assesses the overall incident
- **Logistics Chief** – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
 - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- **Finance & Administration Chief** – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

It's important that the Incident Command Team refer to both the School Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

EMERGENCY PROCEDURES

Resource Center Evacuation Procedure

Notification

The Incident Commander is responsible to notify the Incident Command Team when an evacuation is necessary.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by announcement, telephone or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each resource center has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation location. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Evacuation Locations

In the event that the situation requires a further distance be placed between individuals and the facility, the Incident Commander will direct individuals to proceed to the designated meeting area.

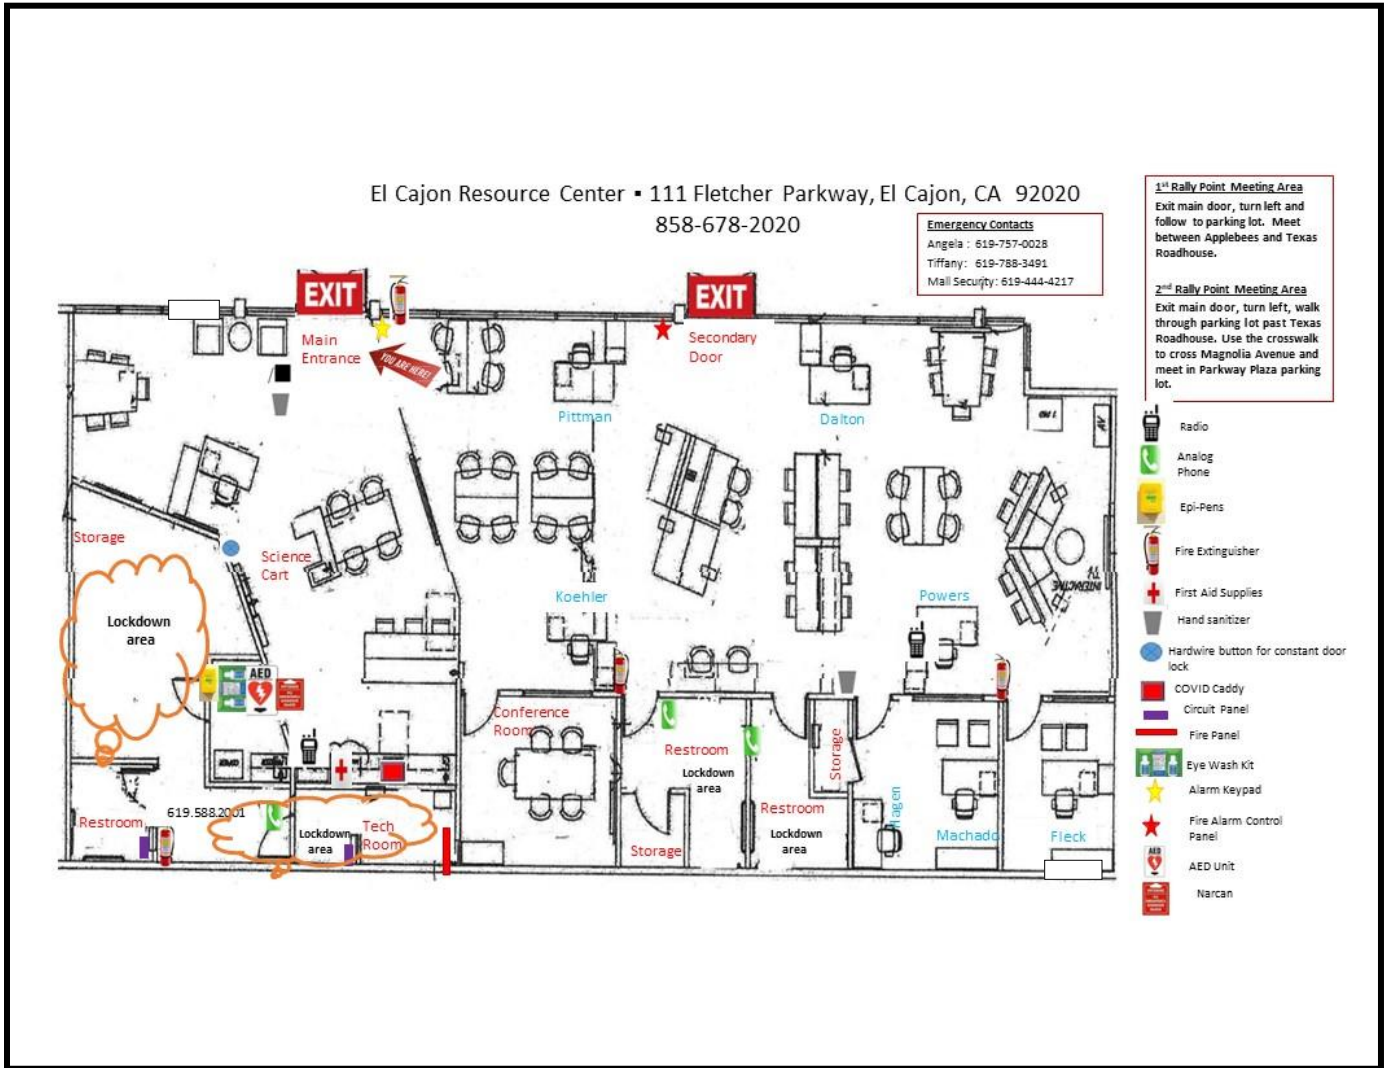

El Cajon: 111 Fletcher Parkway, El Cajon, CA 92020

Cross Street: North Magnolia Avenue

Emergency Meeting Area: Between Applebee's and Texas Roadhouse then to Parkway Plaza Parking Lot

El Cajon Plan

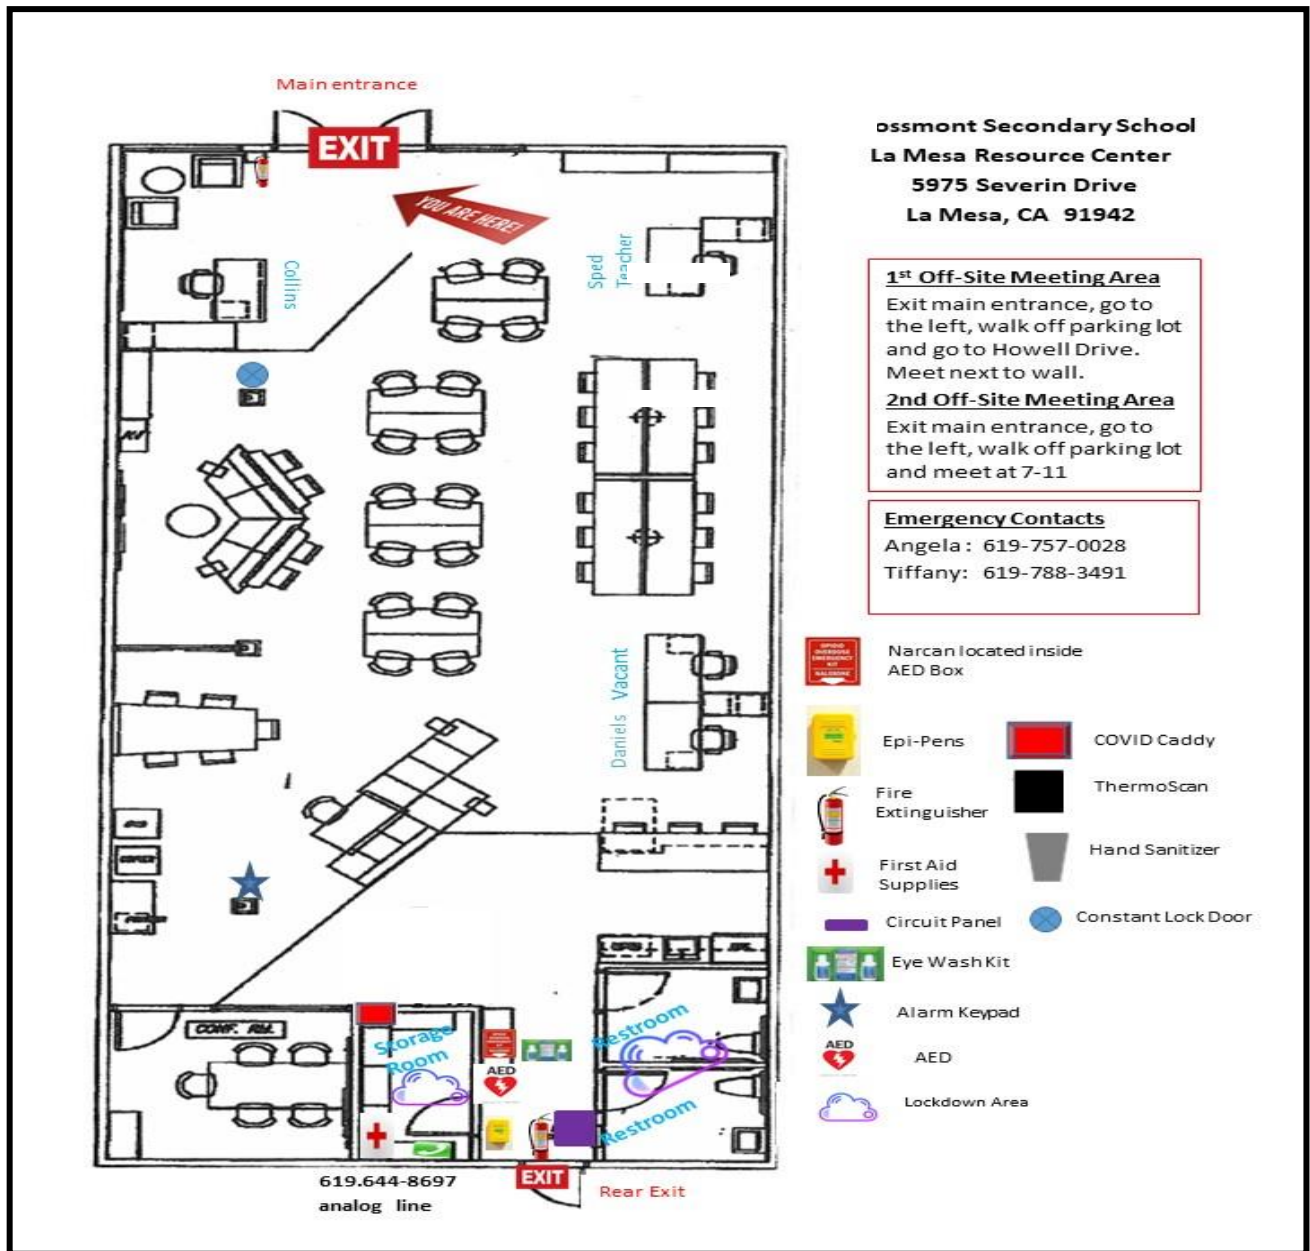

La Mesa: 5975 Severin Drive, La Mesa, CA 91942

Cross Street: Amaya Drive

Emergency Meeting Area: Howell Drive, Next to Wall then line up against North Wall in parking lot

La Mesa Plan

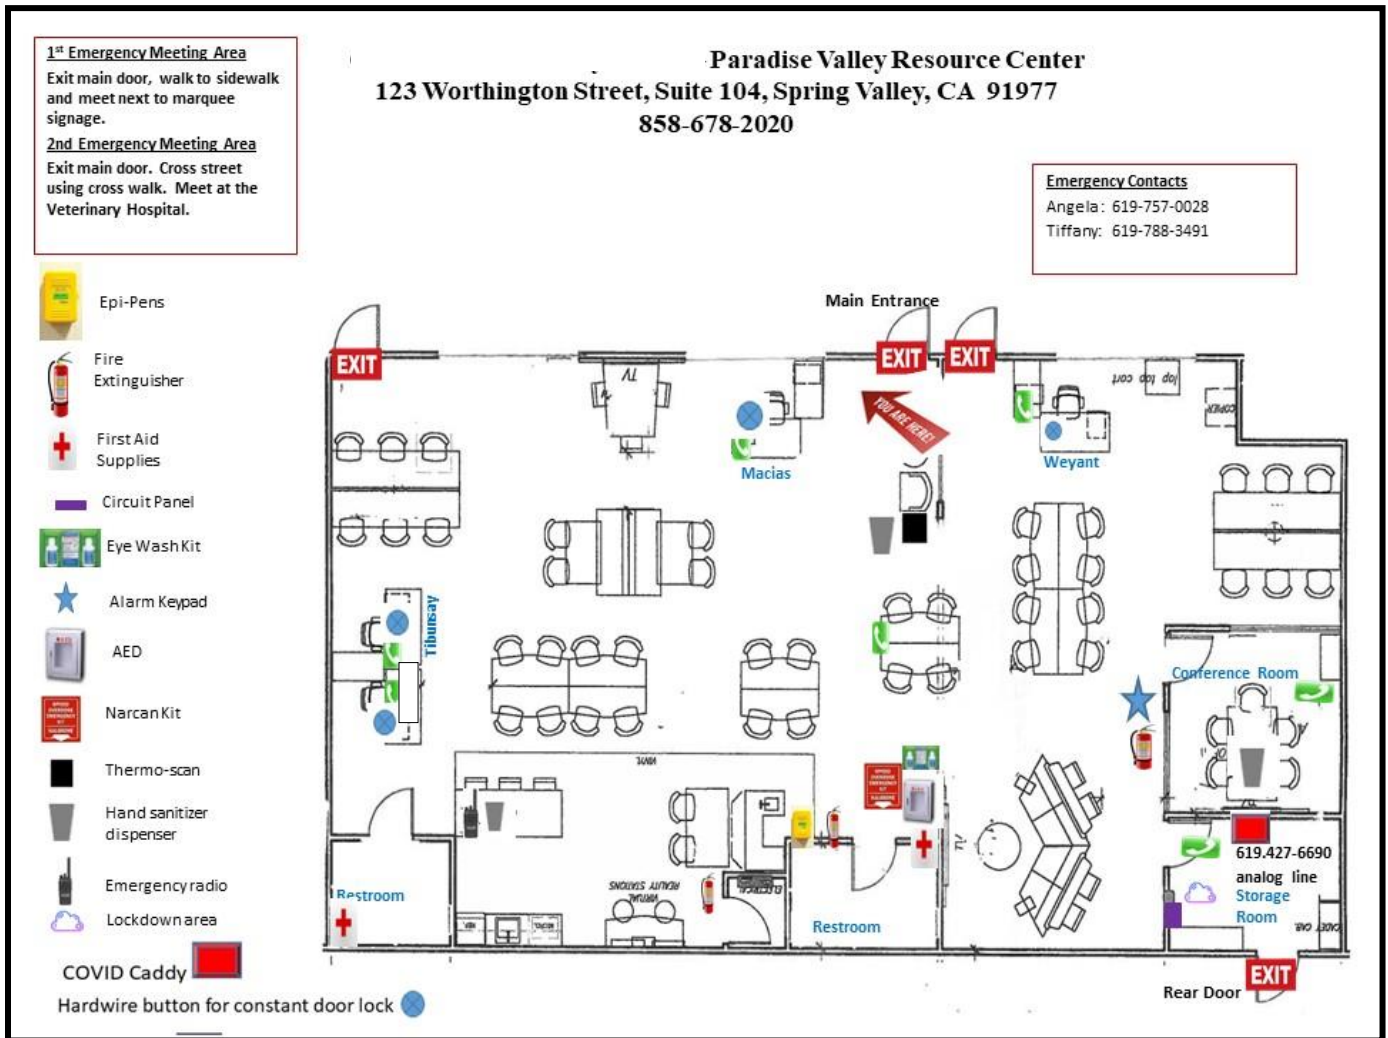

Paradise Valley: 123 Worthington Street, Suite 104-106, Spring Valley, CA 91977

Cross Street: Paradise Valley Road

Emergency Meeting Area: Next to Marquee to the Veterinary Hospital

Paradise Valley Plan

Persons with Disabilities

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. The Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Return to Resource Center

The Incident Commander, in consultation with the Public Safety Incident Commander, if necessary, will determine when individuals can return to the resource center.

Lockdown Procedure

Emergency Lockdown Procedures

If an emergency situation near a Altus Schools East County RC endangers student or staff safety,

Lockdown the Resource Center.

FIRST: Follow the below lockdown procedures and notify a Safety Committee Member immediately.

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **“this is a lockdown”** alerting staff and students in a calm manner.
2. All students and staff remain in their RC or offices.
3. All RC doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate “STAY” function on ADT/Protection One Security Alarm Panel.
6. Safety Ambassador or designee will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in RC/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Altus Schools East County Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee.

ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.

11. *No one is permitted to leave and no one, including a parent, is allowed in the RC.*
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.
15. Resource Center staff should defer media statements to the Communications Department.

Only a member of the Altus Schools East County Safety Committee may lift a lock down.

Persons who may activate a RC lockdown:

- Any member of a school staff or community safety support (Police, Fire, Mall Management, etc.) may declare a lockdown.

Conditions in which to activate a school-wide or RC specific lockdown may include, but not limited to:

- Authorities inform the school or RC of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a RC.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Should a lockdown occur, parents should be aware of the following:

- Remain calm as school and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. School staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the RC or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular locations may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the RC.

Following Lockdown:

- The Safety Ambassador for the RC will fill out and submit to Angela Neri within 24 hours:
 - Lockdown Incident Report Form
 - Emergency Sign-In Report
 - Emergency Student Sign Out Report
- The Safety Committee will convene within 72 hours to debrief
- The Safety Ambassador Coordinator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Following a lockdown or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

In the event the School Coordinator determines students are to be released from school, or that notification of parents/guardians is warranted, he/she will first notify the Director of Operations & Technology. A collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school's student database.

Reunification

Reunification will generally occur from the location pre-identified as the meeting evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use school attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Earthquake Procedure

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise School Coordinator of the situation. Contact the Director of Operations & Technology at (619) 778-3491.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Notify your School Coordinator. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department (“9-1-1”) or notify the Director of Operations & Technology by calling 619-778-3491. The Director of Operations & Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations & Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

Safety Supplies

The following checklist will help you identify the items that you will review each time you perform a drill. If your kit needs replenishment, please identify the item(s) below.

First Aid Kit

- Twenty Gauze pads, non-sterile (3 x 3 or 4 x 4)
- Four Roller Gauze, 4" wide, to secure gauze pads over wounds
- Two Adhesive tape, 1" wide, to secure gauze pads or bandages over wound
- Fifty Band-Aids, Regular size, 1" x 3", to cover minor wounds
- Twenty Band-Aids, small, to cover minor wounds (finger)
- Ten Band-Aids, large, to cover large wounds
- Five Pairs Latex-free gloves, Medium
- Two Cold compress
- Twenty Cotton Tip Applicators
- Two Triangular Bandage
- Four Thermometers-disposable
- One CPR Mask
- Written instructions for first aid kit use

Blood Bourne Pathogen Kit (BBP kit)

- Wastebasket for supplies storage
- Marked spray bottle to create disinfectant solution
- Dishwashing Soap
- Sponge
- Gloves
- Zip lock baggies
- Roll of paper towels
- Brush and dust pan
- Wastebasket size plastic liners
- Kitty litter
- Disposable plastic aprons
- Written instructions for the use of the BBP kit and materials
- 1 pair Goggles
- 2 pairs Shoe Covers

Backpack Survival Kit

- Emergency Preparedness Binder (contains Safety Plan and other documents)
- Transistor AM/FM radio
- Wired Phone
- Safety glow sticks - 2
- Candles - 2
- Emergency Blanket
- Waterproof Matches
- Whistle (located on the end of the "Life Gear" glow stick)
- Flashlights
- Duct Tape
- Pad of Paper Marker

Field Trip First Aid Kit

- Ten Sterile gauze pads, 2"x2"
- Two Gauze roller, 4"
- Four Gauze roller, 2"
- Fifteen Band-Aids, Regular size, 1"x3"
- Five Band-Aids, large
- Two Triangular bandage
- One Adhesive tape, 1"
- One Hand sanitizer, 2oz bottle
- One First Aid Antiseptic, 2oz bottle
- One CPR Mask
- Written instructions for first aid kit use

Science Cart First Aid Kit

- One Absorbent Compress
- Ten Antibiotic Cream
- Ten Antiseptic Towelettes
- Ten Burn Cream
- Five Fabric fingertip bandages
- Four Fabric Knuckle Bandages
- One First Aid Tape
- One Forceps 4"
- Four Gauze pads 3x3
- One Gauze roll, 2" x 6 yd
- One Instant Ice Pack 5x7"
- 2 large Nitrile Gloves
- Sixteen Plastic Bandages 1x3"
- One Scissors 4"
- One Sting Wipes 1 x2"
- One Triangular Bandage 40x40x56"
- First Aid Facts Guide

COVID Caddy

- One Disinfectant wipes
- Two Disinfectant spray
- Paper towels
- One box of Masks
- One box of Gloves
- One Thermometer with Batteries
- Hand sanitizer

Notes:

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

- A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the “Run, Hide, Fight” model.
- B. Armed assailant drills have both benefits and concerns associated with their implementation.
 - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
 - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
 - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

- A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.
- B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.
- C. Schools should keep simulation techniques appropriate to the participants’ developmental maturity.
 - Inform participants of the use and purpose of props and simulation aids prior to the drill.
 - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.
- D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

- A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.
- B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.
- C. School-employed mental health professionals should be involved in every stage of preparation.
 - Prior to the drill, staff should be trained to recognize common trauma reactions.
 - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
 - After completion, staff and students should have access to mental health support, if needed.
- D. Participation should never be mandatory, and parental consent should be required for all students.
- E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost-benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.

5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

INTRODUCTION

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other

weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the "Run, Hide, Fight" model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive

school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age-appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options-based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the school campus (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of

Education, 2006a). ***Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.***

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop’s purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop’s purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly “escape” into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Impact of Adult Behavior on Children’s Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating

and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school-employed mental health professionals after the event to provide

additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
 - Identifies a lead person to coordinate school safety efforts, including drills.
 - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations.
 - Takes a lead in identifying the most appropriate preparedness activities for the school.
 - Provides ongoing professional development and training as needed; and
 - Ensures that the school’s policies are in compliance with state laws and school board policies.
2. Conduct an assessment of the school community to:
 - Identify the types of crisis events most likely to occur,
 - Determine the current school culture and climate,
 - Map existing resources and capacities of school personnel or school safety teams, and
 - Identify any related policies that should be considered in the planning of drills.
3. Implement a cost–benefit analysis that:
 - Considers financial costs in relation to the likelihood of a particular crisis.
 - Identifies what resources, activities, or preparedness training must be replaced or postponed to engage in active shooter or other armed assailant drills;
 - Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
 - Considers the current knowledge and identified needs of the staff; and

- Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.
4. Tailor drills to the context of the school environment, taking into consideration:
 - The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
 - Age, cognitive, and developmental levels of awareness of students;
 - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
 - The capacity, comfort level, and trust among staff;
 - Administrative support;
 - Optimal timing, including time of year, day of the week, and time of the day;
 - Relationships with external partners, law enforcement, and other first responders; and
 - The layout of the school building and campus.
 5. Create a plan of progression that:
 - Considers whether any previous activities have been conducted in the school;
 - Starts with simple, low-cost, discussion-based exercises;
 - Considers all available types of drills;
 - Identifies specific objectives and goals for the drills; and
 - Identifies a timeline and metrics to help determine whether more complex exercises are needed.
 6. Prepare for logistics of the drill to ensure that:
 - Previous traumatic experiences of those involved are considered;
 - School staff learn to recognize stressful reactions to drills;
 - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
 - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
 - Adequate follow up is available for students or staff with questions; and
 - Appropriate methods to evaluate outcomes are implemented.
 7. Develop a communications plan that:
 - Informs members of the school community of planned drills and what will be entailed;
 - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
 - Provides opt-out options for staff and students; and
 - Encourages feedback and evaluation by participants after the fact.
 8. Establish a long-term follow up plan to support sustainability that considers:
 - What additional training is required;
 - How the drill integrates with other school safety and crisis prevention efforts;
 - How current and previous training and knowledge can be maintained and built upon; and

- When follow-up should be conducted and how often.

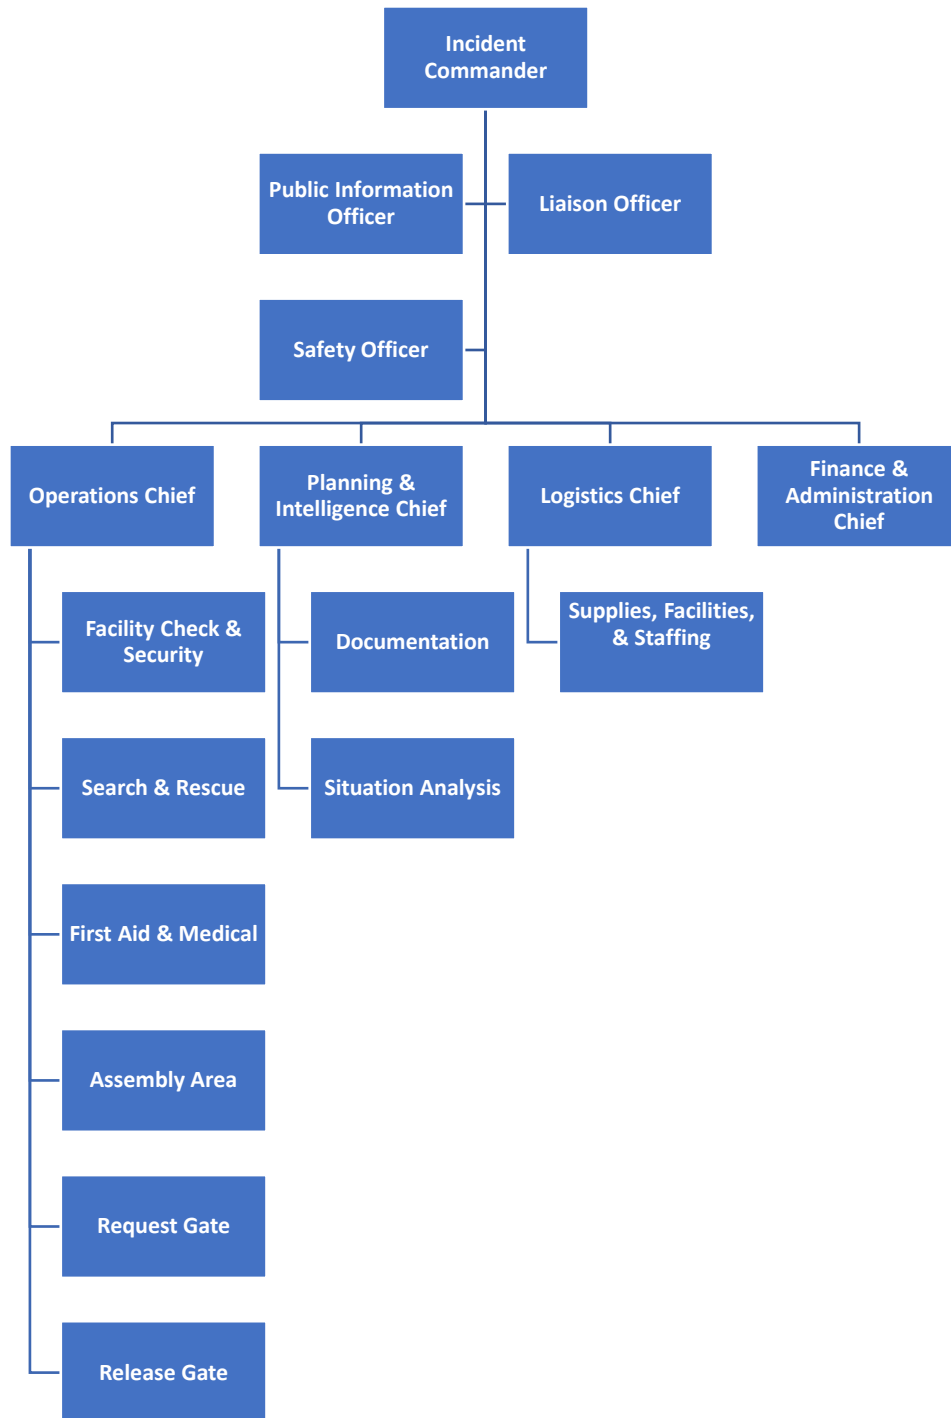

CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

Position Activation Information

Equipment

Every position on the Incident Command Team will require the following equipment:

1. Identification vest
2. Two-way campus radio
3. Paper and pens/pencils
4. Job description clipboard

Position-Specific Equipment

Certain positions require special equipment or forms. Such specific needs are identified on the individual position checklists.

Position Activation

1. Once notified of your assignment, put on your vest.
2. Check in with the Incident Commander at the Incident Command Post for a situation briefing.
3. Check in with your Chief for details and updates associated with your position.
4. Obtain necessary equipment and supplies.
5. Open and maintain a Position Log. Maintain all required records and documentation to support the history of the emergency or disaster. Document:
 - a. Messages received
 - b. Actions taken
 - c. Decision justifications and documentation
 - d. Requests filled
 - e. Document missing staff

Position Deactivation

1. At the direction of the Incident Commander, deactivate your position and close out all logs. Provide logs, timekeeping records, and other relevant documents to the Documentation Unit.
2. Return equipment and reusable supplies to Logistics.

Section: Command

Position: Incident Commander

Responsibility: The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others.

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- Crisis Response Boxes
- Emergency Disaster Kit
- Master keys
- Position-Specific forms
- AM/FM radio (battery)
- Command Post Tray (pens, etc.)
- Emergency Plan
- Tables & chairs (if Command Post is outdoors)
- Job Description Clipboards
- Bull horn
- Staff rosters (2 sets)
- Copies of Forms

Start-Up:

- Assess type and scope of emergency.
- Determine threat to human life and structures.
- Implement Emergency Plan and Emergency Procedures.
- Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- Activate functions (assign positions) as needed.
- Fill in Incident Command Team Assignment Form as positions are staffed.
- Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- Continue to monitor and assess total school situation:
- View location map periodically for Search & Rescue progress and damage assessment information.
- Check with chiefs for periodic updates.
- Reassign personnel as needed.
- Develop and communicate revised incident action plans as needed.

- Authorize release of information.
- Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- Release staff as appropriate. By law, during a disaster, the staff will become "Disaster Service Workers."
- Remain on and in charge of your RC until the incident has been resolved.

After:

- Authorize deactivation of sections or units when they are no longer required.
- Deactivate the entire emergency response.
- Ensure that any open actions not yet completed will be taken care of after deactivation.
- Ensure the return of all equipment and reusable supplies to Logistics.
- Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.
- Proclaim termination of the emergency and proceed with recovery operations if necessary.

Section: Command

Position: Safety Officer

Reports To: Incident Commander

Staffing

Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Special Equipment:

Hard hat (if available)

During Event:

- Monitor drills, exercises, and emergency response activities for safety.
- Identify and mitigate safety hazards and situations.
- Stop or modify all unsafe operations.
- Ensure that responders use appropriate safety equipment.
- Think ahead and anticipate situations and problems before they occur.
- Anticipate situation changes, such as severe aftershocks, in all planning.
- Keep the Incident Commander advised of your status and activity and on any problem areas that now need or will require solutions.

Section: Command

Position: Public Information Officer

Reports To: Incident Commander

Staffing

Characteristics: It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.

Responsibility: Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the school ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the school in an emergency situation.

Special Equipment:

- Battery operated AM/FM radio
- Marking pens
- Scotch tape/masking tape
- Forms:
 - Public Information Release Worksheet
 - School Accountability Report Card
- Scissors
- School map(s) and area map(s):
 - 8-1/2 x 11 handouts
 - Laminated display
- Tape recorder and tapes

Start-Up Activities:

- Determine a possible "news center" location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- Identify yourself as the "Public Information Officer" (vest, visor, sign, etc.)
- Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- Advise arriving media that the school is preparing a press release and approximate time of its issue.
- Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- Keep up-to-date on the situation.
- Statements must be approved by the Incident Commander and should reflect:
 - Reassurance — EGBOK — "Everything's Going to Be OK."
 - Incident or disaster cause and time of origin.
 - Size and scope of the incident.
 - Current situation — condition of school, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
 - Resources in use.
 - Best routes to school if known and appropriate.
 - Any information school wishes to be released to the public.
 - **Read** statements if possible.
- When answering questions, be complete and truthful, always considering confidentiality & emotional impact. Avoid speculation, bluffing, lying, talking "off the record," arguing, etc. Avoid use of the phrase "no comment."
- Remind school/staff volunteers to refer all questions from media or waiting parents to the PIO.**
- Update information periodically with Incident Commander.
- Ensure announcements and other information is translated into other languages as needed.
- Monitor news broadcasts about incident. Correct any misinformation heard.

Section: Command

Position: Liaison Officer

Reports to: Incident Commander

Staffing

Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Liaison Officer serves as the point-of-contact for Agency Representatives from assisting organizations and agencies outside the school and assists in coordinating the efforts of these outside agencies by ensuring the proper flow of information.

During Event:

- Brief Agency Representatives on current situation, priorities and incident action plan.
- Ensure coordination of efforts by keeping Incident Commander informed of agencies' action plans.
- Provide periodic update briefings to Agency Representatives, as necessary.

Section: Operations

Position: Operations Chief

Reports to: Incident Commander

Staffing

Characteristics: The Operations Chief should be a staff member familiar with the school and be trained in response skills.

Responsibility: The Operations Chief manages the direct response to the disaster, which can include Facility Check & Security Unit, Search & Rescue Unit, and First Aid & Medical Unit.

Special Equipment:

- Search & Rescue equipment
- Maps: See Crisis Response Box

During Event:

- Assume the duties of all operations positions until staff is available and assigned.
- As staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- If additional supplies or staff is needed for the Operations Section, notify Logistics. When additional staff arrives, brief them on the situation, and assign them as needed.
- Coordinate Search & Rescue operations. Appoint Search & Rescue Team Leader to direct their operations, if necessary.
- As information is received from operations staff, pass it on to Situation Analysis and/or the Incident Commander.
- Inform the Incident Commander regarding tasks and priorities.
- Make sure that Operations staff is following standard procedures, utilizing appropriate safety gear, and documenting their activities.
- Schedule breaks and reassign Operations staff within the section as needed.

Section: Operations

Position: Facility Check & Security

Reports to: Operations Chief

Staffing

Characteristics: Building Safety Supervisor or others familiar with the school's facilities.

Responsibility: Controls utilities, restricts access to unsafe areas and communicates damage to the Incident Commander. Also assists with traffic control for public safety vehicles, parent pick-up and the media.

Special Equipment:

- Hard hat
- Work gloves
- Whistle
- Master keys
- Bucket or duffel bag with goggles
- Flashlight
- Dust masks
- Yellow caution tape
- Shutoff tools — for gas & water (crescent wrench)

Start Up Activities:

- Medical Treatment Victim Log
- Morgue supplies:
 - Tags
 - Vicks Vapor Rub
 - Pens/Pencils
 - Plastic tarps
 - Plastic trash bags
 - Stapler
 - Duct tape
 - 2" cloth tape

Start-Up Activities:

- Establish scope of disaster with the Incident Commander and determine probability of outside emergency medical support and transport needs.
- Request assistance from the Crisis Response Team for psychological staff and student needs
- Make personnel assignments. If possible, assign a minimum of two people to Triage, two to Immediate, two to Delayed, and two to Psychological.
- Set up First Aid & Medical Treatment Area in a safe place, away from students and parents, with access to emergency vehicles. Obtain equipment/supplies from the container.
- Assess available inventory of supplies & equipment.

- Review safety procedures and assignments with personnel.
- Establish point of entry (“triage”) into treatment area.
- Establish “immediate” and “delayed” treatment areas.
- Set up a separate Psychological First Aid area with staff trained in CISM from the Crisis Response Team.
- Establish the need for a temporary morgue. If a morgue is needed, establish an appropriate location in consideration of the following:
- If directed, set up morgue area. Verify:
 - Tile, concrete, or other cool floor surface
 - Accessible to Coroner’s vehicle
 - Remote from assembly area
 - Security: keep unauthorized persons out of morgue.
 - Maintain respectful attitude.

During Event:

- Oversee care, treatment, and assessment of patients
- Ensure caregiver and rescuer safety
 - Latex gloves for protection from body fluids; replace with new gloves for each new patient.
- Make sure that accurate records are kept.
- Provide personnel response for injuries in remote locations or request Logistics for staffing assistance.
- If needed, request additional personnel from Logistics.
- Brief newly assigned personnel.
- Report deaths immediately to Operations Chief.
 - **After pronouncement or determination of death:**
 - **Do not** move the body until directed by Command Post.
 - **Do not** remove any personal effects from the body. Personal effects must remain with the body **at all times**.
 - As soon as possible, **notify Operations Chief**, who will notify the Command Post, who will attempt to notify law enforcement authorities of the location and, if known, the identity of the body. The law enforcement authorities will notify the Coroner.
 - Keep accurate records and make available to law enforcement and/or the Coroner when requested.
 - Write the following information on two tags:
 - Date and time found.
 - Exact location where found.
 - Name of decedent, if known.
 - If identified—how, when, by whom.
 - Name of person filling out tag.
 - Attach one tag to body.

- If the Coroner's Office will not be able to pick up the body soon, place body in plastic bag(s) and tape securely to prevent unwrapping. Securely attach the second tag to the outside of the bag. Move body to morgue.
- Place any additional personal belongings found in a separate container and label as above. Do not attach to the body—store separately near the body.
- Keep Operations Chief informed of overall status.
- Set up morgue, if necessary, in cool, isolated, secure area; follow guidelines.
- Stay alert for communicable diseases and isolate appropriately.

After:

- Conduct a Critical Incident Stress Debriefing for staff.

Section: Operations

Position: First Aid & Medical Team

Reports to: First Aid & Medical Team Leader

Staffing

Characteristics: Trained in first aid and CISM

Responsibility: Works with a buddy to administer first-aid and arrange for transport of victims as necessary.

Special Equipment:

- First-aid supplies
- Marking pens
- Stretchers, blankets, vests (if available)
- Quick reference medical guides
- Tables, chairs, ground cover/tarps, medication from health office
- Forms: Notice of First Aid Care Given Form, First Aid & Medical Treatment Victim Log
- Start-Up Activities:**
- Obtain & wear personal safety equipment including latex gloves.
- Use approved safety equipment and techniques.
- Check with First Aid & Medical Team Leader for assignment.

During Event:

- Administer appropriate first aid.
- Keep accurate records of care given.**
- Continue to assess victims at regular intervals.
- Report deaths immediately to First Aid & Medical Team Leader.
- If & when transport is available, do final assessment and document on triage tag. Keep and file records for reference—**do not send with victim.**
- Student's Emergency Card must accompany student removed from campus to receive advanced medical attention. Send emergency out-of-area phone number if available.

Triage Entry Area:

- Staffed with minimum of 2 trained team members, if possible.
- One member confirms triage tag category (red, yellow, green) and directs to proper treatment area. Should take 30 seconds to assess — no treatment takes place here. Assess, if not tagged.
- Second team member logs victims' names on form and sends forms to Incident Command Post as completed.

Treatment Areas (“Immediate” & “Delayed”)

- Staff with minimum of 2 team members per area, if possible.
- One member completes secondary head-to-toe assessment.
- Second member records information on triage tag and treatment records.
- Follow categories: Immediate, Delayed, Dead

After:

- Clean up First Aid & Medical Treatment Area. Dispose of hazardous waste safely.
- Assist in the Critical Incident Stress Debriefing for the staff

Section: Operations

Position: Assembly Area

Reports to: Operations Chief

Staffing

Characteristic: Trained in managing large groups of students

Responsibility: Ensure the care and safety of all students (except those who are in the First Aid & Medical Treatment Area).

Special Equipment:

- Ground cover and tarps
- First aid kit, water, food, sanitation supplies
- Student activities: books, games, coloring books, etc.
- Forms:
 - Student Accounting Form
 - Notice of First Aid Care Given Form

Start-Up Activities:

- Request additional personnel, if needed.
- If school is evacuating:
 - Verify that the assembly area and routes to it are safe.
 - Count or observe the students as they exit, to make sure that all students evacuate.
 - Initiate the set-up of portable toilet facilities and hand-washing stations.

During Event:

- Monitor the safety and well-being of the students and staff in the Assembly Area.
- Administer minor first aid as needed.
- Support the Release Gate Unit process by releasing students with appropriate paperwork.
- When necessary, provide water and food to students and staff.
- Make arrangements for portable toilets if necessary, ensuring that students and staff wash their hands thoroughly to prevent disease.
- Make arrangements to provide shelter for students and staff.
- Arrange activities and keep students reassured.
- Update records of the number of students and staff in the assembly area (or in the buildings).
- Direct all requests for information to the Public Information Officer.

Section: Operations

Position: Request Gate

Reports to: Operations Chief

Staffing

Characteristics: School staff or volunteers

Responsibility: Assure proper processing of reunification requests at the Request Gate. Also, process requests from volunteers.

Special Equipment:

- Stapler
- Box(es) of Emergency Cards
- Signs: Parent Request Gate
- Empty file boxes to use as out boxes
- Forms:
 - Student Release Form
 - Volunteer Assignment List

Start-Up Activities:

- Secure area against unauthorized access. Mark gate with sign.
- Set up Request Gate at the main student access gate. Use alphabetical grouping signs to organize parent requests.
- Have Student Release Forms available for parents or guardians outside of fence at Request Gate. Assign volunteers to assist.
- Ensure an adequate distance between the Request Gate and the Release Gate.

During Event:

- Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.
- Refer all requests for information to the Public Information Officer. Do not spread rumors!**
- If volunteers arrive to help, send those with Disaster Volunteer badges with photo ID to the Supply, Facilities, and Staffing Unit. If they are not registered (do not have badges), register them at the Request Gate.

Reunification Procedures:

- Requesting parent or guardian fills out Student Release Form, gives it to staff member, and shows identification.

- Staff verifies identification, pulls Emergency Card from file, and verifies that the requester is listed on the card.
- Staff instructs the requester to proceed to the Release Gate.
- If there are two copies of the Emergency Cards (one at each gate), staff files the Emergency Card in the out box. If there is only one copy, runner takes the card with the Student Release Form, and staff files a blank card with the student's name on it in the out box.
- Runner takes form(s) to the designated resource center.

Note: If a parent or guardian refuses to wait in line, don't argue. Note time with appropriate comments on Emergency Card and place in out box.

If student is with class:

- Runner shows Student Release Form to the teacher
- Teacher marks box, "**Sent with Runner.**"
- If appropriate, teacher sends parent copy of Notice of First Aid Care Given Form with the runner.
- Runner walks student(s) to Release Gate.
- Runner hands paperwork to staff at Release Gate.

If student is not with the class:

- Teacher makes appropriate notation on Student Release Form:
- "**Absent**" if student was never in school that day.
- "**First Aid**" if student is in First Aid & Medical Treatment Area.
- "**Missing**" if student was in school but now cannot be located.
- Runner takes Student Release Form to the Command Post.
- Command Post verifies student location if known and directs runner accordingly.
- If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to the Command Post for verification.**

Section: Operations

Position: Release Gate

Reports to: Operations Chief

Staffing

Characteristics: School staff or volunteers

Responsibility: Assure proper reunification of student with parent or guardian at the Release Gate.

Special Equipment:

- Stapler
- Signs: Parent Release Gate
- Empty file boxes to use for processed Student Release Forms

Start-Up Activities:

- Secure area against unauthorized access. Mark gate with sign.
- Set up Release Gate away from the Request Gate.
- Assign volunteers to assist, as needed.

During Event:

- Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.
- Refer all requests for information to the Public Information Officer. Do not spread rumors!**

If student is with class:

- Runner shows Student Release Form to the teacher
- Teacher marks box, "**Sent with Runner.**"
- If appropriate, teacher sends parent copy of Notice of First Aid Care Given Form with the runner.
- Runner walks student(s) to Release Gate.
- Runner hands paperwork to staff at Release Gate.
- Release staff match student to requester, verify proof of identification, ask requester to fill out and sign the lower portion of Student Release Form, and release student. Parents are given the Notice of First Aid Care Given Form, if applicable.

If student is not with the class:

- Teacher makes appropriate notation on Student Release Form:
- "**Absent**" if student was never in school that day.
- "**First Aid**" if student is in First Aid & Medical Treatment Area.

- "Missing"** if student was in school but now cannot be located.
- Runner takes Student Release Form to Incident Command Post.
- Incident Command Post verifies student location if known and directs runner accordingly.
- If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to Incident Command Post for verification.
- Parent should be notified of missing student status and escorted to crisis counselor.
- If student is in first aid, parent should be escorted to First Aid & Medical Treatment Area.
- If student was marked absent, parent will be notified by staff member.

Section: Planning & Intelligence

Safety Ambassadors*

~~2023~~2024-2024~~2025~~

The designated Ambassadors are responsible for planning and implementation at the Resource Center (RC). Resource Center Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓ Number of students in RC – adhere to student scheduled hours
- ✓ Schedule CTR/RCA works hours – ensure there are two staff members when opening and closing the RC
- ✓ Share information at RC meetings; Discuss safety at monthly resource center meetings
- ✓ Meet with new resource center staff within 30 days
- ✓ Reach out to the Juvenile Community Officer, Community Resources and Community Police Sub-Stations
- ✓ Keep technology locked and secured

Instructional Support:

- ✓ Consistent RC rules among all staff – hats, phones, language use
- ✓ Ensure middle school students work together
- ✓ Instructional tables labeled by subject area
- ✓ Know your student needs – triggers
- ✓ Measuring threat levels
- ✓ CTR/RCA supporting the learning environment

Compliance:

- ✓ Safety Drills are mandated to be performed three days (3) times per year
- ✓ Ensure safety supplies are located in designated area and replenished each time a drill is performed
- ✓ Confirm that the Emergency Radio works properly (Channel 1)
- ✓ Update Resource Center Emergency Exit Plan annually
- ✓ Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections
- ✓

SECTION FOUR

Emergency Plan Roles and Responsibilities 136

SECTION ONE

Executive Summary

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any facility operated by Altus Schools South Bay.

An "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and their Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this RC. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.

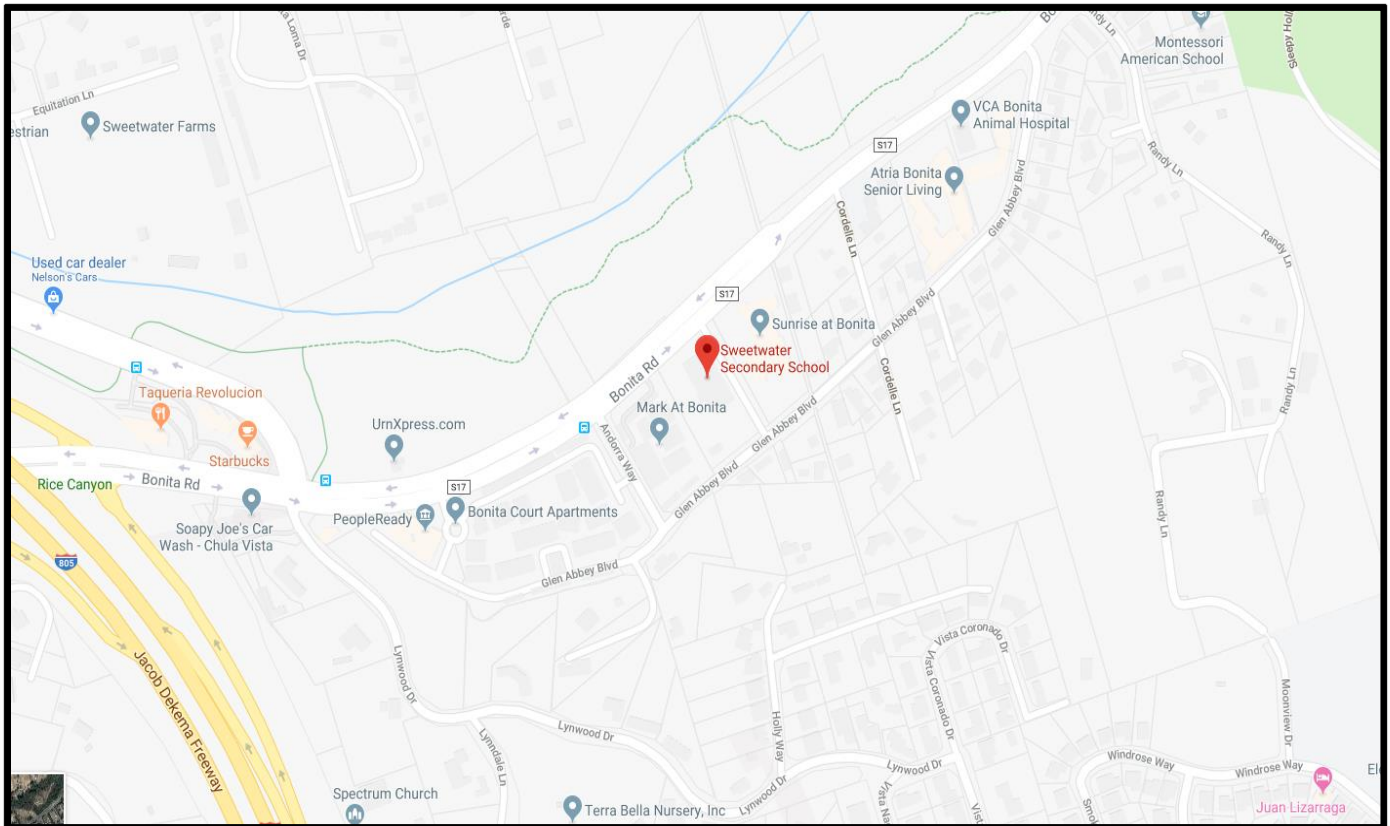

It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

Assessment of School Crime

In assessing the crime rate for the last two school years at Altus Schools South Bay the crime data indicates that there have been no incidents of the last two years. ASSB staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

ENROLLMENT	22-23yr	369	23-24yr	374	

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed \$100 per incident, theft \$50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Altus Schools South Bay adheres to the following Law Enforcement Notification Matrix in assessing and responding to dangerous and unlawful activity.

CALL 911	CALL for Law Enforcement (911 if immediate danger - Dispatch if non-emergency)	Notification to Law Enforcement (911 if immediate danger - Dispatch if non-emergency)

LOCATION HAZARD ASSESSMENT SUMMARY

Disaster Response Plan

Emergency Operations Team

The Emergency Operations Team is comprised of several leaders from Altus Schools South Bay. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	<i>Responsible for external communications. She will call on community resources to assist the school RCs and coordinate mutual aid requests.</i>
Chief Business Officer	<i>Assists the Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.</i>
Director of Operations & Technology	<i>Responsible for internal communications with our RCs, staff, and the team in collaboration with the School Coordinator.</i>
School Coordinator	<i>Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as, central contact for student data. Responsible for coordinating support to students brought to central location.</i>

Operational Overview

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication
- Reunion Procedures
- Public Information
- Sweep and Rescue
- Security
- First Aid and CPR

Emergency Operation Center

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. Altus Schools South Bay defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

In the event of a crisis, Altus Schools South Bay will respond as follows:

Level 1 Natural Disaster Community Wide/Neighborhood Crisis

(Example: earthquake, flood, fire, plane crash, riot, police action, high levels of fatalities and injuries, nuclear or biological disaster.)

Response: EOT in coordination with Civil Defense and/or resources.

Level 2 Singular or Multiple Locations

Immediate, life threatening or critical urgency

(Example: weapons, group confrontation, bomb threat, hostage, fire, explosion.)

Response: EOT in coordination with local law enforcement and/or government agencies

Level 3 RC Specific

(Example: discipline, health-physical/mental/CPS, utility failure, fight, angry parent.)

Response: School Coordinator according to responsibility.

Responsibilities for Situation Levels 1 and 2

1. Assess situation (to evacuate or secure RC)
2. Call 911
3. Contact EOT: Communicate essential information
 - Example:* Describe the situation – clearly and calmly.
 - Who is involved?
 - Who's present/at the RC –staff/students/community?
 - Have the police been called? Have they arrived?

Who else has been notified?

What have you done so far?
Is anyone hurt? Describe injury.

4. Gather essential information – keep emergency supplies in one area
 - Student emergency binder
 - Student roster
 - Emergency procedure binder
 - Today's sign in sheet
 - Backpack, First Aid Kit, Blood borne Pathogen Kit
 - Keys
5. Reassess situation and roll call
Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)
6. Give students appraisal of situation
Tell them what to do and what is expected.
7. Re-contact EOT
8. Release students as appropriate to authorized individuals.
9. Contain remaining students in designated safe area.
10. Wait until crisis has passed
11. Notify corporate office
12. Remaining students will be brought to safe area designated by EOT
13. Staff will then be released by EOT

Resource Center Preparedness Activities

Training programs for staff:

- Disaster preparedness and scene management classes
- Mock disaster drill
- Evacuation/earthquake drills
- Blood borne Pathogens

- CPR and First Aid
- HIV Awareness

Educational activities:

- Basic earthquake education
- Parent meetings, home preparedness and orientation to RC plan

Equipment and supplies:

- Trauma/first aid kits
- Bodily fluid cleanup kit
- Backpacks for sweep and rescue team

Aftermath plan:

- Return school/community to normal
- Provide safe place to process event
- Plan for resumption of normal activities

*Drills are scheduled at least three times per year

Communications

Altus Schools South Bay Communications Plan is designed to supplement urgent or emergency e-mail communications to faculty and staff.

<u>Emergency RC Call to Central</u>	
	RC contact Central or Able
	Remember 6 Key points –
◆ RC	Identify your location
◆ Number	Approximate number of participants
◆ Code	Red (Life-threatening) 911
	Orange (Serious)
	Yellow (Potential – advisement)
◆ Description	Briefly describe incident
◆ Location	In class, outside front/back door, alley
◆ Listen	Answer central’s questions succinctly

Procedure

- Superintendent will declare need for emergency action.

- Superintendent, manager and any designated support staff prepare Blackboard Connect/Alert Now telephone message and E-mail message.
- Superintendent notifies Altus Schools South Bay Board of Directors.
- Designated managers activate telephone tree, using prepared message; each designated manager will be responsible for their group and informing the backup caller.
- When schools are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent office by e-mail (mbixby@altusschools.net) the names of the employee’s they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your RC.
- Make copies of the tree information and give to appropriate staff.
- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to managers and employee’s regardless of the day of the week or the time of day or evening. It is important that employees who are to

make calls and their backups have copies of the tree information and the telephone numbers both at school and home.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the South side of Westminster Blvd., across the resource center. They are shouting and threatening one of our students who are here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the resource center associate and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your CTR with the other students. Be sure none of them leave or open the door. Stay with your students and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- ◆ Remember, speak calmly and slowly.
- ◆ Tend to the business at hand and keep Central informed. STAY CALM.
- ◆ If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **“Situation secured”**. **This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency the Superintendent or designee may activate the school-wide ParentSquare system. ParentSquare allows Altus Schools South Bay administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSquare allows Altus Schools South Bay to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- **We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.**
- **Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.**

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of a Altus Schools South Bay emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caution.

Code Red: Optional Action

The teacher contacts 911 immediately.

Tell the teacher you will contact 911.

Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.

Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc.

After you place call for help, coordinate with other central managers to see who is closest to RC and can arrive in the shortest amount of time.

Contact the Altus Schools South Bay Administrative Office to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a manager.

4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to the Central Office before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.

Emergency Responses

EMERGENCY RESPONSE: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- X If imminent risk, call 911.
- X Send for immediate help (First Aid, CPR, medical) and medication kit (for known allergies).
- X Notify the School Coordinator.
- X Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- X If an insect sting, remove stinger immediately.
- X Assess situation and help student/staff member to be comfortable.
- X Move student or adult only for safety reasons.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If imminent risk, call 911 (always call 911 if using "Epi" pen).
- X Notify nurse/parent or guardian.
- X Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- X Observe for respiratory difficulty.
- X Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- X Keep an "Epi" pen in the school office and notify staff as to location.
- X Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

- X Notify School Coordinator.
- X Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- X Follow standard student assembly, accounting and reporting procedures.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **SHELTER IN PLACE**.
- X Shut off HVAC units.
- X Move to central location where windows and doors can be sealed with duct tape.
- X Call 911. Provide location and nature of the emergency and school actions taken.
- X Notify Director of Operations and Technology of the situation.
- X Turn on a battery-powered commercial radio and listen for instructions.
- X Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- X Arrange for psychological counseling for students and staff.

Inside the Resource Center**STAFF ACTIONS:**

- X Notify School Coordinator or Safety Ambassador.
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- X Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- X Follow standard student assembly, accounting and reporting procedures.
- X Prepare a list of those who are in the affected area to provide to emergency response personnel.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- X Move up-wind from the potential danger.
- X Call 911. Provide exact location and nature of emergency.

- X Designate security team to isolate and restrict access to potentially contaminated areas.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Notify Director of Operations and Technology of the situation.
- X Arrange for immediate psychological counseling for students and staff.
- X Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- X Wash affected areas with soap and water.
- X Immediately remove and contain contaminated clothing
- X Do not use bleach on potentially exposed skins.
- X Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

Telephone Bomb Threats

- Remain calm/courteous.
- Read phone's visual display.
- Listen, don't interrupt.
- Keep caller talking. Pretend hearing difficulty.
- Notice details: background noises, voice description.
- Ask: When? Where? What? How?
- Don't touch any suspicious objects.

Call 911

PERSON RECEIVING THREAT BY TELEPHONE:

- X Listen. Do not interrupt caller.
- X Keep the caller on the line with statements such as *"I am sorry, I did not understand you. What did you say?"*
- X Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- X Notify Safety Ambassador immediately after completing the call.
- X Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- X Note the manner in which the threat was delivered, where it was found and who found it.
- X Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- X Caution students against picking up or touching any strange objects or packages.
- X Notify School Coordinator or Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911.
- X If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- X Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.

- X Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- X Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- X If it is necessary to evacuate the entire school, use the fire alarm.
- X Notify the Director of Operations and Technology of the situation.
- X Direct a search team to look for suspicious packages, boxes or foreign objects.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- X Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- X Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- X Check the resource center and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- X If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- X Evacuate students as quickly as possible, using primary or alternate routes.
- X Upon arrival at the designated safe emergency meeting area, take attendance. Notify the School Coordinator/Safety Ambassador of any missing students.
- X Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc., respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. **DO NOT HANG UP**, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, **DO NOT HANG UP**, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible.

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

• No return address	• Poorly handwritten
• Excessive postage	• Misspelled words
• Stains	• Incorrect titles
• Strange odor	• Foreign postage
• Strange sounds	• Restrictive notes
• Unexpected delivery	

• Refer to your local bomb threat emergency response plan for evacuation criteria

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

EMERGENCY RESPONSE: FLOOD

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the District Office.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to School Coordinator/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify School Coordinator.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to School Coordinator/Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION**. Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to office.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
 - Number of hostage takers and description
 - Type of weapons being used
 - Number and names of hostages
 - Any demands or instructions the hostage taker has given
 - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- X Alert the School Coordinator/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE: INTRUDER

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- California Penal Code Title 15, Chapter 1.1 § 627.2

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
 - "What can we do to make this better?"*
 - "I understand the problem, and I am concerned."*
 - "We need to work together on this problem."*
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.

- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

- X Notify the School Coordinator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.
- X Isolate intruder from students. Lock the resource center and office doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify District Office of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:
 - 1) Is the individual moving towards violent action?
 - 2) Is there evidence to suggest movement from thought to action?
 - High violence potential qualifies for arrest or hospitalization.
 - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.
- X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.

- X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.
- X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.
- X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.
- X Facilitate a meeting with student(s) and family to review expectations.
- X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

- X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.
- X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.
- X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.
- X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate

- to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the School Coordinator. The next steps may include:
 - Provide parents/guardian with the names and phone numbers of mental health resources
 - Recommend that the parents make an immediate contact with a therapist.
 - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
 - X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
 - X Provide follow-up collaborative support for the student and parents (as indicated) within the school
 - X Develop a safety plan prior to the student's return to school.
 - X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- X Notify School Coordinator/Safety Ambassador.
- X Notify school nurse, school psychologist, counselor or social worker.
- X Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.

- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status.
- X Notify emergency response personnel of any missing students.
- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X Initiate **DROP, COVER AND HOLD ON**.
- X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.
- X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.
- X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
- X Render first aid as necessary.
- X Do not return to the resource center until the emergency response personnel determine it is safe to do so.
- X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE: PANDEMIC INFLUENZA

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Respiratory Hygiene Etiquette

- Cover your cough and sneeze with a tissue
- Wash hands with soap and water or a waterless hand hygiene product
- Place used tissues into a sealed bag

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice "respiratory hygiene etiquette".
- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE: Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"Active shooter situations" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knives,*

swords, etc.). *These situations* are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.
 - a. **Act immediately** if you or your students:
 - hear a sound that might be gunfire.
 - see something that looks like a weapon being carried or used on or near the campus.
 - sense any other indication of active shooter / armed assailant threat.
 - b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
 - c. **Be decisive.** Communicate your plan to your students and act quickly.
 - d. **Call 911 and the School Office** as soon as it is safe to do so.

2. Options: *Run, Hide or Fight*

- a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
 - Do not evacuate unless you...
 - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
 - **and** can visualize a route that will get your students and yourself safely off campus.
 - Don't carry anything with you.
 - Police may mistake an item in your hands as a weapon.
 - Leave everything behind.
 - If you encounter people along the way...
 - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
 - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care.*
 - Place terrain and buildings between you and the assailant to cover your escape.
 - Keep going until you are certain you are out of danger.
 - Call 911 as soon as it is safe to do so.

- Keep your students with you. Call (insert phone #) to report your location and obtain instructions.
- b. Hide:** If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.
- Lock the doors
 - Close and lock windows and close blinds or cover windows;
 - Turn off lights;
 - Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
 - Silence all electronic devices;
 - Remain silent;
 - Position occupants spread out and out of line of site from room entrance.
 - Prepare to take action if the assailant attempts to get in the room;
 - Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
 - Call 911 as soon as it is safe to do so.
 - Remain in place until evacuated by identifiable law enforcement officers.
- c. FIGHT: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**
- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
 - Construct a strong barricade.
 - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
 - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
 - a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
 - Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.
- 3. Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.
- a. Provide as much information as possible (slow down – be calm):
- State the emergency: “I hear gunfire.” “I saw...”
 - Give information on people who are wounded.
 - Location of the assailant (if known):
 - Description of the assailant (if known):

- Your precise location: “room __”
 - The number of children with you:
- b. Keep the line open, even if you can’t talk, unless instructed by the dispatcher to end the call.

4. Special Topics

- a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.
- *Run* – If you encounter injured persons while you are trying to get out of danger...
 - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.
 - *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
 - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.
 - *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
 - If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
 - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.
- b. Law Enforcement: If you encounter law enforcement officers...
- Immediately raise your hands in the air and display your open palms.
 - Don’t run up to officers or attempt to hug or talk to them.
 - Don’t talk unless they ask you a question.
 - Do exactly what they tell you to do.
- c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
- Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
 - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.
- d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

- e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

SCHOOL COORDINATORS/SAFETY AMBASSADOR ACTIONS:

- Follow the All Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
 - Include as much actionable information on the announcement as possible.
 - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
 - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
 - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the corporate office after you call 911.
- If possible, assist emergency personnel.
 - Assist police in entering the school;
 - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
 - Activate the district's Emergency Operations Center
 - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.
- **Emergency Area Reunification**
 - The Operations Section should prepare an emergency evacuation area for reunification.
 - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
 - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
 - School staff and students will remain in lockdown until evacuated on a room by room basis.
 - Vans should be placed on standby for evacuation.
 - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.
- **Crisis Intervention**
 - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.

- This team will also provide ongoing support throughout the recovery phase of the emergency response.
- Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
- Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

ADDITIONAL STEPS FOR THE SCHOOL:

- _____
- _____
- _____
- _____
- _____

EMERGENCY RESPONSE: FIRE (Outside Fire/Wildfire)

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the office door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the School Coordinator/safety ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.

In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers/offices to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter Schools have procedures in place for each of these possibilities.

BEFORE

- Goals:
1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
 2. Develop the capacity of staff to lead students through appropriate response options
 3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s): Goal 1 Objectives

- a) Coordinate with local fire department to ensure an effective response to a Wildfire
- b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
- c) Develop a clear chain of command with staff

Goal 2 Objectives

- a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure

Goal 3 Objectives

- a) Store combustible materials in fireproof containers
- b) Follow Fire Code and district rules regarding fire prevention
- c) Provide fire prevention training to staff
- d) Hold Fire Drills
- e) Maintain an adequate supply of fire extinguishers
- f) Ensure proper maintenance of fire prevention equipment

Courses of
Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

- a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure
- b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
- c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

- a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

- a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
- b) Ensure combustible materials are stored in fireproof containers
- c) Hold fire extinguisher training for staff
- d) Ensure adequate supply of fire extinguishers are appropriately maintained
- e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONSGoal 2 Actions

- a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
- b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

- a) Participate and lead students in fire drills
- b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
- c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals: 1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s): Goal 1 Objectives

- a) Conduct appropriate wildfire response actions in a timely manner
- b) Conduct accountability procedures in a timely manner
- c) Activate school location Incident Command Team, as necessary

Courses of Action: **SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:**

Goal 1 Actions

- a) Work with the district office, local fire department and other responders to determine best course of action
- b) Use the "Wildfire Evacuation Decision Tree" following this section.
- c) Communicate plan of action to staff and students:
 - voluntary evacuation
 - early dismissal

- mandatory evacuation
- shelter-in-place
- resource center closure
 - d) Consider the following while implementing response action
 - Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
 - Food and water
 - Transportation
 - Security and Safety
 - Communications
 - e) Contact families to notify of planned course of action
 - f) Activate school Incident Command Team, as necessary
 - Reunification Team
 - g) Ensure all staff and students are accounted for
 - h) Ensure that access roads are kept open for emergency vehicles
 - i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity
 - j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

- a) Remind staff to close doors when exiting resource centers/offices
- b) Notify appropriate utility company of suspected breaks in utility lines or pipes.
- c) Notify fire department of any hazards or vulnerabilities that could hinder their response or

cause further damage (chemicals, wires, equipment, etc.)

- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival
- d) Notify District Office of situation

STAFF ACTIONS:

Goal 1 Actions

- a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center/office closure
- b) If evacuating or sheltering-in-place, take emergency backpack and student kits
- c) Maintain control of the students a safe distance from the fire and firefighting equipment
- d) Take attendance. Report missing students to the School Coordinator/designee and emergency response personnel
- e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
- f) Serve in any designated position on the Incident Command Team

Shut resource center or office door after all individuals have exited

Provide information to School Coordinator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s): Goal 1 Objectives

- a) Provide information to staff, parents, and students
- b) Provide information to district office

Goal 2 Objectives

- a) Conduct After-Action Report process

Courses of
Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONSGoal 1 Actions

- a) Provide critical information to the district office in order to develop effective key messages
- b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
- c) Work with appropriate district department to draft talking points for phone calls and media requests

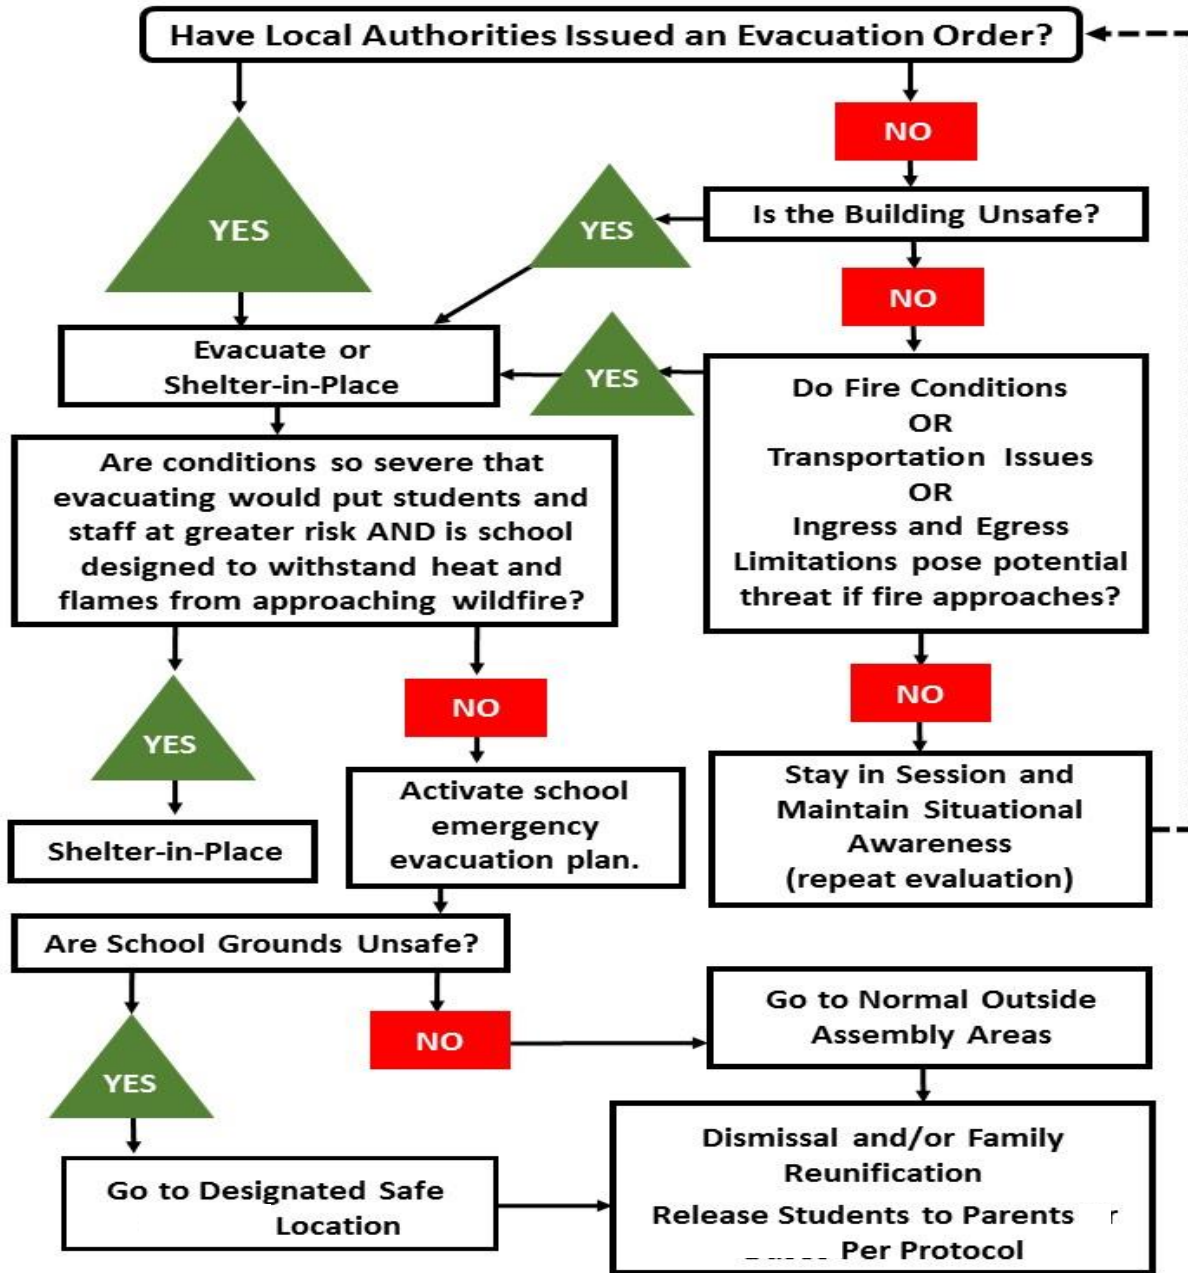

Goal 2 Actions

- a) Conduct an after-action report process and implement necessary actions for improving future responses
- b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
- c) Identify steps to improve future responses
- d) Implement steps to improvement

STAFF ACTIONSGoal 2 Actions

- a) Participate in the after-action report process
- a) Participate in any determined corrective actions discovered in the after-actions process

WILDFIRE DECISION TREE

EMERGENCY RESPONSE: OPIOID ANTAGONIST-Naloxone Hydrochloride

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Altus Schools South Bay has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Altus Schools South Bay's primary goal in the fight against opioids and fentanyl use is prevention.

Altus Schools South Bay will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
 - How opioids and fentanyl affect the body's systems.
 - Refusal strategies
 - The signs and symptoms of use/abuse
 - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document [SAMHSA Opioid Overdose Prevention Toolkit](#).

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol).

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of **OVERDOSE**, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.
-

STEP 2: CALL 911 FOR HELP

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

Altus Schools South Bay **uses intranasal spray.**

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl- involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.

Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)

Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.
Follow up with assigned school nurse for additional support.

SUSPENSION AND EXPULSION POLICY

3110 Suspension / Expulsion Policy

*Amended: May 5, 2009, February 16, 2022, **December 7, 2022, June 22, 2023, February 28, 2024***

This Student Suspension and Expulsion Policy has been established by the Board of Directors of ~~Audeo Charter School Corporation, Inc.~~ Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Audeo II, Audeo III, Audeo Valley Charter School, ~~Grossmont Secondary School~~ Altus Schools East County, Mirus Secondary School and ~~Sweetwater Secondary School~~ Altus Schools South Bay, (hereinafter collectively referred to as "Charter School").

In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians¹ are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice

¹ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable,

shall state that the policy and procedures are available on request at the School Coordinator's office. Suspended or expelled students shall be excluded from all school

and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

B. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be suspended for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.
- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but it not limited to electronic files and databases.
- g) Stole or attempted to steal school property or private property, which includes but it not limited to electronic files and databases.
- h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
- i) Committed an obscene act or engaged in habitual profanity or vulgarity.
- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. This section shall only apply to students in any of grades 9-12, inclusive.
- l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

- m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- p) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- q) Made terroristic threats against school officials and/or school property, which includes but it not limited to electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but it not limited to electronic files and databases, or the personal property of the person threatened or his or her immediate family.
- r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
- s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
- t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially

disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
- ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
- iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
- iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the School location, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- i. A message, text, sound, video, or image.
- ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a

profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

- (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
- (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
- v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).
- w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion for any of the following acts when it is determined the student:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b) Brandished a knife at another person.
- c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.

- d) Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4

3. Discretionary Expellable Offenses: Students may be recommended for expulsion for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.
- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases
- g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases
- h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
- i) Committed an obscene act or engaged in habitual profanity or vulgarity.
- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases

- l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- o) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases or the personal property of the person threatened or his or her immediate family.
- q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
- r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
- s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially

disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

- t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
- 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property. ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health. iii. Causing a reasonable student to experience substantial interference with his or her academic performance. iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
- 2) "Electronic Act" means the creation or transmission originated on or off the School location, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
- i. A message, text, sound, video, or image. ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
- u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).
- v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the student:

- a. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b. Brandished a knife at another person.
- c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d. Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to

campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned. In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law. A student may be expelled either by the neutral and impartial Audeo Board of Directors following a hearing before it, or by the neutral and impartial Audeo Board of Directors upon the recommendation of

a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the Audeo Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the Audeo Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of Charter School 's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five calendar days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School . The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative

procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or

Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or

the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School .

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at Charter School . Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the Audeo Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians

or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission or admission of student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Involuntary Removal for Truancy

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for truancy shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Notification to Staff of Dangerous Students

- a. The administration will inform the School Coordinator of information received from the court and the Probation Department. The Altus Schools South Bay School Coordinator shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.
- b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.
- c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.
- d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Altus Schools South Bay is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Altus Schools South Bay shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English language proficiency will not be a barrier to admission and participation in school programs.

Any student who engages in discrimination of another student or anyone from Altus Schools South Bay may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the School Coordinator at (858) 678-3908 for resolution. If not resolved, contact: The Board President, 10170 Huennekens Street, San Diego, CA 92121; (858) 678-2020.

School-Wide Dress Code

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to school. Students who are not wearing appropriate clothing, parents/guardians will be notified, and students will be asked to change or sent home. Unacceptable dress includes, in part, the following:

- ❑ Pants sagging below the waist
- ❑ Beachwear or sleepwear, including bedroom slippers
- ❑ Shorts/skirts that are above mid-thigh
- ❑ Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- ❑ Visible undergarments (including boxer shorts, bras, etc.)
- ❑ Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- ❑ Clothing that uses vulgar/profane language and/or images
- ❑ Head coverings such as, hats, bandanas, beanies, or do-rags

Loitering Law

LOITERING LAW COMPLIANCE:

SY ~~2023~~2024-20242025

*Daytime Loitering of Students in Public Places on
School Days*

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc. It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures may include:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Exceptions may include:

- A minor who is accompanied by his or her parent, legal guardian, or other adult person having care or custody of the minor.
- Students who have permission to leave school campus for school related activity and have in their possession a valid school-issued written notice by a school official, but only for a reasonable period of time necessary for the activity.
- A minor who is going to or coming from his or her gainful place of employment or medical or dental appointment with verification of said employment or appointment.
- A minor who is upon an emergency errand directed by his/her parents, guardian or other adult person having the care and custody of the minor.
- A minor who is going directly to or from a school sponsored event or activity such as a sporting event, field trip, or other such school activity.

Definitions

- "Adult" means any person twenty-one (21) years of age and older.
- "Emergency" includes but is not limited to fire, natural disaster, automobile accident, or requirement for immediate medical care for another person.
- "Establishment" means any privately-owned place of business operated for a profit to which the public is invited, including but not limited to any place of amusement or entertainment.
- "Juvenile" means any person under eighteen (18) years of age.
- "Parent" means a person who is the natural or adoptive parent of a person. "Parent" includes a court-appointed guardian or other person eighteen (18) years or age or older authorized by the parent, by a court order, or by a court appointed guardian to have the care and custody of the person.
- "Public place" means any place to which the public or a substantial group of the public has access and includes, but is not limited to, streets, highways, and the common areas of schools, hospitals, office buildings, transport facilities, shopping centers, stores, and malls.
- "Scheduled school days" are Monday through Friday excluding school holidays. "School hours" are generally 8:30 a.m. to 2:30 p.m. (in some communities 1:30 p.m.) NOT the student's appointment times at the Resource Center.

I have read and understand this notice. My student and I will obey the laws.

Going to and From School Safely

Everyday millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Altus Schools South Bay students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Altus Schools South Bay students and parents to help prepare all Altus Schools South Bay students for a safer journey.

1. Every Altus Schools South Bay student will have a set schedule for arrival and departure from the resource center. When a student fails to arrive for his appointment, and has not notified the school or the absence, his or her teacher will call home to ensure the student is safe.
2. Every student, parent or guest is required to sign-in and out each time he/she arrives and departs the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.
3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.
4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.
5. Parents will be encouraged to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.
7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.
8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.
9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.
10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.
11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.
12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

All Altus Schools South Bay staff and students shall review RC evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted at the RC. If there is a need for evacuation from the RC, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted RC evacuation plan
- Designated staff take along emergency release binder, class sign-in sheets, emergency materials specified in disaster preparedness plan
- Using class sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, the School Coordinator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Altus Schools South Bay is and will remain a safe place for students and adults.

Altus Schools South Bay staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at Altus Schools South Bay.

SEVERE CLAUSE BYPASSES

A majority of students at Altus Schools South Bay will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Attendance

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Child Abuse Reporting Procedures

All Altus Schools South Bay certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Altus Schools South Bay employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the School Coordinator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911.

Instructions for filing a Suspected Child Abuse Report

1. Call the **Child Abuse Hotline first (1-800-344-6000)** to make a **verbal report** to the agency immediately or as soon as is practicably possible by telephone. Please be sure to get the name of the hotline worker. Within 36 hours after providing verbal report, follow up with a **written or faxed report**.
2. The correct form for either the written or fax report is **DOJ SS8572**. This form may be downloaded from the California Attorney General's Web site at www.ag.ca.gov/childabuse/pdf/ss_8572.pdf or obtain a copy from the School Nurse or School Coordinator.
3. Please complete every space on the SS8572 form. If you do not know certain requested information, write unknown.

4. Please type or print legibly in black ink to avoid a time-consuming callback.
5. "Narrative" -Please give detailed information. If you have additional information beyond what you have given by phone, please indicate this on the written report. If necessary, please continue your narrative on an additional sheet of paper, identifying the minor and indicating it is page 2 of the referral.

DISTRIBUTION OF FAX SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

Note: the fax machines are only available from 8:00 a.m. until 5:00 p.m., Monday through Friday.

- 1. Fax form to Child Abuse Hotline (858) 467-0412**
- 2. Send the original to School Coordinator to place in a confidential locked file.**

OR

DISTRIBUTION OF WRITTEN SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

- 1. Original to Child Abuse Hotline, 6950 Levant St., San Diego, CA 92111**
- 2. Send a copy to the School Coordinator to place in a confidential locked file.**

NOTE: Suspected Child Abuse Reports are never placed in the student's cumulative record or documented in the student's health record.

I. REPORTING RESPONSIBILITIES

- No child care custodian or health practitioner reporting a suspected instance of child abuse in good faith shall be civilly or criminally liable for any report required or authorized by this article (California Penal Code Article 2.5). Any other person reporting an instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made, and the person knew or should have known that the report was false.
- Any child care custodian, health practitioner, or employee of the child protective agency (CPS) who has knowledge of or has observed a child in his or her professional capacity or within the scope of his other employment whom he or she reasonably suspects has been the victim of child abuse shall report such suspected instance of child abuse to a child protective agency

immediately or as soon as practically possible by telephone and shall prepare and send a written report or fax report thereof within 36 hours of receiving the information concerning the incident.

- Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or its emotional well-being is endangered in any other way, may report such suspected instances of child abuse to a child protective agency. Infliction of willful and unjustifiable mental suffering must be reported.

II. DEFINITIONS

- “Child care custodian” means a teacher, administrative officer, supervisor of child welfare and attendance, or certificated pupil personnel employee of any public or private school; an administrator of a public or private day camp; a licensee, and administrator, or an employee of a community care facility licensed to care for children; head start teacher, a licensing worker or licensing evaluator, public assistance worker; an employee of a child care institution including, but not limited to foster parents, group home personnel and personnel or residential care facilities; a social worker or a probation officer or any person who is an administrator or presenter or, or a counselor in, a child abuse presentation program in any public or private school.
- “Health practitioner” means a physician and surgeon, psychiatrist, psychologist, dentist, resident, intern, podiatrist, chiropractor, licensed nurse, dental hygienist, marriage, family, and child counselor, or any other person who is currently licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, any emergency medical technician I or II, paramedic, a person certified pursuant to Division 2.5 (commencing with Section 1797) of the Health and Safety Code, a psychological assistant registered pursuant to Section 2913 of the Business and Professions Code, a marriage, family and child counselor trainee, as defined in subdivision (c) of Section 49803 of the Business and Professions Code and unlicensed marriage, family and child counselor intern registered under Section 4980.44 of the Business and Professions Code, a state or county public health employee who treats a minor for venereal disease or any other condition, a coroner, or a religious practitioner who diagnoses, examines, or treats children.
- “Child protective agency” (CPA) means a police or sheriff’s department, a county probation department, or a county welfare department.

Emergency Notification Information

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The primary or alternate Incident Commander should notify the Police. Once notified, the Police will begin dispatching public safety services to assist the Incident Commander, pursuant to their procedures.

The very next action to occur is the need to alert or warn school staff. Methods for notifying staff include: Telephone – Landline and/or cellular, Radio, Runners – staff and/or students, or Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this RC.

The police will conduct an initial assessment based on available information. The police will advise the Incident Commander of the recommended actions to be taken.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information

Emergency Disaster Kit

This resource center maintains one kit. The kit(s) are located: Janitorial Closet

The Emergency Disaster Kit stores necessary resources for an RC incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the RC to a Public Safety Incident Command Post. School personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- ☑ Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Bull Horn – recommend a minimum of one
- ☑ Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie- talkies)
- ☑ Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately.
- ☑ Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- ☑ Rosters - recommend a minimum of one set per room sorted by alphabet
- ☑ Steno Pads (5x7) – recommend one per Incident Command Team member (17)
- ☑ Pencils & Pens - recommend one each per Incident Command Team member (34)
- ☑ Copies of Forms
- ☑ Chalk - recommend twenty-five sticks, red in color
- ☑ 3x5 Cards – recommend one hundred
- ☑ Department or Placards
- ☑ First Aid & Medical Team Supplies
- ☑ Search and Rescue Team Supplies
- ☑ Vests for Key Personnel – recommend a total of 17 for Incident Command Team members

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the RC. The responsibility to delegate the transport the Emergency Disaster Kit to an activated RC Command Post belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Crisis Response Boxes

This resource center maintains 1 Crisis Response Box.

The Crisis Response Boxes are located: Janitorial Closet and each Safety Team Member

The Crisis Response Boxes are a file folder- type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established). The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include RC evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, resource center numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of resource center layout. Map must show **all** buildings, RC numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the RC, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the RC's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent yearbook.
- ☑ Telephone numbers listed in numerical order for each RC/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The responsibility to inspect and replace information belongs to the RC.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Emergency Quick Reference Guide

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. Each resource center and office has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually.

Emergency Operations Overview

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "...all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain at the school to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to an Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teacher will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety team is responsible for annual plan review. The Emergency Plan will be maintained on a secured intranet with "read only" access to the Incident Command Team and revision access to the School Safety Team.

Training & Exercises

Training is a key component to ensure successful emergency operations. The adage "people will do what they have been trained to do" is consistently proven in actual emergencies. Exercises

allow “people” to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual training for all staff on the basic emergency procedures of this plan. All new staff assigned to the RC will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the School Safety Team.

The Incident Commander will coordinate annual exercises for all staff as outlined in the Emergency Procedures section.

Incident Command Team Overview

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one “position”. (Example: in a small incident the School Principal oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to “cluster” certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- **Incident Commander** – responsible for overseeing emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties
 - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
 - **Public Information Officer** – acts as official spokesperson for the RC in an emergency situation, until the Communications Officer is available
 - **Liaison Officer** – serves as the point-of-contact for agencies outside of the school.
- **Operations Chief** – manages direct response to the RC emergency
 - **Resource Center Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
 - **Search & Rescue Leader and Team** – checks RC for damage, rescues victims, and reports RC conditions
 - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
 - **Student/Parent Reunification**
 - **Assembly Area** – ensures the care and safety of all students at the RC (except those in the Medical Treatment Area)

- **Request Gate** – processes requests by parents or authorized adults for release of students
 - **Release Gate** – releases student to parent or authorized adult
- **Planning & Intelligence Chief** – in charge of collection, evaluation and documentation of information about the incident
 - **Documentation** – collects, evaluates, and documents event
 - **Situation Analysis** – assesses the overall incident
- **Logistics Chief** – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
 - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- **Finance & Administration Chief** – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

It's important that the Incident Command Team refer to both the School Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

EMERGENCY PROCEDURES

Resource Center Evacuation Procedure

Notification

The Incident Commander is responsible for notifying the Incident Command Team when an evacuation is necessary.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by announcement, telephone or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each resource center has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation location. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Evacuation Locations

In the event that the situation requires a further distance be placed between individuals and the facility, the Incident Commander will direct individuals to proceed to the designated meeting area.

Persons with Disabilities

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. The Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Return to Resource Center

The Incident Commander, in consultation with the Public Safety Incident Commander, if necessary, will determine when individuals can return to the resource center.

Lockdown Procedure

Emergency Lockdown Procedures

If an emergency situation near an Altus Schools South Bay RC endangers student or staff safety,

Lockdown the Resource Center.

FIRST: Follow the below lockdown procedures and notify a Safety Committee Member immediately.

During a lockdown, several security measures will take place:

1. A teacher or designee will declare “**this is a lockdown**” alerting staff and students in a calm manner.
2. All students and staff remain in their RC or offices.
3. All RC doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate “STAY” function on ADT/Protection One Security Alarm Panel.
6. Safety Ambassador or designee will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in RC/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Altus Schools South Bay Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee.

ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.

11. *No one is permitted to leave and no one, including a parent, is allowed in the RC.*
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.
15. Resource Center staff should defer media statements to the Communications Department.

Only a member of the Altus Schools South Bay Safety Committee may lift a lock down.

Persons who may activate a RC lockdown:

- Any member of a school staff or community safety support (Police, Fire, Mall Management, etc.) may declare a lockdown.

Conditions in which to activate a school-wide or RC specific lockdown may include, but not limited to:

- Authorities inform the school or RC of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a RC.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Should a lockdown occur, parents should be aware of the following:

- Remain calm as school and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. School staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the RC or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular locations may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the RC.

Following Lockdown:

- The Safety Ambassador for the RC will fill out and submit to Angela Neri within 24 hours:
 - Lockdown Incident Report Form
 - Emergency Sign-In Report
 - Emergency Student Sign Out Report
- The Safety Committee will convene within 72 hours to debrief

- The Safety Ambassador Coordinator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Following a lockdown or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

In the event the School Coordinator determines students are to be released from school, or that notification of parents/guardians is warranted, he/she will first notify the Director of Operations & Technology. A collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school's student database.

Reunification

Reunification will generally occur from the location pre-identified as the meeting evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use school attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Earthquake Procedure

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise School Coordinator of the situation. Contact the Director of Operations & Technology at (619) 778-3491.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Notify your School Coordinator. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department (“9-1-1”) or notify Director of Operations & Technology by calling 619-778-3491. The Director of Operations & Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations & Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

The following checklist will help you identify the items that you will review each time you perform a drill. If your kit needs replenishment, please identify the item(s) below.

First Aid Kit

- Twenty Gauze pads, non-sterile (3 x 3 or 4 x 4)
- Four Roller Gauze, 4" wide, to secure gauze pads over wounds
- Two Adhesive tape, 1" wide, to secure gauze pads or bandages over wound
- Fifty Band-Aids, Regular size, 1" x 3", to cover minor wounds
- Twenty Band-Aids, small, to cover minor wounds (finger)
- Ten Band-Aids, large, to cover large wounds
- Five Pairs Latex-free gloves, Medium
- Two Cold compress
- Twenty Cotton Tip Applicators
- Two Triangular Bandage
- Four Thermometers-disposable
- One CPR Mask
- Written instructions for first aid kit use

Field Trip First Aid Kit

- Ten Sterile gauze pads, 2"x2"
- Two Gauze roller, 4"
- Four Gauze roller, 2"
- Fifteen Band-Aids, Regular size, 1"x3"
- Five Band-Aids, large
- Two Triangular bandage
- One Adhesive tape, 1"
- One Hand sanitizer, 2oz bottle
- One First Aid Antiseptic, 2oz bottle
- One CPR Mask
- Written instructions for first aid kit use

Blood Bourne Pathogen Kit (BBP Kit)

- Wastebasket for supplies storage
- Marked spray bottle to create disinfectant solution
- Dishwashing Soap
- Sponge
- Gloves
- Zip lock baggies
- Roll of paper towels
- Brush and dust pan
- Wastebasket size plastic liners
- Kitty litter
- Disposable plastic aprons
- Written instructions for the use of the BBP kit and materials
- 1 pair Goggles
- 2 pairs Shoe Covers

Backpack Survival Kit

- Emergency Preparedness Binder (contains
- Safety Plan and other documents) Transistor AM/FM radio
- Wired Phone
- Safety glow sticks - 2
- Candles - 2
- Emergency Blanket
- Waterproof Matches
- Whistle (located on the end of the "Life Gear" glow stick)
- Flashlights
- Duct Tape
- Pad of Paper Marker

Science Cart First Aid Kit

- One Absorbent Compress
- Ten Antibiotic Cream
- Ten Antiseptic Towelettes
- Ten Burn Cream
- Five Fabric fingertip bandages
- Four Fabric Knuckle Bandages
- One First Aid Tape
- One Forceps 4"
- Four Gauze pads 3x3
- One Gauze roll, 2" x 6 yd
- One Instant Ice Pack 5x7"
- 2 large Nitrile Gloves
- Sixteen Plastic Bandages 1x3"
- One Scissors 4"
- One Sting Wipes 1 x2"
- One Triangular Bandage 40x40x56"
- First Aid Facts Guide

COVID Caddy

- One Disinfectant wipes
- Two Disinfectant spray
- Paper towels
- One box of Masks
- One box of Gloves
- One Thermometer with Batteries
- Hand sanitizer

Notes:

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

- A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the “Run, Hide, Fight” model.
- B. Armed assailant drills have both benefits and concerns associated with their implementation.
 - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
 - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
 - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

- A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.
- B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.
- C. Schools should keep simulation techniques appropriate to the participants’ developmental maturity.
 - Inform participants of the use and purpose of props and simulation aids prior to the drill.
 - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.
- D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

- A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.
- B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.
- C. School-employed mental health professionals should be involved in every stage of preparation.
 - Prior to the drill, staff should be trained to recognize common trauma reactions.
 - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
 - After completion, staff and students should have access to mental health support, if needed.
- D. Participation should never be mandatory, and parental consent should be required for all students.
- E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.

2. Conduct a needs assessment of the school community.
3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.
5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

INTRODUCTION

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the “Run, Hide, Fight” model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological

makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child’s developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options-based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the school campus (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of Education, 2006a). **Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.**

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to

danger for others as students unknowingly “escape” into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Impact of Adult Behavior on Children’s Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school-employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
 - Identifies a lead person to coordinate school safety efforts, including drills;
 - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
 - Takes a lead in identifying the most appropriate preparedness activities for the school;
 - Provides ongoing professional development and training as needed; and
 - Ensures that the school's policies are in compliance with state laws and school board policies.
2. Conduct an assessment of the school community to:
 - Identify the types of crisis events most likely to occur,
 - Determine the current school culture and climate,
 - Map existing resources and capacities of school personnel or school safety teams, and
 - Identify any related policies that should be considered in the planning of drills.
3. Implement a cost–benefit analysis that:
 - Considers financial costs in relation to the likelihood of a particular crisis;

- Identifies what resources, activities, or preparedness training must be replaced or postponed to engage in active shooter or other armed assailant drills;
 - Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
 - Considers the current knowledge and identified needs of the staff; and
 - Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.
4. Tailor drills to the context of the school environment, taking into consideration:
 - The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
 - Age, cognitive, and developmental levels of awareness of students;
 - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
 - The capacity, comfort level, and trust among staff;
 - Administrative support;
 - Optimal timing, including time of year, day of the week, and time of the day;
 - Relationships with external partners, law enforcement, and other first responders; and
 - The layout of the school building and campus.
 5. Create a plan of progression that:
 - Considers whether any previous activities have been conducted in the school;
 - Starts with simple, low-cost, discussion-based exercises;
 - Considers all available types of drills;
 - Identifies specific objectives and goals for the drills; and
 - Identifies a timeline and metrics to help determine whether more complex exercises are needed.
 6. Prepare for logistics of the drill to ensure that:
 - Previous traumatic experiences of those involved are considered;
 - School staff learn to recognize stressful reactions to drills;
 - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
 - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
 - Adequate follow up is available for students or staff with questions; and
 - Appropriate methods to evaluate outcomes are implemented.
 7. Develop a communications plan that:
 - Informs members of the school community of planned drills and what will be entailed;
 - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
 - Provides opt-out options for staff and students; and
 - Encourages feedback and evaluation by participants after the fact.
 8. Establish a long-term follow up plan to support sustainability that considers:
 - What additional training is required;
 - How the drill integrates with other school safety and crisis prevention efforts;
 - How current and previous training and knowledge can be maintained and built upon; and
 - When follow-up should be conducted and how often.

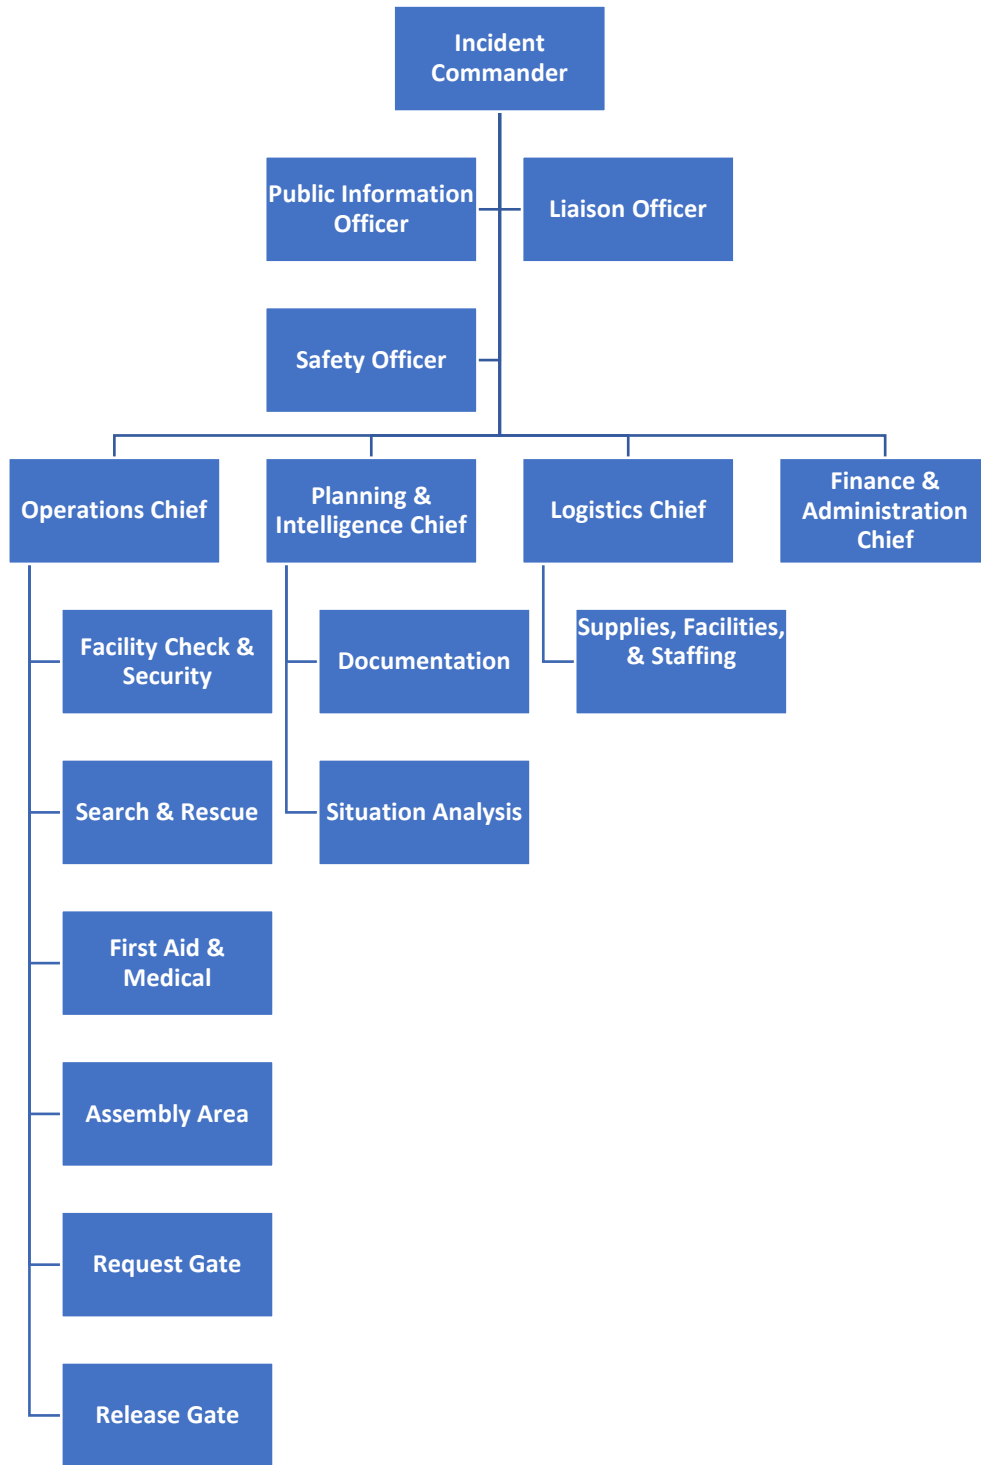

CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

Position Activation Information

Equipment

Every position on the Incident Command Team will require the following equipment:

1. Identification vest
2. Two-way campus radio
3. Paper and pens/pencils
4. Job description clipboard

Position-Specific Equipment

Certain positions require special equipment or forms. Such specific needs are identified on the individual position checklists.

Position Activation

1. Once notified of your assignment, put on your vest.
2. Check in with the Incident Commander at the Incident Command Post for a situation briefing.
3. Check in with your Chief for details and updates associated with your position.
4. Obtain necessary equipment and supplies.
5. Open and maintain a Position Log. Maintain all required records and documentation to support the history of the emergency or disaster. Document:
 - a. Messages received
 - b. Actions taken
 - c. Decision justifications and documentation
 - d. Requests filled
 - e. Document missing staff

Position Deactivation

1. At the direction of the Incident Commander, deactivate your position and close out all logs. Provide logs, timekeeping records, and other relevant documents to the Documentation Unit.
2. Return equipment and reusable supplies to Logistics.

Section: Command

Position: Incident Commander

Responsibility: The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others.

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- Crisis Response Boxes
- Emergency Disaster Kit
- Master keys
- Position-Specific forms
- AM/FM radio (battery)
- Command Post Tray (pens, etc.)
- Emergency Plan
- Tables & chairs (if Command Post is outdoors)
- Job Description Clipboards
- Bull horn
- Staff rosters (2 sets)
- Copies of Forms

Start-Up:

- Assess type and scope of emergency.
- Determine threat to human life and structures.
- Implement Emergency Plan and Emergency Procedures.
- Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- Activate functions (assign positions) as needed.
- Fill in Incident Command Team Assignment Form as positions are staffed.
- Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- Continue to monitor and assess total school situation:
- View location map periodically for Search & Rescue progress and damage assessment information.
- Check with chiefs for periodic updates.
- Reassign personnel as needed.
- Develop and communicate revised incident action plans as needed.

- Authorize release of information.
- Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- Release staff as appropriate. By law, during a disaster, the staff will become "Disaster Service Workers."
- Remain on and in charge of your RC until the incident has been resolved.

After:

- Authorize deactivation of sections or units when they are no longer required.
- Deactivate the entire emergency response.
- Ensure that any open actions not yet completed will be taken care of after deactivation.
- Ensure the return of all equipment and reusable supplies to Logistics.
- Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.
- Proclaim termination of the emergency and proceed with recovery operations if necessary.

Section: Command

Position: Safety Officer

Reports To: Incident Commander

Staffing

Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Special Equipment:

Hard hat (if available)

During Event:

- Monitor drills, exercises, and emergency response activities for safety.
- Identify and mitigate safety hazards and situations.
- Stop or modify all unsafe operations.
- Ensure that responders use appropriate safety equipment.
- Think ahead and anticipate situations and problems before they occur.
- Anticipate situation changes, such as severe aftershocks, in all planning.
- Keep the Incident Commander advised of your status and activity and on any problem areas that now need or will require solutions.

Section: Command

Position: Public Information Officer

Reports To: Incident Commander

Staffing

Characteristics: It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.

Responsibility: Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the school ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the school in an emergency situation.

Special Equipment:

- Battery operated AM/FM radio
- Marking pens
- Scotch tape/masking tape
- Forms:
 - Public Information Release Worksheet
 - School Accountability Report Card
- Scissors
- School map(s) and area map(s):
 - 8-1/2 x 11 handouts
 - Laminated display
- Tape recorder and tapes

Start-Up Activities:

- Determine a possible "news center" location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- Identify yourself as the "Public Information Officer" (vest, visor, sign, etc.)
- Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- Advise arriving media that the school is preparing a press release and approximate time of its issue.
- Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- Keep up-to-date on the situation.
- Statements must be approved by the Incident Commander and should reflect:
 - Reassurance — EGBOK — "Everything's Going To Be OK."
 - Incident or disaster cause and time of origin.
 - Size and scope of the incident.
 - Current situation — condition of school, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
 - Resources in use.
 - Best routes to school if known and appropriate.
 - Any information school wishes to be released to the public.
 - **Read** statements if possible.
- When answering questions, be complete and truthful, always considering confidentiality & emotional impact. Avoid speculation, bluffing, lying, talking "off the record," arguing, etc. Avoid use of the phrase "no comment."
- Remind school/staff volunteers to refer all questions from media or waiting parents to the PIO.**
- Update information periodically with Incident Commander.
- Ensure announcements and other information is translated into other languages as needed.
- Monitor news broadcasts about incident. Correct any misinformation heard.

Section: Command

Position: Liaison Officer

Reports to: Incident Commander

Staffing

Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Liaison Officer serves as the point-of-contact for Agency Representatives from assisting organizations and agencies outside the school and assists in coordinating the efforts of these outside agencies by ensuring the proper flow of information.

During Event:

- Brief Agency Representatives on current situation, priorities and incident action plan.
- Ensure coordination of efforts by keeping Incident Commander informed of agencies' action plans.
- Provide periodic update briefings to Agency Representatives, as necessary.

Section: Operations

Position: Operations Chief

Reports to: Incident Commander

Staffing

Characteristics: The Operations Chief should be a staff member familiar with the school and be trained in response skills.

Responsibility: The Operations Chief manages the direct response to the disaster, which can include Facility Check & Security Unit, Search & Rescue Unit, and First Aid & Medical Unit.

Special Equipment:

- Search & Rescue equipment
- Maps: See Crisis Response Box

During Event:

- Assume the duties of all operations positions until staff is available and assigned.
- As staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- If additional supplies or staff is needed for the Operations Section, notify Logistics. When additional staff arrives, brief them on the situation, and assign them as needed.
- Coordinate Search & Rescue operations. Appoint Search & Rescue Team Leader to direct their operations, if necessary.
- As information is received from operations staff, pass it on to Situation Analysis and/or the Incident Commander.
- Inform the Incident Commander regarding tasks and priorities.
- Make sure that Operations staff is following standard procedures, utilizing appropriate safety gear, and documenting their activities.
- Schedule breaks and reassign Operations staff within the section as needed.

Section: Operations

Position: Facility Check & Security

Reports to: Operations Chief

Staffing

Characteristics: Building Safety Supervisor or others familiar with the school's facilities.

Responsibility: Controls utilities, restricts access to unsafe areas and communicates damage to the Incident Commander. Also assists with traffic control for public safety vehicles, parent pick-up and the media.

Special Equipment:

- Hard hat
- Work gloves
- Whistle
- Master keys
- Bucket or duffel bag with goggles
- Flashlight
- Dust masks
- Yellow caution tape
- Shutoff tools — for gas & water (crescent wrench)

Start Up Activities:

- Check condition and take along appropriate tools.

During Event:

- As you do the following, observe the campus and report any damage to the Command Post.*
- Lock or open gates and major external doors appropriate for the situation.
- Locate/control/extinguish small fires as necessary.
- Check gas meter and, ***if gas is leaking***, shut down gas supply.
- Shut down electricity only if building has clear structural damage or advised to do so by Command Post.
- Post yellow caution tape around damaged or hazardous areas.
- Verify that campus is "locked down" and report same to Incident Command Post.
- Advise Incident Command Post of all actions taken for information and proper logging.
- Be sure that the entire campus has been checked for safety hazards and damage.

- No damage should be repaired prior to full documentation, such as photographs and video evidence, unless the repairs are essential to immediate life-safety.
- Direct traffic of vehicles of parents, public safety, and media as appropriate.

Section: Operations

Position: Search & Rescue Team Leader

Reports to: Operations Chief

Staffing

Characteristics: Trained in Search & Rescue

Responsibility: Check for damage, rescues victims, establishes and directs Search & Rescue Teams as needed, reports situation to the Operations Chief.

Special Equipment:

- Search & Rescue Team Member Backpack

Start-Up Activities:

- You must be wearing sturdy shoes and long sleeves.**
- Put batteries in flashlight.
- First to arrive assumes role of Team Leader and obtains a briefing from the Operations Chief, noting known fires, injuries, or other situations requiring response.
- Teams should be assigned based on available manpower.**

During Event:

- Buddy system: Minimum of 2 persons per team.**
 - Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first.
 - **Follow all operational and safety procedures.**
- Report gas leaks, fires, or structural damage to Command Post immediately upon discovery. Shut off gas or extinguish fires, if possible.
- Before entering a building, inspect complete exterior of building. Report structural damage to team leader. Use yellow caution tape to barricade hazardous areas. **Do not enter severely damaged buildings.**
- If building is safe to enter, search assigned area (following map) using orderly pattern. Check all rooms. Use chalk or grease pencil to mark slash on door when entering room. Check under desks and tables. Search visually and vocally. Listen.
- When injured victim is located, team transmits location, number, and condition of injured to Command Post. Do not use names of students or staff. Follow directions from Command Post.

Section: Operations

Position: Search & Rescue Team

Reports to: Search & Rescue Team Leader

Staffing

Characteristics: Trained in Search & Rescue

Responsibility: Check the RC for damage, rescues victims, reports situation to the Search & Rescue Team Leader.

Special Equipment:

- Search & Rescue Team Member Backpack

Start-Up Activities:

- You must be wearing sturdy shoes and long sleeves.**
- Put batteries in flashlight.
- First to arrive assumes role of Team Leader and obtains a briefing from the Operations Chief, noting known fires, injuries, or other situations requiring response.
- Teams should be assigned based on available manpower.**

During Event:

- Buddy system: Minimum of 2 persons per team.**
 - Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first.
 - **Follow all operational and safety procedures.**
- Report gas leaks, fires, or structural damage to Command Post immediately upon discovery. Shut off gas or extinguish fires, if possible.
- Before entering a building, inspect complete exterior of building. Report structural damage to team leader. Use yellow caution tape to barricade hazardous areas. **Do not enter severely damaged buildings.**
- If building is safe to enter, search assigned area (following map) using orderly pattern. Check all rooms. Use chalk or grease pencil to mark slash on door when entering room. Check under desks and tables. Search visually and vocally. Listen.
- When injured victim is located, team transmits location, number, and condition of injured to Command Post. Do not use names of students or staff. Follow directions from Command Post.

Section: Operations

First Aid & Medical Team Leader

Reports to: Operations Chief

Staffing

Characteristics: Trained as a leader in providing emergency medical and psychological aid (i.e. School Nurse).

Responsibility: Leader to team providing emergency medical response, first aid, and psychological, or CISM counseling.

Special Equipment:

- Marking pens
- First Aid Supplies: Stretchers, Blankets, Vests (if available), Quick reference medical guides
- Tables & chairs
- Ground cover/tarps
- Forms: Notice of First Aid Care Given Form
- Medical Treatment Victim Log
- Morgue supplies:
 - Tags
 - Vicks Vapor Rub
 - Pens/Pencils
 - Plastic tarps
 - Plastic trash bags
 - Stapler
 - Duct tape
 - 2" cloth tape

Start-Up Activities:

- Establish scope of disaster with the Incident Commander and determine probability of outside emergency medical support and transport needs.
- Request assistance from the Crisis Response Team for psychological staff and student needs
- Make personnel assignments. If possible, assign a minimum of two people to Triage, two to Immediate, two to Delayed, and two to Psychological.
- Set up First Aid & Medical Treatment Area in a safe place, away from students and parents, with access to emergency vehicles. Obtain equipment/supplies from the container.
- Assess available inventory of supplies & equipment.

- Review safety procedures and assignments with personnel.
- Establish point of entry (“triage”) into treatment area.
- Establish “immediate” and “delayed” treatment areas.
- Set up a separate Psychological First Aid area with staff trained in CISM from the Crisis Response Team.
- Establish the need for a temporary morgue. If a morgue is needed, establish an appropriate location in consideration of the following:
- If directed, set up morgue area. Verify:
 - Tile, concrete, or other cool floor surface
 - Accessible to Coroner’s vehicle
 - Remote from assembly area
 - Security: keep unauthorized persons out of morgue.
 - Maintain respectful attitude.

During Event:

- Oversee care, treatment, and assessment of patients
- Ensure caregiver and rescuer safety
 - Latex gloves for protection from body fluids; replace with new gloves for each new patient.
- Make sure that accurate records are kept.
- Provide personnel response for injuries in remote locations or request Logistics for staffing assistance.
- If needed, request additional personnel from Logistics.
- Brief newly assigned personnel.
- Report deaths immediately to Operations Chief.
 - **After pronouncement or determination of death:**
 - **Do not** move the body until directed by Command Post.
 - **Do not** remove any personal effects from the body. Personal effects must remain with the body **at all times**.
 - As soon as possible, **notify Operations Chief**, who will notify the Command Post, who will attempt to notify law enforcement authorities of the location and, if known, the identity of the body. The law enforcement authorities will notify the Coroner.
 - Keep accurate records and make available to law enforcement and/or the Coroner when requested.
 - Write the following information on two tags:
 - Date and time found.
 - Exact location where found.
 - Name of decedent, if known.
 - If identified—how, when, by whom.
 - Name of person filling out tag.
 - Attach one tag to body.
 - If the Coroner’s Office will not be able to pick up the body soon, place body in plastic bag(s) and tape securely to prevent

unwrapping. Securely attach the second tag to the outside of the bag. Move body to morgue.

- Place any additional personal belongings found in a separate container and label as above. Do not attach to the body—store separately near the body.
- Keep Operations Chief informed of overall status.
- Set up morgue, if necessary, in cool, isolated, secure area; follow guidelines.
- Stay alert for communicable diseases and isolate appropriately.

After:

- Conduct a Critical Incident Stress Debriefing for staff.

Section: Operations

Position: First Aid & Medical Team

Reports to: First Aid & Medical Team Leader

Staffing

Characteristics: Trained in first aid and CISM

Responsibility: Works with a buddy to administer first-aid and arrange for transport of victims as necessary.

Special Equipment:

- First-aid supplies
- Marking pens
- Stretchers, blankets, vests (if available)
- Quick reference medical guides
- Tables, chairs, ground cover/tarps, medication from health office
- Forms: Notice of First Aid Care Given Form, First Aid & Medical Treatment Victim Log
- Start-Up Activities:**
- Obtain & wear personal safety equipment including latex gloves.
- Use approved safety equipment and techniques.
- Check with First Aid & Medical Team Leader for assignment.

During Event:

- Administer appropriate first aid.
- Keep accurate records of care given.**
- Continue to assess victims at regular intervals.
- Report deaths immediately to First Aid & Medical Team Leader.
- If & when transport is available, do final assessment and document on triage tag. Keep and file records for reference—**do not send with victim.**
- Student's Emergency Card must accompany student removed from campus to receive advanced medical attention. Send emergency out-of-area phone number if available.

Triage Entry Area:

- Staffed with minimum of 2 trained team members, if possible.
- One member confirms triage tag category (red, yellow, green) and directs to proper treatment area. Should take 30 seconds to assess — no treatment takes place here. Assess, if not tagged.
- Second team member logs victims' names on form and sends forms to Incident Command Post as completed.

Treatment Areas (“Immediate” & “Delayed”)

- Staff with minimum of 2 team members per area, if possible.
- One member completes secondary head-to-toe assessment.
- Second member records information on triage tag and treatment records.
- Follow categories: Immediate, Delayed, Dead

After:

- Clean up First Aid & Medical Treatment Area. Dispose of hazardous waste safely.
- Assist in the Critical Incident Stress Debriefing for the staff

Section: Operations

Position: Assembly Area

Reports to: Operations Chief

Staffing

Characteristic: Trained in managing large groups of students

Responsibility: Ensure the care and safety of all students (except those who are in the First Aid & Medical Treatment Area).

Special Equipment:

- Ground cover and tarps
- First aid kit, water, food, sanitation supplies
- Student activities: books, games, coloring books, etc.
- Forms:
 - Student Accounting Form
 - Notice of First Aid Care Given Form

Start-Up Activities:

- Request additional personnel, if needed.
- If school is evacuating:
 - Verify that the assembly area and routes to it are safe.
 - Count or observe the students as they exit, to make sure that all students evacuate.
 - Initiate the set-up of portable toilet facilities and hand-washing stations.

During Event:

- Monitor the safety and well-being of the students and staff in the Assembly Area.
- Administer minor first aid as needed.
- Support the Release Gate Unit process by releasing students with appropriate paperwork.
- When necessary, provide water and food to students and staff.
- Make arrangements for portable toilets if necessary, ensuring that students and staff wash their hands thoroughly to prevent disease.
- Make arrangements to provide shelter for students and staff.
- Arrange activities and keep students reassured.
- Update records of the number of students and staff in the assembly area (or in the buildings).
- Direct all requests for information to the Public Information Officer.

Section: Operations

Position: Request Gate

Reports to: Operations Chief

Staffing

Characteristics: School staff or volunteers

Responsibility: Assure proper processing of reunification requests at the Request Gate. Also, process requests from volunteers.

Special Equipment:

- Stapler
- Box(es) of Emergency Cards
- Signs: Parent Request Gate
- Empty file boxes to use as out boxes
- Forms:
 - Student Release Form
 - Volunteer Assignment List

Start-Up Activities:

- Secure area against unauthorized access. Mark gate with sign.
- Set up Request Gate at the main student access gate. Use alphabetical grouping signs to organize parent requests.
- Have Student Release Forms available for parents or guardians outside of fence at Request Gate. Assign volunteers to assist.
- Ensure an adequate distance between the Request Gate and the Release Gate.

During Event:

- Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.
- Refer all requests for information to the Public Information Officer. Do not spread rumors!**
- If volunteers arrive to help, send those with Disaster Volunteer badges with photo ID to the Supply, Facilities, and Staffing Unit. If they are not registered (do not have badges), register them at the Request Gate.

Reunification Procedures:

- Requesting parent or guardian fills out Student Release Form, gives it to staff member, and shows identification.

- Staff verifies identification, pulls Emergency Card from file, and verifies that the requester is listed on the card.
- Staff instructs the requester to proceed to the Release Gate.
- If there are two copies of the Emergency Cards (one at each gate), staff files the Emergency Card in the out box. If there is only one copy, runner takes the card with the Student Release Form, and staff files a blank card with the student's name on it in the out box.
- Runner takes form(s) to the designated resource center.

Note: If a parent or guardian refuses to wait in line, don't argue. Note time with appropriate comments on Emergency Card and place in out box.

If student is with class:

- Runner shows Student Release Form to the teacher
- Teacher marks box, "**Sent with Runner.**"
- If appropriate, teacher sends parent copy of Notice of First Aid Care Given Form with the runner.
- Runner walks student(s) to Release Gate.
- Runner hands paperwork to staff at Release Gate.

If student is not with the class:

- Teacher makes appropriate notation on Student Release Form:
- "**Absent**" if student was never in school that day.
- "**First Aid**" if student is in First Aid & Medical Treatment Area.
- "**Missing**" if student was in school but now cannot be located.
- Runner takes Student Release Form to the Command Post.
- Command Post verifies student location if known and directs runner accordingly.
- If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to the Command Post for verification.**

 Safety Ambassadors*
20232024-20242025

The designated Ambassadors are responsible for planning and implementation at the Resource Center (RC). Resource Center Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓ Number of students in RC – adhere to student scheduled hours
- ✓ Schedule CTR/RCA works hours – ensure there are two staff members when opening and closing the RC
 Share information at RC meetings - Discuss safety at monthly resource center meetings
- ✓ Meet with new resource center staff within 30 days
- ✓ Reach out to the Juvenile Community Officer, Community Resources and Community Police Sub-Stations
- ✓ Keep technology locked and secured

Instructional Support:

- ✓ Consistent RC rules among all staff – hats, phones, language use
- ✓ Ensure middle school students work together
- ✓ Instructional tables labeled by subject area
- ✓ Know your student needs – triggers
- ✓ Measuring threat levels
- ✓ CTR/RCA supporting the learning environment

Compliance:

- ✓ Safety Drills are mandated to be performed three days (3) times per year
- ✓ Ensure safety supplies are located in designated area and replenished each time a drill is performed
 - ✓ Confirm that the Emergency Radio works properly (Channel 1)
 - ✓ Update Resource Center Emergency Exit Plan annually
 - ✓ Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections

Assessment of School Crime

In assessing the crime rate for the last two school years at Mirus Secondary School the crime data indicates that there have been no incidents of the last two years. Mirus staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

ENROLLMENT	22-23yr	287	23-24yr	290	

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed \$100 per incident, theft \$50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Mirus Secondary School adheres to the following Law Enforcement Notification Matrix in assessing and responding to dangerous and unlawful activity.

CALL 911	CALL for Law Enforcement (911 if immediate danger - Dispatch if non-emergency)	Notification to Law Enforcement (911 if immediate danger - Dispatch if non-emergency)
<ul style="list-style-type: none"> ● Bomb threat/Suspicious package ● Firearm on complex ● Explosive on complex ● Fire ● Immediate risk of harm to student(s) and/or staff ● Intruder on complex ● Medical emergency ● Possible abduction 	<ul style="list-style-type: none"> ● Assault with a dangerous weapon and/or resulting in great physical injury (EC 48902) <ul style="list-style-type: none"> ○ Loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; disfigurement ● Report of sexual assault or battery (Grades 4-12) (EC 48902) <ul style="list-style-type: none"> ○ Touching an intimate part of another person, against the person's will, for the specific purpose of sexual gratification, sexual arousal, or sexual abuse ● Homicidal threat (Grades 6-12) (EC 49390) <ul style="list-style-type: none"> ○ Any action that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity 	<ul style="list-style-type: none"> ● Physical attack, assault or threat toward employee (EC 44014) ● Possession of controlled substance (EC 48902) ● Possession of other dangerous weapon (EC48902) <ul style="list-style-type: none"> ○ dirk, dagger, ice pick, knife having a blade longer than 2 1/2 inches, folding knife with a blade that locks into place, razor with an unguarded blade, taser, or stun gun, any instrument that expels a metallic projectile, such as a BB or a pellet.

Child Abuse Reporting Procedures

All Mirus Secondary School certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Mirus employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the Learning Lead or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911.

Instructions for filing a Suspected Child Abuse Report

1. Call the **Child Abuse Hotline first (1-800-827-8724)** or **211** to make a **verbal report** to the agency immediately or as soon as is practicably possible by telephone. Please be sure to get the name of the hotline worker. Within 36 hours after providing verbal report, follow up with a **written or faxed report**.
2. The correct form for either the written or fax report is **DOJ SS8572**. This form may be downloaded from the California Attorney General's Web site at www.ag.ca.gov/childabuse/pdf/ss_8572.pdf or obtain a copy from the School Nurse or Learning Lead.
3. Please complete every space on the SS8572 form. If you do not know certain requested information, write unknown.

4. Please type or print legibly in black ink to avoid a time-consuming callback.
5. "Narrative" -Please give detailed information. If you have additional information beyond what you have given by phone, please indicate this on the written report. If necessary, please continue your narrative on an additional sheet of paper, identifying the minor and indicating it is page 2 of the referral.

DISTRIBUTION OF FAX SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

Note: the fax machines are only available from 8:00 a.m. until 5:00 p.m., Monday through Friday.

1. Fax form to Child Abuse Hotline (909) 891-3545 or (909) 891-3560
2. Send the original to Learning Lead to place in a confidential locked file.

OR

DISTRIBUTION OF WRITTEN SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

1. Original to Child Abuse Hotline, 412 W. Hospitality Lane, San Bernardino, CA 92415-0029
2. Send a copy to the Learning Lead to place in a confidential locked file.

NOTE: Suspected Child Abuse Reports are never placed in the student's cumulative record or documented in the student's health record.

I. REPORTING RESPONSIBILITIES

- No child-care custodian or health practitioner reporting a suspected instance of child abuse in good faith shall be civilly or criminally liable for any report required or authorized by this article (California Penal Code Article 2.5). Any other person reporting an instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made, and the person knew or should have known that the report was false.
- Any child care custodian, health practitioner, or employee of the child protective agency (CPS) who has knowledge of or has observed a child in his or her professional capacity or within the scope of his other employment whom he or she reasonably suspects has been the victim of child

abuse shall report such suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report or fax report there of within 36 hours of receiving the information concerning the incident.

- Any child-care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or its emotional well-being is endangered in any other way, may report such suspected instances of child abuse to a child protective agency. Infliction of willful and unjustifiable mental suffering must be reported.

II. DEFINITIONS

- “Child care custodian” means a teacher, administrative officer, supervisor of child welfare and attendance, or certificated pupil personnel employee of any public or private school; an administrator of a public or private day camp; a licensee, and administrator, or an employee of a community care facility licensed to care for children; head start teacher, a licensing worker or licensing evaluator, public assistance worker; an employee of a child care institution including, but not limited to foster parents, group home personnel and personnel or residential care facilities; a social worker or a probation officer or any person who is an administrator or presenter or, or a counselor in, a child abuse presentation program in any public or private school.

- “Health practitioner” means a physician and surgeon, psychiatrist, psychologist, dentist, resident, intern, podiatrist, chiropractor, licensed nurse, dental hygienist, marriage, family, and child counselor, or any other person who is currently licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, any emergency medical technician I or II, paramedic, a person certified pursuant to Division 2.5 (commencing with Section 1797) of the Health and Safety Code, a psychological assistant registered pursuant to Section 2913 of the Business and Professions Code, a marriage, family and child counselor trainee, as defined in subdivision (c) of Section 49803 of the Business and Professions Code and unlicensed marriage, family and child counselor intern registered under Section 4980.44 of the Business and Professions Code, a state or county public health employee who treats a minor for venereal disease or any other condition, a coroner, or a religious practitioner who diagnoses, examines, or treats children.

- “Child protective agency” (CPA) means a police or sheriff’s department, a county probation department, or a county welfare department.

Disaster Response Plan

Emergency Operations Team (EOT)

The Emergency Operations Team is comprised of several leaders from Mirus Secondary School. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	<i>Responsible for external communications. She will call on community resources to assist the resource centers and coordinate mutual aid requests.</i>
Chief Business Officer	<i>Assists Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.</i>
Director of Operations & Technology	<i>Responsible for internal communications with our resource centers, staff, and the team in collaboration with the Learning Lead.</i>
Learning Lead	<i>Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as, central contact for student data. Responsible for coordinating support to students brought to central location.</i>

Operational Overview

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication
- Reunion Procedures
- Public Information
- Sweep and Rescue
- Security
- First Aid and CPR

Emergency Operation Center

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. Mirus defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

In the event of a crisis, Mirus will respond as follows:

Level 1

Natural Disaster Community Wide/Neighborhood Crisis

(Example: earthquake, flood, fire, plane crash, riot, police action, high levels of fatalities and injuries, nuclear or biological disaster.)

Response: EOT in coordination with Civil Defense and/or resources.

Level 2

Singular or Multiple Locations

Immediate, life threatening or critical urgency

(Example: weapons, group confrontation, bomb threat, hostage, fire, explosion.)

Response: EOT in coordination with local law enforcement and/or government agencies

Level 3**RC Specific**

(Example: discipline, health-physical/mental/CPS, utility failure, fight, angry parent.)

Response: Learning Lead according to responsibility.

Responsibilities for Situation Levels 1 and 2

1. Assess situation (to evacuate or secure RC)
2. Call 911
3. Contact EOT: Communicate essential information

Example: Describe the situation – clearly and calmly.
 Who is involved?
 Who's present/at the RC –staff/students/community?
 Have the police been called? Have they arrived?
 Who else has been notified?
 What have you done so far?
 Is anyone hurt? Describe injury.
4. Gather essential information – keep emergency supplies in one area
 - Student emergency binder
 - Student roster
 - Emergency procedure binder
 - Today's sign in sheet
 - Backpack, First Aid Kit, Blood borne Pathogen Kit
 - Keys
5. Reassess situation and roll call

Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)
6. Give students appraisal of situation

Tell them what to do and what is expected.
7. Re-contact EOT
8. Release students as appropriate to authorized individuals.
9. Contain remaining students in designated safe area.
10. Wait until crisis has passed
11. Notify corporate office

12. Remaining students will be brought to safe area designated by EOT

13. Staff will then be released by EOT

Resource Center Preparedness Activities

Training programs for staff:

- Disaster preparedness and scene management classes
- Mock disaster drill
- Evacuation/earthquake drills

- HIV Awareness

Educational activities:

- Basic earthquake education
- Parent meetings, home preparedness and orientation to resource center plan

Equipment and supplies:

- Resource center trauma/first aid kits
- Bodily fluid cleanup kit
- Backpacks for sweep and rescue team

Aftermath plan:

- Return resource center/community to normal
- Provide safe place to process event
- Plan for resumption of normal activities

*Drills are scheduled at least three times per year

Communications

Emergency RC Call to Central	
	RC contact Central or Able
	Remember 6 Key points –
◆ RC	Identify your resource center
◆ Number	Approximate number of participants
◆ Code	Red (Life-threatening) 911 Orange (Serious) Yellow (Potential – advisement)
◆ Description	Briefly describe incident
◆ Location	In resource center, outside front/back door, alley
◆ Listen	Answer central’s questions succinctly

Mirus Secondary School Communications Plan is designed to supplement urgent or emergency e-mail communications to faculty and staff.

Procedure

- Superintendent will declare need for emergency action.
- Superintendent, Lead and any designated support staff prepare ParentSquare telephone message and E-mail message.
- Superintendent notifies Mirus Secondary School Board of Directors.
- Designated Leads activate telephone tree, using prepared message; each designated Lead will be responsible for their group and informing the backup caller.
- When resource centers are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent office by e-mail (mbixby@altusschools.net) the names of the employees they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your resource centers.
- Make copies of the tree information and give to appropriate staff.
- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to Leads and employees regardless of the day of the week or the time of day or evening. It is important that Leads who are to make calls and their backups have copies of the tree information and the telephone numbers both at the resource centers and homes.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the South side of Main Street., across the resource center. They are shouting and threatening one of our students who are here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the resource center associate and me. We
-----------------	---

	have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your RCA with the other students. Be sure none of them leave or open the door. Stay with your students and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- ◆ Remember, speak calmly and slowly.
- ◆ Tend to the business at hand and keep Central informed. STAY CALM.
- ◆ If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **“Situation secured”**. **This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency the Superintendent or designee may activate the school-wide ParentSquare. ParentSquare allows Mirus administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSquare allows Mirus to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.
- Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of a Mirus emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caution.

Code Red: Optional Action

The teacher contacts 911 immediately.

Tell the teacher you will contact 911.

Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.

Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc.

After you place call for help, coordinate with other central Leads to see who is closest to the RC and can arrive in the shortest amount of time.

Contact the Mirus Administrative Office to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a Lead.

4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to the Central Office before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.

Earthquake Procedures

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Give the command to “Drop, Cover, and Hold” at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise Learning Lead of the situation. Contact the Director of Operations and Technology at (619) 778-3491.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedures

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Notify your Learning Lead. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department (“9-1-1”) or notify Director of Operations and Technology by calling 619-778-3491. The Director of Operations and Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations and Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

Fire/Earthquake Evacuation Drill Report

School/Resource Center

Date of Training/Drill	Time of Training/Drill	Duration (in minutes)	Number of Students Participating

**Please conduct the drill at least three times on different days and/or times so as many students as possible can participate.*

1. Names of staff members participating in drill:

2. If there were others present during the drill, please list their names and reasons for being at the site (volunteer, guest speakers, parent, etc.):

3. Location of Evacuation/Assembly Area:

4. What worked particularly well during the training and drill?

5. How could the training/drill be improved to make it more effective?

6. Any other suggestions?

7. Safety Supplies have been reviewed?

Emergency Responses

EMERGENCY RESPONSE: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- X If imminent risk, call 911.
- X Send for immediate help (First Aid, CPR, medical) and medication kit (for known allergies).
- X Notify the Learning Lead.
- X Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- X If an insect sting, remove stinger immediately.
- X Assess situation and help student/staff member to be comfortable.
- X Move student or adult only for safety reasons.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X If imminent risk, call 911 (always call 911 if using "Epi" pen).
- X Notify nurse/parent or guardian.
- X Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- X Observe for respiratory difficulty.
- X Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- X Keep an "Epi" pen in the school office and notify staff as to location.
- X Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

- X Notify Learning Lead.
- X Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- X Follow standard student assembly, accounting and reporting procedures.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X Initiate **SHELTER IN PLACE**.
- X Shut off HVAC units.
- X Move to central location where windows and doors can be sealed with duct tape.
- X Call 911. Provide location and nature of the emergency and school actions taken.

- X Notify Director of Operations and Technology of the situation.
- X Turn on a battery-powered commercial radio and listen for instructions.
- X Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- X Arrange for psychological counseling for students and staff.

Inside the Resource Center

STAFF ACTIONS:

- X Notify Learning Lead or Safety Ambassador.
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- X Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- X Follow standard student assembly, accounting and reporting procedures.
- X Prepare a list of those who are in the affected area to provide to emergency response personnel.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- X Move up-wind from the potential danger.
- X Call 911. Provide exact location and nature of emergency.
- X Designate security team to isolate and restrict access to potentially contaminated areas.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Notify Director of Operations and Technology of the situation.
- X Arrange for immediate psychological counseling for students and staff.
- X Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- X Wash affected areas with soap and water.
- X Immediately remove and contain contaminated clothing
- X Do not use bleach on potentially exposed skins.
- X Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

<p style="text-align: center;">Telephone Bomb Threats</p> <ul style="list-style-type: none"> ▪ Remain calm/courteous. ▪ Read phone's visual display. ▪ Listen, don't interrupt. ▪ Keep caller talking. Pretend hearing difficulty. ▪ Notice details: background noises, voice description. ▪ Ask: When? Where? What? How? ▪ Don't touch any suspicious objects. <p style="text-align: center;">Call 911</p>	
--	--

PERSON RECEIVING THREAT BY TELEPHONE:

- X Listen. Do not interrupt caller.
- X Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- X Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- X Notify Safety Ambassador immediately after completing the call.
- X Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- X Note the manner in which the threat was delivered, where it was found and who found it.
- X Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- X Caution students against picking up or touching any strange objects or packages.
- X Notify Learning Lead or Safety Ambassador.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X Call 911.
- X If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- X Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- X Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- X Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- X If it is necessary to evacuate the entire school, use the fire alarm.
- X Notify the Director of Operations and Technology of the situation.
- X Direct a search team to look for suspicious packages, boxes or foreign objects.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- X Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- X Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- X Check the resource center and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- X If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- X Evacuate students as quickly as possible, using primary or alternate routes.
- X Upon arrival at the designated safe emergency meeting area, take attendance. Notify the Learning Lead/Safety Ambassador of any missing students.
- X Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc., respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible.

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Footy/handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Redictive notes

• Refer to your local bomb threat emergency response plan for evacuation criteria

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package

WHO TO CONTACT (Select One)

- 911
- Follow your local guidelines

Other Information:

EMERGENCY RESPONSE: FLOOD

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the District Office.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to Learning Lead/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

All school personnel and custodians, shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify Learning Lead.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to Learning Lead/Safety Ambassador.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION**. Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to office.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
 - Number of hostage takers and description
 - Type of weapons being used
 - Number and names of hostages
 - Any demands or instructions the hostage taker has given
 - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.

- X Alert the Learning Lead/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE: INTRUDER

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- California Penal Code Title 15, Chapter 1.1 § 627.2

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
 - "What can we do to make this better?"*
 - "I understand the problem, and I am concerned."*
 - "We need to work together on this problem."*
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

- X Notify the Learning Lead/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.
- X Isolate intruder from students. Lock the resource center and office doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE:**UTILITY FAILURE**

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

LEARNING LEAD/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify District Office of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:
 - 1) Is the individual moving towards violent action?
 - 2) Is there evidence to suggest movement from thought to action?
 - High violence potential qualifies for arrest or hospitalization.
 - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.
- X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.
- X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.

- X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.
- X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.
- X Facilitate a meeting with student(s) and family to review expectations.
- X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

- X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.
- X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.
- X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.
- X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the Learning Lead. The next steps may include:
 - Provide parents/guardian with the names and phone numbers of mental health resources

- Recommend that the parents make an immediate contact with a therapist.
- Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- X Provide follow-up collaborative support for the student and parents (as indicated) within the school
- X Develop a safety plan prior to the student's return to school.
- X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- X Notify Learning Lead/Safety Ambassador.
- X Notify school nurse, school psychologist, counselor or social worker.
- X Protect individual from injury.

EMERGENCY RESPONSE:

EXPLOSION

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

LEARNING LEAD/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status.
- X Notify emergency response personnel of any missing students.

- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X Initiate **DROP, COVER AND HOLD ON**.
- X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.
- X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.
- X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
- X Render first aid as necessary.
- X Do not return to the resource center until the emergency response personnel determine it is safe to do so.
- X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE: PANDEMIC INFLUENZA

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Respiratory Hygiene Etiquette

- Cover your cough and sneeze with a tissue
- Wash hands with soap and water or a waterless hand hygiene product
- Place used tissues into a sealed bag

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice “respiratory hygiene etiquette”.
- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE: Active Shooter/Armed Assailant**ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS**

“Active shooter situations” are defined as those where an individual or individuals is “actively engaged in killing or attempting to kill people in a confined and populated area.” *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knives, swords, etc.).* These situations are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.
 - a. **Act immediately** if you or your students:
 - hear a sound that might be gunfire.
 - see something that looks like a weapon being carried or used on or near the campus.
 - sense any other indication of active shooter / armed assailant threat.
 - b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
 - c. **Be decisive.** Communicate your plan to your students and act quickly.
 - d. **Call 911 and the School Office** as soon as it is safe to do so.

2. Options: *Run, Hide or Fight*

- a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
 - Do not evacuate unless you...
 - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
 - **and** can visualize a route that will get your students and yourself safely off campus.
 - Don't carry anything with you.
 - Police may mistake an item in your hands as a weapon.
 - Leave everything behind.
 - If you encounter people along the way...
 - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
 - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care.*
 - Place terrain and buildings between you and the assailant to cover your escape.
 - Keep going until you are certain you are out of danger.
 - Call 911 as soon as it is safe to do so.
 - Keep your students with you. Call (insert phone #) to report your location and obtain instructions.

- b. Hide:** If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.
- Lock the doors
 - Close and lock windows and close blinds or cover windows;
 - Turn off lights;
 - Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
 - Silence all electronic devices;
 - Remain silent;
 - Position occupants spread out and out of line of site from room entrance.
 - Prepare to take action if the assailant attempts to get in the room;
 - Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
 - Call 911 as soon as it is safe to do so.
 - Remain in place until evacuated by identifiable law enforcement officers.
- c. FIGHT: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**
- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
 - Construct a strong barricade.
 - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
 - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
 - a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
 - Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.
- 3. Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.
- a. Provide as much information as possible (slow down – be calm):
 - State the emergency: “I hear gunfire.” “I saw...”
 - Give information on people who are wounded.
 - Location of the assailant (if known):
 - Description of the assailant (if known):
 - Your precise location: “room __”
 - The number of children with you:

- b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

- a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.
- *Run* – If you encounter injured persons while you are trying to get out of danger...
 - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.
 - *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
 - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.
 - *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
 - If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
 - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.
- b. Law Enforcement: If you encounter law enforcement officers...
- Immediately raise your hands in the air and display your open palms.
 - Don't run up to officers or attempt to hug or talk to them.
 - Don't talk unless they ask you a question.
 - Do exactly what they tell you to do.
- c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
- Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
 - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.
- d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

- e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- Follow the All Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
 - Include as much actionable information on the announcement as possible.
 - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
 - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
 - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the corporate office after you call 911.
- If possible, assist emergency personnel.
 - Assist police in entering the school;
 - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
 - Activate the district's Emergency Operations Center
 - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.
- **Emergency Area Reunification**
 - The Operations Section should prepare an emergency evacuation area for reunification.
 - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
 - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
 - School staff and students will remain in lockdown until evacuated on a room by room basis.
 - Vans should be placed on standby for evacuation.
 - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.
- **Crisis Intervention**
 - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.

- This team will also provide ongoing support throughout the recovery phase of the emergency response.
- Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
- Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

ADDITIONAL STEPS FOR THE SCHOOL:

- _____
- _____
- _____
- _____
- _____

EMERGENCY RESPONSE: FIRE (Outside Fire/Wildfire)

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the office door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the School Administrator/Safety Ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.

In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers/offices to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter Schools have procedures in place for each of these possibilities.

BEFORE

- Goals:
1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
 2. Develop the capacity of staff to lead students through appropriate response options
 3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s): Goal 1 Objectives

- a) Coordinate with local fire department to ensure an effective response to a Wildfire
- b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
- c) Develop a clear chain of command with staff

Goal 2 Objectives

- a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure

Goal 3 Objectives

- a) Store combustible materials in fireproof containers
- b) Follow Fire Code and district rules regarding fire prevention
- c) Provide fire prevention training to staff
- d) Hold Fire Drills
- e) Maintain an adequate supply of fire extinguishers
- f) Ensure proper maintenance of fire prevention equipment

Courses of
Action:

LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:Goal 1 Actions

- a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure
- b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
- c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

- a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

- a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
- b) Ensure combustible materials are stored in fireproof containers
- c) Hold fire extinguisher training for staff
- d) Ensure adequate supply of fire extinguishers are appropriately maintained
- e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONSGoal 2 Actions

- a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
- b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

- a) Participate and lead students in fire drills
- b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
- c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals: 1. While coordinating with local fire department/jurisdiction’s incident command, protect life and implement appropriate wildfire response actions

Objective(s): Goal 1 Objectives

- a) Conduct appropriate wildfire response actions in a timely manner
- b) Conduct accountability procedures in a timely manner
- c) Activate school location Incident Command Team, as necessary

Courses of Action: **LEARNING LEAD/SAFETY AMBASSADOR ACTIONS:**

Goal 1 Actions

- a) Work with the district office, local fire department and other responders to determine best course of action
- b) Use the “Wildfire Evacuation Decision Tree” following this section.
- c) Communicate plan of action to staff and students:
 - voluntary evacuation
 - early dismissal
 - mandatory evacuation
 - shelter-in-place

- resource center closure
 - d) Consider the following while implementing response action
 - Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
 - Food and water
 - Transportation
 - Security and Safety
 - Communications
 - e) Contact families to notify of planned course of action
 - f) Activate school Incident Command Team, as necessary
 - Reunification Team
 - g) Ensure all staff and students are accounted for
 - h) Ensure that access roads are kept open for emergency vehicles
 - i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity
 - j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

- a) Remind staff to close doors when exiting resource centers/offices
- b) Notify appropriate utility company of suspected breaks in utility lines or pipes.
- c) Notify fire department of any hazards or vulnerabilities that could hinder their response or

cause further damage (chemicals, wires, equipment, etc.)

- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival
- d) Notify District Office of situation

STAFF ACTIONS:

Goal 1 Actions

- a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center/office closure
- b) If evacuating or sheltering-in-place, take emergency backpack and student kits
- c) Maintain control of the students a safe distance from the fire and firefighting equipment
- d) Take attendance. Report missing students to the Learning Lead/designee and emergency response personnel
- e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
- f) Serve in any designated position on the Incident Command Team

Shut resource center or office door after all individuals have exited

Provide information to Learning Lead/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s): Goal 1 Objectives

- a) Provide information to staff, parents, and students
- b) Provide information to district office

Goal 2 Objectives

- a) Conduct After-Action Report process

Courses of
Action:

LEARNING LEAD/SAFETY AMBASSADOR ACTIONSGoal 1 Actions

- a) Provide critical information to the district office in order to develop effective key messages
- b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
- c) Work with appropriate district department to draft talking points for phone calls and media requests

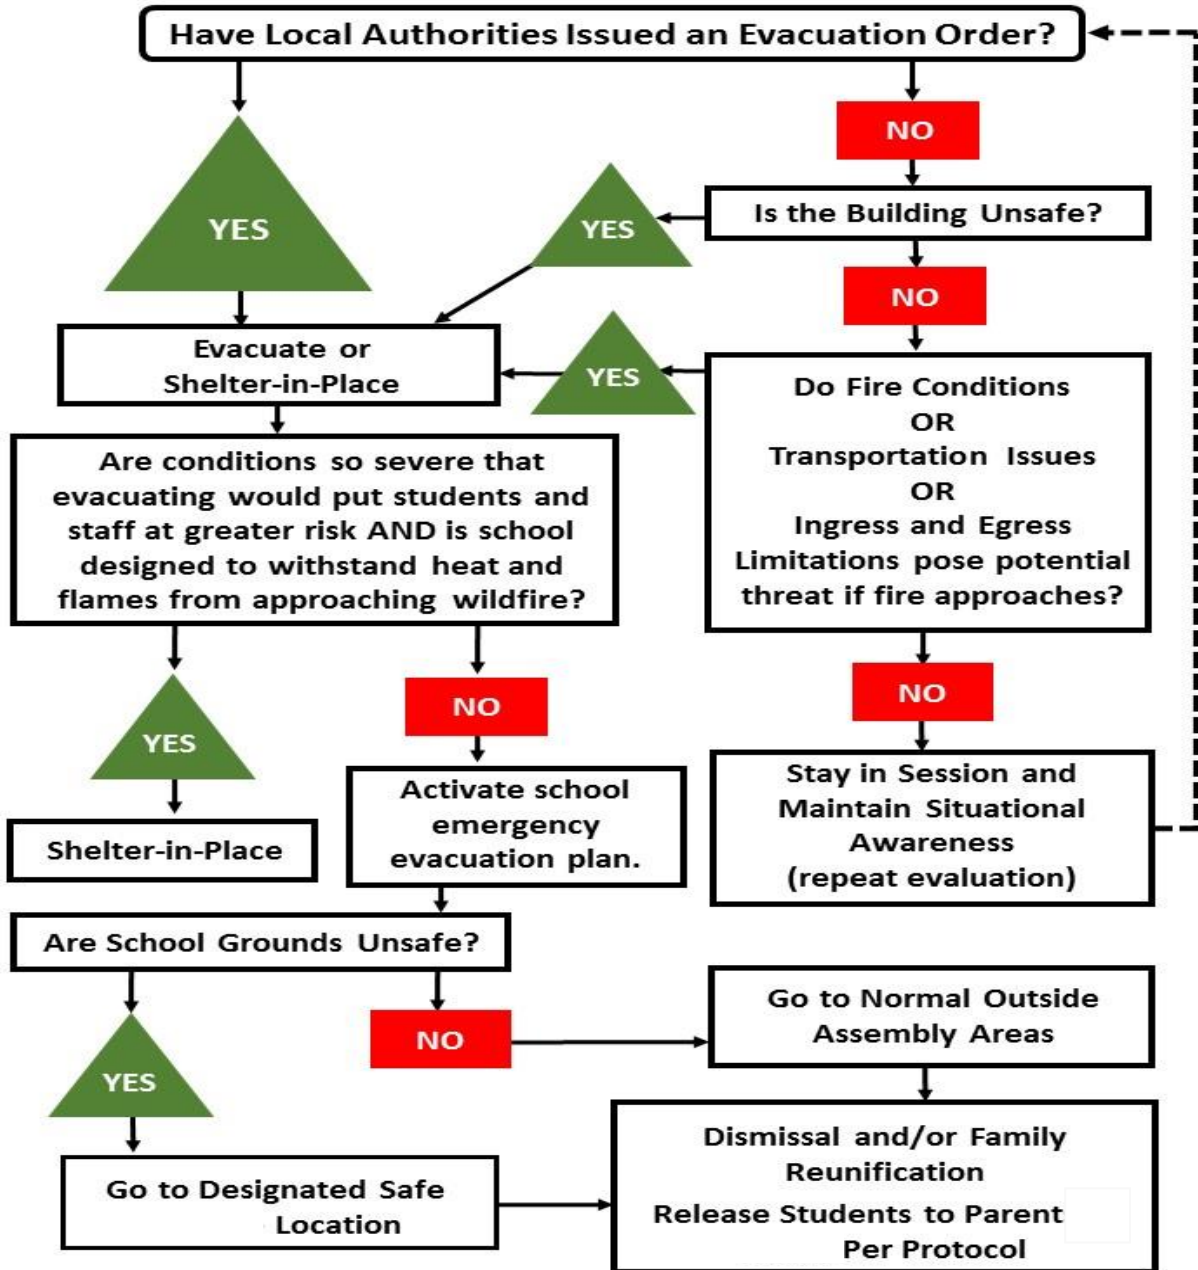

Goal 2 Actions

- a) Conduct an after-action report process and implement necessary actions for improving future responses
- b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
- c) Identify steps to improve future responses
- d) Implement steps to improvement

STAFF ACTIONSGoal 2 Actions

- a) Participate in the after-action report process
- a) Participate in any determined corrective actions discovered in the after-actions process

WILDFIRE DECISION TREE

EMERGENCY RESPONSE: OPIOID ANTAGONIST-Naloxone Hydrochloride

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Mirus Secondary School has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Mirus Secondary School's primary goal in the fight against opioids and fentanyl use is prevention.

Mirus Secondary School will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
 - How opioids and fentanyl affect the body's systems.
 - Refusal strategies
 - The signs and symptoms of use/abuse
 - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document [SAMHSA Opioid Overdose Prevention Toolkit](#).

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of **OVERDOSE**, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.

For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

Mirus Secondary School **uses intranasal spray.**

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.

Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)

Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.

Follow up with assigned school nurse for additional support.

Emergency Lockdown Procedures

If an emergency situation, occurring in the vicinity of a Mirus resource center endangers student safety, the RC may be placed under lockdown.

Persons who may activate a resource center lockdown:

- An officer may notify, or request school administration to notify a resource center to activate a lockdown.
- An administrator or teacher may, in an immediate, life-threatening situation, activate a resource center lockdown.
- Any member of a resource center staff who observes or suspects a dangerous situation shall immediately notify school administration or resource center teachers.

Conditions in which to activate a school-wide or RC- specific lockdown may include, but not limited to:

- Authorities inform the school or resource center of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a resource center.
- Gunshots are heard nearby.
- An act of terrorism.

During a lockdown, a resource center will take several security measures:

- An administrator or designee or teacher will declare "this is a lockdown" alerting staff and students.
- All students and staff remain in their resource center or offices.
- No one is permitted to leave and no one, including a parent, is allowed in the resource center.
- All RC doors and windows are to be closed and locked.
- All window blinds should be drawn or closed.
- All lights should be turned off.
- Students and staff will remain quiet and shut off all audio-visual equipment.
- All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors.

- A staff member should take a head count and obtain names of each individual in the resource center.
- If lockdown is declared by a resource center staff member, please notify school administration as soon as possible.
- First aid will be rendered by staff as necessary.
- Staff should wait for authorities or school officials to give them a clear sign before releasing anyone from the room.
- Resource center staff should not make statements to the media.

Should a lockdown occur, parents should be aware of the following:

- Remain calm as resource center and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. Resource center staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the resource center or another designated staging area, once it is determined to be safe to do so.
- Parents may be required to present identification.
- The reunification location will be given to parents over the phone, if possible.

Students and parents are reminded that during an emergency situation, cellular sites may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the resource center.

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

- A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the “Run, Hide, Fight” model.
- B. Armed assailant drills have both benefits and concerns associated with their implementation.
 - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
 - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
 - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

- A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.
- B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.
- C. Schools should keep simulation techniques appropriate to the participants’ developmental maturity.
 - Inform participants of the use and purpose of props and simulation aids prior to the drill.
 - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.
- D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

- A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.
- B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.
- C. School-employed mental health professionals should be involved in every stage of preparation.

- Prior to the drill, staff should be trained to recognize common trauma reactions.
 - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
 - After completion, staff and students should have access to mental health support, if needed.
- D. Participation should never be mandatory, and parental consent should be required for all students.
- E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.
5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

INTRODUCTION

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term

active shooter refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the “Run, Hide, Fight” model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens—it

is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age- appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options-based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the resource center (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of

Education, 2006a). **Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.**

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience,

options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-

throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. *Impact of Adult Behavior on Children's Behavior*

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. *Developmental Levels of Safety Awareness*

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. *Mental Health Support and Considerations*

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify

when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school- employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
 - Identifies a lead person to coordinate school safety efforts, including drills;
 - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
 - Takes a lead in identifying the most appropriate preparedness activities for the resource

- center;
 - Provides ongoing professional development and training as needed; and
 - Ensures that the school's policies are in compliance with state laws and school board policies.
2. Conduct an assessment of the school community to:
 - Identify the types of crisis events most likely to occur,
 - Determine the current school culture and climate,
 - Map existing resources and capacities of school personnel or school safety teams, and
 - Identify any related policies that should be considered in the planning of drills.
 3. Implement a cost–benefit analysis that:
 - Considers financial costs in relation to the likelihood of a particular crisis;
 - Identifies what resources, activities, or preparedness training must be replaced or postponed, to engage in active shooter or other armed assailant drills;
 - Balances the need to empower resource center staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
 - Considers the current knowledge and identified needs of the staff; and
 - Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.
 4. Tailor drills to the context of the resource center environment, taking into consideration:
 - The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
 - Age, cognitive, and developmental levels of awareness of students;
 - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
 - The capacity, comfort level, and trust among staff;
 - Administrative support;
 - Optimal timing, including time of year, day of the week, and time of the day;
 - Relationships with external partners, law enforcement, and other first responders; and
 - The layout of the resource center.
 5. Create a plan of progression that:
 - Considers whether any previous activities have been conducted in the resource center;
 - Starts with simple, low-cost, discussion-based exercises;
 - Considers all available types of drills;
 - Identifies specific objectives and goals for the drills; and
 - Identifies a timeline and metrics to help determine whether more complex exercises are needed.
 6. Prepare for logistics of the drill to ensure that:
 - Previous traumatic experiences of those involved are considered;
 - Resource center staff learn to recognize stressful reactions to drills;
 - Methods exist to opt out (for staff and students) or remove someone from a drill,

- including parental consent/permission if students are involved;
 - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
 - Adequate follow up is available for students or staff with questions; and
 - Appropriate methods to evaluate outcomes are implemented.
7. Develop a communications plan that:
- Informs members of the school community of planned drills and what will be entailed;
 - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
 - Provides opt-out options for staff and students; and
 - Encourages feedback and evaluation by participants after the fact.
8. Establish a long-term follow up plan to support sustainability that considers:
- What additional training is required;
 - How the drill integrates with other school safety and crisis prevention efforts;
 - How current and previous training and knowledge can be maintained and built upon; and
 - When follow-up should be conducted and how often.

CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

SUSPENSION AND EXPULSION POLICY

3110 Suspension / Expulsion Policy

*Amended: May 5, 2009, February 16, 2022, **December 7, 2022, June 22, 2023, February 28, 2024***

This Student Suspension and Expulsion Policy has been established by the Board of Directors of ~~Audeo Charter School Corporation, Inc.~~ Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Audeo II, Audeo III, Audeo Valley Charter School, ~~Grossmont Secondary School~~ Altus Schools East County, Mirus Secondary School and ~~Sweetwater Secondary School~~ Altus Schools South Bay, (hereinafter collectively referred to as "Charter School").

In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians¹ are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that the policy and procedures are available on request at the School Coordinator's office. Suspended or expelled students shall be excluded from all school

and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with

¹ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

B. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be suspended for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.
- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but it not limited to electronic files and databases.

- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. This section shall only apply to students in any of grades 9-12, inclusive.
- l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.
- m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- p) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- q) Made terroristic threats against school officials and/or school property, which includes but is not limited to electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of

purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to electronic files and databases, or the personal property of the person threatened or his or her immediate family.

- r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
 - s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
 - t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
 - u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
- 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
 - ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
 - iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
 - iv. Causing a reasonable student to experience substantial

interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

- 2) "Electronic Act" means the creation or transmission originated on or off the School site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
- i. A message, text, sound, video, or image. ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
 - iii. An act of cyber sexual bullying.
 - (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
 - (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
- v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).
- w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion for any of the following acts when it is determined the student:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b) Brandished a knife at another person.
- c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d) Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4

3. Discretionary Expellable Offenses: Students may be recommended for expulsion for any of the following acts when it is determined the student:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.

- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.
- d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
- e) Committed or attempted to commit robbery or extortion.
- f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases
- g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases
- h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
- i) Committed an obscene act or engaged in habitual profanity or vulgarity.
- j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases
- l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

- o) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
- p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases or the personal property of the person threatened or his or her immediate family.
- q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
- r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.
- s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.
- t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

- 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
 - ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
 - iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
 - iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
- 2) "Electronic Act" means the creation or transmission originated on or off the School site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
- i. A message, text, sound, video, or image.
 - ii. A post on a social network Internet Web site including, but not limited to:
 - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
 - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
 - iii. An act of cyber sexual bullying.

- (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
 - (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
- u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).
 - v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the student:

- a. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
- b. Brandished a knife at another person.
- c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.

- d. Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has

been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Audeo Board of Directors following a hearing before it, or by the neutral and impartial Audeo Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the Audeo Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the Audeo Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;

2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of Charter School 's disciplinary rules which relate to the alleged violation; 4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor; 6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five calendar days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School . The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent,

legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and

regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School .

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at Charter School .

Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the Audeo Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include,

but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment.

The School

Coordinator or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission or admission of student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Involuntary Removal for Truancy

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for truancy shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

- e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three

(3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by

the parents; however the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Notification to Staff of Dangerous Students

- a. The administration will inform the Learning Lead of information received from the court and the Probation Department. Mirus Secondary School Learning Lead shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working

with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

- b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.
- c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.
- d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Mirus Secondary School is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Mirus Secondary School shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English will not be a barrier to admission and participation in school programs.

Any student who engages in discrimination of another student or anyone from Mirus Secondary School may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the Learning Lead at (760) 947-7089 for resolution. If not resolved, contact: The President of the Board, 10170 Huennekens Street, San Diego, CA 92121; (858) 678-2020.

School-Wide Resource Center Dress Code

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to the resource centers. Students who are not wearing appropriate clothing, parents/guardians will be notified and students will be asked to change or sent home. Unacceptable dress includes, in part, the following:

- ❑ Pants sagging below the waist
- ❑ Beachwear or sleepwear, including bedroom slippers
- ❑ Shorts/skirts that are above mid-thigh
- ❑ Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- ❑ Visible undergarments (including boxer shorts, bras, etc.)
- ❑ Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- ❑ Clothing that uses vulgar/profane language and/or images
- ❑ Head coverings such as, hats, bandanas, beanies, or do-rags

MIRUS SECONDARY SCHOOL: Loitering Law Compliance

Daytime Loitering of Students in Public Places on School Days

Students who are subject to compulsory education must comply with the daytime loitering laws of their community.

General guidelines are below, however, may differ slightly among communities:

*On days and times when the resource center is open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.

*On scheduled school days, students may travel to and from resource centers without parental or guardian accompaniment.

*Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences, if multiple violations occur.

***Responsibility of parents, guardians, etc.** It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures may include:

1. Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the resource center from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
2. If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
3. When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace officer may issue a citation for a misdemeanor to the parent to appear in court.

Exceptions may include:

1. A minor who is accompanied by his or her parent, legal guardian, or other adult person having care or custody of the minor.
2. Students who have permission to leave the resource center for school related activity and have in their possession a valid school-issued written notice by a school official, but only for a reasonable period of time necessary for the activity.
3. A minor who is going to or coming from his or her gainful place of employment or medical or dental appointment with verification of said employment or appointment.
4. A minor who is upon an emergency errand directed by his/her parents, guardian or other adult person having the care and custody of the minor.
5. A minor who is going directly to or from a school sponsored event or activity such as a sporting event, field trip, or other such school activity.

Definitions

1. "Adult" means any person twenty-one (21) years of age and older.
2. "Emergency" includes but is not limited to fire, natural disaster, automobile accident, or requirement for immediate medical care for another person.
3. "Establishment" means any privately-owned place of business operated for a profit to which the public is invited, including but not limited to any place of amusement or entertainment.
4. "Juvenile" means any person under eighteen (18) years of age.
5. "Parent" means a person who is the natural or adoptive parent of a person. "Parent" includes a court-appointed guardian or other person eighteen (18) years or age or older authorized by the parent, by a court order, or by a court appointed guardian to have the care and custody of the person.
6. "Public place" means any place to which the public or a substantial group of the public has access and

Going To and From Resource Center Safely

Everyday millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Mirus students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Mirus students and parents to help prepare all Mirus students for a safer journey.

1. Every Mirus student will have set schedule for arrival and departure from the resource center. When a student fails to arrive for their appointment and has not notified the resource center for the absence, his or her teacher will call home to ensure the student is safe.
2. Every student, parent or guest is required to sign-in and out each time they arrive and depart the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.
3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.
4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.
5. Parents will be encouraged to walk the route to and from resource centers with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.
6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and

learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a **resource center** staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.
8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.
9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a resource center staff member, parent, or another trusted adult what happened.
10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.
11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a resource center staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.
12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from the resource center a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

All Mirus staff and students shall review resource center evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted on the resource center. If there is a need for evacuation from the resource center, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted resource center evacuation plan
- Designated staff take along emergency release binder, student sign-in sheets, emergency materials specified in disaster preparedness plan
- Using student sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, Learning Lead or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situations and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Mirus Secondary School is and will remain a safe place for students and adults.

Mirus Secondary School staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high- quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

- Attend RC according to the schedule on the master agreement, arrive on time and return directly home after each appointment.
- Complete ALL assignments as scheduled.
- Participate in resource center activities.
- Respect the authority of ALL ADULTS at Mirus Secondary School.

SEVERE CLAUSE BYPASSES

A majority of students at Mirus Secondary School will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Attendance

- Ensure that students get to their scheduled appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate workshops, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with resource center staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the resource center to learn necessary facts and expected behavior.

- As a role model for your child, show respect for learning and the necessity for completing an education.

Safety Ambassadors
2023-202442025

The designated Ambassadors are responsible for planning and implementation at the Resource Center (RC). Resource Center Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓ Number of students in RC – adhere to student scheduled hours
- ✓ Schedule CTR works hours – ensure there are two staff members when opening and closing the RC
- ✓ Share information at RC meetings - Discuss safety at monthly resource center meetings
- ✓ Meet with new resource center staff within 30 days
- ✓ Reach out to the Juvenile Community Officer, Community Resources and Community Sub Police Stations
- ✓ Keep technology locked and secured

Instructional Support:

- ✓ Consistent RC rules among all staff – hats, phones, language use
- ✓ Ensure middle school students work together
- ✓ Instructional tables labeled by subject area
- ✓ Know your student needs – triggers
- ✓ Measuring threat levels
- ✓ CTR supporting the learning environment

Compliance:

- ✓ Safety Drills are mandated to be performed three (3) times per year
- ✓ Ensure safety supplies are located in designated area and replenished each time a drill is performed
- ✓ Confirm that the Emergency Radio works properly (Mirus/San Diego Team Talk, Channel 1)
- ✓ Update Resource Center Emergency Exit Plan annually
- ✓ Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections

Assumptions for May Revised Operational Budget FY 2023-24

Audeo Charter School II (Audeo II) is an independent study program. Audeo II takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Audeo II, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo II is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo II is 56.30%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2024-25 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo II's May Revised Operational Budget.

Table 1:

Description	FY 2023-24
Grades 4-6 Adjusted Base Grant	\$10,069
Grades 7-8 Adjusted Base Grant	\$10,367
Grades 9-12 Adjusted Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)*	8.22%
Audeo II's Unduplicated Pupil Percentage (Rolling Average)	56.30%
District's Unduplicated Pupil Percentage (SDCOE)	22.35%

Revenues were calculated based on the following enrollment and ADA projections:

Table 3:

Description	FY 2023-24
LCFF Sources	\$4,132,757
Federal Revenues	\$557,430
State Revenues Other than LCFF	\$744,836
Local Revenues	\$64,500
Total Projected Revenues	\$5,499,523

- In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).
- Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).
- Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: School Improvement (CSI) Funding for LEAs:

Audeo II was granted 2022-23 ESSA CSI in the amount of \$178,351. The project period for this grant began on March 13, 2023, and ends on September 30, 2024. Audeo II spent \$12,761 of its CSI fund in FY 2022-23. The remaining amount of \$165,590 is included in this budget.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. Audeo II's ESSER III revised allocation is \$361,307 and of that amount, \$46,734 was spent in FY 2021-22 and 2022-23. Audeo II has included \$251,659 in this budget and the remaining amount of \$62,914 will be spent in FY 24-25.

Expanded Learning Opportunities (ELO) Grant is part of AB 86, signed by Governor Newsom on March 5, 2021, and is intended to provide supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals, and snacks to specified student groups. Audeo II's ELO Grant Plan is focused on implementing a learning recovery program for specific student groups, including but not limited to, low-income students, English Learners, foster youth, homeless students, and students with disabilities. Audeo II is also focused on providing supplemental instruction and support strategies to students identified as potentially 'at risk' of abuse, disengaged and credit deficiency. The deadline for obligation of ELO ESSER II and ELO GEER II funds is September 30, 2023, while ELO ESSER III funds is September 30, 2024.

Audeo II's revised allocation amount is \$224,537 and of that amount, \$125,184 of ELO general fund and \$40,649 of ELO ESSER II and GEER II was fully spent as of FY 2022-23. Audeo II spent \$3,279 of ELO ESSER III fund in FY 2022-23 and the remaining amount of \$55,425 is included in this budget.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. Audeo II's allocation amount is \$1,926 and of that amount, \$643 was spent in FY 2022-23 and the remaining \$1,283 is included in this budget.

Project Safe from Exploitation (SaFE) – The San Diego County Office of Education received a Federal award - Demonstration Grants for Domestic Victims of Severe Forms of Human Trafficking for a total amount of \$575,000. Audeo II is a subrecipient for \$950. Audeo II will receive funding based on the following activities:

1. Each classified and certificated staff will receive human trafficking prevention education via the PROTECT 101-103 online and HTSSP modules. Each staff member will receive a stipend of \$100 once the training is completed.
2. All certificated staff (teachers and pupil-services) will participate in the PROTECT Curriculum Review training, that will result in their capacity to

deliver the PROTECT Student training curriculum. Each certificated staff member will receive a stipend of \$150 once the training is completed.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.4 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$160.76 per PY California Basic Educational Data System (CBEDS) count.
- **Dispute Prevention & Learning Recovery Funds** are two, one-time, funding streams provided to our Special Education Local Plan Area (SELPA) for distribution to its members. Dispute prevention funds are to fund dispute prevention and voluntary alternative dispute resolution activities aimed at preventing and resolving special education disputes resulting from school disruptions stemming from the pandemic. Learning recovery funds will fund learning recovery support to pupils associated with impacts to learning due to school disruptions stemming from the pandemic. Remaining Dispute Prevention funds of \$6,283 and Learning Recovery funds of \$5,851 are included in this budget and have been fully spent as of September 30, 2023.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo II chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.76 for Grades K-8 and \$54.91 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo II has included \$196,500 of CTE grant in this budget.
- **Creating Opportunities in Preventing and Eliminating Suicide (COPES)** is a four-year grant initiative which was awarded to the County of San Diego Behavioral Health Services and the San Diego County Office of Education (SDCOE). SDCOE will lead the COPES initiative and build the capacity of LEAs to support school communities that champion mental wellness by targeting efforts in staff and student wellness, stigma reduction, suicide prevention, intervention, and postvention, professional development and programming for educators, staff, students, and families and coordinated referral pathways for students needing mental/behavioral health services. Audeo, Audeo II, and Audeo III will participate in this grant. The schools will submit an invoice to SDCOE at the end of each quarter to get reimbursement for its expenditures, not to exceed \$12,000 per calendar year for 4 years beginning 2022 through 2025. Audeo II has included \$4,000 in its budget for this FY, which is under local revenue.

- **Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$642.42 per ADA. Total allocation for Audeo II is \$147,732. Audeo II has included \$17,383 in its FY 2023-24 budget. Deadline for obligation of this fund is FY 2025-26.
- **College and Career Access Pathways Grant (CCAP)** provides Audeo II with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. Audeo II was granted \$25,000 per year for the next four years. Over the course of the grant, Audeo II’s staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, Audeo II goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Audeo Charter School II was funded 33,689. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo II has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Audeo II has allocated \$65,452 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$737,735 representing 13.41% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo II will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the district. The authorizing District has a broad and diverse student population. The budget for marketing will support significant outreach efforts to ensure that the student body of Audeo II reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo II has deployed an integrated marketing plan to support organizational growth. To reach Audeo II's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, Audeo II has allocated \$109,990 for marketing expenses included in the object code 5800 and represents 2% of its total budget.

DISTRICT OVERSIGHT FEES

Audeo II will pay its authorizing District (San Diego County Office of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement

- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Audeo II has budgeted \$50,113 for FY 2023-24 for oversight fees, which is included in object code 5800.

RESERVES

Audeo II has allocated reserves of \$549,952 for FY 2023-24 representing 10% of total revenues of \$5,499,523.

FACILITIES

Audeo II carries out contractual lease agreements with an annual cost of \$290,773 for FY 2023-24. The total cost of the current lease contracts from July 2023 through the end of the lease term (Year 2029) is \$1,672,055. Audeo II has allocated reserves for this amount.

Assumptions for Preliminary Operational Budget FY 2024-25

Audeo Charter School II (Audeo II) is an independent study program. Audeo II takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Audeo II, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo II is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo II is 58.85%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2024-25 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo II's Preliminary Operational Budget.

Table 1:

Description	FY 2024-25
Grades 4-6 Adjusted Base Grant	\$10,177
Grades 7-8 Adjusted Base Grant	\$10,478
Grades 9-12 Adjusted Base Grant	\$12,460
Statutory Cost of Living Allowance (COLA)*	1.07%
Audeo II's Unduplicated Pupil Percentage (Rolling Average)	58.85%
District's Unduplicated Pupil Percentage (SDCOE)	22.35%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2024-25 (Projected P-2)	FY 2023-24 (Actual P-2)	FY 2022-23 (Actual P-2)
P-2 Enrollment	274	272	254
CBEDS Enrollment	239	237	219

REVENUE PROJECTIONS

Table 3:

Description	FY 2024-25
LCFF Sources	\$4,231,656
Federal Revenues	\$322,185
State Revenues Other than LCFF	\$647,424
Local Revenues	\$67,525
Total Projected Revenues	\$5,268,790

- In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).
- Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).
- Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: School Improvement (CSI) Funding for LEAs:

Audeo II was granted 2023-24 ESSA CSI in the amount of \$174,382. The project period for this grant began on March 18, 2024, and ends on September 30, 2025. Audeo II has included its 23-24 CSI find in this budget.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. Audeo II's ESSER III revised allocation is \$361,307 and of that amount, \$298,393 was spent from FY 2021-22 to 2023-24. Audeo II has included the remaining amount of \$62,914 in this budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$896.90 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$140 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo II chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$20.06 for Grades K-8 and \$55.76 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo II has included \$202,250 of CTE grant in this budget.
- **Creating Opportunities in Preventing and Eliminating Suicide (COPES)** is a four-year grant initiative which was awarded to the County of San Diego Behavioral Health Services and the San Diego County Office of Education (SDCOE). SDCOE will lead the COPES initiative and build the capacity of LEAs to support school communities that champion mental wellness by targeting efforts in staff and student wellness, stigma reduction, suicide prevention, intervention, and postvention, professional development and programming for educators, staff, students, and families and coordinated referral pathways for students needing mental/behavioral health services. Audeo, Audeo II, and Audeo III will participate in this grant. The schools will submit an invoice to SDCOE at the end of each quarter to get reimbursement for its expenditures, not to exceed \$12,000 per calendar year for 4 years beginning 2022 through 2025. Audeo II has included \$4,000 in its budget for this FY, which is under local revenue.

- **College and Career Access Pathways Grant (CCAP)** provides Audeo II with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. Audeo II was granted \$25,000 per year for the next four years. Over the course of the grant, Audeo II's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, Audeo II goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Audeo Charter School II was funded 33,689. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo II has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Audeo II has allocated \$20,380 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$756,367 representing 14.36% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo II will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the district. The authorizing District has a broad and diverse student population. The budget for marketing will support significant outreach efforts to ensure that the student body of Audeo II reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo II has deployed an integrated marketing plan to support organizational growth. To reach Audeo II's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2024-25, Audeo II has allocated \$79,032 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

DISTRICT OVERSIGHT FEES

Audeo II will pay its authorizing District (San Diego County Office of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Audeo II has budgeted \$42,317 for FY 2024-25 for oversight fees, which is included in object code 5800.

RESERVES

Audeo II has allocated reserves of \$263,439 for FY 2024-25 representing 5% of total revenues of \$5,268,790.

FACILITIES

Audeo II carries out contractual lease agreements with an annual cost of \$299,017 for FY 2024-25. The total cost of the current lease contracts from July 2024 through the end of the lease term (Year 2029) is \$1,381,282. Audeo II has allocated reserves for this amount.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school

district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Audeo Charter School II**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of **Audeo Charter School II** has determined to spend the monies received from the Education Protection Act as attached.

Dashboard Alternative School Status (DASS) Renewal Application 2024, 2025, 2026 Dashboards

Dashboard Alternative School Status Application

The following documents are included in this item:

1. **Dashboard Alternative School Status Program:** This document is an overview of the DASS program, the eligibility criteria, and DASS participation instructions.
2. **Dashboard Alternative School Status Eligibility Summary:** This document provides a summary of the school's eligibility to participate in the DASS program.
3. **DASS Participation Form – Online Survey:** This document is a copy of the Online Survey of Part 1 of the DASS Participation process. The online survey was submitted on 03/29/2024. This includes school information and the percentage unduplicated students enrolled for each of the eligibility criteria.
4. **Dashboard Alternative School Status (DASS) Eligibility Certification:** This form certifies that the percentages of high-risk students stated on the DASS Participation Form are true and correct. Signatures of the school principal, county or district superintendent or charter school administrator, and board president are required.

Dashboard Alternative School Status (DASS)

Dashboard Alternative School Status background

In 2013, California's accountability system significantly changed with the adoption of the Local Control Funding Formula (LCFF). This new accountability system, the California School Dashboard (Dashboard), contains state indicators and standards to help identify a school's strengths, weaknesses, and areas in need of improvement. Because these state indicators and standards were developed for traditional (non-alternative) schools, the State Board of Education (SBE) and stakeholders raised concerns that the state indicators and standards did not fairly evaluate the success or progress of alternative schools that serve high-risk students.

The Dashboard Alternative School Status (DASS) program replaces the previously administered Alternative Schools Accountability Model (ASAM) and holds alternative schools and alternative schools of choice accountable for modified methods of measurement for accountability indicators, when appropriate. The State Board of Education (SBE) will continue to take action on how to incorporate new modified methods in the Dashboard for future releases.

DASS Eligibility Criteria for Charter Schools that Serve High-Risk Students

The DASS criteria requires the school to have an **unduplicated** count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups to be eligible for DASS. The high-risk groups include the following:

- **Expelled** (EC Section 48925[b]) including situations in which enforcement of the expulsion order was suspended (EC Section 48917)
- **Suspended** (EC Section 48925[d]) more than 10 days in a school year
- **Wards of the Court** (Welfare and Institution Code [WIC] Section 601 or 602) or dependents of the court (WIC Section 300 or 654)
- **Pregnant and/or Parenting**
- **Recovered Dropouts** – State Board of Education (SBE) defines recovered dropouts based on EC Section 52052.3(b) as students who: (1) are designated as dropouts pursuant to the exit and withdraw codes in the California Longitudinal Pupil Achievement Data System (CALPADS), or (2) left school and were not enrolled in a school for a period of 180 days
- **Habitually Truant** (EC Section 48262) or Habitually Insubordinate and Disorderly whose attendance at the school is directed by a school attendance review board or probation officer (EC Section 48263)
- **Retained more than once** in kindergarten through grade eight

- Students who are **credit deficient** (i.e., students who are one semester or more behind in the credits required to graduate on-time, per grade level, from the enrolling school's credit requirements)
- Students with a **gap in enrollment** (i.e., students who have not been in any school during the 45 days prior to enrollment in the current school, where the 45 days does not include non-instructional days such as summer break, holiday break, off-track, and other days when a school is closed)
- Students with **high level transiency** (i.e., students who have been enrolled in more than two schools during the past academic year or have changed secondary schools more than two times since entering high school)
- **Foster Youth** (EC Section 42238.01[b])
- **Homeless Youth**

DASS Participation Instructions

Part 1: Completing and Submitting the DASS Survey

Part One of the DASS application and renewal process is an online survey, which opened on February March 15th, 2024, and closed on May 15th, 2024. When determining a school's percentage of **high-risk youth** for DASS eligibility, schools are instructed to use the school's **cumulative** enrollment from July 1, 2023, to the date of submission. A student is considered high-risk if they meet one of the high-risk criteria approved by the State Board of Education upon first enrollment at the school. Students who become high-risk after initial enrollment should not be included. Once the survey has been submitted, the individual listed as the DASS coordinator will receive instructions by email within two business days for completing Part Two of the DASS application. Final approval of the DASS application is contingent upon completion of Part Two.

Part2: Submitting Supporting Documents Approved by the Local District Governing Board

All required supporting documents need to be uploaded to the Assigned Box.com Folder by July 10th, 2024.

Once a school's DASS coordinator has submitted Part 1, the CDE DASS team will assign a secure, private Box.com folder to that school and the DASS coordinator will have file upload privileges for their assigned folder. Supporting documentation for Part 2 is submitted through Box.com.

The DASS coordinator is responsible for uploading the following documents to their school's Box.com folder before the Part 2 submission deadline on July 10, 2024. Follow the steps below:

1. Obtain signatures of the school principal, county or district superintendent or charter school administrator, and local district governing board president on the DASS Eligibility Certification Form. This form is located in your assigned Box.com folder.
2. Submit a copy of the governing board's agenda and minutes that indicates the approval of the DASS eligibility certification. The local district governing board or the charter school board must certify that the school's enrollment meets the DASS criteria as an agenda item.

Note: If the school's DASS eligibility was certified by the charter school board, a letter must be sent to the charter's authorizing governing board notifying them of their DASS eligibility. A copy of the notification letter must also be submitted to the CDE.

Once all required supporting documents have been uploaded, CDE staff will send a confirmation e-mail to the school's DASS coordinator. Supporting documents (Part 2) submitted through e-mail or by mail will not be accepted.

Terms of Dashboard Alternative School Status Participation

All DASS participating schools must maintain documentation of how they meet the DASS criteria for 70 percent of high-risk students as reflected on their DASS Application. The CDE will conduct annual reviews and the failure to provide such documentation may result in termination of the school's DASS. If a school's enrollment of high-risk students falls below 70 percent, the school will be removed from DASS.

All schools voluntarily participating in the DASS program will be required to re-certify their high-risk student enrollments every three years (i.e., if a school is approved to participate in DASS for the 2024--25 Accountability year, this school must reapply in 2027 for the 2027--28 Accountability year to continue their participation in DASS). If a school fails to re-certify its high-risk student enrollment, the school will be removed from DASS.

Schools participating in the Dashboard Alternative School Status (DASS) program are required to re-certify their high-risk student enrollments every three years. The DASS criteria requires a school to have an unduplicated count of at least 70 percent of the school's total enrollment composed of high-risk student groups.

Audeo Charter School III has a previously approved DASS Status application that was applicable to the 2021, 2022, and 2023 Dashboards. Part 1 of the DASS application renewal process is an online survey. Audeo Charter School III submitted Part 1 to renew its DASS status on March 29th, 2024. The following percentages in **Table 1** were submitted on the online survey.

Table 1. Unduplicated Students Served by Eligibility Criteria

Audeo Charter School Percent of Students Enrolled 03/29/2024 by Eligibility Criteria		
	Number of Unduplicated Students	Percent of Unduplicated Students
Expelled	3	0.99%
Suspended	12	3.97%
Wards of the Court	0	0.0%
Pregnant and/or Parenting	3	0.99%
Recovered Dropout	5	1.66%
Habitually Truant	45	14.9%
Retained more than once in K-8	0	0.0%
Credit Deficient	136	45.03%
Enrollment Gap	0	0.0%
High Level of Transiency	32	10.6%
Foster Youth	0	0.0%
Homeless Youth	6	1.99%
Total Unduplicated Count	242	80.13%
Cumulative Enrollment 7/1/23-03/29/24	303	

Audeo Charter School III's cumulative enrollment from 07/01/2023 through 03/29/2024 was 303 students. Audeo Charter School III's unduplicated percentage of high-risk students is 80.13%. The top criteria students meet are habitually truant (14.9%) and credit deficient (45.03%).

The DASS application only allows students to count in one high-risk criteria category. However, many students meet multiple criteria.

Table 2. Students Meeting One or More High-risk Criteria

Audeo Charter School III Students by Number of Eligible Criteria		
	#	%
Students who Meet 1 Criteria	242	80.13%
Students that Meet 2 Criteria	98	32.45%
Students that Meet 3 or more Criteria	17	5.6%

Table 2 indicates the percentage of students who qualify in one, two, and three or more high-risk categories. Approximately 32.5% of unduplicated students counted meet the criteria in two or more categories.

Evidence of students meeting the DASS criteria is collected upon first enrollment at the school. This documentation is reviewed prior to submitting Part 1 of the DASS Survey. Detailed documentation for each student is readily available.

2024 DASS Part 1 Survey

Dashboard Alternative School Status Online Survey

Analysis Measurement, and Accountability Reporting Division (AMARD)

The following schools must complete a two-part application process to be considered for DASS participation: 1) Alternative schools of choice and charter schools who are currently not participating in the Dashboard Alternative School Status (DASS) program or 2) DASS schools who are up for their 3-year DASS cycle renewal.

Part 1 of the DASS application process requires the completion of this online survey to provide information about the school's student population who are **high-risk youth**. The online survey should be completed by the school's designated DASS Coordinator, who will serve as the liaison between the school and the California Department of Education (CDE) DASS Team. All questions in the online survey are **required**.

To be eligible for DASS status, schools must enroll an unduplicated count of high-risk youth that comprise at least 70 percent of the school's total cumulative enrollment. (Note: a student must meet one of the high-risk criteria upon first entry into the school).

Part 2 of the DASS application requires schools to electronically submit supporting documents, including Local Governing School Board or charter governing board approval, to the CDE DASS Team through an online document mailbox using Box.com. Following the completion of the DASS application survey in Part 1, the designated DASS Coordinator will receive an e-mail with instructions for completing Part 2 of the DASS application, including instructions for accessing their school's Box.com electronic folder and uploading their supporting documents.

The deadline for submitting **Part 1** for the 2024-25 school year is **May 15, 2024**. The deadline for submitting **Part 2** is **July 10, 2024**.

Note: Approval of DASS participation in the 2024-25 school year is contingent upon completion of Part 2. It is recommended that the DASS application be placed on the local board agenda once the CDE box.com folder invitation for Part 2 supporting documents is accepted.

More information about the DASS application process and terms of participation are available on the [CDE DASS Web page](#).

2024 DASS Part 1 Survey

Student Information

Number of students cumulatively enrolled:

In 2022-23 school year: (July 1, 2022 – June 30, 2023)

In 2023-24 school year: (July 1, 2023 - through the submission of this survey)

Based on your school's cumulative enrollment in the current year, provide the percentage of high-risk youth enrolled for each of the eligibility criteria. Enter "0" if none of your students meet the criteria. Students meeting eligibility criteria must be calculated based on unduplicated counts and status upon first entry to the school. Please count each student once and only in one category. The total percentage (sum of all categories) of high-risk students must be at least 70 percent of the school's cumulative enrollment to be eligible for DASS.

To calculate the percentage for each criteria, divide the number of students in the criteria by the total number of cumulatively enrolled students at the time the survey is completed.

Assumptions for May Revised Operational Budget FY 2023-24

Audeo Charter School III (Audeo III) is an independent study program. Audeo III takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Audeo III, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo III is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo III is 68.45%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2024-25 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo III's May Revised Operational Budget.

Table 1:

Description	FY 2023-24
Grades 4-6 Adjusted Base Grant	\$10,069
Grades 7-8 Adjusted Base Grant	\$10,367
Grades 9-12 Adjusted Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)	8.22%
Audeo III's Unduplicated Pupil Percentage (Rolling Average)	68.45%
District's Unduplicated Pupil Percentage (EUHSD)	81.33%

Revenues were calculated based on the following enrollment and ADA:

Table 2:

Description	FY 2023-24 (Actual P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)

REVENUE PROJECTIONS

Table 3:

Description	FY 2023-24
LCFF Sources	\$2,504,758
Federal Revenues	\$239,981
State Revenues Other than LCFF	\$466,876
Local Revenues	\$37,733
Total Projected Revenues	\$3,249,348

- **In Lieu of Property Taxes** of \$5,589.23 per current year (CY) P-2 ADA is based on 2023-24 P-2 property tax rate for Escondido Union High School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: School Improvement (CSI) Funding for LEAs:

Audeo III was granted 2022-23 ESSA CSI fund is the amount of \$178,351. The project period for this grant began on March 13, 2023, and ends on September 30, 2024. Audeo III has included \$84,165 of its 2022-23 CSI fund in this budget. The remaining amount of \$94,186 will be spent in FY 2024-25.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. Audeo III's ESSER III revised allocation is \$135,565 and of that amount, \$24,495 was spent in FY 2021-22 and 2022-23. Audeo III has included \$75,203 in this budget and the remaining amount of \$35,404 will be spent by September 30, 2024.

Expanded Learning Opportunities Grant is part of AB 86, signed by Governor Newsom on March 5, 2021, and is intended to provide supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to specified student groups. Audeo III's ELO Grant Plan is focused on implementing a learning recovery program for specific student groups, including but not limited to, low-income students, English Learners, foster youth, homeless students, and students with disabilities. Audeo III is also focused on providing supplemental instruction and support strategies to students identified as potentially 'at risk' of abuse, disengaged and credit deficiency. Deadline for obligation of ELO ESSER II and ELO GEER II funds is September 30, 2023, while ELO ESSER III funds is September 30, 2024.

Audeo III's revised allocation amount is \$100,382 and of this amount, \$55,966 of ELO general fund and \$18,172 of ESSER II and GEER II was fully spent as of FY 2022-23. Audeo III spent \$6,987 of ELO ESSER III in FY 2022-23. The remaining amount of \$19,257 is included in this budget.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. Audeo III's allocation amount is \$549 and of that

amount, \$200 was spent in FY 2022-23 and the remaining \$349 is included in this budget.

Project Safe from Exploitation (SaFE) – The San Diego County Office of Education received a Federal award - Demonstration Grants for Domestic Victims of Severe Forms of Human Trafficking for a total amount of \$575,000 and Audeo III is a subrecipient for \$600. As a subrecipient, Audeo III will receive funding based on the following activities:

1. Each classified and certificated staff will receive human trafficking prevention education via the PROTECT 101-103 online and HTSSP modules. Each staff member will receive a stipend of \$100 once the training is completed.
 2. All certificated staff (teachers and pupil-services) will participate in the PROTECT Curriculum Review training, that will result in their capacity to deliver the PROTECT Student training curriculum. Each certificated staff member will receive a stipend of \$150 once the training is completed.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$160.76 per PY California Basic Educational Data System (CBEDS) count.
 - **Dispute Prevention & Learning Recovery Funds** are two, one-time, funding streams provided to our Special Education Local Plan Area (SELPA) for distribution to its members. Dispute prevention funds are to fund dispute prevention and voluntary alternative dispute resolution activities aimed at preventing and resolving special education disputes resulting from school disruptions stemming from the pandemic. Learning recovery funds will fund learning recovery support to pupils associated with impacts to learning due to school disruptions stemming from the pandemic. Remaining Dispute Prevention funds of \$4,235 and Learning Recovery funds of \$3,046 are included in this budget and have been fully spent as of September 30, 2023.
 - **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo III chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.76 for Grades K-8 and \$54.91 for Grades 9-12.
 - **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo III has included \$124,500 of CTE grant in this budget.

- **Creating Opportunities in Preventing and Eliminating Suicide (COPES)** is a four-year grant initiative which was awarded to the County of San Diego Behavioral Health Services and the San Diego County Office of Education (SDCOE). SDCOE will lead the COPES initiative and build the capacity of LEAs to support school communities that champion mental wellness by targeting efforts in staff and student wellness, stigma reduction, suicide prevention, intervention, and postvention, professional development and programming for educators, staff, students, and families and coordinated referral pathways for students needing mental/behavioral health services. Audeo, Audeo II, and Audeo III will participate in this grant. The schools will submit an invoice to SDCOE at the end of each quarter to get reimbursement for its expenditures, not to exceed \$12,000 per calendar year for 4 years beginning 2022 through 2025. Audeo III has included \$2,233 in its budget for this FY, which is under local revenue.
- **Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$642.42 per ADA. Total allocation for Audeo III is \$76,416. Audeo III has included \$9,159 in its FY 2023-24 budget. Deadline for obligation of this fund is FY 2025-26.
- **College and Career Access Pathways Grant (CCAP)** provides Audeo III with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. Audeo III was granted \$25,000 per year for the next four years. Over the course of the grant, Audeo III's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, Audeo III goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Audeo III was funded \$17,520. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo III has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Audeo III has allocated \$9,508 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$432,955 representing 13.32% of the Operational Budget. Included in this object code are SDCOE charter fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo III will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the district. The authorizing District has a broad and diverse student population. The budget for marketing will support significant outreach efforts to ensure that the student body of Audeo III reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo III has deployed an integrated marketing plan to support organizational growth. To reach Audeo III's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, Audeo III has allocated \$64,987 for marketing expenses included in the object code 5800 and represents 2.0% of its total budget.

RESERVES

Audeo III has allocated reserves of \$389,922 for FY 2023-24 representing 12% of total revenues of \$3,249,348.

FACILITIES

Audeo III carries out contractual lease agreements with an annual cost of \$121,916 for FY 2023-24. The total cost of the current lease contracts from July 2023 through the end of the lease term (Year 2028) is \$599,826. Audeo III has allocated reserves for this amount.

Assumptions for Preliminary Operational Budget FY 2024-25

Audeo Charter School III (Audeo III) is an independent study program. Audeo III takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Audeo III, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo III is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo III is 68.22%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2024-25 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo III's Preliminary Operational Budget.

Table 1:

Description	FY 2024-25
Grades 4-6 Adjusted Base Grant	\$10,177
Grades 7-8 Adjusted Base Grant	\$10,478
Grades 9-12 Adjusted Base Grant	\$12,460
Statutory Cost of Living Allowance (COLA)	1.07%
Audeo III's Unduplicated Pupil Percentage (Rolling Average)	68.22%
District's Unduplicated Pupil Percentage (EUHSD)	81.33%

Revenues were calculated based on the following enrollment and ADA:

REVENUE PROJECTIONS

Table 3:

Description	FY 2024-25
LCFF Sources	\$2,536,340
Federal Revenues	\$192,157
State Revenues Other than LCFF	\$390,504
Local Revenues	\$44,550
Total Projected Revenues	\$3,163,551

- **In Lieu of Property Taxes** of \$5,589.23 per current year (CY) P-2 ADA is based on 2023-24 P-2 property tax rate for Escondido Union High School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: School Improvement (CSI) Funding for LEAs:

Audeo III was granted 2022-23 ESSA CSI fund is the amount of \$178,351. The project period for this grant began on March 13, 2023, and ends on September 30, 2024. Audeo III has spent \$84,165 of its 2022-23 CSI fund in this budget. The remaining amount of \$94,186 is included in this FY budget.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. Audeo III's ESSER III revised allocation is \$135,565 and of that amount, \$100,161 was spent from FY 21-22 to FY 23-24. Audeo III has included the remaining ESSER III fund of \$35,404 in this FY budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$896.90 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$140 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo III chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$20.06 for Grades K-8 and \$55.76 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo III has included \$145,439 of CTE grant in this budget.
- **Creating Opportunities in Preventing and Eliminating Suicide (COPES)** is a four-year grant initiative which was awarded to the County of San Diego Behavioral Health Services and the San Diego County Office of Education (SDCOE). SDCOE will lead the COPES initiative and build the capacity of LEAs to support school communities that champion mental wellness by targeting efforts in staff and student wellness, stigma reduction, suicide prevention, intervention, and postvention, professional development

and programming for educators, staff, students, and families and coordinated referral pathways for students needing mental/behavioral health services. Audeo, Audeo II, and Audeo III will participate in this grant. The schools will submit an invoice to SDCOE at the end of each quarter to get reimbursement for its expenditures, not to exceed \$12,000 per calendar year for 4 years beginning 2022 through 2025. Audeo III has included \$4,000 in its budget for this FY, which is under local revenue.

- **College and Career Access Pathways Grant (CCAP)** provides Audeo III with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. Audeo III was granted \$25,000 per year for the next four years. Over the course of the grant, Audeo III's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, Audeo III goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Audeo III was funded \$17,520. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo III has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Audeo III has allocated \$11,300 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$393,830 representing 12.45% of the Operational Budget. Included in this object code are SDCOE charter fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo III will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the district. The authorizing District has a broad and diverse student population. The budget for marketing will support significant outreach efforts to ensure that the student body of Audeo III reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo III has deployed an integrated marketing plan to support organizational growth. To reach Audeo III's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2024-25, Audeo III has allocated \$63,271 for marketing expenses included in the object code 5800 and represents 2.0% of its total budget.

RESERVES

Audeo III has allocated reserves of \$316,355 for FY 2024-25 representing 10% of total revenues of \$3,163,551.

FACILITIES

Audeo III carries out contractual lease agreements with an annual cost of \$128,452 for FY 2024-25. The total cost of the current lease contracts from July 2023 through the end of the lease term (Year 2028) is \$477,910. Audeo III has allocated reserves for this amount.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Audeo Charter School III**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Audeo Charter School III** has determined to spend the monies received from the Education Protection Act as attached.

Audeo Valley Charter School

Assumptions for May Revised Operational Budget FY 2023-24

Audeo Valley Charter School is an independent study program. Audeo Valley takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Audeo Valley, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo Valley is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo Valley is 74.13%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2024-25 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo Valley's May Revised Operational Budget.

Table 1:

Description	FY 2023-24
Adjusted Grades 4-6 Base Grant	\$10,069
Adjusted Grades 7-8 Base Grant	\$10,367
Adjusted Grades 9-12 Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)*	8.22%
Audeo Valley's Unduplicated Pupil Percentage (Rolling Average)	74.13%
District's Unduplicated Pupil Percentage (MVUSD)	80.54%

Revenues were calculated based on the following enrollment and ADA:

REVENUE PROJECTIONS

Table 3:

Description	FY 2023-24
LCFF Sources	\$4,131,176
Federal Revenues	476,381
State Revenues Other than LCFF	628,107
Local Revenues	20,424
Total Projected Revenues	\$5,256,088

- **In Lieu of Property Taxes** of \$1,314.50 per current year (CY) P-2 ADA is based on FY 2023-24 P-1 rate for Moreno Valley Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends lottery funding is projected based on CY ADA. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. This funding will provide LEAs with emergency relief funds to address the impact of COVID-19. Audeo Valley has developed and adopted a Plan for using its ESSER III funds to meet students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. Deadline for obligation of this fund is September 30, 2024.

Audeo Valley's ESSER III revised allocation is \$371,394 and of that amount, \$12,372 was spent in FY 2021-23. The remaining allocation of \$359,022 is included in this budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per the higher of each charter's 2021-22, 2022-23, or 2023-24 P-2 ADA while **Federal IDEA** revenues are projected at \$160.76 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo Valley chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.85 for Grades K-8 and \$55.17 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo Valley included \$125,072 in its budget for this fiscal year.
- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator

Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. Audeo Valley has developed and adopted a Plan for usings its Educator Effectiveness funds to support professional development. Deadline for obligation of this fund is FY 2025-26.

Audeo Valley's allocation total is \$27,419 and of this amount the first 80% apportionment of \$21,935 was recorded in FY 2021-22. The remaining 20% amounting to \$5,484 is included in this budget.

- **Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. The governing board shall discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting. Funds are allocated based on FY 2021-22 P-2 ADA at a revised rate of \$642.42 per ADA. Total revised allocation for Audeo Valley is \$157,901. The deadline for obligation of this fund is FY 2025-26. Audeo Valley included \$12,000 in this budget.
- **College and Career Access Pathways Grant (CCAP)** provides Audeo Valley Charter School with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. Audeo Valley was granted \$100,000 and received \$90,000 in FY 23-24. Over the course of the grant, Audeo Valley's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, Audeo Valley goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28—Arts and Music in Schools Funding** – Proposition 28, also known as the Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Audeo Valley budgeted \$40,135 in FY 2023-24. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo Valley has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Audeo Valley has allocated \$16,440 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$562,820 representing 10.7% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student file audit, advertising, printing services, MAP

assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo Valley will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of Audeo Valley reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo Valley has deployed an integrated marketing plan to support organizational growth. To reach Audeo Valley's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, Audeo Valley has allocated \$105,122 for marketing expenses included in the object code 5800 and represents 2% of its total budget.

AUTHORIZER OVERSIGHT FEES

Audeo Valley will pay its authorizer (Riverside County Office of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

Audeo Valley Charter School

Assumptions for Preliminary Operational Budget FY 2024-25

Audeo Valley Charter School is an independent study program. Audeo Valley takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Audeo Valley, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo Valley is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo Valley is 75.66%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2024-25 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo Valley's May Revised Operational Budget.

Table 1:

Description	FY 2024-25
Adjusted Grades 4-6 Base Grant	\$10,177
Adjusted Grades 7-8 Base Grant	\$10,478
Adjusted Grades 9-12 Base Grant	\$12,460
Statutory Cost of Living Allowance (COLA)*	1.07%
Audeo Valley's Unduplicated Pupil Percentage (Rolling Average)	75.66%
District's Unduplicated Pupil Percentage (MVUSD)	80.54%

Revenues were calculated based on the following enrollment and ADA:

REVENUE PROJECTIONS

Table 3:

Description	FY 2024-25
LCFF Sources	\$4,282,175
Federal Revenues	109,785
State Revenues Other than LCFF	552,683
Local Revenues	41,130
Total Projected Revenues	\$4,985,773

- **In Lieu of Property Taxes** of \$1,314.50 per current year (CY) P-2 ADA is based on FY 2023-24 P-1 rate for Moreno Valley Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends lottery funding is projected based on CY ADA. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$140 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo Valley chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$20 for Grades K-8 and \$55.59 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo Valley included \$140,143 in its budget for this fiscal year.
- **Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. The governing board shall discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting. Funds are allocated based on FY 2021-22 P-2 ADA at a revised rate of \$642.42 per ADA. Total revised allocation for Audeo Valley is \$157,901. The deadline for obligation of this fund is FY 2025-26. Audeo Valley included \$8,000 in this budget.
- **College and Career Access Pathways Grant (CCAP)** provides Audeo Valley Charter School with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. Audeo Valley was granted \$100,000 and received \$90,000 in FY 23-24. The remaining \$10,000 is included in this budget. Over the course of the grant, Audeo Valley's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, Audeo Valley goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.

- Proposition 28—Arts and Music in Schools Funding** – Proposition 28, also known as the Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Audeo Valley budgeted \$40,433 in FY 2024-25. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo Valley has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Audeo Valley has allocated \$16,766 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$512,328 representing 10.3% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student file audit, advertising, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo Valley will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of Audeo Valley reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo Valley has deployed an integrated marketing plan to support organizational growth. To reach Audeo Valley's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2024-25, Audeo Valley has allocated \$99,715 for marketing expenses included in the object code 5800 and represents 2% of its total budget.

AUTHORIZER OVERSIGHT FEES

Audeo Valley will pay its authorizer (Riverside County Office of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 – Education Protection Account (EPA) Entitlement
- Object Code 8019 – State Aid Prior Years - LCFF
- Object Code 8019 – State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Audeo Valley has budgeted \$42,822 for FY 2024-25 for oversight fees.

RESERVES

Audeo Valley has allocated reserves of \$299,146 for FY 2024-25 representing 6% of total revenues of \$4,985,773.

FACILITIES

Audeo Valley carries contractual lease agreements with an annual cost of \$199,397 for fiscal year 2024-25. The total cost of the current lease contracts from July 2024 through the end of the lease term with extension option (Year 2032) is \$1,842,498.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education

Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Audeo Valley Charter School**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Audeo Valley Charter School** has determined to spend the monies received from the Education Protection Act as attached.

ALTUS SCHOOLS EAST COUNTY

Assumptions for May Revised Operational Budget FY 2023-24

Altus Schools East County (ASEC) is an independent study program. ASEC takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASEC, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASEC is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASEC is 69.21%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan,

which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2024-25 Governor's Budget and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build ASEC's February Revised Operational Budget.

Table 1:

Description	FY 2023-24
Grades 7-8 Adjusted Base Grant	\$10,367
Grades 9-12 Adjusted Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)*	8.22%
ASEC's Unduplicated Pupil Percentage (Rolling Average)	69.21%
District's Unduplicated Pupil Percentage (GUHSD)	75.67%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2023-24 (Actual P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)

Grade 9-12	277.15	257.70	298.06
Total ADA	310.72	276.88	329.74

REVENUE PROJECTIONS

Table 3:

Description	FY 2023-24
LCFF Sources	\$4,633,226
Federal Revenues	581,902
State Revenues Other than LCFF	948,321
Local Revenues	172,605
Total Projected Revenues	\$6,336,054

- **In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 for (Lottery: Unrestricted).
- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: School Improvement (CSI) Funding for LEAs:

ASEC was granted 2022-23 ESSA CSI funds in the amount of \$178,351. The project period for this grant began on March 13, 2023 and ends on September 30, 2024.

ASEC has included \$157,938 of its 2022-23 CSI funds in this budget. The remaining amount of \$20,413 will be spent in FY 2024-25.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. ASEC's ESSER III revised allocation is \$512,141 and of this amount \$17,104 was spent in FY 21-22 and \$72,386 was spent in FY 22-23. ASEC has included \$291,996 of ESSER III funds in this budget and the remaining amount of \$130,655 will be spent in FY 2024-25.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. ASEC's allocation amount is \$3,393 and of this amount, \$792 was spent in FY 22-23. ASEC has included \$2,286 in this budget and the remaining amount of \$315 will be spent in FY 2024-25.

Project Safe from Exploitation (SaFE) – The San Diego County Office of Education received a Federal award - Demonstration Grants for Domestic Victims of Severe Forms of Human Trafficking for a total amount of \$21,300 and ASEC is a subrecipient for \$800. As a subrecipient, ASEC will receive funding based on the following activities:

1. Each classified and certificated staff will receive human trafficking prevention education via the PROTECT 101-103 online and HTSSP modules. Each staff member will receive a stipend of \$100 once the training is completed.
 2. All certificated staff (teachers and pupil-services) will participate in the PROTECT Curriculum Review training, that will result in their capacity to deliver the PROTECT Student training curriculum. Each certificated staff member will receive a stipend of \$150 once the training is completed.
- **Arts, Music, and Instructional Materials Discretionary Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$642.42 per ADA. Total allocation for ASEC is \$211,833. ASEC included \$102,017 in its FY 2023-24 budget. Deadline for obligation of this fund is FY 2025-26.

- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. ASEC's allocation total is \$60,830 and of that amount it included the first 80% apportionment of \$48,664 in its FY 21-22 budget and \$647 in its FY 22-23 budget. ASEC included \$6,000 in its FY 23-24 budget and plans to spend the remaining amount of \$5,519 in FY 24-25.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$160.76 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASEC chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.76 for Grades K-8 and \$54.91 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. CTE funding was increased at the state level from \$150M to \$300M in 2021-22. ASEC has included \$303,496 in its budget for this fiscal year.
- **College and Career Access Pathways Grant (CCAP)** provides ASEC with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASEC was granted \$25,000 per year for the next four years. Over the course of the grant, ASEC's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, ASEC's goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Altus Schools East County was funded \$42,360. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. ASEC has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA’s nutritious meal requirements at any time, for free, when in our resource centers.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$1,312,204 representing 20.71% of the Operational Budget. Included in this object code are the district’s oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), ASEC will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of ASEC reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. ASEC has deployed an integrated marketing plan to support organizational growth. To reach ASEC's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, ASEC has allocated \$95,041 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

DISTRICT OVERSIGHT FEES

ASEC will pay its authorizing agency (State Board of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

ASEC has budgeted \$46,332 for FY 2023-24 for oversight fees.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

ASEC has allocated \$32,551 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

RESERVES

ASEC has allocated reserves of \$316,803 for FY 2023-24 representing 5% of total revenues of \$6,336,054.

FACILITIES

ASEC carries contractual lease agreements with an annual cost of \$180,064 for FY 2023-24. The total cost of the current lease contracts from July 2023 through the end of the lease term (Year 2033) is \$1,615,170. ASEC has allocated reserves for this amount.

ALTUS SCHOOLS EAST COUNTY

Assumptions for Preliminary Operational Budget FY 2024-25

Altus Schools East County (ASEC) is an independent study program. ASEC takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASEC, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASEC is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASEC is 71.03%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align

with the term of the charter school’s budget, typically one year, which is submitted to the school’s authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2024-25 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build ASEC’s Preliminary Operational Budget.

Table 1:

Description	FY 2024-25
Grades 7-8 Adjusted Base Grant	\$10,478
Grades 9-12 Adjusted Base Grant	\$12,460
Statutory Cost of Living Allowance (COLA)*	1.07%
ASEC’s Unduplicated Pupil Percentage (Rolling Average)	71.03%
District’s Unduplicated Pupil Percentage (GUHSD)	75.67%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2024-25 (Projected P-2)	FY 2023-24 (Actual P-2)	FY 2022-23 (Actual P-2)
P-2 Enrollment	323	320	305
CBEDS Enrollment	263	260	257

ADA:			
Grade 7-8	33.89	33.57	19.18
Grade 9-12	279.91	277.15	257.70
Total ADA	313.80	310.72	276.88

REVENUE PROJECTIONS

Table 3:

Description	FY 2024-25
LCFF Sources	\$4,789,082
Federal Revenues	439,319
State Revenues Other than LCFF	830,389
Local Revenues	174,331
Total Projected Revenues	\$6,233,121

- In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).
- Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 for (Lottery: Unrestricted).
- Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: School Improvement (CSI) Funding for LEAs:

ASEC was granted 2023-24 ESSA CSI funds in the amount of \$163,444. The project period for this grant began on March 18, 2024, and ends on September 30, 2025. ASEC has included all of its 2023-24 CSI funds in this budget.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. ASEC's ESSER III revised allocation is \$512,141 and of this amount \$17,104 was spent in FY 21-22 and \$72,386 was spent in FY 2022-23. ASEC included \$291,996 of ESSER III funds in its FY 2023-24 budget and the remaining amount of \$130,655 in this budget.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. ASEC's allocation amount is \$3,393 and of this amount, \$792 was spent in FY 22-23. ASEC included \$2,286 in its FY 2023-24 budget and the remaining amount of \$315 in this budget.

- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. ASEC's allocation total is \$60,830 and of this amount \$1,625 was spent in FY 21-22 and \$47,686 was spent in FY 22-23. ASEC included \$6,000 in its FY 23-24 budget and the remaining amount of \$5,519 in this budget.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$896.90 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$140.00 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASEC chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$20.06 for Grades K-8 and \$55.76 for Grades 9-12.

- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. CTE funding was increased at the state level from \$150M to \$300M in 2021-22. ASEC has included \$352,756 in its budget for this fiscal year.
- **College and Career Access Pathways Grant (CCAP)** provides ASEC with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASEC was granted \$25,000 per year for the next four years. Over the course of the grant, ASEC’s staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, ASEC’s goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Altus Schools East County was funded \$43,240. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

- * To ensure compliance with Special Ed regulations, FTE position for Special Ed is at one Special Ed Resource Specialist for every 28 caseload. We calculated the caseload by multiplying the total enrollment by the percentage of Special Ed population compared to total student population. For FY 2024-25, we estimated the Special Ed population at 23.6%.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. ASEC has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$1,231,956 representing 19.77% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), ASEC will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of ASEC reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. ASEC has deployed an integrated marketing plan to support organizational growth. To reach ASEC's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2024-25, ASEC has allocated \$93,497 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

DISTRICT OVERSIGHT FEES

ASEC will pay its authorizing agency (State Board of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

ASEC has budgeted \$47,891 for FY 2024-25 for oversight fees.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

ASEC has allocated \$35,204 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

RESERVES

ASEC has allocated reserves of \$311,656 for FY 2024-25 representing 5% of total revenues of \$6,233,121.

FACILITIES

ASEC carries contractual lease agreements with an annual cost of \$184,029 for FY 2024-25. The total cost of the current lease contracts from July 2024 through the end of the lease term (Year 2033) is \$1,465,142. ASEC has allocated reserves for this amount.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school

district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of Altus Schools East County ;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of Altus Schools East County has determined to spend the monies received from the Education Protection Act as attached.

ALTUS SCHOOLS SOUTH BAY

Assumptions for May Revised Operational Budget FY 2023-24

Altus Schools South Bay (ASSB) is an independent study program. ASSB takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASSB, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASSB is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASSB is 75.49%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2024-25 Governor's Budget and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build ASSB's May Revised Operational Budget.

Table 1:

Description	FY 2023-24
Adjusted Grades 7-8 Base Grant	\$10,367
Adjusted Grades 9-12 Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)	8.22%
ASSB's Unduplicated Pupil Percentage (Rolling Average)	75.49%
District's Unduplicated Pupil Percentage (SUHSD)	64.68%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2023-24 (Actual P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)

Grade 9-12	345.38	342.18	319.74
Total ADA	394.65	387.99	354.35

REVENUE PROJECTIONS

Table 3:

Description	FY 2023-24
LCFF Sources	\$5,788,208
Federal Revenues	\$626,135
State Revenues Other than LCFF	\$1,065,535
Local Revenues	\$132,412
Total Projected Revenues	\$7,612,290

- **In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 for (Lottery: Unrestricted).

- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: School Improvement (CSI) Funding for LEAs:

ASSB was granted 2022-23 ESSA CSI funds in the amount of \$178,351. The project period for this grant began on March 13, 2023 and ends on September 30, 2024.

ASSB has included \$162,822 of its 2022-23 CSI funds in this budget. The remaining amount of \$15,529 will be spent in FY 2024-25.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. ASSB's ESSER III revised allocation is \$498,245 and of that amount it spent \$95,992 in FY 21-22 and \$152,339 in FY 22-23. ASSB included the remaining amount of \$249,914 in its budget for FY 23-24.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARPHCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. ASSB's allocation amount is \$3,741 and of this amount, \$935 was spent in FY 2022-23. ASSB has included another \$935 in this budget and the remaining amount of \$1,871 will be spent in FY 2024-25.

Project Safe from Exploitation (SaFE) – The San Diego County Office of Education received a Federal award - Demonstration Grants for Domestic Victims of Severe Forms of Human Trafficking for a total amount of \$21,300 and ASSB is a subrecipient for \$950. As a subrecipient, ASSB will receive funding based on the following activities:

1. Each classified and certificated staff will receive human trafficking prevention education via the PROTECT 101-103 online and HTSSP modules. Each staff member will receive a stipend of \$100 once the training is completed.
 2. All certificated staff (teachers and pupil-services) will participate in the PROTECT Curriculum Review training, that will result in their capacity to deliver the PROTECT Student training curriculum. Each certificated staff member will receive a stipend of \$150 once the training is completed.
- **Arts, Music, and Instructional Materials Discretionary Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$642.42 per ADA. Total allocation for ASSB is \$227,643. ASSB included \$109,631 in its FY 2023-24 budget. Deadline for obligation of this fund is FY 2025-26.

- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. ASSB's allocation total is \$60,419 and of that amount it has spent the first 80% apportionment of \$48,335 in its FY 21-22 budget. Of the remaining 20% amounting to \$12,084, ASSB included \$10,031 in its FY 23-24 budget. The remainder of \$2,053 will be spent in FY 24-25.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$160.76 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASSB chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.76 for Grades K-8 and \$54.91 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. CTE funding was increased at the state level from \$150M to \$300M in 2021-22. ASSB included \$278,963 in CTE grant funding for this fiscal year.
- **College and Career Access Pathways Grant (CCAP)** provides ASSB with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASSB was granted \$25,000 per year for the next four years. Over the course of the grant, ASSB's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, ASSB's goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Altus Schools South Bay was funded \$61,950. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. ASSB has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA’s nutritious meal requirements at any time, for free, when in our resource centers.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$1,239,445 representing 16.28% of the Operational Budget. Included in this object code are the district’s oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), ASSB will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of ASSB reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. ASSB has deployed an integrated marketing plan to support organizational growth. To reach ASSB's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, ASSB has allocated \$114,184 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

DISTRICT OVERSIGHT FEES

ASSB will pay its authorizer (State Board of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

ASSB has budgeted \$57,882 for FY 2023-24 for oversight fees.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

ASSB has allocated \$26,796 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

RESERVES

ASSB has allocated reserves of \$380,614 for FY 2023-24 representing 5% of total revenues of \$7,612,290.

FACILITIES

ASSB carries contractual lease agreements with an annual cost of \$341,491 for FY 2023-24. The total cost of the current lease contracts from July 2023 through the end of the lease term (Year 2031) is \$2,290,217.

ALTUS SCHOOLS SOUTH BAY

Assumptions for Preliminary Operational Budget FY 2024-25

Altus Schools South Bay (ASSB) is an independent study program. ASSB takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASSB, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASSB is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASSB is 76.88%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year. State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2024-25 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build ASSB's Preliminary Operational Budget.

Table 1:

Description	FY 2024-25
Adjusted Grades 7-8 Base Grant	\$10,478
Adjusted Grades 9-12 Base Grant	\$12,460
Statutory Cost of Living Allowance (COLA)	1.07%
ASSB's Unduplicated Pupil Percentage (Rolling Average)	76.88%
District's Unduplicated Pupil Percentage (SUHSD)	64.68%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2024-25 (Projected P-2)	FY 2023-24 (Actual P-2)	FY 2022-23 (Actual P-2)

Grade 9-12	348.35	345.38	342.18
Total ADA	398.02	394.65	387.99

REVENUE PROJECTIONS

Table 3:

Description	FY 2024-25
LCFF Sources	\$5,914,139
Federal Revenues	\$388,703
State Revenues Other than LCFF	\$909,659
Local Revenues	\$139,033
Total Projected Revenues	\$7,351,534

- **In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 for (Lottery: Unrestricted).

- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: School Improvement (CSI) Funding for LEAs:

ASSB was granted 2023-24 ESSA CSI funds in the amount of \$163,444. The project period for this grant began on March 18, 2024 and ends on September 30, 2025. ASSB has included all of the 2023-24 CSI funds awarded in this budget.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARPHCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. ASSB's allocation amount is \$3,741. Of that amount, \$935 was apportioned in FY 2022-23 and another \$935 was apportioned in FY 2023-24. ASSB has included another apportionment of \$935 in its FY 2024-25 budget.

- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. ASSB's allocation total is \$60,419 and of that amount it has spent the first 80% apportionment of \$48,335 in its FY 21-22 budget. Of the remaining 20%, ASSB spent \$10,031 in FY 2023-24 and the final \$2,053 is included in its FY 24-25 budget.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$896.90 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$140 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASSB chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$20.06 for Grades K-8 and \$55.76 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. CTE funding was increased at the state level from \$150M to \$300M in 2021-22. ASSB included \$320,738 in CTE grant funding for this fiscal year.
- **College and Career Access Pathways Grant (CCAP)** provides ASSB with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASSB was granted \$25,000 per year for the next four years. Over the course of the grant, ASSB's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, ASSB's goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.

- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. For FY 2024-25 Altus Schools South Bay was funded \$63,915. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. ASSB has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$1,044,005 representing 14.20% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), ASSB will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of ASSB reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. ASSB has deployed an integrated marketing plan to support organizational growth. To reach ASSB's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2024-25, ASSB has allocated \$110,273 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

DISTRICT OVERSIGHT FEES

ASSB will pay its authorizer (State Board of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

ASSB has budgeted \$59,141 for FY 2024-25 for oversight fees.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

ASSB has allocated \$27,600 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

RESERVES

ASSB has allocated reserves of \$367,576 for FY 2024-25 representing 5% of total revenues of \$7,351,534.

FACILITIES

ASSB carries contractual lease agreements with an annual cost of \$363,044 for FY 2024-25. The total cost of the current lease contracts from July 2024 through the end of the lease term (Year 2031) is \$1,954,533.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of Altus Schools South Bay ;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of Altus Schools South Bay has determined to spend the monies received from the Education Protection Act as attached.

Assumptions for May Revised Operational Budget FY 2023-24

Mirus Secondary School is an independent study program. Mirus takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Mirus are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Mirus is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Mirus is 75.45%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan,

which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2024-25 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Mirus' May Revised Operational Budget.

Table 1:

Description	FY 2023-24
Adjusted Grades 7-8 Base Grant	\$10,367
Adjusted Grades 9-12 Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)*	8.22%
Mirus' Unduplicated Pupil Percentage (Rolling Average)	75.45%
District's Unduplicated Pupil Percentage (HUSD)	79.82%

Revenues were calculated based on the following enrollment and ADA:

REVENUE PROJECTIONS

Table 3:

Description	FY 2023-24
LCFF Sources	\$4,989,052
Federal Revenues	551,111
State Revenues Other than LCFF	856,830
Local Revenues	83,639
Total Projected Revenues	\$6,480,632

- **In Lieu of Property Taxes** of \$435.44 per current year (CY) P-2 ADA is based on FY 2023-24 P-1 rate for Hesperia Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is projected based on CY P-2 ADA. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).
- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: Comprehensive Support and Improvement (CSI) Funding for LEAs:

The CSI program, of the Elementary and Secondary Education Act of 1965, as amended by Every Student Succeeds Act (ESSA) (Public Law 114-95), apportions funds to LEAs to improve student outcomes in schools that meet the criteria for CSI.

Mirus' allocation amount for 2022-23 is \$178,351, The project period for this grant began on March 13, 2023 and ends on September 30, 2024.

Mirus spent \$22,581 in FY 2022-23 and the remaining allocation of \$155,770 is included in its FY 2023-24 budget.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. This funding will provide LEAs with emergency relief funds to address the impact of COVID-19. Mirus has developed and adopted a Plan for using its ESSER III funds to meet students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. Deadline for obligation of this fund is September 30, 2024.

Mirus' total revised ESSER III allocation amount is \$457,188 and of this amount, \$279,345 was spent in FY 2021-23 and the remaining balance of \$177,843 will be spent in FY 2023-24.

Expanded Learning Opportunity Grant is part of AB 86, signed by Governor Newsom on March 5, 2021, and is intended to provide supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to specified student groups. Mirus' ELO Grant Plan is focused on implementing a learning recovery program for specific student groups, including but not limited to, low-income students, English Learners, foster youth, homeless students, and students with disabilities. Mirus is also focused on providing supplemental instruction and support strategies to students identified as potentially 'at risk' of abuse, disengaged and credit deficient. Deadline for obligation of ELO ESSER II and ELO GEER II funds is September 30, 2023, while ELO ESSER III funds is September 30, 2024.

Mirus' revised allocation amount is \$266,207 and of this amount, \$196,610 was spent in FY 2020-23. Remaining allocation for ELO ESSER III funds amounting to \$69,597 is included in this budget.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. Mirus' allocation amount is \$1,884 and of that amount, \$398 was spent in FY 22-23 and \$468 is included in this budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per the higher of each charter's 2021-22, 2022-23, or 2023-24 P-2 ADA while **Federal IDEA** revenues are projected at \$160.76 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Mirus chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.85 for Grades K-8 and \$55.17 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Mirus included \$287,877 in its budget for this fiscal year.
- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. Mirus has developed and adopted a Plan for using its Educator Effectiveness funds to support professional development. Deadline for obligation of this fund is FY 2025-26.

Mirus' allocation total is \$39,378 and of this amount \$36,813 was spent in FY 2021-23. The remaining balance of \$2,565 will be spent in FY 2023-24.

- **Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. The governing board shall discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting. Funds are allocated based on FY 2021-22 P-2 ADA at a revised rate of \$642.42 per ADA. Total revised allocation for Mirus is \$206,950. The deadline for obligation of this fund is FY 2025-26. Mirus included \$10,375 in this budget.
- **College and Career Access Pathways Grant (CCAP)** provides Mirus Secondary School with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. Mirus was granted \$100,000 and received \$90,000 in FY 23-24. Over the course of the grant, Mirus' staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, Mirus goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.

- Proposition 28—Arts and Music in Schools Funding** – Proposition 28, also known as the Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Mirus budgeted \$48,574 in FY 2023-24. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Mirus has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Mirus has allocated \$24,088 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the Altus Schools Southern California's mission and purpose.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$648,175 representing 10% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Mirus will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of Mirus reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Mirus has deployed an integrated marketing plan to support organizational growth. To reach Mirus' target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2023-24, Mirus has allocated \$129,613 for marketing expenses included in the object code 5800 and represents 2% of its total budget.

DISTRICT OVERSIGHT FEES

Mirus will pay its authorizing District (Hesperia Unified School District) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 – Education Protection Account (EPA) Entitlement
- Object Code 8019 – State Aid Prior Years - LCFF
- Object Code 8019 – State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Mirus has budgeted \$49,891 for FY 2023-24 for oversight fees.

RESERVES

Mirus has allocated reserves of \$972,095 for FY 2023-24 representing 15% of total revenues of \$6,480,632.

FACILITIES

Mirus carries contractual lease agreements with an annual cost of \$300,355 FY 2023-24. The total cost of the current lease contracts from July 2023 through the end of the lease term with extension option (Year 2033) is \$2,049,655.

Assumptions for Preliminary Operational Budget FY 2024-25

Mirus Secondary School is an independent study program. Mirus takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Mirus are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Mirus is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Mirus is 77.36%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan,

which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dashboard – 2024-25 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Mirus' Preliminary Operational Budget.

Table 1:

Description	FY 2024-25
Adjusted Grades 7-8 Base Grant	\$10,478
Adjusted Grades 9-12 Base Grant	\$12,460
Statutory Cost of Living Allowance (COLA)*	1.07%
Mirus' Unduplicated Pupil Percentage (Rolling Average)	77.36%
District's Unduplicated Pupil Percentage (HUSD)	79.82%

Revenues were calculated based on the following enrollment and ADA:

Table 2:

Description	FY 2024-25 (Projected P-2)	FY 2023-24 (Actual P-2)	FY 2022-23 (Actual P-2)

REVENUE PROJECTIONS

Table 3:

Description	FY 2024-25
LCFF Sources	\$5,166,263
Federal Revenues	303,784
State Revenues Other than LCFF	809,892
Local Revenues	85,500
Total Projected Revenues	\$6,365,439

- **In Lieu of Property Taxes** of \$435.44 per current year (CY) P-2 ADA is based on FY 2023-24 P-1 rate for Hesperia Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is projected based on CY P-2 ADA. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).
- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: Comprehensive Support and Improvement (CSI) Funding for LEAs:

The CSI program, of the Elementary and Secondary Education Act of 1965, as amended by Every Student Succeeds Act (ESSA) (Public Law 114-95), apportions funds to LEAs to improve student outcomes in schools that meet the criteria for CSI.

Mirus' preliminary allocation amount for 2023-24 is \$163,444, The project period for this grant will end on September 30, 2025.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. Mirus' allocation amount is \$1,884 and of that amount, \$866 was planned in FY 22-24 and the remaining \$1,018 is included in this budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$140 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Mirus chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$20 for Grades K-8 and \$55.59 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Mirus included \$310,245 in its budget for this fiscal year.
- **Arts, Music, and Instructional Materials Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. The governing board shall discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting. Funds are allocated based on FY 2021-22 P-2 ADA at a revised rate of \$642.42 per ADA. Total revised allocation for Mirus is \$206,950. The deadline for obligation of this fund is FY 2025-26. Mirus included \$25,000 in this budget.
- **College and Career Access Pathways Grant (CCAP)** provides Mirus Secondary School with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. Mirus was granted \$100,000 and received \$90,000 in FY 23-24. The remaining 10,000 is included in this budget. Over the course of the grant, Mirus' staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, Mirus goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.

- Proposition 28—Arts and Music in Schools Funding** – Proposition 28, also known as the Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Mirus budgeted \$49,846 in FY 2024-25. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Mirus has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Mirus has allocated \$25,918 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the Altus Schools Southern California's mission and purpose.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is \$725,877 representing 11% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Mirus will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of Mirus reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Mirus has deployed an integrated marketing plan to support organizational growth. To reach Mirus' target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2024-25, Mirus has allocated \$126,248 for marketing expenses included in the object code 5800 and represents 2% of its total budget.

DISTRICT OVERSIGHT FEES

Mirus will pay its authorizing District (Hesperia Unified School District) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 – Education Protection Account (EPA) Entitlement
- Object Code 8019 – State Aid Prior Years - LCFF
- Object Code 8019 – State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Mirus has budgeted \$51,663 for FY 2024-25 for oversight fees.

RESERVES

Mirus has allocated reserves of \$318,272 for FY 2024-25 representing 5% of total revenues of \$6,365,439.

FACILITIES

Mirus carries contractual lease agreements with an annual cost of \$366,315 FY 2024-25. The total cost of the current lease contracts from July 2024 through the end of the lease term with extension option (Year 2033) is \$1,749,300.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit

requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Mirus Secondary School**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Mirus Secondary School** has determined to spend the monies received from the Education Protection Act as attached.
